I did send an email last night, with the following time options for next Mon, Sep 27, where our legal is available.

- 10am to 11am CST
- 2pm to 4pm CST
- After 5pm CST

Do any of these time slots work?

Also, that's great that you'll connect with NORD today so we can get feedback on the other agreement (the Pilot Agreement for access functionality to NORD).

Thank you.

Steve

Good morning Steve,

I have a brief window of availability today from 2:00pm - 2:30pm, which would perhaps allow our office to obtain some baseline information about this specific agreement.

Please be advised that I also have a call scheduled this afternoon with NORD, which will allow me to obtain additional information relative to their agreement with Vermont Systems, Inc. for Rec Trac.

That said, If you also want to propose some times when your team might be available on Monday of next week, it would be much appreciated.

Kind regards,

Austin P. Wilty

Good afternoon Steve,

Please be advised that all contracts must be reviewed and approved by the City Attorney and executed by the Mayor pursuant to City Charter Sections 4-401(5) and 6-308(1). To that end, our office has some questions for the group and would very much appreciate the opportunity to discuss further at your convenience. If you could please provide a couple times when the folks from Ignite and MasterCard are available, we will calendar an invite at a mutually convenient time.

Kind regards,
Austin

Thanks, George.

Will our weekly 3pm CST standing call (“OLA Multi-Function ID/City Card Project Calls”) be cancelled tomorrow?

If so, can we use that time slot?

If that meeting is on, can we use the first or 2nd half of the hour to do the call?

Thanks, George.

Will our weekly 3pm CST standing call ("OLA Multi-Function ID/City Card Project Calls") be cancelled tomorrow?

If so, can we use that time slot?

If that meeting is on, can we use the first or 2nd half of the hour to do the call?

Hello Kim, want to follow up to see if you have any feedback on the pilot agreement for the UBI cards. I know you have so much on your plate, but I also want to keep our other City Key program progressing.

Even initial feedback would be helpful so we can incorporate that into our final version.

Let me know.

Thank you.

Good morning Steve,

I have a brief window of availability today from 2:00pm - 2:30pm, which would perhaps allow our office to obtain some baseline information about this specific agreement.

Please be advised that I also have a call scheduled this afternoon with NORD, which will allow me to obtain additional information relative to their agreement with Vermont Systems, Inc. for Rec Trac.

That said, If you also want to propose some times when your team might be available on Monday of next week, it would be much appreciated.

Kind regards,

Austin P. Wilty

Good afternoon Steve,

Please be advised that all contracts must be reviewed and approved by the City Attorney and executed by the Mayor pursuant to City Charter Sections 4-401(5) and 6-308(1). To that end, our office has some questions for the group and would very much appreciate the opportunity to discuss further at your convenience. If you could please provide a couple times when the folks from Ignite and MasterCard are available, we will calendar an invite at a mutually convenient time.

Kind regards,
Austin

Hey Kim,

Both, Steve and I would like to quickly discuss the pilot agreement whenever you have 10 mins. We can be free later today or tomorrow, please advise, thanks.

Hello Team,

Enclosed are several marketing and comms materials we'd like to share and discuss with the project team tonight:

- NOLA Amplification Plan – A short summary draft of a 3-phase plan framework for launch and amplification.
- Overview Deck for Partners – A draft of a donation campaign overview.
- Social Amplification Guide – Supplementary best practice guidance for social media amplification.

While I won't be able to join tonight, Monica and Lia will present on our collective behalf.

Thank you!

Hi Liana – I hope you had a good weekend. I wanted to follow-up with an introduction to Oracle's AVP of Public Sector, John Sasson.

As we discussed on Friday, Oracle was instrumental in helping L.A.'s COVID disbursement process scale and have since worked together with us at Mastercard to refine and sharpen the product so that it fits the needs for public sector application and eligibility processes.

As you launch your program, and prepare to grow, we wanted the City of New Orleans to be aware of this capability to help avoid some of the technical challenges we saw in LA.

As a next step, all parties agreed to join a 30 minute exploration conversation to see if this is something to pursue further.

Liana – can you provide a couple of time-slots this week for the Oracle team to confirm?

Thanks everyone!

Liana and Trenton,

I hope you had a relaxing weekend.

Do you have an updated plan for the delivery of the cards for this week?

Also, did any cards go out over the weekend.

I'm just planning for todays call, thank you both!

EMAIL FROM EXTERNAL SENDER: DO NOT click links, or open attachments, if sender is unknown, or the message seems suspicious in any way. DO NOT provide your user ID or password. If you believe that this is a phishing attempt, use the reporting tool in your Outlook to send this message to Security.

All, as a follow up to two action items that came out of yesterday's call, I want to share the following, which we can discuss in more detail today and in follow-up working sessions in the coming days:

- Sign-up of emergency disbursement cards: we have engaged our Civic Assist partner, Oracle, who developed the intake model for the LA Love campaign last year, and we will schedule a meeting with them and MoCaFi and FTNO/Mayor's team -Steve K. will follow up on this.
- Comms campaign to raise awareness of #NOLALOVE: there happens to be the Global Citizens Festival on 9/25/21, to raise awareness of global issues related to the planet, climate change, poverty, equity, etc., that can technically compete for eyeballs in terms of donations (https://www.globalcitizen.org/en/content/global-citizen-live-everything-to-know/); there can be three potential options:
    - To get ahead of this, and launch the donations platform before this event, and collect as much donations as possible.
    - Wait after this Global Citizens Festival; OR
    - Be a part of this Global Citizens Festival, which MA can help NOLA with introductions, and NOLA can try to be a part of this festival.
- We will also have a comms POC on our side to help NOLA raise public awareness, and develop social media strategies – Steve T. to follow-up on this.

I have also set up separate working sessions tomorrow to discuss the donations platform, from a tech side.

Thanks.

Steve

EMAIL FROM EXTERNAL SENDER: DO NOT click links, or open attachments, if sender is unknown, or the message seems suspicious in any way. DO NOT provide your user ID or password. If you believe that this is a phishing attempt, use the reporting tool in your Outlook to send this message to Security.

Mayor Cantrell,

I hope you are doing as well, despite the herculean task of IDA's recovery phase. My heart and prayers are with you, your family and residents of NOLA.

As Miguel mentioned in your kick-off call, Mastercard is committed to provide resources and other support to get NOLA back on its feet. This already included:

- $200K to the Red Cross relief fund for NOLA – in addition, $250K contribution for general disaster support and employee disaster relief training

Interchange waived until October 18

- Employee disaster relief responders – we are working with the Red Cross to send a cohort, hopefully deployed in the next 2 weeks
- Employee fundraising campaign for the Red Cross that includes 1:1 donation match.

In addition, I am happy to share that Mastercard City Possible is committing an additional $175K in direct operational support your office and NOLA residents during recovery:

- Prepaid card costs, for up to 15K cards – these City Key cards will be used for NOLA residents for immediate emergency disbursement ($45K)
- Cause Enablement Donations platform set-up and transaction fees for the first $2.2M raised, so that 100% of funds raised goes directly to NOLA residents. ($70K)
- Data and economic advisory support for your team to call on as needed. They can help provide economic impact analysis for NOLA's recovery work that include data trends on open and closed businesses, insights for your budgeting offices to predict tax revenue impact to the region, and guidance on recovery metrics and evaluation. ($60K)

Most importantly, we are with you in spirit, and will continue our support and partnership for you and your city. As always, call me or Miguel directly if you should need something – 24/7.

Ok, I'll standby for additional comments. Here's some clarification on the terms:

UAF – I think you might mean UAE (United Arab Emirates)

*Yet while the rest of the world has fully embraced the concept of "smart cities" and countries like the **UAE** even have a Minister of Artificial Intelligence …*

IoT – Internet of things – the full array of physical objects - *sensors, kiosks, water meters, parking meters, light poles* - that connect over the Internet or other communications networks.

AL – I believe this is AI (Artificial Intelligence)

*IoT and **AI** — sensors, kiosks, water meters, parking meters, light poles — "smart cities" has yet to realize maximum value or equity for all stakeholders…*

Citi – this is Citi Bank's CitiVelocity Global Perspectives & Solutions initiative and think-tank: Closing the Racial Inequality Gaps - CitiGPS (citivelocity.com)

Hope this helps…

Hi! What a roller coaster it has been! I hope you are doing well.

Will be in touch re some other opportunities soon but in the meantime, I've attached the latest version of a smart cities op-ed. Mayor Turner has agreed to share the by-line. His words were "I fully embrace and support".

Can you ask Mayor Cantrell if she will consider signing on as well? I'm asking all the Mayors listed to join us –

The Raben Group will then get it placed with a leading publication.

Let me know and of course, I'm open to edits!

Warmly,

Aarti

Dear Friends,

Thank you for your emails over the last week.

I'm writing to share that sadly, we will **not** be hosting the smaller 150ppl event on September 8-9, 2021 at The Gathering Spot. Given many of our guests have young children who could be impacted by the Delta variant and businesses have restricted travel, we have decided against hosting anything in-person. Again, smart cities are safe cities.

We have also decided **not** to host anything digitally in September. There is a certain magic that happens when our highly-curated community is in a room together and we would rather wait until we can safely meet in-person to convene, collaborate, and create meaningful change together.

That said, we remain steadfast in our commitment to bridging the racial wealth and equity gap through the development of smart and inclusive 21st century cities and will follow up soon about how you can participate in our Redefining Smart series leading up to our May 2022 expo – we cannot wait to share some of the exciting tech, equity, and infrastructure work we are doing with our partners.

Please stay in touch and more importantly, please stay healthy and safe.

Warmly,

Aarti

Subject: Smart City Expo Atlanta | September 8-9, 2021

Dear Friends,

We hope this note finds you all in good health.

I am writing to share that in an abundance of caution, we are looking to postpone our larger conference and expo to May 2022 – smart cities are safe cities and it is the right thing to do for the well-being of our guests and staff.

That said, given that many of you would still like to meet in-person from September 8-9, 2021 to discuss the infrastructure bill and building smart, equitable, and sustainable 21st century cities, we are looking to host an invite-only event for 150ppl with the proposed draft agenda (see attached) at The Gathering Spot.

For those of you who would like to join us in-person, we have a room block at The Ellis and for those of you who would like to join us virtually, we can livestream you in.

Please do let me know how you feel about the postponed expo, the proposed event, and the proposed

agenda. We look forward to hearing from you and following up again early next week with confirmation of the potentially smaller, highly-curated event.

Thank you again for your patience as we navigate these trying times. Please stay healthy.

Warmly,

EMAIL FROM EXTERNAL SENDER: DO NOT click links, or open attachments, if sender is unknown, or the message seems suspicious in any way. DO NOT provide your user ID or password. If you believe that this is a phishing attempt, use the reporting tool in your Outlook to send this message to Security.

Mayor Cantrell,

I hope you are doing as well, despite the herculean task of IDA's recovery phase. My heart and prayers are with you, your family and residents of NOLA.

As Miguel mentioned in your kick-off call, Mastercard is committed to provide resources and other support to get NOLA back on its feet. This already included:

- $200K to the Red Cross relief fund for NOLA – in addition, $250K contribution for general disaster support and employee disaster relief training
- Interchange waived until October 18
- Employee disaster relief responders – we are working with the Red Cross to send a cohort, hopefully deployed in the next 2 weeks
- Employee fundraising campaign for the Red Cross that includes 1:1 donation match.

In addition, I am happy to share that Mastercard City Possible is committing an additional $175K in direct operational support your office and NOLA residents during recovery:

- Prepaid card costs, for up to 15K cards – these City Key cards will be used for NOLA residents for immediate emergency disbursement ($45K)
- Cause Enablement Donations platform set-up and transaction fees for the first $2.2M raised, so that 100% of funds raised goes directly to NOLA residents. ($70K)
- Data and economic advisory support for your team to call on as needed. They can help provide economic impact analysis for NOLA's recovery work that include data trends on open and closed businesses, insights for your budgeting offices to predict tax revenue impact to the region, and guidance on recovery metrics and evaluation. ($60K)

Most importantly, we are with you in spirit, and will continue our support and partnership for you and your city. As always, call me or Miguel directly if you should need something – 24/7.

Ok, I'll standby for additional comments. Here's some clarification on the terms:

UAF – I think you might mean UAE (United Arab Emirates)

*Yet while the rest of the world has fully embraced the concept of "smart cities" and countries like the **UAE** even have a Minister of Artificial Intelligence* …

IoT – Internet of things – the full array of physical objects - *sensors, kiosks, water meters, parking meters, light poles* - that connect over the Internet or other communications networks.

AL – I believe this is AI (Artificial Intelligence)

*IoT and **AI** — sensors, kiosks, water meters, parking meters, light poles — "smart cities" has yet to realize maximum value or equity for all stakeholders…*

Citi – this is Citi Bank's CitiVelocity Global Perspectives & Solutions initiative and think-tank: Closing the Racial Inequality Gaps - CitiGPS (citivelocity.com)

Hope this helps…
Kim

Subject: RE: Smart Cities Op-Ed

GM Kim, I agree that the messaging is consistent with the Mayor's position on building smart infrastructure. However, there were a few terms in the op-ed that I did not totally understand:

UAF?
IoT?
AL?

Citi?

Also, Beau mentioned that Art may have some edits to recommend also.

Hi Beau,

Smart Cities circled back this request to have the Mayor's support of this piece on how to use smart cities infrastructure to bridge the digital divide. I don't expect this is on your radar right now, but I'm happy to provide notes if you would consider it. Otherwise, I can let them know we are passing on this one.

Hi! What a roller coaster it has been! I hope you are doing well.

Will be in touch re some other opportunities soon but in the meantime, I've attached the latest version of a smart cities op-ed. Mayor Turner has agreed to share the by-line. His words were "I fully embrace and support".

Can you ask Mayor Cantrell if she will consider signing on as well? I'm asking all the Mayors listed to join us – The Raben Group will then get it placed with a leading publication.

Let me know and of course, I'm open to edits!

Warmly,

Aarti

Dear Friends,

Thank you for your emails over the last week.

I'm writing to share that sadly, we will **not** be hosting the smaller 150ppl event on September 8-9, 2021 at The Gathering Spot. Given many of our guests have young children who could be impacted by the Delta variant and businesses have restricted travel, we have decided against hosting anything in-person. Again, smart cities are safe cities.

We have also decided **not** to host anything digitally in September. There is a certain magic that happens when our highly-curated community is in a room together and we would rather wait until we can safely meet in-person to convene, collaborate, and create meaningful change together.

That said, we remain steadfast in our commitment to bridging the racial wealth and equity gap through the development of smart and inclusive 21st century cities and will follow up soon about how you can participate in our Redefining Smart series leading up to our May 2022 expo – we cannot wait to share some of the exciting tech, equity, and infrastructure work we are doing with our partners.

Please stay in touch and more importantly, please stay healthy and safe.

Warmly,

Aarti

Subject: Smart City Expo Atlanta | September 8-9, 2021

Dear Friends,

We hope this note finds you all in good health.

I am writing to share that in an abundance of caution, we are looking to postpone our larger conference and expo to May 2022 – smart cities are safe cities and it is the right thing to do for the well-being of our guests and staff.

That said, given that many of you would still like to meet in-person from September 8-9, 2021 to discuss the infrastructure bill and building smart, equitable, and sustainable 21st century cities, we are looking to host an invite-only event for 150ppl with the proposed draft agenda (see attached) at The Gathering Spot.

For those of you who would like to join us in-person, we have a room block at The Ellis and for those of you who would like to join us virtually, we can livestream you in.

Please do let me know how you feel about the postponed expo, the proposed event, and the proposed agenda. We look forward to hearing from you and following up again early next week with confirmation of the potentially smaller, highly-curated event.

Thank you again for your patience as we navigate these trying times. Please stay healthy.

Warmly,

Aarti

Hi! What a roller coaster it has been! I hope you are doing well.

Will be in touch re some other opportunities soon but in the meantime, I've attached the latest version of a smart cities op-ed. Mayor Turner has agreed to share the by-line. His words were "I fully embrace and support".

Can you ask Mayor Cantrell if she will consider signing on as well? I'm asking all the Mayors listed to join us – The Raben Group will then get it placed with a leading publication.

Let me know and of course, I'm open to edits!

Warmly,

Aarti

Dear Friends,

Thank you for your emails over the last week.

I'm writing to share that sadly, we will **not** be hosting the smaller 150ppl event on September 8-9, 2021 at The Gathering Spot. Given many of our guests have young children who could be impacted by the Delta variant and businesses have restricted travel, we have decided against hosting anything in-person. Again, smart cities are safe cities.

We have also decided **not** to host anything digitally in September. There is a certain magic that happens when our highly-curated community is in a room together and we would rather wait until we can safely meet in-person to convene, collaborate, and create meaningful change together.

That said, we remain steadfast in our commitment to bridging the racial wealth and equity gap through the development of smart and inclusive 21st century cities and will follow up soon about how you can participate in our Redefining Smart series leading up to our May 2022 expo – we cannot wait to share some of the exciting tech, equity, and infrastructure work we are doing with our partners.

Please stay in touch and more importantly, please stay healthy and safe.

Warmly,

Aarti

Subject: Smart City Expo Atlanta | September 8-9, 2021

Dear Friends,

We hope this note finds you all in good health.

I am writing to share that in an abundance of caution, we are looking to postpone our larger conference and expo to May 2022 – smart cities are safe cities and it is the right thing to do for the well-being of our guests and staff.

That said, given that many of you would still like to meet in-person from September 8-9, 2021 to discuss the infrastructure bill and building smart, equitable, and sustainable 21st century cities, we are looking to host an invite-only event for 150ppl with the proposed draft agenda (see attached) at The Gathering Spot.

For those of you who would like to join us in-person, we have a room block at The Ellis and for those of you who would like to join us virtually, we can livestream you in.

Please do let me know how you feel about the postponed expo, the proposed event, and the proposed agenda. We look forward to hearing from you and following up again early next week with confirmation of the potentially smaller, highly-curated event.

Thank you again for your patience as we navigate these trying times. Please stay healthy.

Warmly,

Aarti

Hi! What a roller coaster it has been! I hope you are doing well.

Will be in touch re some other opportunities soon but in the meantime, I've attached the latest version of a smart cities op-ed. Mayor Turner has agreed to share the by-line. His words were "I fully embrace and support".

Can you ask Mayor Cantrell if she will consider signing on as well? I'm asking all the Mayors listed to join us – The Raben Group will then get it placed with a leading publication.

Let me know and of course, I'm open to edits!

Warmly,

Aarti

Dear Friends,

Thank you for your emails over the last week.

I'm writing to share that sadly, we will **not** be hosting the smaller 150ppl event on September 8-9, 2021 at The Gathering Spot. Given many of our guests have young children who could be impacted by the Delta variant and businesses have restricted travel, we have decided against hosting anything in-person. Again, smart cities are safe cities.

We have also decided **not** to host anything digitally in September. There is a certain magic that happens when our highly-curated community is in a room together and we would rather wait until we can safely meet in-person to convene, collaborate, and create meaningful change together.

That said, we remain steadfast in our commitment to bridging the racial wealth and equity gap through the development of smart and inclusive 21st century cities and will follow up soon about how you can participate in our Redefining Smart series leading up to our May 2022 expo – we cannot wait to share some of the exciting tech, equity, and infrastructure work we are doing with our partners.

Please stay in touch and more importantly, please stay healthy and safe.

Warmly,

Aarti

Subject: Smart City Expo Atlanta | September 8-9, 2021

Dear Friends,

We hope this note finds you all in good health.

I am writing to share that in an abundance of caution, we are looking to postpone our larger conference and expo to May 2022 – smart cities are safe cities and it is the right thing to do for the well-being of our guests and staff.

That said, given that many of you would still like to meet in-person from September 8-9, 2021 to discuss the infrastructure bill and building smart, equitable, and sustainable 21st century cities, we are looking to host an invite-only event for 150ppl with the proposed draft agenda (see attached) at The Gathering Spot.

For those of you who would like to join us in-person, we have a room block at The Ellis and for those of you who would like to join us virtually, we can livestream you in.

Please do let me know how you feel about the postponed expo, the proposed event, and the proposed agenda. We look forward to hearing from you and following up again early next week with confirmation of the potentially smaller, highly-curated event.

Thank you again for your patience as we navigate these trying times. Please stay healthy.

Warmly,

Aarti

Team NOLA,

Per our call, attached is the Immediate Response Card (IRC) presentation that Meggie put together. This deck should give a high-level overview of the program efforts and impact.

Quick meeting recap:

- We mentioned that the donations platform is under development and we should have a demo site ready by Monday. We are expecting to launch the cite next week.
    - This includes the text to donate #NOLALove.
- Finally, MoCaFi will have the first batch of IRC cards ready for the city by next week.

We will keep the team updated by email over the weekend but feel free to reachout for any reason.

Sending a BIG "Thank you" to everyone involved, have a great weekend!

Hi Beau,

Smart Cities circled back this request to have the Mayor's support of this piece on how to use smart cities infrastructure to bridge the digital divide. I don't expect this is on your radar right now, but I'm happy to provide notes if you would consider it. Otherwise, I can let them know we are passing on this one.

Hi Kim.
How are you doing? Are you and your family ok? I hope you are finally recovering from Ida.
Writing to see if Mayor Cantrell will sign on to the op-ed. AAMA will place it for us and I'd love to include her.
Will follow up on some other exciting stuff soon.
Thank you!
Aarti

Hi! What a roller coaster it has been! I hope you are doing well.

Will be in touch re some other opportunities soon but in the meantime, I've attached the latest version of a smart cities op-ed. Mayor Turner has agreed to share the by-line. His words were "I fully embrace and support".

Can you ask Mayor Cantrell if she will consider signing on as well? I'm asking all the Mayors listed to join us – The Raben Group will then get it placed with a leading publication.

Let me know and of course, I'm open to edits!

Warmly,

Aarti

Dear Friends,

Thank you for your emails over the last week.

I'm writing to share that sadly, we will **not** be hosting the smaller 150ppl event on September 8-9, 2021 at The Gathering Spot. Given many of our guests have young children who could be impacted by the Delta variant and businesses have restricted travel, we have decided against hosting anything in-person. Again, smart cities are safe cities.

We have also decided **not** to host anything digitally in September. There is a certain magic that happens when our highly-curated community is in a room together and we would rather wait until we can safely meet in-person to convene, collaborate, and create meaningful change together.

That said, we remain steadfast in our commitment to bridging the racial wealth and equity gap through the

development of smart and inclusive 21st century cities and will follow up soon about how you can participate in our Redefining Smart series leading up to our May 2022 expo – we cannot wait to share some of the exciting tech, equity, and infrastructure work we are doing with our partners.

Please stay in touch and more importantly, please stay healthy and safe.

Warmly,

Aarti

Subject: Smart City Expo Atlanta | September 8-9, 2021

Dear Friends,

We hope this note finds you all in good health.

I am writing to share that in an abundance of caution, we are looking to postpone our larger conference and expo to May 2022 – smart cities are safe cities and it is the right thing to do for the well-being of our guests and staff.

That said, given that many of you would still like to meet in-person from September 8-9, 2021 to discuss the infrastructure bill and building smart, equitable, and sustainable 21st century cities, we are looking to host an invite-only event for 150ppl with the proposed draft agenda (see attached) at The Gathering Spot.

For those of you who would like to join us in-person, we have a room block at The Ellis and for those of you who would like to join us virtually, we can livestream you in.

Please do let me know how you feel about the postponed expo, the proposed event, and the proposed agenda. We look forward to hearing from you and following up again early next week with confirmation of the potentially smaller, highly-curated event.

Thank you again for your patience as we navigate these trying times. Please stay healthy.

Warmly,

Aarti

Hi Beau,

Smart Cities circled back this request to have the Mayor's support of this piece on how to use smart cities infrastructure to bridge the digital divide. I don't expect this is on your radar right now, but I'm happy to provide notes if you would consider it. Otherwise, I can let them know we are passing on this one.

Dear Friends,

Thank you for your emails over the last week.

I'm writing to share that sadly, we will **not** be hosting the smaller 150ppl event on September 8-9, 2021 at The Gathering Spot. Given many of our guests have young children who could be impacted by the Delta variant and businesses have restricted travel, we have decided against hosting anything in-person. Again, smart cities are safe cities.

We have also decided **not** to host anything digitally in September. There is a certain magic that happens when our highly-curated community is in a room together and we would rather wait until we can safely meet in-person to convene, collaborate, and create meaningful change together.

That said, we remain steadfast in our commitment to bridging the racial wealth and equity gap through the development of smart and inclusive 21st century cities and will follow up soon about how you can participate in our Redefining Smart series leading up to our May 2022 expo – we cannot wait to share some of the exciting tech, equity, and infrastructure work we are doing with our partners.

Please stay in touch and more importantly, please stay healthy and safe.

Warmly,

Aarti

Subject: Smart City Expo Atlanta | September 8-9, 2021

Dear Friends,

We hope this note finds you all in good health.

I am writing to share that in an abundance of caution, we are looking to postpone our larger conference and expo to May 2022 – smart cities are safe cities and it is the right thing to do for the well-being of our guests and staff.

That said, given that many of you would still like to meet in-person from September 8-9, 2021 to discuss the infrastructure bill and building smart, equitable, and sustainable 21st century cities, we are looking to host an invite-only event for 150ppl with the proposed draft agenda (see attached) at The Gathering Spot.

For those of you who would like to join us in-person, we have a room block at The Ellis and for those of you who would like to join us virtually, we can livestream you in.

Please do let me know how you feel about the postponed expo, the proposed event, and the proposed agenda. We look forward to hearing from you and following up again early next week with confirmation of the potentially smaller, highly-curated event.

Thank you again for your patience as we navigate these trying times. Please stay healthy.

Warmly,

Aarti

Subject:	Meeting Recap - NOLA Emergency Relief Assistance Project - Please Review
Date:	Tuesday, September 7, 2021 5:52:51 PM

EMAIL FROM EXTERNAL SENDER: DO NOT click links, or open attachments, if sender is unknown, or the message seems suspicious in any way. DO NOT provide your user ID or password. If you believe that this is a phishing attempt, use the reporting tool in your Outlook to send this message to Security.

Team NOLA,

Great call everyone and thank you!

Here are the immediate action items:

1. Liana and Maggie will update the relief plan and share by tomorrow
    a. This includes collaborating and coordinating with other city departments as needed
    b. The plan is a draft but will give us better direction regarding our target participants and related information.

2. MoCaFi will utilize the relief plan to determine a quick deployment
    a. The deployment should be documented to ensure we meet all required deliverables
    b. This will include onboarding requirements for the cards and digital offering (Sondra will manage participant information).

3. Mastercard (Steve Tae and team) will accelerate the donations platform activation
    a. A separate call will be coordinated to discuss costs, etc.
    b. Miriam will oversee the activation and integration, in partnership with the city and FTNO

4. IGNITE will continue to manage and support all groups
    a. We will maintain daily calls to ensure we move quickly and stay on schedule

A full update on the card deployment and donations platform will be delivered during every group call.

Thank you everyone and stay safe!

Team NOLA,

To avoid taking up more time today during the holiday. We will cancel todays call and resume tomorrow at 4pm CST.

The IGNITE team has been in contact with Forward together, the City, MoCaFi and Mastercard separately to reduce the amount of calls on each team.

We are working hard and fast but want to be respectful of everyone's time.

We look forward to reviewing the cities draft plan and listening to both Mastercard and MoCaFi as we review next steps to get started, thank you.

Team NOLA,

First thank you on behalf of the mayor, the city team and the residents!

As the mayor directed we should move quickly. Here is a recap of next steps:

- Maggie will manage the non-profit engagement for relief efforts (funding, donations, etc.)
- Liana will manage the city's engagement for the relief efforts (immediate activations,

deployments, city support and the phased approach)
    - Both Maggie and Liana are drafting a plan that supports a quick start
        - A participant list of the target categories should be produced
    - Fundraising is a priority and will support an expanded relief plan
        - Information on current fundraising requirements should be prepared

- MoCaFi and Mastercard will own the technical aspects of the activation, deployment, stabilization and management for the project (in conjunction with the FTNO and the City).
    - Our first meeting will allow the core team to develop the required process to start immediately
    - Mastercard, please include the donations platform team as this is a requirement for phase 1
    - Both Mastercard and MoCaFi will identify a project lead
    - MoCaFi will provide the accelerated project deployment plan
    - Any future fees/ costs will be discussed as required

I have already started reaching out to smaller groups in order to organize and prepare quickly.

The full group calls will start Monday at 4pm CST and continue regularly every day at the same time. I will send out the invite shortly, thank you.

Hi! What a roller coaster it has been! I hope you are doing well.

Will be in touch re some other opportunities soon but in the meantime, I've attached the latest version of a smart cities op-ed. Mayor Turner has agreed to share the by-line. His words were "I fully embrace and support".

Can you ask Mayor Cantrell if she will consider signing on as well? I'm asking all the Mayors listed to join us – The Raben Group will then get it placed with a leading publication.

Let me know and of course, I'm open to edits!

Warmly,

Aarti

Subject: Re: NOLA City Key Plan - Please Review

Hi folks,

We have gathered some feedback on the design of the Municipal ID card, please see below:

- Replace map of Louisiana with map outline of the Mississippi River (examples attached - one for aesthetics and one for geography)
    - Please include a map version that includes ALL of Orleans Parish, including New Orleans East
- Change color way - not fans of the Mardi Gras colorway; brown and blue option does not seem in line with the Mayor's colors. FTNO will provide the web IDs for the colors usually associated with the Mayor's material.
    - Maybe we could offer one color option of black and gold - some built in positive associations for folks with the Saints.
- Move picture to left hand side in line with other ID photo placements (i.e. driver's license placement) - this current placement makes it look like a student ID card.
- Seal should be on opposite side of photo.
- Why does it say New Orleans twice? The bubble letter New Orleans on the right-hand side seems superfluous.
    - Perhaps where the bubble letters say New Orleans we could change it to the name of the card/"Municipal Resident ID" -- something that clarifies what it is.

Thank you and look forward to speaking,

Eliza Kauffman

hi lisa and arthur,

once we receive the original artwork, we will get to work right away.
it usually take about a day to a day and a half to get the artwork
into an illustrator format and then convert to the correct file format
and get all of the work completed.

then we can upload and send a link over to you to download on your end.

thanks

Hi Scott, thanks for your response. I will answer in **blue** next to your questions and ask that the team chimes in if anything is off-base.

hi lisa,

thanks for sending the samples over.

are we only digitizing and preparing the artwork in the digital format
and providing that to the MasterCard company and they will
set up the rest of the card and the back of the card from there? **Yes**

or will we be setting up the back of the card and everything else on our end? **Set up the side with the artwork only**

also, the artwork will pretty much look the same as the original but only in a digital,
electronic format so that it can be used in the printing of the front of the card.
is that correct? **Yes**

once we hear back about only digitizing the art or setting up all of the artwork for
front and back, we can get an estimate over to you guys. **Many thanks**

we will need to have access to the original artwork. which we will get

back to you quickly and in the same condition. **We've reached out to the team sponsoring the artist for the original artwork**

hi lisa,

we are all doing great … i hope all is well on your end.
thanks for asking.

how do you plan to use the artwork?

print, digital, web, … all of those application maybe?

we could scan the original artwork.
that would make similar to a photo, made up of pixels.

once scanned, we could also try to convert it to a vector file in illustrator
so that it could be used in more applications and enlarged, etc.
that takes a few more steps and depends on how detailed the artwork is.

let us know how we can help.

thanks lisa

The meaning behind this card design is to take something small and express it large. Also express can be taken as a train of expression. So the street car express riding the flow of New Orleans energy and flow, with the people vibe and energy dancing in the back ground and for ground with a Indian and Mardi gras mask in top right to express New Orleans history

that sounds great. what a great image for a master card!

i would think that a high res scan to the specs of the credit card company
should do the trick.

does the credit card company or printer have specs and size?

we could scan, correct and size to the specs and send artwork.

thanks lisa

hi lisa,

we are all doing great … i hope all is well on your end.
thanks for asking.

how do you plan to use the artwork?

print, digital, web, … all of those application maybe?

we could scan the original artwork.
that would make similar to a photo, made up of pixels.

once scanned, we could also try to convert it to a vector file in illustrator
so that it could be used in more applications and enlarged, etc.
that takes a few more steps and depends on how detailed the artwork is.

let us know how we can help.

thanks lisa

The meaning behind this card design is to take something small and express it large. Also express can be taken as a train of expression. So the street car express riding the flow of New Orleans energy and flow, with the people vibe and energy dancing in the back ground and for ground with a Indian and Mardi gras mask in top right to express New Orleans history

Dear All,

One action item coming out of today's meeting was to coordinate a meeting with Eliza, Stanley and our MA City Key design team to provide alternative renditions of the New Orleans municipal ID. I have briefed our MA team, and we're ready to engage with NOLA to incorporate key elements/themes the city desires (colors, fonts, style, format, logos, etc.).

I'll wait for Eliza to consolidate some ideas, and I'll coordinate the meeting once that action item is completed.

Remember, we don't want perfection get in the way of progress! This is an iterative process, and multiple cycles is part of the process.

Thanks.

Steve

Subject: {EXTERNAL} NOLA Multi-Function ID/City Card Project Calls
When: Wednesday, August 18, 2021 3:00 PM-4:00 PM (UTC-06:00) Central Time (US & Canada).
Where: https://ignitecities.zoom.us/j/89820948885?pwd=WGFsSXYyTHdUSFR6T1N3dzhkR054Zz09&from=addon

CAUTION: The message originated from an EXTERNAL SOURCE. Please use caution when opening attachments, clicking links or responding to this email.

Currently working as a team to develop and deploy a phased approach for the offering:

Phase 1 Goals - **By November 15, 2021 we will:**

1. Put the standalone banking product in at least 300 hands
2. Create a City rewards program/discounts associated with the cards
    1. Plan is required
3. Research the law, barriers and opportunities to provide a City ID that is federally recognized
    1. Weekly update required
4. Determine a plan for executing on the creation of the City ID that is federally recognized
    1. Plan is required

By hitting the following goals, not only to we demonstrate that we have traction (300 cards in hands in 3 months isn't too shabby), but we also set ourselves up for mass distribution among all classes of New Orleanians. Mind you, Steve has been doing excellent work with NOPL, NORD and RTA that, when completed, can offer functionality that makes this card's appeal wide.

QB for Goals

- **Goal 1** - Put the standalone banking product in at least 300 hands through UBI pilot, CEO Works and First72+. MoCaFi will:
    - Interface with CEO and First72+ around needed info to begin due diligence (Manya has already started this)
    - Perform due diligence with bank for CEO and First72+
    - Manage card creation and production
    - Manage follow-up card issues after distribution
-

- Once Cards are received, City will interface with UBI, CEO and First72+ for distribution.

Goal 2 - Create the plan for a City rewards system or some local discounts that can be offered in conjunction with the card. MoCaFi will create, manage and execute the rewards plan or local discounts system that can accompany the cards.

Goals 3 & 4 - Research laws, barriers, and opportunities for a federally recognized City ID and create a plan for execution. City will drive and manage this portion of the process, and the following individuals will be involved:

- Anamaria V. Lupin - OYF - anamaria.villamarin-lupin@nola.gov
- Sunae Villavaso - OWD - sunae.villavaso@nola.gov
- Eliza Kauffman - Human Rights - eliza.kauffman@nola.gov
- Austin Wilty - Law - apwilty@nola.gov
- Josh Cox - Mayor's Office - joshua.cox@nola.gov
- Emily Wolff - OYF - emily.wolff@nola.gov

Hi Scott, thanks for your response. I will answer in **blue** next to your questions and ask that the team chimes in if anything is off-base.

hi lisa,

thanks for sending the samples over.

are we only digitizing and preparing the artwork in the digital format
and providing that to the MasterCard company and they will
set up the rest of the card and the back of the card from there? **Yes**

or will we be setting up the back of the card and everything else on our end? **Set up the side with the artwork only**

also, the artwork will pretty much look the same as the original but only in a digital,
electronic format so that it can be used in the printing of the front of the card.
is that correct? **Yes**

once we hear back about only digitizing the art or setting up all of the artwork for
front and back, we can get an estimate over to you guys. **Many thanks**

we will need to have access to the original artwork. which we will get
back to you quickly and in the same condition. **We've reached out to the team sponsoring the artist for the original artwork**

that sounds great. what a great image for a master card!

i would think that a high res scan to the specs of the credit card company
should do the trick.

does the credit card company or printer have specs and size?

we could scan, correct and size to the specs and send artwork.

thanks lisa

hi lisa,

we are all doing great … i hope all is well on your end.
thanks for asking.

how do you plan to use the artwork?

print, digital, web, … all of those application maybe?

we could scan the original artwork.
that would make similar to a photo, made up of pixels.

once scanned, we could also try to convert it to a vector file in illustrator
so that it could be used in more applications and enlarged, etc.
that takes a few more steps and depends on how detailed the artwork is.

let us know how we can help.

thanks lisa

The meaning behind this card design is to take something small and express it large. Also express can be taken as a train of expression. So the street car express riding the flow of New Orleans energy and flow, with the people vibe and energy dancing in the back ground and for ground with a Indian and Mardi gras mask in top right to express New Orleans history

From: george@ignitecities.com
When: 4:00 PM - 5:00 PM August 11, 2021
Subject: NOLA Multi-Function ID/City Card Project Calls
Location: https://ignitecities.zoom.us/j/89820948885?pwd=WGFsSXYyTHdUSFR6T1N3dzhkR054Zz09&from=addon

Currently working as a team to develop and deploy a phased approach for the offering:

Phase 1 Goals - By November 15, 2021 we will:

1. Put the standalone banking product in at least 300 hands
2. Create a City rewards program/discounts associated with the cards
   * Plan is required
3. Research the law, barriers and opportunities to provide a City ID that is federally recognized
   * Weekly update required
4. Determine a plan for executing on the creation of the City ID that is federally recognized
   * Plan is required

By hitting the following goals, not only to we demonstrate that we have traction (300 cards in hands in 3 months isn't too shabby), but we also set ourselves up for mass distribution among all classes of New Orleanians. Mind you, Steve has been doing excellent work with NOPL, NORD and RTA that, when completed, can offer functionality that makes this card's appeal wide.

QB for Goals

* Goal 1 - Put the standalone banking product in at least 300 hands through UBI pilot, CEO Works and First72+. MoCaFi will:
    * Interface with CEO and First72+ around needed info to begin due diligence (Manya has already started this)
    * Perform due diligence with bank for CEO and First72+
    * Manage card creation and production
    * Manage follow-up card issues after distribution
*
* Once Cards are received, City will interface with UBI, CEO and First72+ for distribution.

Goal 2 - Create the plan for a City rewards system or some local discounts that can be offered in conjunction with the card. MoCaFi will create, manage and execute the rewards plan or local discounts system that can accompany the cards.

Goals 3 & 4 - Research laws, barriers, and opportunities for a federally recognized City ID and create a plan for execution. City will drive and manage this portion of the process, and the following individuals will be involved:

* Anamaria V. Lupin - OYF - anamaria.villamarin-lupin@nola.gov<mailto:anamaria.villamarin-lupin@nola.gov>
* Sunae Villavaso - OWD - sunae.villavaso@nola.gov<mailto:sunae.villavaso@nola.gov>
* Eliza Kauffman - Human Rights - eliza.kauffman@nola.gov<mailto:eliza.kauffman@nola.gov>
* Austin Wilty - Law - apwilty@nola.gov<mailto:apwilty@nola.gov>
* Josh Cox - Mayor's Office - joshua.cox@nola.gov<mailto:joshua.cox@nola.gov>
* Emily Wolff - OYF - emily.wolff@nola.gov<mailto:emily.wolff@nola.gov>

Subject: Meeting notes from todays call - thanks team

MJ and team,

As promised, here are the draft notes from today's call.

Returning residents (what are we actually calling the program?) – two group CEO and first 72 (Banking card)

- 125 to 150 participants from each group
- Train the trainer started today with both groups
- On boarding will start (next week – please provide a start date)
    - Using the standard MoCaFi card

New Orleans MGI Card - registration starts next Friday or Monday (IRC)

- Month long (randomized list will be ready on 9/7)
- We need a clear process around card manufacturing and funding (timing, requirements, etc.)
    - This should include the card delivery / onboarding
- The launch is scheduled for the end of September
    - City would like to launch with a custom designed card
        - MJ should confirm feasibility and timing for the custom card design implementation

        - A clear plan is needed

Marketing:

- Communication plan required (lets document the process and requirements)
    - Including the updated material: sleeve, website, etc.
- Approvals from the bank and Mastercard are required (this can take a few weeks)

Funding:

- Funding process needs to be documented (to the City org and to MoCaFi)
    - Including, the funding amounts transferred to MoCaFi, amounts per card, frequency of transaction, etc.
- Invoicing process

Access:

1. Steve should provide a plan and timeline
2. That includes the pilot, demo, user experience, services/ features, etc.
    - Kim offered connecting to with her broadband and data equity manager

Card design:

1. Approved by the Mayor
2. Reviewed by the team today
3. The city/MJ will send over the current card art design
    a. Steve Royster should incorporate the card design requirements
    b. MJ should plan on previewing the updated design by 8/4
4. The city should send over the design requirements to the artist for the ID design

Subject: Re: Quick Take with Veneeth Iyengar
Date: Tuesday, August 3, 2021 3:19:57 PM

Thanks. I'll review this to catch up.

When Monika and I spoke with Veneeth six months ago, my take away was the NOLA is far ahead of the state in terms of our connectivity/smart city planning. Nothing against Veneeth, he's great, it's just that we've been working on it since 2018. On the other hand, the State is probably in line to receive a lot more money from the feds for broadband.

Arthur --

In this episode of Ellevate Louisiana's Quick Take we catch up with **Veneeth Iyengar**, Executive Director of Broadband Development and Connectivity for the State of Louisiana, on how the state is doing in its quest to provide statewide broadband.

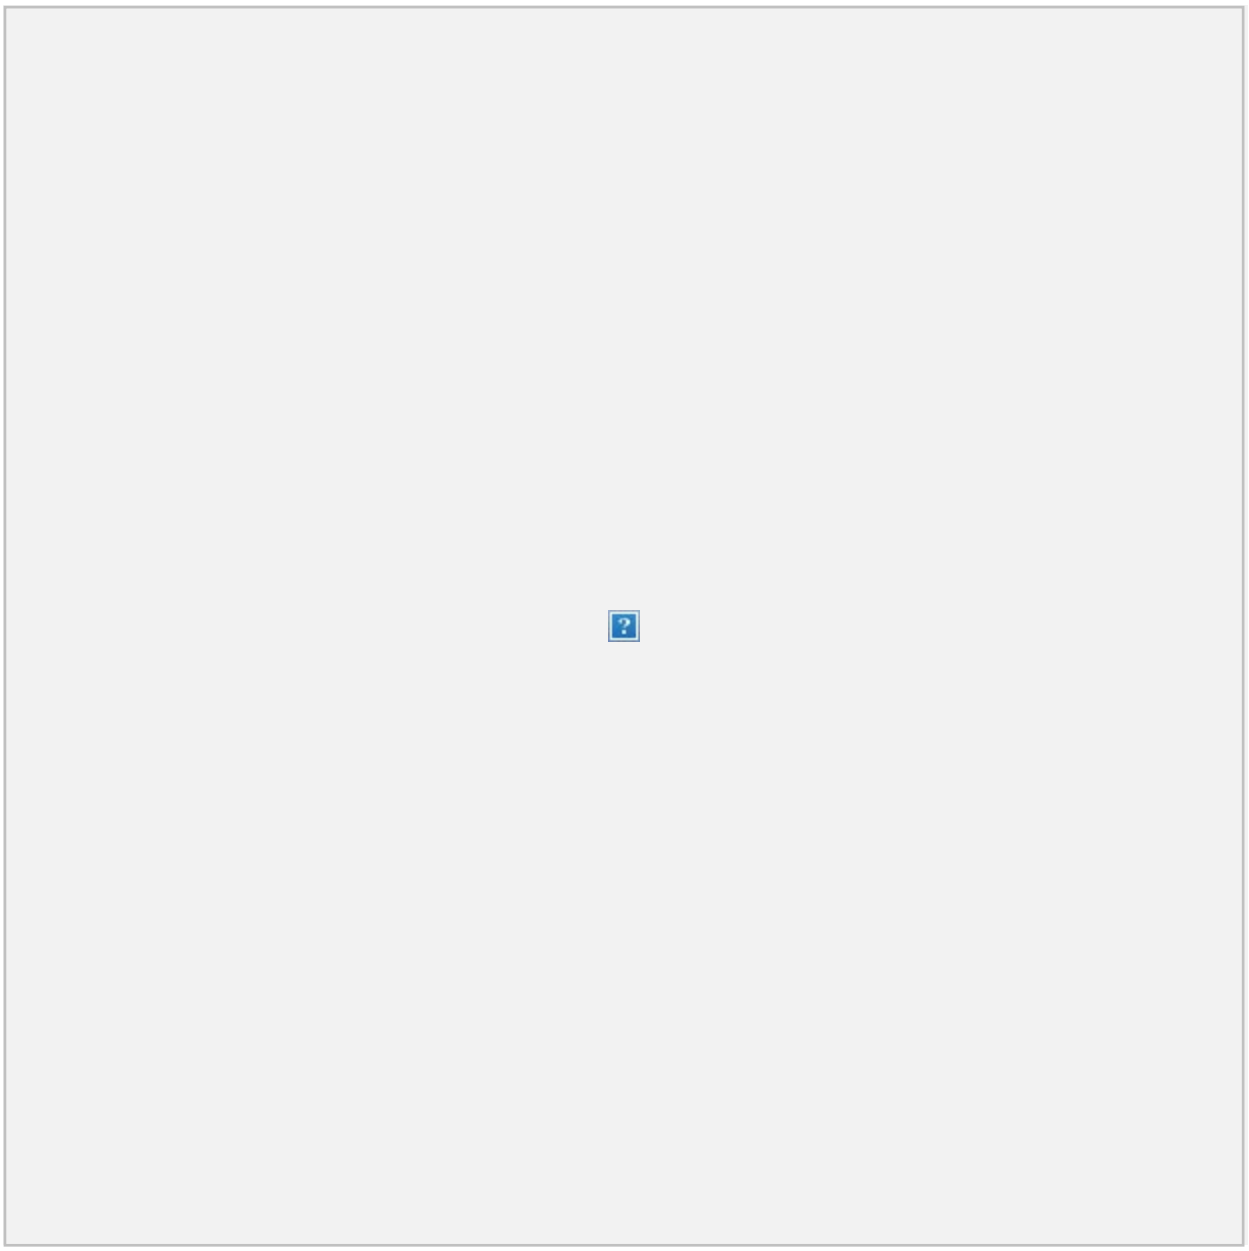
Subject: Smart City Expo Atlanta is Back - September 8-9, 2021!
Date: Thursday, July 29, 2021 10:00:47 AM

EMAIL FROM EXTERNAL SENDER: DO NOT click links, or open attachments, if sender is unknown, or the message seems suspicious in any way. DO NOT provide your user ID or password. If you believe that this is a phishing attempt, use the reporting tool in your Outlook to send this message to Security.



Dear Friends,

Smart City Expo Atlanta is back. With the Bipartisan Infrastructure Deal on the horizon for historic investments in roads, bridges, transit, rail, EV charging stations and electric buses, power grids, waste and water infrastructure, traffic management, and broadband, join leading public officials, CEOs, CTOs/CIOs, NGOs, corporations, and social entrepreneurs in harnessing this once in a generation opportunity to bridge the racial wealth and equity gap and build smart, equitable, and sustainable 21st century cities.

Program

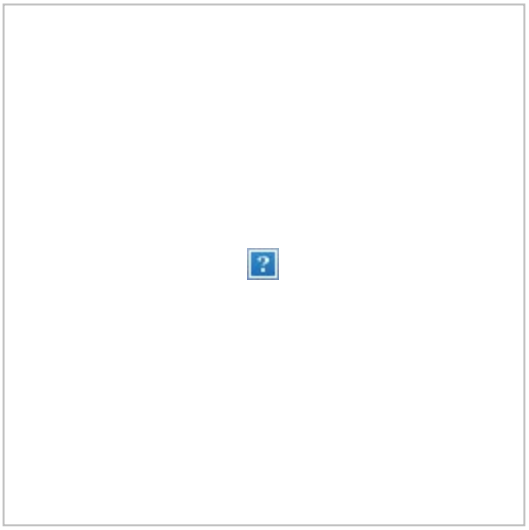
As we #buildbackbetter, participate in our two-day hybrid event (safely in-person or virtually), around topics such as:

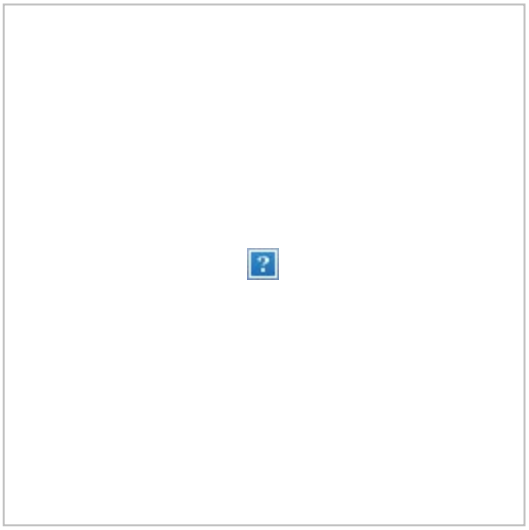
- Open Data, Open Cities
- From the Cloud to AI: Next Gen City Services
- Waste, Water, and Smart Public Works
- Data to Bridge Racial Wealth and Equity Gaps
- Transportation Equity: Driving Economic and Mobility Justice
- From Heat Waves to Hurricanes: Tech to Combat Climate Change

See full program

Speakers

Representation matters at Smart City Expo Atlanta – our inclusive speaker roster reflects the communities most impacted by physical and invisible threats of pandemics, climate change, cyberattacks, and discriminatory AI. These cities also have a historic opportunity to leapfrog into the future through 21st century PPPs, new forms of mobility, and the equitable and sustainable use of sensors, heat maps, broadband, AI, predictive analytics, the cloud, edge computing, blockchain, and big data.

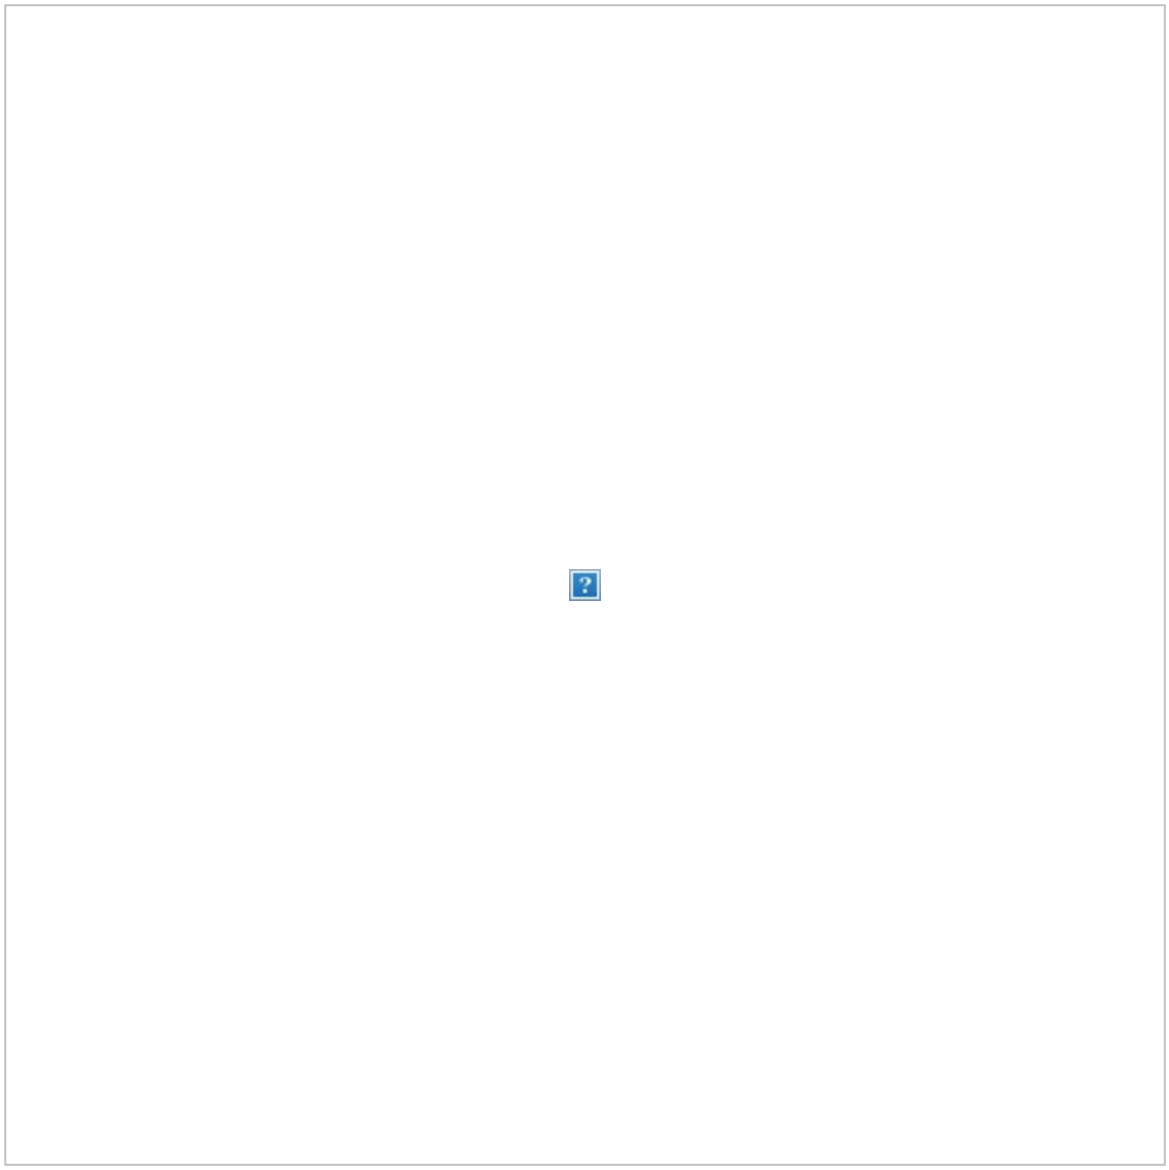




See all speakers

Partners

Thank you to the African American Mayors Association and National League of Cities for your partnership and to Georgia Power, Mastercard, Verizon, Siradel, Dentons, and so many others for your support. We are of course grateful to Fira Barcelona and Smart City World Congress (who received The King Center's Beloved Community Salute to Greatness Technological Innovation Award this year!).



Be a Sponsor

See all partners

We truly hope you'll join us for this hybrid event in September (**early bird pricing available until August 8th**) to build an inclusive and sustainable tomorrow – the time is now.

In good health,

Aarti

> - Applicant will need to know their Social Security Number
> - We may require a copy of a government-issued photo ID and other supporting documentation**.**

Examples include:

Examples of Gov't issued photo IDs:	***Examples of Alternative ID:*** ***(2 forms of ID will be required)***	***Examples of Supporting Documents:***
• *Drivers License (State Issued)* • *Passport/Passport Card* • *Military ID* ***DO NOT COPY*** • *Permanent Resident Alien ID card "Green Card"* • *Tribal ID card* • *Prison ID*	• *School ID with photo and birth certificate or social security card* • *Doctor or hospital records and birth certificate or social security card*	• *Utility bills* • *Lease Agreements with proof of payment and/or security deposit* • *Bank Statements* • *Paystubs*

For Account Opening:

· Download the "MoCaFi" app from the Apple App Store or Google Play Store

· Follow the on-screen instructions to open an account

Next Steps:

We will work with you, our partnering organizations, and prepare you to support your participants through the process of downloading the mobile app and signing up for a bank account. No preliminary documentation or information is needed from the organization prior to the account opening process.

We will circle back next week to set up any additional meetings we may need to move this forward, and we very much look forward to working with y'all.

Finally, please see the requested flier attached that can be shared with folks returning home.

Let us know if you have any questions, and speak soon.

Best,

MJ

The City is leading this new pilot with our partners.

Troy and Chad mentioned that you two are the folks from your respective organizations who can get in the weeds and help us execute on integrating these cards into your systems.

Let's have a chat with Stanley Toussaint and Manya-Jean Gitter of MoCaFi and our partners at Ignite Cities. I think we could get cards/bank accounts into your folks' hands quickly.

Is there a time that works for you to connect with us and our team this week?

Looking forward to walking this path together.

Great seeing you brothers yesterday. Like I mentioned, there is an incredible opportunity to get individuals returning home from incarceration bank accounts that not only prevent the exploitation of check-cashing spots, but also pave a path towards building credit and full financial empowerment.

Let's have a chat with Stanley Toussaint and Manya-Jean Gitter of MoCaFi and our partners at Ignite Cities. I think we could get cards/bank accounts into your folks' hands quickly.

I'll leave it to Manya-Jean at MoCaFi to follow up with scheduling.

Looking forward to walking this path together.

Liana, Jonathan, Kim,

I know Wisbey is up to date on this, but I wanted to make sure you all are aware of our progress on the Asset Management Coordination RFI. We're hosting 6 presentations on Thursday and Friday (of which I've invited Wisbey) and we have brought in folks from SWB to participate in these sessions along with Eric Ogburn and Carrie from our internal group too. The SWB email chain is below for your reference in case it's helpful. I'm happy to extend the invitation to anyone you all desire and/or provide any information to anyone that's interested. Please reach out if you have any questions.

Thanks very much.

Best,
Laura

Hi Mark, Guy, Monique and Tyler,

Thank you all for speaking with me this afternoon about this project. We're really excited to bring you all on to help us with this, and looking forward to collaborating. We have scheduled 6 presentations which I have just invited you all to on Thursday and Friday of this week, feel free to forward the meeting invitations along to other members of your team as you see fit. In a couple weeks, we'd like to host a coordination call to talk through these presentations and discuss potential next steps. I'll be reaching out for your availability to get that on the calendar.

I have attached the RFI we released to this email. And here is the file with all 18 responses, 6 of which we have scheduled presentations with:

- Cartegraph
- GIS Inc.
- Timmons
- Nuvolo
- Mott Macdonald
- Streetlogix

Please reach out to me, John DeFraites or Katie Rodriquez with any questions.

Best,
Laura

Hi Laura,

Thanks again for including us in this effort. I am copying a team of folks from our end who we think would be best to listen in on the RFI responses. Guy is with our IT team and Monique and Mark are both with PDU (on the reimbursement and construction sides).

Guy, Monique and Mark – please see below for a brief description of the asset management RFI process the city is working on. They've invited us to listen in on the responses at the end of this week, and we thought you might be the most appropriate folks to participate (subject to your schedules!).

I'll let you all take it from here, looking forward to hearing about the responses.

Thanks!
Christy

Hi Christy,

I hope this email finds you well! I'm working with some folks in Public Works to pursue an asset management system, and we are really interested in connecting with you all about the project. We've been coordinating internally about this for several months and released an RFI in the Spring that received 18 responses, and we're listening to presentations from 6 of them next week on Thursday 7/22 9:00 – 11:00 and Friday 7/23 10:00, 2:00, 3:00.

I'm hoping that you, or someone on your team, could listen in to these presentations with us, and we'd like to set up a quick briefing meeting to talk through this. Are you available?

Thanks,
Laura

Hi all,

It was a pleasure meeting with everyone yesterday and learning about the great work that your organizations are doing with returning citizens. MoCaFi is excited to partner with you to provide affordable, FDIC insured, banking solutions to your participants.

I want to clarify that the MoCaFi's digital bank account is an individual checking account, not a prepaid debit. The account offers the same features and functionalities as a traditional bank account with the exclusion of physical banking locations. Participants interested in opening a MoCaFi bank account will be required to establish their own individual accounts using their smartphone mobile device and by downloading the MoCaFi app.

Listed below are the pre-enrollment requirements to establish a bank account:

For the Pre-enrollment:

- Applicant must have their own smart mobile device
- Applicant will need an email address
  - **Note: Preferably, email addresses used on social media or email addresses that include full name (e.g., tonyevan@gmail.com) should be used for account enrollment**
- Applicant will need to know their Social Security Number
- We may require a copy of a government-issued photo ID and other supporting documentation**.**

Examples include:

Examples of Gov't issued photo IDs:	***Examples of Alternative ID: (2 forms of ID will be required)***	***Examples of Supporting Documents:***

• *Drivers License (State Issued)* • *Passport/Passport Card* • *Military ID* ***DO NOT COPY*** • *Permanent Resident Alien ID card "Green Card"* • *Tribal ID card* • *Prison ID*	• *School ID with photo and birth certificate or social security card* • *Doctor or hospital records and birth certificate or social security card*	• *Utility bills* • *Lease Agreements with proof of payment and/or security deposit* • *Bank Statements* • *Paystubs*

For Account Opening:

· Download the "MoCaFi" app from the Apple App Store or Google Play Store
· Follow the on-screen instructions to open an account

Next Steps:

We will work with you, our partnering organizations, and prepare you to support your participants through the process of downloading the mobile app and signing up for a bank account. No preliminary documentation or information is needed from the organization prior to the account opening process.

We will circle back next week to set up any additional meetings we may need to move this forward, and we very much look forward to working with y'all.

Finally, please see the requested flier attached that can be shared with folks returning home.

Let us know if you have any questions, and speak soon.

Best,

MJ

Dear All, as shared on today's call, please see EZ Access roadmap for the next three months as we work with MoCaFi to bring access to NORD, and other NOLA city buildings.

Appreciate all your support to-date, and the remaining work to be done. This is a very exciting project that will put NOLA on the map as the first city to bring access functionality (via EZ Access) on a prepaid card-- not only nationally, but globally!

Let me know if you have any questions.

Steve

Courtney and Ken -

Last week, I spoke with Chad and Troy about an incredible opportunity to get individuals returning home from incarceration bank accounts that not only prevent the exploitation of check-cashing spots, but also pave a path towards building credit and full financial empowerment. The City is leading this new pilot with our partners.

Troy and Chad mentioned that you two are the folks from your respective organizations who can get in the weeds and help us execute on integrating these cards into your systems.

Let's have a chat with Stanley Toussaint and Manya-Jean Gitter of MoCaFi and our partners at Ignite Cities. I think we could get cards/bank accounts into your folks' hands quickly.

Is there a time that works for you to connect with us and our team this week?

Looking forward to walking this path together.

Thanks, Josh, George for your input here.

Also, I don't want to speak for MoCaFi, but when we started this journey two years ago in our original workshop with the Mayor, we identified potential areas where funding can go onto these cards. I know we discussed some that were not feasible now, but in parallel to below, are there any low-hanging fruit that MoCaFi can support? Or is the idea that discounts is the main driver, and people would want to put money on these cards to take advantage of these discounts?

In addition to access development, I can also start looking into MA's side to support MoCaFi on discounts, leveraging whatever assets MA has with its merchants, etc.

Thanks.

Team NOLA,

I hope everyone had a great weekend.

Stanley and MJ, can you develop a project plan detailing hard requirements in order to complete phase 1. It would be ideal if we could review this on Wednesday during our call. We all understand that this plan will require more time but it will set the stage for our next steps.

I would also include Steve Tae's work around access (for NORD and libraries) this will be critical as the mayor mention to launch this year as well.

Thank you.

Subject: Re: NOLA Multi-Function ID Card Team Meetings - Please Review

Hey Team -

First, thanks so much for all the work that's happened to get us this far. After last week's conversations, I'd like to lay out a clear plan of action for executing on phase 1 of this project and setting ourselves up for mass distribution and adoption within the next year or so.

Phase 1 Goals - **By November 15, 2021 we will:**

1. Put the standalone banking product in at least 300 hands
2. Create the plan for a City rewards program or discounts associated with the cards
3. Research the law, barriers and opportunities to provide a City ID that is federally recognized
4. Determine a plan for executing on the creation of the City ID that is federally recognized

By hitting the following goals, not only to we demonstrate that we have traction (300 cards in hands in 3 months isn't too shabby), but we also set ourselves up for mass distribution among all classes of New Orleanians. Mind you, Steve has been doing excellent work with NOPL, NORD and RTA that, when completed, can offer functionality that makes this card's appeal wide.

QB for Goals

- **Goal 1** - Put the standalone banking product in at least 300 hands through UBI pilot, CEO Works and First72+. MoCaFi will:
    - Interface with CEO and First72+ around needed info to begin due diligence (Manya has already started this)
    - Perform due diligence with bank for CEO and First72+
    - Manage card creation and production
    - Manage follow-up card issues after distribution
-
- Once Cards are received, City will interface with UBI, CEO and First72+ for distribution.

  Goal 2 - Create the plan for a City rewards system or some local discounts that can be offered in conjunction with the card. MoCaFi will create, manage and execute the rewards plan or local discounts system that can accompany the cards.

  Goals 3 & 4 - Research laws, barriers, and opportunities for a federally recognized City ID and create a plan for execution. City will drive and manage this portion of the process, and the following individuals will be involved:

    - Anamaria V. Lupin - OYF - anamaria.villamarin-lupin@nola.gov
    - Sunae Villavaso - OWD - sunae.villavaso@nola.gov
    - Eliza Kauffman - Human Rights - eliza.kauffman@nola.gov
    - Austin Wilty - Law - apwilty@nola.gov

- Josh Cox - Mayor's Office - joshua.cox@nola.gov
- Emily Wolff - OYF - emily.wolff@nola.gov

If we need to, we'll look to add additional expertise on the City ID stuff as needed.

Please let me know if there are any thoughts/pushback on this because I'd like for us to go into next week focused and ready to roll!

Best,

Josh

Hey team,

Here is the agenda for today's call (please adjust as necessary):

1. Quick recap from the kick-off
2. Drill down and confirm the phase 1 use cases (UBI, CEO works, etc.)
    a. Josh will provide departments and the point person
3. Start developing a plan for the ID product
4. Confirm teams attending phase 1 weekly meetings moving forward

Below is the kick-off meeting recap – thank you.

Subject: NOLA Multi-Function ID Card Team Meetings - Please Review

Team NOLA,

Congrats on an incredible project kick-off yesterday! Mayor, thank you for your leadership and guidance.

As mentioned during our kick-off, we will prepare and launch new weekly team calls to accelerate development and our success.

Josh and others will support identifying the initial departments (phase 1) that will launch the first set of services utilizing the city card offering. These teams will confirm a key stakeholder and will support the project development during weekly meetings on Wednesday at 3pmCT. We will also schedule regular updates to the mayor to support alignment and to present our success across all phases.

<u>We will regroup with our NEW agenda and the project plan reviewed next Wednesday at 3pm CT. The New invite will go out shortly.</u>

Here is a recap from yesterday’s kick-offs:
<u>Notes</u>

- 2 NOLA Cards
    - <u>NOLA Card</u>: Immediate Response Card à City-owned
        - UBI, ERAP, Opportunity Youth, Returning Citizens; quick disbursement
    - <u>NOLA Deluxe Card</u>: All-in-One à User-owned
        - Municipal ID, Banking, Credit building, Small-Business rewards, Fin. Lit., Access
    - Data is aggregated and anonymized

- Mayoral Priorities/Immediate Needs
    - UBI for Opportunity Youth (August/September)
    - Emergency Rental Assistance Program (now/August/September)
    - Payments across city programs
    - ARP funding distribution
    - Municipal ID development
    - Longer term access, Libraries, NORD, RTA…etc.

Action Items:

- City of New Orleans:
    - 7.7: Assemble internal task force and conduct weekly team meeting
    - 7.14: Separate into work groups based on the particular use-cases starting with UBI for OY and ERAP
    - 7.21: Start break-out work group meetings
- MoCaFi:
    - Support NOLA work groups and launch
- Mastercard:
    - Support NOLA work groups and launch
- IGNITE:
    - Support NOLA in developing the task force, work groups, and execution

Thank you to everyone for the hard work and dedication to the City of New Orleans, the residents and the Mayor.

Hey Team -

First, thanks so much for all the work that's happened to get us this far. After last week's conversations, I'd like to lay out a clear plan of action for executing on phase 1 of this project and setting ourselves up for mass distribution and adoption within the next year or so.

Phase 1 Goals - **By November 15, 2021 we will:**

1. Put the standalone banking product in at least 300 hands
2. Create the plan for a City rewards program or discounts associated with the cards
3. Research the law, barriers and opportunities to provide a City ID that is federally recognized
4. Determine a plan for executing on the creation of the City ID that is federally recognized

By hitting the following goals, not only to we demonstrate that we have traction (300 cards in hands in 3 months isn't too shabby), but we also set ourselves up for mass distribution among all classes of New Orleanians. Mind you, Steve has been doing excellent work with NOPL, NORD and RTA that, when completed, can offer functionality that makes this card's appeal wide.

QB for Goals

- **Goal 1** - Put the standalone banking product in at least 300 hands through UBI pilot, CEO Works and First72+. MoCaFi will:
    - Interface with CEO and First72+ around needed info to begin due diligence (Manya has already started this)
    - Perform due diligence with bank for CEO and First72+
    - Manage card creation and production
    - Manage follow-up card issues after distribution
-
- Once Cards are received, City will interface with UBI, CEO and First72+ for distribution.

Goal 2 - Create the plan for a City rewards system or some local discounts that can be offered in conjunction with the card. MoCaFi will create, manage and execute the rewards plan or local discounts system that can accompany the cards.

Goals 3 & 4 - Research laws, barriers, and opportunities for a federally recognized City ID and create a plan for execution. City will drive and manage this portion of the process, and the following individuals will be involved:

- Anamaria V. Lupin - OYF - anamaria.villamarin-lupin@nola.gov
- Sunae Villavaso - OWD - sunae.villavaso@nola.gov
- Eliza Kauffman - Human Rights - eliza.kauffman@nola.gov
- Austin Wilty - Law - apwilty@nola.gov
- Josh Cox - Mayor's Office - joshua.cox@nola.gov
- Emily Wolff - OYF - emily.wolff@nola.gov

If we need to, we'll look to add additional expertise on the City ID stuff as needed.

Please let me know if there are any thoughts/pushback on this because I'd like for us to go into next week focused and ready to roll!

Best,

Josh

Hey team,

Here is the agenda for today's call (please adjust as necessary):

1. Quick recap from the kick-off
2. Drill down and confirm the phase 1 use cases (UBI, CEO works, etc.)
    a. Josh will provide departments and the point person
3. Start developing a plan for the ID product
4. Confirm teams attending phase 1 weekly meetings moving forward

Below is the kick-off meeting recap – thank you.

Subject: NOLA Multi-Function ID Card Team Meetings - Please Review

Team NOLA,

Congrats on an incredible project kick-off yesterday! Mayor, thank you for your leadership and guidance.

As mentioned during our kick-off, we will prepare and launch new weekly team calls to accelerate development and our success.

Josh and others will support identifying the initial departments (phase 1) that will launch the first set of services utilizing the city card offering. These teams will confirm a key stakeholder and will support the project development during weekly meetings on Wednesday at 3pmCT. We will also schedule regular updates to the mayor to support alignment and to present our success across all phases.

We will regroup with our NEW agenda and the project plan reviewed next Wednesday at 3pm CT. The New invite will go out shortly.

Here is a recap from yesterday's kick-offs:
Notes

- 2 NOLA Cards
    - NOLA Card: Immediate Response Card à City-owned
        - UBI, ERAP, Opportunity Youth, Returning Citizens; quick disbursement
    - NOLA Deluxe Card: All-in-One à User-owned
        - Municipal ID, Banking, Credit building, Small-Business rewards, Fin. Lit., Access
    - Data is aggregated and anonymized

- Mayoral Priorities/Immediate Needs
    - UBI for Opportunity Youth (August/September)
    - Emergency Rental Assistance Program (now/August/September)
    - Payments across city programs
    - ARP funding distribution
    - Municipal ID development
    - Longer term access, Libraries, NORD, RTA…etc.

Action Items:

- City of New Orleans:
    - 7.7: Assemble internal task force and conduct weekly team meeting
    - 7.14: Separate into work groups based on the particular use-cases starting with UBI for OY and ERAP
    - 7.21: Start break-out work group meetings
- MoCaFi:
    - Support NOLA work groups and launch
- Mastercard:
    - Support NOLA work groups and launch
- IGNITE:
    - Support NOLA in developing the task force, work groups, and execution

Thank you to everyone for the hard work and dedication to the City of New Orleans, the residents and the Mayor.

Subject: Re: NOLA Multi-Function ID Card Team Meetings - Please Review

Hey Team -

First, thanks so much for all the work that's happened to get us this far. After last week's conversations, I'd like to lay out a clear plan of action for executing on phase 1 of this project and setting ourselves up for mass distribution and adoption within the next year or so.

Phase 1 Goals - **By November 15, 2021 we will:**

1. Put the standalone banking product in at least 300 hands
2. Create the plan for a City rewards program or discounts associated with the cards
3. Research the law, barriers and opportunities to provide a City ID that is federally recognized
4. Determine a plan for executing on the creation of the City ID that is federally recognized

By hitting the following goals, not only to we demonstrate that we have traction (300 cards in hands in 3 months isn't too shabby), but we also set ourselves up for mass distribution among all classes of New Orleanians. Mind you, Steve has been doing excellent work with NOPL, NORD and RTA that, when completed, can offer functionality that makes this card's appeal wide.

QB for Goals

- **Goal 1** - Put the standalone banking product in at least 300 hands through UBI pilot, CEO Works and First72+. MoCaFi will:
    - Interface with CEO and First72+ around needed info to begin due diligence (Manya has already started this)
    - Perform due diligence with bank for CEO and First72+
    - Manage card creation and production
    - Manage follow-up card issues after distribution
-
- Once Cards are received, City will interface with UBI, CEO and First72+ for distribution.

Goal 2 - Create the plan for a City rewards system or some local discounts that can be offered in conjunction with the card. MoCaFi will create, manage and execute the rewards plan or local discounts system that can accompany the cards.

Goals 3 & 4 - Research laws, barriers, and opportunities for a federally recognized City ID and create a plan for execution. City will drive and manage this portion of the process, and the following individuals will be involved:

- Anamaria V. Lupin - OYF - anamaria.villamarin-lupin@nola.gov
- Sunae Villavaso - OWD - sunae.villavaso@nola.gov

Eliza Kauffman - Human Rights - eliza.kauffman@nola.gov
- Austin Wilty - Law - apwilty@nola.gov
- Josh Cox - Mayor's Office - joshua.cox@nola.gov
- Emily Wolff - OYF - emily.wolff@nola.gov

If we need to, we'll look to add additional expertise on the City ID stuff as needed.

Please let me know if there are any thoughts/pushback on this because I'd like for us to go into next week focused and ready to roll!

Best,

Josh

Dear All, I'm attaching what I shared on yesterday's call. I reviewed this with NOPL, and they will continue to help refine the content. But they agreed with what was captured on paper.

Look forward to engaging other departments where City Key can identify/support operational efficiencies/revenue lift for NOLA.

Troy and Chad - It is wonderful to connect with you.

I am really excited to collaborate on this critical project together to help financially empower returning residents in our city.

Please send along your availability for next week, and I'll organize a time for us to convene and get the ball rolling.

Best,

Manya-Jean

Troy & Chad -

Great seeing you brothers yesterday. Like I mentioned, there is an incredible opportunity to get individuals returning home from incarceration bank accounts that not only prevent the exploitation of check-cashing spots, but also pave a path towards building credit and full financial empowerment.

Let's have a chat with Stanley Toussaint and Manya-Jean Gitter of MoCaFi and our partners at Ignite Cities. I think we could get cards/bank accounts into your folks' hands quickly.

I'll leave it to Manya-Jean at MoCaFi to follow up with scheduling.

Looking forward to walking this path together.

Yours in service,

Joshua O. Cox
Senior Advisor & Director of Strategic Initiatives

Subject: FW: NOLA Multi-Function ID Card Team Meetings - Please Review
Date: Wednesday, July 7, 2021 2:03:06 PM

EMAIL FROM EXTERNAL SENDER: DO NOT click links, or open attachments, if sender is unknown, or the message seems suspicious in any way. DO NOT provide your user ID or password. If you believe that this is a phishing attempt, use the reporting tool in your Outlook to send this message to Security.

Hey team,

Here is the agenda for today's call (please adjust as necessary):

1. Quick recap from the kick-off
2. Drill down and confirm the phase 1 use cases (UBI, CEO works, etc.)
    a. Josh will provide departments and the point person
3. Start developing a plan for the ID product
4. Confirm teams attending phase 1 weekly meetings moving forward

Below is the kick-off meeting recap – thank you.

"Service to others is the rent you pay for your room here on earth." Ali

Subject: NOLA Multi-Function ID Card Team Meetings - Please Review

Team NOLA,

Congrats on an incredible project kick-off yesterday! Mayor, thank you for your leadership

and guidance.

As mentioned during our kick-off, we will prepare and launch new weekly team calls to accelerate development and our success.

Josh and others will support identifying the initial departments (phase 1) that will launch the first set of services utilizing the city card offering. These teams will confirm a key stakeholder and will support the project development during weekly meetings on Wednesday at 3pmCT. We will also schedule regular updates to the mayor to support alignment and to present our success across all phases.

We will regroup with our NEW agenda and the project plan reviewed next Wednesday at 3pm CT. The New invite will go out shortly.

Here is a recap from yesterday's kick-offs:

Notes

- 2 NOLA Cards
    - NOLA Card: Immediate Response Card à City-owned
        - UBI, ERAP, Opportunity Youth, Returning Citizens; quick disbursement
    - NOLA Deluxe Card: All-in-One à User-owned
        - Municipal ID, Banking, Credit building, Small-Business rewards, Fin. Lit., Access
    - Data is aggregated and anonymized

- Mayoral Priorities/Immediate Needs
    - UBI for Opportunity Youth (August/September)
    - Emergency Rental Assistance Program (now/August/September)
    - Payments across city programs
    - ARP funding distribution
    - Municipal ID development
    - Longer term access, Libraries, NORD, RTA…etc.

Action Items:

- City of New Orleans:
    - 7.7: Assemble internal task force and conduct weekly team meeting
    - 7.14: Separate into work groups based on the particular use-cases starting with UBI for OY and ERAP
    - 7.21: Start break-out work group meetings
- MoCaFi:
    - Support NOLA work groups and launch
- Mastercard:

    - Support NOLA work groups and launch
- IGNITE:
    - Support NOLA in developing the task force, work groups, and execution

Thank you to everyone for the hard work and dedication to the City of New Orleans, the residents and the Mayor.

Team:

Great NOLA Card and NOLA Card Deluxe kick-off meeting!

Thank you all for taking the time and team NOLA, thank you for organizing all the various department heads in attendance.

Below, please find the meeting recap's notes and action items from today. Attached, please find the full recap which includes our pictures memorializing today's amazing endeavor. Let's make it happen everyone!

Meeting Recap

Notes

- 2 NOLA Cards
  - NOLA Card: Immediate Response Card → City-owned
    - UBI, ERAP, Opportunity Youth, Returning Citizens; quick disbursement
  - NOLA Deluxe Card: All-in-One → User-owned
    - Municipal ID, Banking, Credit building, Small-Business rewards, Fin. Lit., Access
  - Data is aggregated and anonymized
- Questions/Answers:
  - Q: Since WF isn't in NOLA, is there another bank to work with for no fee withdrawal?
    - A: Yes, a user can withdrawal funds for free from over 120 retailers (CVS/Walgreens..etc.) in NOLA & MoCaFi is working to get other banks (community banks) to partner
  - Q: How does MoCaFi get paid?
    - A: The merchant's interchange/credit card processing fees; FREE to the City
- Mayoral Priorities/Immediate Needs
  - UBI for Opportunity Youth (August/September)
  - Emergency Rental Assistance Program (now/August/September)
  - Longer term → Access, Libraries, NORD, RTA…etc.

Action Items:

- City of New Orleans:

    - 7.7: Assemble internal task force to carry out the launch of this
    - 7.14: Separate into work groups based on the particular use-cases starting with UBI for OY and ERAP
    - 7.21: Start break-out work group meetings
- MoCaFi:
    - Support NOLA work groups and launch
- Mastercard:
    - Support NOLA work groups and launch
- IGNITE:
    - Support NOLA in developing the task force, work groups, and execution

Good morning,

I hope everyone had a great weekend.

Could we have zoom or a conference line setup so MoCaFi can have members dial-in. Please let me know if this is possible, thank you.

We look forward to seeing everyone tomorrow.

Hey Kim -

We are going to do a launch of the City card that explains to key members of City government what the cards are and what purpose they serve. That launch is happening in Gallier Hall on June 29th from 1-2:30pm. Can IT provide a projector and screen?

George, is there any other tech thing that's needed?

Subject: Gallier Hall - Key to the City Launch

Hey Bry-guy -

Is it possible to reserve a large room in Gallier Hall for a meeting on June 29th from 1 -2:30pm? I imagine the room should be able to fit about 50 people from across city government and the purpose is to launch and explain these cards.

Really just chairs, a projector and maybe water is needed (which I'm happy to bring). Nothing crazy. Please let me know!

As always, thanks so much.

Best

Subject: Gallier Hall - Key to the City Launch

Hey Bry-guy -

Is it possible to reserve a large room in Gallier Hall for a meeting on June 29th from 1 -2:30pm? I imagine the room should be able to fit about 50 people from across city government and the purpose is to launch and explain these cards.

Really just chairs, a projector and maybe water is needed (which I'm happy to bring). Nothing crazy. Please let me know!

As always, thanks so much.

Best

EMAIL FROM EXTERNAL SENDER: DO NOT click links, or open attachments, if sender is unknown, or the message seems suspicious in any way. DO NOT provide your user ID or password. If you believe that this is a phishing attempt, use the reporting tool in your Outlook to send this message to Security.

Good morning,

I hope everyone had a great weekend.

Could we have zoom or a conference line setup so MoCaFi can have members dial-in. Please let me know if this is possible, thank you.

We look forward to seeing everyone tomorrow.

Stay safe and well,

Subject: Fwd: Gallier Hall - Key to the City Launch

Hey Kim -

We are going to do a launch of the City card that explains to key members of City government what the cards are and what purpose they serve. That launch is happening in Gallier Hall on June 29th from 1-2:30pm. Can IT provide a projector and screen?

George, is there any other tech thing that's needed?

Subject: Gallier Hall - Key to the City Launch

Hey Bry-guy -

Is it possible to reserve a large room in Gallier Hall for a meeting on June 29th from 1 -2:30pm? I imagine the room should be able to fit about 50 people from across city government and the purpose is to launch and explain these cards.

Really just chairs, a projector and maybe water is needed (which I'm happy to bring). Nothing crazy. Please let me know!

As always, thanks so much.

Hey Josh, we have one there now that we could leave, but I'm connecting with Bryon on getting a permanent setup for the building. We will take care of it.

George, just let us know if there is anything specific you need.

Really just chairs, a projector and maybe water is needed (which I'm happy to bring). Nothing crazy. Please let me know!

As always, thanks so much.

Best

Josh,

No problem,

Bring water. Projector and screen need to be brought form IT (we are about to purchase our own to eliminate this) Do you need a podium? (we have that)

Subject: Gallier Hall - Key to the City Launch

Hey Bry-guy -

Is it possible to reserve a large room in Gallier Hall for a meeting on June 29th from 1 -2:30pm? I imagine the room should be able to fit about 50 people from across city government and the purpose is to launch and explain these cards.

Really just chairs, a projector and maybe water is needed (which I'm happy to bring). Nothing crazy. Please let me know!

As always, thanks so much.

Team,

As we continue to monitor potential infrastructure legislation, here is the updated priorities from the City. As we move through this process and see the different pots that come available, I just wanted to make sure you guys had what we want to start to get resolved related to infrastructure. Also, this is the list we sent the White House for the President's visit and feel free to use this for conversations with Congressional staffers.

Thanks,

Subject: June 10th - Smart Cities Fireside Chat with Mayor Cantrell

George -

I trust that you are doing well. Thank you again for your leadership and thank you for agreeing to participate in our upcoming HITEC Leadership Forum, Sponsored by Accenture and taking place on Thursday, June 10th. We are excited at the prospect of you leading a 'fireside chat' with New Orleans Mayor LaToya Cantrell to discuss her vision and leadership in helping position New Orleans as one of the country's most forward-thinking 'smart cities.'

The proposed session would take place live virtually on Thursday, June 10th from 1:15 - 2:00 pm EST. We ask that all speakers join 15 minutes prior to the start of their session to test audio and video and to do final tech checks. We also ask that you join us for a brief tech check on May 18th.

Please let me know if you have any questions. I looked forward to hearing back and I am looking forward to the prospect of pulling together this important and impactful session. We can't wait to hear about the amazing things Mayor Cantrell is doing.

O.

Date: June 10, 2021
Time: 1:15 - 2:00 pm ET OR 4:30 - 5:15 pm ET (final time slot TBD - please allot 15 minutes prior to the session to access speaker green room and do final tech checks)
Tech Check: May 18 (15 minutes)
Draft Agenda:

PREFERRED	**SESSION A**	**SESSION B**

Per Art, we want to coordinate a call to discuss possible future funding disbursements using the city key offering.

MoCaFi will prepare a presentation illustrating the workflow (how it works) for future deployments.

I will schedule a call on Wednesday at 3:30pm CT and will adjust the time if necessary, thanks.

Hey George -

We are close on all of these agreements but our legal team can't move forward until MoCaFi sends us the following:

- Approved Tax Clearance Form - Corporate information will need to come from MoCaFi, and then Revenue, Treasury and Finance need to approve the attached form;
- Proof of Signatory Authority – MoCaFi corporate resolution authorizing the Wole Coaxum to sign on MoCaFi's behalf;
- Proof of Good Standing or Authority to do Business in Louisiana – Can be obtained from the Louisiana Secretary of State's website; and
- Fully executed Ban-the-Box (Hiring Compliance) Affidavit (form attached).

We are looking to get this stuff tight so that we can deploy these cards for summer jobs programs that Emily's office is going to manage this year. Is there anyway we can have the above things sent to us by Tuesday?

Thanks so much for your partnership.

All the best,

> George, thanks for the call. I'm writing to see if you can connect me to the POC who

oversees/manages the prisoner release program in NOLA.

A colleague of mine is better trying to understand various vulnerable population groups, and one area is the prisoner release program- something that is part of the broader Solidarity initiative for Mike Froman. I told him about the workshop we did in NOLA back in 2019, and how that was one of the priorities for City Key for the mayor. His team did some market research, but he wanted to get an on-the-grounds perspective.

If you can connect me to the NOLA POC, I'd be appreciative.

Thanks.

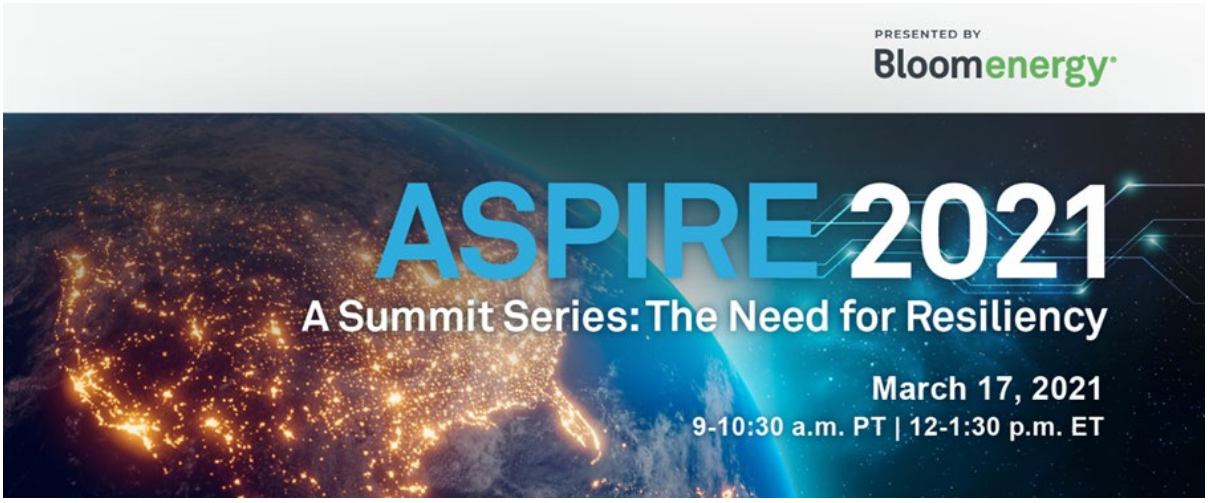
Dear Mayor Cantrell,

Last month, 13 million Texans were without power for hours or days. Last year, millions of Californians suffered through rolling blackouts, Power Safety Power Shutoff events, and wildfires that destroyed 4.1 million acres. In August, in separate storms, Louisiana and the Eastern seaboard were plunged into darkness with power outages. And, as is often the case, these outages disproportionally impact low-income minority communities, particularly perilous, given that these households can lack the financial resources to flee to safety or to rebound after the disruption.

The Texas power crisis serves as yet another reminder of the fragility of our nation's electricity infrastructure. Outmoded policies and regulations have disabled the creation of a market for **resiliency**. We are at a critical juncture today and it is past time that we took the steps necessary to build a resilient energy future that keeps all Americans from being left in the dark.

On **March 17 from 9-10:30 a.m. PT**, we **invite** you to be part of the solution by participating in a 30-minute **panel conversation** with other big city mayors, moderated by CNN's Fareed Zakaria, on the energy solutions needed to protect vital infrastructure, critical facilities, our companies, and our communities. The audience for this discussion will be **exclusive** to invited CEOs and elected officials.

Please let us know by March 15 if you can adjust your calendar to join us. Additional details are below. Thank you for your leadership and partnership.



Dear Mayor Cantrell,

Please join us on March 17, 2021 from 9-10:30 a.m. PT / 12-1:30 p.m. ET for Aspire 2021, A Summit Series: The Need for Resiliency, moderated by CNN's Fareed Zakaria.

This intimate and exclusive **invitation-only** event for concerned CEOs, city mayors, and other select elected leaders will discuss today's urgent energy resiliency challenges.

Bloom Energy's founder, chairman and CEO, KR Sridhar, will host this 90-minute interactive resiliency summit. These interactive discussions will focus on energy solutions needed to protect vital infrastructure, critical facilities, our companies, and our communities. By working together, we can build resilience and promote sustainable communities.

REGISTER NOW

Confirmed speakers include:

Sam Liccardo
Mayor of San Jose

Sylvester Turner
Mayor of Houston

Chuck Mattera
Chief Executive Officer, II-VI

Charles J. Meyers
President and Chief Executive Officer, Equinix

KR Sridhar, PhD.
Founder, Chairman, and Chief Executive Officer, Bloom Energy

Fareed Zakaria
Moderator, CNN Host, Washington Post Columnist

Richard Glick
Chairman, Federal Energy Regulatory Commission

Over the course of this summit you will:

- Gain insight into the different risks and opportunities that exist across today's energy landscape.
- Understand the essential role that distributed generation and microgrids can play in improving the resilience of both organizations and the grid.
- Develop an action plan to protect your customers and communities against increasing extreme weather events.

Click here for event details and registration:
https://www.bloomenergy.com/aspire2021

The Texas power crisis serves as the most recent reminder of the fragility of our nation's electricity infrastructure. Now is the time to build a resilient energy future that keeps organizations running and all Americans from being left in the dark. These outages disproportionally impact low-income and minority communities, as these households can lack the financial resources to flee to safety or to rebound after the disruption.

This invitation to participate is non-transferrable. Please let us know at your earliest convenience if you will be joining us by registering here.

Warm Regards,

KR Sridhar, PhD.

Hey George -

Hope all is well. All that's missing from our UBI CEA with MoCaFi being routed is their proof of insurance. Would you mind having them send that along, so we can expedite this contract piece?

Subject: MOCAFI Municipal ID and City Key Card CEAs

Art and Josh,

I revised the Scope of Work (SOW) for the MoCaFi Universal Basic Income City Key Card program and inserted said SOW into the City's CEA template.

As such, there are now two separate MoCaFi CEA drafts, including one for this UBI City Key program and one for this more general Municipal ID CEA, stemming from RFP No. 677.

Attached please find the following:

1. UBI City Key Card CEA;
2. UBI City Key Card SOW (this has all of the redlines, which did not transfer into the UBI CEA. The plan is to only have MoCaFi sign the UBI CEA and not the UBI SOW, so I am just including this for your edification and background); and
3. General MoCaFi Municipal ID Card CEA

Finally, I was unable to locate MoCaFi's COI that they provided with their response to the RFP. As such, in addition to their COI, MoCaFi will need to provide the following supporting documents (see Section E7 of Appendix "E" attached for your convenience) for us to route these CEAs:

1. Proof of Insurance (COI);
2. Tax Clearance form to be routed by the Department through Finance, Treasury, and Revenue (see attached);
3. Proof of Signatory Authority;
4. Proof of Good Standing; and
5. Notarized Ban-the-Box Affidavit (see attached).

Please know that I am available to discuss. Please feel free to forward to George et al. at your earliest convenience, as we understand that these are time-sensitive.

Kind regards,

Austin P. Wilty

Five Innovative Ways Cities are Working with Corporate Partners for Vaccine Distribution

The effort to quickly vaccinate millions of Americans against COVID-19 presents local leaders with significant challenges related to equity, public trust, logistics, and resources. In NLC's conversations with local leaders, health experts, and community organizations about these challenges, one theme keeps coming up – the importance of partnerships for efficient and equitable COVID-19 vaccination efforts.

Subject: Meeting Request City of New Orleans/SBA re shuttered venues
Date: Tuesday, March 2, 2021 7:03:49 AM

EMAIL FROM EXTERNAL SENDER: DO NOT click links, or open attachments, if sender is unknown, or the message seems suspicious in any way. DO NOT provide your user ID or password. If you believe that this is a phishing attempt please forward this message to phishing@nola.gov

Hi, Mr. Brown,

I work for the City of New Orleans here in Washington DC. Monika Gerhart of the City's Intergovernmental Office would like to meet with you or whomever you think might be appropriate to discuss the shuttered venue program. As you know, the City of New Orleans is like no other in the richness of its history, tradition and cultural life. The pandemic has hurt the many City venues very badly and the City would like to work with you to make the most of the shuttered venue program created by CRRSAA.

Thank you in advance for your consideration! Best, Vicki

Hey Commissioner Stevens -

I'd like to introduce you to George and Steve from Mastercard. We've been working with them on a number of projects, and they wanted to reach out to learn more about your office's reentry work. Would you mind making time in the coming weeks to chat with them?

All the best,

Josh

Josh, thanks again for agreeing to connect us with the appropriate city department.

As mentioned, Mastercard (Steve is copied) would like to ask a few bet questions to better understand how they can be supportive moving forward, thank you.

George, thanks for the call. I'm writing to see if you can connect me to the POC who oversees/manages the prisoner release program in NOLA.

A colleague of mine is better trying to understand various vulnerable population groups, and one area is the prisoner release program- something that is part of the broader Solidarity initiative for Mike Froman. I told him about the workshop we did in NOLA back in 2019, and how that was one of the priorities for City Key for the mayor. His team did some market research, but he wanted to get an on-the-grounds perspective.

If you can connect me to the NOLA POC, I'd be appreciative.

Thanks.

Austin and Art,

I hope everyone is doing well.

Can you guys give a quick update on if we will see the agreement today. We were hoping to close this out before March 1st.

We truly appreciate the hard work put behind this, we look forward to hearing from you and next steps.

Once again, thank you both.

Hi Anamaria,

Because we're using our standard product for the UBI program, the card carrier language and mobile app is only available in English. However, flyers, website, and other marketing assets can be ELL/ESL accessible.

Please note: for the larger NOLA program, we will have greater freedom to tailor the program to your design and language preferences.

Best,

Team NOLA,

Great call today. Below our the action items from today's call.

Action items for MJ, IGNITE and Stanley

1. Project Launch date - March 1st
    1. We may consider a phased deployment
    2. Group A and B

2. Estimated card delivery date – week of end of Feb
    1. Digital cards may be introduced as well

3. Approved participant list – Pending
    1. The city is meeting on 02/12 and 02/18 - MJ and Chantell will update next week
        1.
4. SOW has been approved – waiting on a signed copy – MJ will update next week

5. Benefit advisor is required:
    1. The city is meeting with United Way on 02/12 - MJ will update next week
        1. Waiver is being reviewed

6. Card funding process
    1. FTNO will wire directly to MoCaFi
        1. MJ will make an intro for FTNO and MoCaFi after working out general program details

2. MoCaFi will need invoice details

7. Language for card carrier / envelope
    1. Standard card carrier with general info – Stanley will forward the standard design
    2. Website landing page
        1. Hosted with MoCaFi
        2. MJ will provide Stanley the program language
        3. Approval needed from the Bank for press release and website content (1 week is needed)

8. NOLA Comms /press release meeting
    1. Mayor's office (Taylor) has been briefed and meeting with MJ and George
        1. Mastercard and MoCaFi have been included as well
9. Customer experience meeting
    1. IGNITE will schedule the call
    2. This is focus on the activation, card delivery and related messaging and services

10. New use cases for UBI/City Card (requirements and feasibility)
    1. Conducted our call on 02/10/21 at 12 (noon) CT
        1. Amazing call with immediate opportunities
        2. Meeting included:
        3. Library's
        4. NORD
        5. RTA
        6. Mastercard
        7. MoCaFi
        8. IGNITE
        9. UBI team

Project overview:

11. This has not been formally approved yet - draft
    1. UBI program:
        1. 80 families, $500 per month, 10 months,

Wick and Health Start
2. 40 opportunity youth, $250 per month, 10 months
    1. Control group will follow the above
3. Reporting – MoCaFi will deliver standard reporting

I look forward to our next call, great job team.

Subject: New Orleans UBI meeting recap - please review

Team NOLA,

Great call on 02/02/21. I have taken the liberty of capturing the highlights and action items from our meeting.

Please note, we have added two new tracks (comms and new use cases).

Action items:

1. Project Launch date - March 1st
    1. We may consider a phased deployment (first 28 participants - Chantell will confirm)
2. Estimated card delivery date – week of Feb 17th
    1. Dependent upon when we receive the approved participant list – MJ and Chantell are working on it

2. Project plan – open items:

    1. Approved program details, which includes - MJ will have an update by 02/10/21
        1. Draft program overview:
            1. SOW has been approved – waiting on a signed copy – MJ will update on 02/10/21
            2. 80 families, $500 per month, 10 months, Wick and Health Start
            3. 40 opportunity youth, $250 per month, 10 months
                1. City is working with groups to confirm participation
            4. Control group will follow the above
            5. Reporting – MoCaFi will confirm standard reporting by 02/08/21

        2. Benefit advisor is required:
            1. info included in the survey, etc. – MJ will have an update on 02/10/21
            2. Waiver is being reviewed

    2. Card funding process – MJ has confirmed
        1. FTNO will wire directly to MoCaFi
        2. MoCaFi will need invoice details – MJ will update by 02/10/21

    3. Language for card carrier / envelope

1. Standard card carrier with general info – MoCaFi should send a mockup design with copy by 02/10/21
2. Approval needed from MoCaFi /Bank for website content
3. Approval needed from MoCaFi / Bank for press release

4. NOLA Comms /press release meeting
    1. Press meeting is being scheduled with the Mayor's office (Taylor)
    2. This will include UBI team, Mastercard and MoCaFi

5. New use cases for UBI/City Card (requirements and feasibility)
    1. Scheduled for 02/10/21 at 12 (noon) CT – supported by Emily and Jack
    2. Conducted by Steve Tae of Mastercard and supported by MoCaFi
        1. Library's
        2. NORD
        3. RTA

We look forward to our next call, great job team.

Team NOLA,

Great call today. I have taken the liberty of capturing the highlights and action items from today's meeting.

Please note, we will be adding two new tracks (comms and new use cases) please review and respond as necessary.

Highlights:

1. Project Launch date:
    1. March 1st
    2. Estimated card delivery date – week of Feb 17th

2. Project plan – open items:

    1. Approved program details, which includes - MJ will have an update by 02/01/21
        1. Draft program overview:
            1. 80 families, $500 per month, 10 months, Wick and Health Start
            2. 40 opportunity youth, $250 per month, 10 months
                1. City is working with groups to confirm participation
            3. Control group will follow the above
            4. Reporting – MoCaFi will confirm standard reporting by 02/08/21

        2. Benefit advisor is required:
            1. info included in the survey, etc.
            2. Waiver is being reviewed

2. Card funding process – MJ will update by 02/01/21
    1. MoCaFi will also need invoice details

3. Language for card carrier / envelope
    1. Standard card carrier with general info
    2. No approval needed from MoCaFi for website content
    3. Approval needed from MoCaFi bank for press release

3. New track - NOLA comms / press release:
    1. IGNITE will coordinate the teams and schedule the call
    2. This will include Mastercard and MoCaFi comms

4. New track – New use cases for UBI offering (we need the requirements and confirm feasibility)
    1. Library's
    2. NORD
    3. RTA
        1. IGNITE will gather questions/requirements from Mastercard to support adding these new features
        2. IGNITE will schedule a separate call – MJ please provide a date/time

5. Confirm how we will contract (through the Mayors Non-Profit? Or City) – Please provide an update by 02/01/21

We look forward to our next call, great job team.

Subject: New Orleans UBI meeting recap - please review

Team NOLA,

Great call on 02/02/21. I have taken the liberty of capturing the highlights and action items from our meeting.

Please note, we have added two new tracks (comms and new use cases).

Action items:

1. Project Launch date - March 1st
    1. We may consider a phased deployment (first 28 participants - Chantell will confirm)
2. Estimated card delivery date – week of Feb 17th
    1. Dependent upon when we receive the approved participant list – MJ and Chantell are working on it

2. Project plan – open items:

    1. Approved program details, which includes - MJ will have an update by 02/10/21
        1. Draft program overview:
            1. SOW has been approved – waiting on a signed copy – MJ will update on 02/10/21
            2. 80 families, $500 per month, 10 months, Wick and Health Start
            3. 40 opportunity youth, $250 per month, 10 months
                1. City is working with groups to confirm participation
            4. Control group will follow the above
            5. Reporting – MoCaFi will confirm standard reporting by 02/08/21

        2. Benefit advisor is required:
            1. info included in the survey, etc. – MJ will have an update on 02/10/21
            2. Waiver is being reviewed

    2. Card funding process – MJ has confirmed
        1. FTNO will wire directly to MoCaFi

2. MoCaFi will need invoice details – MJ will update by 02/10/21

3. Language for card carrier / envelope
    1. Standard card carrier with general info – MoCaFi should send a mockup design with copy by 02/10/21
    2. Approval needed from MoCaFi /Bank for website content
    3. Approval needed from MoCaFi / Bank for press release

4. NOLA Comms /press release meeting
    1. Press meeting is being scheduled with the Mayor's office (Taylor)
    2. This will include UBI team, Mastercard and MoCaFi

5. New use cases for UBI/City Card (requirements and feasibility)
    1. Scheduled for 02/10/21 at 12 (noon) CT – supported by Emily and Jack
    2. Conducted by Steve Tae of Mastercard and supported by MoCaFi
        1. Library's
        2. NORD
        3. RTA

We look forward to our next call, great job team.

Subject: New Orleans UBI meeting recap - please review

Team NOLA,

Great call on 02/02/21. I have taken the liberty of capturing the highlights and action items from our meeting.

Please note, we have added two new tracks (comms and new use cases).

Action items:

1. Project Launch date - March 1st
    1. We may consider a phased deployment (first 28 participants - Chantell will confirm)
2. Estimated card delivery date – week of Feb 17th
    1. Dependent upon when we receive the approved participant list – MJ and Chantell are working on it

2. Project plan – open items:

    1. Approved program details, which includes - MJ will have an update by 02/10/21
        1. Draft program overview:
            1. SOW has been approved – waiting on a signed copy – MJ will update on 02/10/21
            2. 80 families, $500 per month, 10 months, Wick and Health Start
            3. 40 opportunity youth, $250 per month, 10 months
                1. City is working with groups to confirm participation
            4. Control group will follow the above
            5. Reporting – MoCaFi will confirm standard reporting by 02/08/21

        2. Benefit advisor is required:
            1. info included in the survey, etc. – MJ will have an update on 02/10/21
            2. Waiver is being reviewed

2. Card funding process – MJ has confirmed
    1. FTNO will wire directly to MoCaFi
    2. MoCaFi will need invoice details – MJ will update by 02/10/21

3. Language for card carrier / envelope
    1. Standard card carrier with general info – MoCaFi should send a mockup design with copy by 02/10/21
    2. Approval needed from MoCaFi /Bank for website content
    3. Approval needed from MoCaFi / Bank for press release

4. NOLA Comms /press release meeting
    1. Press meeting is being scheduled with the Mayor's office (Taylor)
    2. This will include UBI team, Mastercard and MoCaFi

5. New use cases for UBI/City Card (requirements and feasibility)
    1. Scheduled for 02/10/21 at 12 (noon) CT – supported by Emily and Jack
    2. Conducted by Steve Tae of Mastercard and supported by MoCaFi
        1. Library's
        2. NORD
        3. RTA

We look forward to our next call, great job team.

Subject: New Orleans UBI meeting recap - please review

Team NOLA,

Great call today. I have taken the liberty of capturing the highlights and action items from today's meeting.

Please note, we will be adding two new tracks (comms and new use cases) please review and respond as necessary.

Highlights:

1. Project Launch date:
    1. March 1st
    2. Estimated card delivery date – week of Feb 17th

2. Project plan – open items:

    1. Approved program details, which includes - MJ will have an update by 02/01/21
        1. Draft program overview:
            1. 80 families, $500 per month, 10 months, Wick and Health Start
            2. 40 opportunity youth, $250 per month, 10 months
                1. City is working with groups to confirm participation
            3. Control group will follow the above
            4. Reporting – MoCaFi will confirm standard reporting by 02/08/21

        2. Benefit advisor is required:
            1. info included in the survey, etc.
            2. Waiver is being reviewed

    2. Card funding process – MJ will update by 02/01/21

1. MoCaFi will also need invoice details

3. Language for card carrier / envelope
    1. Standard card carrier with general info
    2. No approval needed from MoCaFi for website content
    3. Approval needed from MoCaFi bank for press release

3. New track - NOLA comms / press release:
    1. IGNITE will coordinate the teams and schedule the call
    2. This will include Mastercard and MoCaFi comms

4. New track – New use cases for UBI offering (we need the requirements and confirm feasibility)
    1. Library's
    2. NORD
    3. RTA
        1. IGNITE will gather questions/requirements from Mastercard to support adding these new features
        2. IGNITE will schedule a separate call – MJ please provide a date/time

5. Confirm how we will contract (through the Mayors Non-Profit? Or City) – Please provide an update by 02/01/21

We look forward to our next call, great job team.

All, here's the 'quick and dirty' list of documents we'll need from MoCaFi to route along with the contract:

Signed Tax Clearance Certificate (issued by the City of New Orleans)

Current Certificate of Insurance (with the city listed as additional insured)

Good Standing Certificate for State of Louisiana

Board/Corporate Resolution/Secretary Certificate (states who can bind contract)

Affidavit of Hiring Compliance (template provided by city)

Draft of contract if vendor has their own master agreement (I.e. Microsoft/Cisco, AT&T, etc.)

Thanks, George!

Taylor, the CBO UBI team meets tomorrow afternoon and we'll devote some of our discussion to this. Afterwards, you and I can touch base about all this and then circle back to the larger group here.

Many thanks,

MJ

Taylor,

Great call last week, thank you for taking the time.

As agreed, I will work with the core teams to develop the municipal ID/ City card press release framework to address the requirements and accelerate the back and forth..

The Mastercard and MoCaFi teams will develop the press framework and required inserts (quotes, technical wording etc.). Once developed, I will deliver it to the city team (copied) for review, changes and the drafting required to meet the cities direction and messaging for the final press release. I will also coordinate a team call for everyone once we complete the first step.

I have notified the partners and will have an update for everyone by Friday, thank you.

Team NOLA,

Great call on 02/02/21. I have taken the liberty of capturing the highlights and action items from our meeting.

Please note, we have added two new tracks (comms and new use cases).

Action items:

1. Project Launch date - March 1st
    1. We may consider a phased deployment (first 28 participants - Chantell will confirm)
2. Estimated card delivery date – week of Feb 17th
    1. Dependent upon when we receive the approved participant list – MJ and Chantell are working on it

2. Project plan – open items:

    1. Approved program details, which includes - MJ will have an update by 02/10/21
        1. Draft program overview:
            1. SOW has been approved – waiting on a signed copy – MJ will update on 02/10/21
            2. 80 families, $500 per month, 10 months, Wick and Health Start
            3. 40 opportunity youth, $250 per month, 10 months
                1. City is working with groups to confirm participation
            4. Control group will follow the above
            5. Reporting – MoCaFi will confirm standard reporting by 02/08/21

        2. Benefit advisor is required:
            1. info included in the survey, etc. – MJ will have an update on 02/10/21

2. Waiver is being reviewed

2. Card funding process – MJ has confirmed
    1. FTNO will wire directly to MoCaFi
    2. MoCaFi will need invoice details – MJ will update by 02/10/21

3. Language for card carrier / envelope
    1. Standard card carrier with general info – MoCaFi should send a mockup design with copy by 02/10/21
    2. Approval needed from MoCaFi /Bank for website content
    3. Approval needed from MoCaFi / Bank for press release

4. NOLA Comms /press release meeting
    1. Press meeting is being scheduled with the Mayor's office (Taylor)
    2. This will include UBI team, Mastercard and MoCaFi

5. New use cases for UBI/City Card (requirements and feasibility)
    1. Scheduled for 02/10/21 at 12 (noon) CT – supported by Emily and Jack
    2. Conducted by Steve Tae of Mastercard and supported by MoCaFi
        1. Library's
        2. NORD
        3. RTA

We look forward to our next call, great job team.

Subject: New Orleans UBI meeting recap - please review

Team NOLA,

Great call today. I have taken the liberty of capturing the highlights and action items from today's meeting.

Please note, we will be adding two new tracks (comms and new use cases) please review and respond as necessary.

Highlights:

1. Project Launch date:
    1. March 1st
    2. Estimated card delivery date – week of Feb 17th

2. Project plan – open items:

    1. Approved program details, which includes - MJ will have an update by 02/01/21
        1. Draft program overview:
            1. 80 families, $500 per month, 10 months, Wick and Health Start
            2. 40 opportunity youth, $250 per month, 10 months
                1. City is working with groups to confirm participation
            3. Control group will follow the above
            4. Reporting – MoCaFi will confirm standard reporting by 02/08/21

        2. Benefit advisor is required:
            1. info included in the survey, etc.
            2. Waiver is being reviewed

    2. Card funding process – MJ will update by 02/01/21
        1. MoCaFi will also need invoice details

    3. Language for card carrier / envelope
        1. Standard card carrier with general info
        2. No approval needed from MoCaFi for website content
        3. Approval needed from MoCaFi bank for press release

3. New track - NOLA comms / press release:

    1. IGNITE will coordinate the teams and schedule the call
    2. This will include Mastercard and MoCaFi comms

4. New track – New use cases for UBI offering (we need the requirements and confirm feasibility)
    1. Library's
    2. NORD
    3. RTA
        1. IGNITE will gather questions/requirements from Mastercard to support adding these new features
        2. IGNITE will schedule a separate call – MJ please provide a date/time

5. Confirm how we will contract (through the Mayors Non-Profit? Or City) – Please provide an update by 02/01/21

We look forward to our next call, great job team.

Per the conversation here are the immediate action items.

1. Art will meet with Austin to review the redlined agreement
2. Kim will confirm additional contract requirements to support next steps (insurance, etc.)
3. IGNITE will coordinate the next meeting to review the clean agreement and clarify changes

I'm looking to schedule the next meeting on Thursday at 3pm CT, please confirm this time works.

We are almost there. Thank you Kim and Art for leading these efforts..

Great! Thanks for the quick response.

Here's the info about how to sign up for a library card:
http://nolalibrary.org/page/30/library-card-information-application

I am going to forward the info for the recreation dept membership (NORDC) in a few.

The other piece we wondered about was RTA? These are the options for RTA passes:
https://www.norta.com/Fares-Passes/Purchasing-Options-for-All-Fares-and-Passes

I have a conflict at 4pm tomorrow but Jack from my team will be there to represent our office.

Thanks!
Emily

Emily,

Great questions.

It could be possible. The obstacle for the UBI program will be timing. Please prepare the requirements (related info) for both services and let's try to add it during this card version or the next. Once we learn more about the requirements, we should be able to confirm quickly.

Let's further discuss the idea during our call tomorrow, thanks.

Hi George,

I wasn't on this call with y'all last week but I just want to confirm something quickly.

Is it totally outside the realm of possibility for us to link basic free membership into the NO Recreation Dept as well as the NO Library for the version of the card that we will be using for the UBI disbursements?

Thanks,
Emily

Team NOLA,

Great call and we are excited to get started.

I have taken the liberty of capturing the highlights/action items from today's call to support next steps.

1. SOW approval and sign-off – Manya will provide an update by 01/22/21
2. Participant list – city will provide an update on 01/25/21
3. MGI funding process - city will provide an update on 01/25/21
4. Roles and responsibilities document (managing operations/workflow) – Manya will provide a draft next week
5. Communications and press release - IGNITE will develop a second track with the city
    a. Mastercard and MoCaFi should provide inserts and language requirements (for media and wed)
6. Second card activation – not a requirement but may offer a transition/ touchpoint for the participants, new card and the city
7. IGNITE will plan follow-up calls to support the immediate next steps

I hope this captures all of the action items. Please reach out if anything else is needed, thank you.

Now let's celebrate!

Emily,

Great questions.

It could be possible. The obstacle for the UBI program will be timing. Please prepare the requirements (related info) for both services and let's try to add it during this card version or the next. Once we learn more about the requirements, we should be able to confirm quickly.

Let's further discuss the idea during our call tomorrow, thanks.

Hi George,

I wasn't on this call with y'all last week but I just want to confirm something quickly.

Is it totally outside the realm of possibility for us to link basic free membership into the NO Recreation Dept as well as the NO Library for the version of the card that we will be using for the UBI disbursements?

Thanks,
Emily

Team NOLA,

Great call and we are excited to get started.

I have taken the liberty of capturing the highlights/action items from today's call to support next steps.

1. SOW approval and sign-off – Manya will provide an update by 01/22/21
2. Participant list – city will provide an update on 01/25/21
3. MGI funding process - city will provide an update on 01/25/21
4. Roles and responsibilities document (managing operations/workflow) – Manya will provide a draft next week
5. Communications and press release - IGNITE will develop a second track with the city
    a. Mastercard and MoCaFi should provide inserts and language requirements (for media and wed)
6. Second card activation – not a requirement but may offer a transition/ touchpoint for the participants, new card and the city
7. IGNITE will plan follow-up calls to support the immediate next steps

I hope this captures all of the action items. Please reach out if anything else is needed, thank you.

Now let's celebrate!

Thanks, George.

Hello Art, Happy New Year to you. It's been a while since we last met back in Aug 2019 during our workshop. Hope you have been safe and healthy.

Let me know if you have any questions. Our team is trying to address the broader re-entry program, and getting some insights on macro issues would be helpful to my colleague and his team.

I look forward to connecting soon.

Sincerely, Steve

Subject: Prison release program in NOLA

George, thanks for the call. I'm writing to see if you can connect me to the POC who oversees/manages the prisoner release program in NOLA.

A colleague of mine is better trying to understand various vulnerable population groups, and one area is the prisoner release program- something that is part of the broader Solidarity initiative for Mike Froman. I told him about the workshop we did in NOLA back in 2019, and how that was one of the priorities for City Key for the mayor. His team did some market research, but he wanted to get an on-the-grounds perspective.

If you can connect me to the NOLA POC, I'd be appreciative.

Thanks.

Manya,

Thank you for the update. I hope everyone is safe and well.

Due to the card manufacturing timeframe, we should stick to the original plan. This will ensure you have cards ready for distribution by next month. If by chance, we have an opportunity to swap out cards during the process, we will absolutely do so. The key is to meet your funding deadline.

Regarding new card activation. This will be a smooth process and we can discuss it during tomorrow as well.

Thank you so much for the update and we look forward to our call.

Stay safe and well,

Hi George and co,

Thanks for bearing with us our team looks at the SOW. It looks great, but we need to clear it through the proper channels. Plan to turn this around to you this week. Also, I saw you mentioned in the past email an MOU as well. Let me know if we owe you anything on this front.

A few updates on our end: After meeting with MGI's research wing on Monday and learning of MGI's specifications on how to identify our sample of participants, we will almost certainly be ready to launch Healthy Start/WIC prior to Opportunity Youth. Also, please note that we are back to control groups, total numbers TBD.

On another note, can you confirm for me when the second custom designed card will be developed and ready to distribute to folks? Will this second round of cards require an additional activation process, and will they have new numbers and new accounts? The reason I ask is if these cards will be ready in the not too distant future, and our participant selection is taking longer than expected, at least for Opp Youth, perhaps we can look at launching with the newly designed card, if it could avoid folks having to activate twice. Happy to discuss more in person tomorrow.

Finally, I hope to bring an update on MGI's funding process to tomorrow's meeting. Fingers crossed.

Talk to you soon,

Manya

Manya, this is great news.

We will continue moving forward as a team and regroup on our weekly call on Wednesday.

I will touch base with you on Monday to support any open items.

We are in good shape and we look forward to next steps, thank you everyone.

Thanks for your call yesterday, George, and a few updates on our end.

The Mayor has approved a 10-month UBI Pilot that gives $500 per month to 80 Healthy Start/WIC families and $250 per month to 40 opportunity youths, and these that funds be disbursed on Ignite's Mastercard pre-paid debit cards, through the New Orleans City Key Program. Our team will move on getting the names of both populations to you, and will determine for you, Stanley, whether we'd like to have these cards sent directly or to distribute them ourselves. It is possible that we will have the Heathy Start/WIC names before we have all opportunity youth

names, in which case we can launch the card process in two phases. Back to you on this soon.

Moreover, our team is in the process of reviewing the SOW and will get back to you on this early next week.

Once MGI confirms the funding process, I will send it your way.

Many thanks,

Manya-Jean

Team NOLA,

Great call and thank you for making the time.

I have taken the liberty of recapturing the highlights and action items from our call. I will schedule a weekly reoccurring meeting moving forward as well.

1. We reviewed the draft project plan – requirements needed:
    1. Approved program details
    2. Final and signed SOW and MOU
    3. Funding process recognized

2. The UBI card will be the MoCaFi Immediate Response Card, supported by Mastercard

    1. Stanley will send and schedule a quick meeting to review the card processing requirements

3. Program overview – Manya will forward me the full details by early next week
    1. 80 families, $500 per month, 10 months, Wick and Health Start
    2. 40 opportunity youth, $250 per month, 10 months
    3. Control group – same as above
    4. Reporting – Monthly and can be configured

4. Scheduling weekly calls – IGNITE will set a reoccurring meeting

5. Key action items: finalize the SOW and confirm contracting (through the Mayors Non-Profit? Or City)

All, once again thank you. Let's work quickly to ensure we meet the March 1st launch date. We are excited and look forward to next steps.

Hi George and co,

Thanks for bearing with us our team looks at the SOW. It looks great, but we need to clear it through the proper channels. Plan to turn this around to you this week. Also, I saw you mentioned in the past email an MOU as well. Let me know if we owe you anything on this front.

A few updates on our end: After meeting with MGI's research wing on Monday and learning of MGI's specifications on how to identify our sample of participants, we will almost certainly be ready to launch Healthy Start/WIC prior to Opportunity Youth. Also, please note that we are back to control groups, total numbers TBD.

Attachments: Invitation - Pritzker Forum on Global Cities - Pursuing Equity - Mayor LaToya Cantrell.pdf

EMAIL FROM EXTERNAL SENDER: DO NOT click links, or open attachments, if sender is unknown, or the message seems suspicious in any way. DO NOT provide your user ID or password. If you believe that this is a phishing attempt please forward this message to phishing@nola.gov

Hey Art:

Hope you're well, brother.

On behalf of one of our partners, the Chicago Council on Global Affairs (CCGA), I wanted to reach out to you concerning an invitation your colleague John received from CCGA (not us) about their upcoming **Pritzker Forum on Global Cities'** live stream event, "*Pursuing Equity*" on March 18th. They also said they're scheduled for a call with Jabarie Walker, tomorrow. At this event, Mayor Cantrell would either be on a 2-person roundtable with an international mayor or will be an individual speaker.

At any rate, this is the organization we reached out to you about previously when the Mayor was going to speak at it here in Chicago in 2019, but had to cancel due to your legislative hearings the Mayor spoke at in Baton Rouge.

The invitation is attached. The last thing I'll say is they're going to pre-record this event the week of March 9th and whichever Mayor responds first with their confirmation and date/time to record, will dictate the date and time of the recording. So, let us know if the Mayor is able to participate and if so, which date/time the week of March 9th works best for her schedule.

Thanks!

Reyahd D.J. Kazmi

Manya and team,

I hope everyone is having a safe and productive weekend.

As mentioned, I would like to schedule a weekly call to support meeting our march 1st date. Please confirm if Wednesday at 4pm CST will work. If not, please send over a time that does. Once confirmed, I will send out the reoccurring call details.

Thank you everyone.

Team NOLA,

Great call and thank you for making the time.

I have taken the liberty of recapturing the highlights and action items from our call. I will schedule a weekly reoccurring meeting moving forward as well.

1. We reviewed the draft project plan – requirements needed:
    1. Approved program details
    2. Final and signed SOW and MOU
    3. Funding process recognized

2. The UBI card will be the MoCaFi Immediate Response Card, supported by Mastercard
    1. Stanley will send and schedule a quick meeting to review the card processing requirements

3. Program overview – Manya will forward me the full details by early next week

    1. 80 families, $500 per month, 10 months, Wick and Health Start
    2. 40 opportunity youth, $250 per month, 10 months
    3. Control group – same as above
    4. Reporting – Monthly and can be configured

4. Scheduling weekly calls – IGNITE will set a reoccurring meeting

5. Key action items: finalize the SOW and confirm contracting (through the Mayors Non-Profit? Or City)

All, once again thank you. Let's work quickly to ensure we meet the March 1st launch date. We are excited and look forward to next steps.

Manya and team,

I hope everyone is having a safe and productive weekend.

As mentioned, I would like to schedule a weekly call to support meeting our march 1st date. Please confirm if Wednesday at 4pm CST will work. If not, please send over a time that does. Once confirmed, I will send out the reoccurring call details.

Thank you everyone.

Team NOLA,

Great call and thank you for making the time.

I have taken the liberty of recapturing the highlights and action items from our call. I will schedule a weekly reoccurring meeting moving forward as well.

1. We reviewed the draft project plan – requirements needed:
    1. Approved program details
    2. Final and signed SOW and MOU
    3. Funding process recognized

2. The UBI card will be the MoCaFi Immediate Response Card, supported by Mastercard
    1. Stanley will send and schedule a quick meeting to review the card processing

requirements

3. Program overview – Manya will forward me the full details by early next week
    1. 80 families, $500 per month, 10 months, Wick and Health Start
    2. 40 opportunity youth, $250 per month, 10 months
    3. Control group – same as above
    4. Reporting – Monthly and can be configured

4. Scheduling weekly calls – IGNITE will set a reoccurring meeting

5. Key action items: finalize the SOW and confirm contracting (through the Mayors Non-Profit? Or City)

All, once again thank you. Let's work quickly to ensure we meet the March 1st launch date. We are excited and look forward to next steps.

Team NOLA,

Great meeting on Tuesday. Per next steps, can we meet at 4pm central on Monday to review procurement requirements and related topics. The balance of the team is working on a draft scope to present to you. Once its complete, we will review and adjust it as a team. We will coordinate the review session similar to a workshop so we can iron out any open items. I will have additional dates by next week, thank you.

Team NOLA,

Great meeting on Tuesday. Per next steps, can we meet at 4pm central on Monday to review procurement requirements and related topics. The balance of the team is working on a draft scope to present to you. Once its complete, we will review and adjust it as a team. We will coordinate the review session similar to a workshop so we can iron out any open items. I will have additional dates by next week, thank you.

Mayor Cantrell,

On behalf of the entire team, thank you for today's meeting and your approval. We will coordinate with your team and work towards accelerating next steps.

Team NOLA, thank you! I will email everyone tomorrow and coordinate the follow-up, thank you.

Hello All,

Here is a copy of the Memo to the Mayor for tomorrow's meeting with Ignite Cities/Loop Capital/Qualcomm. The quick version is that our partners will propose to invest up to $50M in New Orleans tech infrastructure (wifi, fiber, networks) to improve city services, save the city money, increase revenue, foster equity and economic development, and make New Orleans a national Smart City leader.

Exciting!

Kim and Art,

Ignite Cities is planning to make a presentation to the Mayor on Tuesday the 5th at 1pm about their proposed investment in New Orleans with Qualcomm and JLC Infrastructure. You should be receiving an invite from Catrina.

Can we huddle quickly on Monday the 4th? Ignite wanted to get us prepped before going to Mayor. I believe they are proposing an investment of somewhere between $30-$50M to finance broadband, wifi, smart city technologies and citywide fiber.

Let me know if there's a good/bad time for you to connect quickly on Monday.

Thanks and happy new year!

Everyone,

Glad to be connected and working with you.

Attached are design references for the following:

- **NOLA MoCaFi Debit Mastercard Design** - debit cards connected to a deposit account issued by Sunrise Banks, N.A. Member FDIC and managed with a NOLA-branded MoCaFi mobile app; these accounts can be funded via direct deposit, cash at major retail locations, photo of a paper check, or bank transfer; cards can be used everywhere Debit Mastercard is accepted
- **NOLA MoCaFi Immediate Response Incentive Mastercard Design** - debit cards are connected to a deposit account that is restricted to funds from the City of New Orleans; the cards can be used everywhere debit Mastercard is accepted and managed with a NOLA-branded MoCaFi app
- **NOLA ID + MoCaFi Debit Mastercard** - all the functionality of the Debit Mastercard, plus the benefits of a secured government-issued ID developed in collaboration with the Mastercard City Key program

Let me know if you have any questions or need additional references for review.

Best,
Steve

Art, who will be the lead for the artwork?

So we can formally announce it and make that person responsible for returning the updated design by 12/30/20.

We will need a lead for programming as well. I asked Mastercard to resend the workshop documents we created to support next steps.

I will email everyone this document once I receive it, thanks.

Team Nola,

Thank you for attending our City of New Orleans Card Design session. I have attached action items for your review and look forward to next steps.

Attendees:

- Lisa Alexis – City of New Orleans
- Byron Cornelison – City of New Orleans
- Julius Feltus – City of New Orleans
- Arthur Walton – City of New Orleans
- Stephen Keefe – Mastercard
- Steve Tae – Mastercard
- Steve Royster – MoCaFi
- Reyahd Kazmi – IGNITE
- Wole Coacux – MoCaFi
- George Burciaga – IGNITE

Action items:

- MoCaFi (Steve) will send out the reviewed card mockups and the Mastercard design requirements specs
- The City will deliver a new draft design for review by 12/30/20
- IGNITE will coordinate (w/ Art) the follow-up call to support design changes (maybe next week)

Art, thanks again for coordinating this call. If anyone has any questions or ideas, please send them over. We are here to ensure this is a successful project, thank you.

- Stephen Keefe – Mastercard
- Steve Tae – Mastercard
- Steve Royster – MoCaFi
- Reyahd Kazmi – IGNITE
- Wole Coacux – MoCaFi
- George Burciaga – IGNITE

Notes:

- The focus should be to start with the contactless municipal ID which includes transactional capabilities

Key opportunities/use cases:

  - Base city services: Transportation, retail discounts (supporting local), city services (water), etc.
  - Reentering citizens
  - Youth programs
  - Homeless
  - City employees

  All supporting our undocumented residents and Unbanked

- MoCaFI reviewed the the card's banking and ID features
  - Shared some of the other city deployments and uses cases
- Mastercard shared about the InSolidarity campaign:
  - NOLA is one of 7 cities that are a focus as a strategic

city for helping quell the inequities of the wealth group

- Some hurdles we should keep in mind
    - financial literacy, lack of trust
- The focus should be to start the contactless municipal ID which includes tractional copiabilities
- The city mentioned its partnership with the Soros Foundation during the pandemic to provide cash assistance to 750 residents
    - This is a perfect uses case

Action items:

- IGNITE will coordinate the follow-up call (w/ Art) to review potential use cases and base services for the city card
- The city should confirm 3 use cases

Questions:

- Q: what if someone loses their card as we support a lot of homeless? A: You receive all of the protections of the Mastercard solution - lost, stolen card, fraud protection…etc.
- Q: what about cash-based, how do we share money with each other? A: you can share money amongst each other; it's a digital /mobile banking product (app, online..etc.) you can do direct deposit, can go through ATMs or retailers, can share money w/ others, can connect a 3rd party bank…etc.

Art, thanks again for coordinating this call. If anyone has any questions or ideas, please send them over. We are here to ensure this is a successful project, thank you.

Team Nola,

Thank you for attending our City of New Orleans Card programming session. I have attached action items for your review and look forward to next steps.

Attendees:

- Eliza Kauffman – City of New Orleans
- Tara Richard – City of New Orleans
- Jack Shaevitz – City of New Orleans
- Emily Wolff – City of New Orleans
- Allison Cornier – City of New Orleans

- Arthur Walton – City of New Orleans
- Stephen Keefe – Mastercard
- Steve Tae – Mastercard
- Steve Royster – MoCaFi
- Reyahd Kazmi – IGNITE
- Wole Coacux – MoCaFi
- George Burciaga – IGNITE

Notes:

- The focus should be to start with the contactless municipal ID which includes transactional capabilities

Key opportunities/use cases:

  - Base city services: Transportation, retail discounts (supporting local), city services (water), etc.
  - Reentering citizens
  - Youth programs
  - Homeless
  - City employees

All supporting our undocumented residents and Unbanked

- MoCaFI reviewed the the card's banking and ID features
    - Shared some of the other city deployments and uses cases
- Mastercard shared about the InSolidarity campaign:
    - NOLA is one of 7 cities that are a focus as a strategic city for helping quell the inequities of the wealth group
- Some hurdles we should keep in mind
    - financial literacy, lack of trust
- The focus should be to start the contactless municipal ID which includes tractional copiabilities
- The city mentioned its partnership with the Soros Foundation during the pandemic to provide cash assistance to 750 residents
    - This is a perfect uses case

Action items:

- IGNITE will coordinate the follow-up call (w/ Art) to review potential use cases and base services for the city card
- The city should confirm 3 use cases

Questions:

- Q: what if someone loses their card as we support a lot of homeless? A: You receive all of the protections of the Mastercard solution - lost, stolen card, fraud protection…etc.
- Q: what about cash-based, how do we share money with each other? A: you can share money amongst each other; it's a digital /mobile banking product (app, online..etc.) you can do direct deposit, can go through ATMs or retailers, can share money w/ others, can connect a 3rd party bank…etc.

Art, thanks again for coordinating this call. If anyone has any questions or ideas, please send them over. We are here to ensure this is a successful project, thank you.

Team Nola,

Thank you for attending our City of New Orleans Card Design session. I have attached action items for your review and look forward to next steps.

Attendees:

- Lisa Alexis – City of New Orleans
- Byron Cornelison – City of New Orleans
- Julius Feltus – City of New Orleans
- Arthur Walton – City of New Orleans
- Stephen Keefe – Mastercard
- Steve Tae – Mastercard
- Steve Royster – MoCaFi
- Reyahd Kazmi – IGNITE
- Wole Coacux – MoCaFi
- George Burciaga – IGNITE

Action items:

- MoCaFi (Steve) will send out the reviewed card mockups and the Mastercard design requirements specs
- The City will deliver a new draft design for review by 12/30/20
- IGNITE will coordinate (w/ Art) the follow-up call to support design changes (maybe next week)

Art, thanks again for coordinating this call. If anyone has any questions or ideas, please send them over. We are here to ensure this is a successful project, thank you.

Guys,

Great call.

1. Design session – Art will coordinate (Wednesday or Thursday)
    a. IGNITE will follow-up
2. Mockup card artwork – Steve will forward to the group with card requirements
3. Programming – Art will coordinate
    a. Wole will manage the conversation
4. Draft agreement due Dec 21st
    a. IGNITE will follow-up

Thank you, we look forward to our next call.

Subject: Ignite Cities Proposal for Public WiFi, and much more

Kim and Art,

George at Ignite asked me to circle up with you. As we worked on the public wifi effort, we also identified a number of other smart city initiatives that could be wrapped in to provide greater services and cost-savings, so that a citywide program will all essentially pay for itself (think of things like smart street lighting, traffic signals, kiosks, etc). In fact, JLC Infrastructure may be able to invest and fund the project so that we can provide the services at no cost to the city.

And Kim, I'm asking them to look at funding your citywide fiber needs as well!

This is very exciting, and would be a first-in-the-nation kind of thing. George would like to get on a call with you all to discuss the attached proposal before we bring it to the Mayor. **Do you have any time on Monday or Tuesday for a quick call?**

Thanks,

Jonathan M. Rhodes

Art,

Per our call, here are the immediate action items:

1. Draft agreement date – Art
2. Card artwork team members - Art & George
3. Schedule card artwork call (Friday or Monday) - George
4. Card artwork requirements / guide – Wole

I will follow-up with Art to coordinate the above, thanks everyone.

Art,

I hope that everyone is well in your world. And had a good Thanksgiving.

I'm reaching out to see if we can get the contract signed by the end of the month.

Let's jump on a call to discuss as soon as possible.

Thanks!

Wole

Team NOLA,

As you know, Mayor Cantrell introduced our U.S. Mayoral Roundtable last month and it was amazing.

Please join IGNITE CITIES in collaboration with the National League of Cities (NLC) and Cities Today for a U.S. Mayoral conversation featuring Mayor Steve Benjamin, Mayor Keisha Lance Bottoms of Atlanta and Mayor Michael Hancock of Denver. The mayors will discuss the future of jobs in America's cities in the wake of this global pandemic and the role of the federal government in recovery. We will also rethink what is possible using technology as we fight to recover and rebuild.

Roundtable date:
October 15, 2020 TIME: 2 pm CT/3 pm ET

Register today as space is limited:
https://forms.office.com/Pages/ResponsePage.aspx?id=vFSDTE28-kSeEoTSEanuak35fRch1wdIgYRJ8larV91URVBOU0JIQjhVOVoxM1BVTE02TEFCT0xPVS4u

We look forward to having you attend as our special guests.
Stay safe and well,

"Service to others is the rent you pay for your room here on earth." Ali.

Subject: Public WiFi Pilot

Dear Mayor,

Many thanks to Ignite Cities, ITI and NORD for their help getting the Public WiFi pilot up in Hoffman Triangle/Taylor Park. We are in the testing phase of this project, but developing a strategy to rollout WiFi citywide. We will update you on progress.

Team NOLA,

As mentioned, the Wi-Fi install at Taylor park will happen today at 10am.

Please coordinate stopping by to take a few photos. We should also coordinate a press conference once the units are installed and tested.

Brandon (copied) will send over marketing instructions on how to connect for the public.

I provided the supporting document for the install and project , thanks.

In Conversation: John Paul Farmer

In Conversation: John Paul Farmer

John Paul Farmer is Chief Technology Officer for the City of New York, leading the city's efforts to use innovative technology to provide better services to all residents. Mayor Bill de Blasio appointed Farmer to the role just over a year ago in April 2019. Since then, Farmer has focused on making New York future-ready, a challenge that has become even more critical in the midst of a global pandemic, economic crisis, and fight for racial justice.

In an interview with Smart City Expo Atlanta, he discussed the power of partnership during a crisis, NYC's new Internet Master

Plan, and why it’s become more urgent in recent weeks.

Thanks for the heads up, Jonathan. Makes sense.

All but one mounting location should be able to be accessed by the street. We could move the last location or do 3 with a truck and 1 with a ladder. George let us know your preference or if another install day is preferred.

Lee

Morning Everyone,

The updated design doc is attached. We are expecting to get the SIM cards early next week which would allow us to ship the nodes by Friday 9/11. Any install date the week of the 21st should safely allow for shipping time.

Please let me know if you have any questions. I look forward to confirming a delivery date late next week.

Thank you!

Lee

Action items:

1. Confirm the install date (pick one based on shipping)
2. Mesh will deliver the install plan (once the date is confirmed)
3. Installation and testing conducted
4. “FREE Wi-Fi - How to connect” marketing material (Brandon will manage this)
    a. Please send us logos for the city and park district
5. Mayor will hold a press conference
    a. I will work on this with the mayor’s office and you guys

We would like to get all of this completed within 3 weeks. The Mesh team to accelerate next steps, thanks everyone.

Thanks All,

It is currently raining in New Orleans and unfortunately the forecast calls for rain through Thursday. If we will need to drive a truck inside the park we'll need the ground to be dry for a couple of days so that we don't leave ruts in the grass.

If the install can be done from a bucket truck in the street, or if done by ladder, then no problem.

Best,

Good Morning,

Please see the install guide attached. Ignite Cities will be confirming the meeting time and install contact shortly and I will update the document accordingly. Sending in advance so

everyone is apprised of the process for this Thursday.

Very Best,
Lee

a. I will work on this with the mayor's office and you guys

We would like to get all of this completed within 3 weeks. The Mesh team to accelerate next steps, thanks everyone.

Here is the approved quote for Mayor Cantrell:

"The pandemic has exacerbated structural inequities that have existed for generations, casting a new light on economic and health vulnerabilities in our communities of color," said New Orleans Mayor LaToya Cantrell. "Effective change requires a community effort and a holistic approach for closing the racial wealth gap. By leveraging Mastercard's data insights and approach, we can expand and sustain more financial opportunities for Black communities and businesses in New Orleans."

Hey Taylor, I hope you're well.

I spoke to Latonya (copied) yesterday and sent the draft press release (including the quote) to her and Art today.

If possible, can we please have it returned tomorrow. I know everyone is extremely busy and we truly appreciate your support, thank you.

Thanks Taylor – totally understand. I believe that our colleague George Burciaga connected with your team yesterday. I've attached the confidential press release we are slating to go out on Wednesday/Th of next week. Please keep this close hold. Below is a draft quote for your review. We'd love to include Mayor Cantrell's voice in this effort.

"The pandemic has exacerbated structural inequities that have existed for generations, casting a new light on economic vulnerabilities in our communities of color," said New Orleans Mayor LaToya Cantrell. "Effective change requires a community effort. I commend Mastercard for taking a holistic approach to closing the racial wealth gap. By leveraging Mastercard's data insights and approach, we can support financial opportunity for Black communities in New Orleans"

Best,

Casey

Hi Stephen,

Thanks for checking in on us, thankfully we were spared this time around. I have not heard any feedback on information from the Mayor's office, but I can reach out to Taylor Jackson this morning. She is pretty responsive and may be preparing the Mayor's response.

I'll let you know what I find out.

Be well,
Kim

Hi Kim – I hope this email finds you well. Danielle let us know that you are safe and the storm just missed New Orleans. Casey, from our Communications team, is collecting feedback and quotes across the seven cities. We understand the Hurricane and damage to Louisiana is taking priority and want to be sensitive to you and the Mayor's time.

What is the best way for Casey to check-in on the status of the letter and the Mayor's feedback and willingness to provide a quote? I believe Taylor Jackson was also included in the original email. Have you received any feedback from Mayor Cantrell?

Any guidance on how best to proceed is much appreciated.

Thanks!

Thanks Taylor – totally understand. I believe that our colleague George Burciaga connected with your team yesterday. I've attached the confidential press release we are slating to go out on Wednesday/Th of next week. Please keep this close hold. Below is a draft quote for your review. We'd love to include Mayor Cantrell's voice in this effort.

"The pandemic has exacerbated structural inequities that have existed for generations, casting a new light on economic vulnerabilities in our communities of color," said New Orleans Mayor LaToya Cantrell. "Effective change requires a community effort. I commend Mastercard for taking a holistic approach to closing the racial wealth gap. By leveraging Mastercard's data insights and approach, we can support financial opportunity for Black communities in New Orleans"

Taylor or LaTonya,

Good morning and I hope everyone had a relaxing weekend.

Can we please have the quote back today, the release will go out this week, thanks again.

Stay safe and well,

"Service to others is the rent you pay for your room here on earth." Ali.

Hey Taylor, I hope you're well.

I spoke to Latonya (copied) yesterday and sent the draft press release (including the quote) to her and Art today.

If possible, can we please have it returned tomorrow. I know everyone is extremely busy and we truly appreciate your support, thank you.
Stay safe and well,

"Service to others is the rent you pay for your room here on earth."
Ali.

Thanks Taylor – totally understand. I believe that our colleague George Burciaga connected with your team yesterday. I've attached the confidential press release we are slating to go out on

Wednesday/Th of next week. Please keep this close hold. Below is a draft quote for your review. We'd love to include Mayor Cantrell's voice in this effort.

"The pandemic has exacerbated structural inequities that have existed for generations, casting a new light on economic vulnerabilities in our communities of color," said New Orleans Mayor LaToya Cantrell. "Effective change requires a community effort. I commend Mastercard for taking a holistic approach to closing the racial wealth gap. By leveraging Mastercard's data insights and approach, we can support financial opportunity for Black communities in New Orleans"

Best,

Casey

Hi Casey,

My apologies for getting back to you! It has been quite a week for us in the Mayor's office. I am tied up of the afternoon, but I am free tomorrow to discuss. Also feel free forward a draft of the

announcement or more info on what you all are planning.

Thanks,
Taylor

Hi Stephen,

Thanks for checking in on us, thankfully we were spared this time around. I have not heard any feedback on information from the Mayor's office, but I can reach out to Taylor Jackson this morning. She is pretty responsive and may be preparing the Mayor's response.

I'll let you know what I find out.

Be well,
Kim

Hi Kim – I hope this email finds you well. Danielle let us know that you are safe and the storm just missed New Orleans. Casey, from our Communications team, is collecting feedback and quotes across the seven cities. We understand the Hurricane and damage to Louisiana is taking priority and want to be sensitive to you and the Mayor's time.

What is the best way for Casey to check-in on the status of the letter and the Mayor's feedback and willingness to provide a quote? I believe Taylor Jackson was also included in the original email. Have you received any feedback from Mayor Cantrell?

Any guidance on how best to proceed is much appreciated.

Thanks!

Team NOLA,

Good morning and thank you for yesterday's support during our practice run for Thursdays roundtable event.

Can you please provide a quote from Mayor Cantrell today regarding her participation within IGNITE CITIES Mayoral Roundtable and the importance of collaborating with Mayor Benjamin, Mayor Suarez and other mayors during this critical time in our country. And that the focus on economic recovery, specifically jobs, education, healthcare and broadband are required to rebuild our cities and support our families.

I have provided the draft press release that will go out on Thursday morning, thank you.

Team NOLA,

Good morning and thank you for yesterday's support during our practice run for Thursdays roundtable event.

Can you please provide a quote from Mayor Cantrell today regarding her participation within IGNITE CITIES Mayoral Roundtable and the importance of collaborating with Mayor Benjamin, Mayor Suarez and other mayors during this critical time in our country. And that the focus on economic recovery, specifically jobs, education, healthcare and broadband are required to rebuild our cities and support our families.

I have provided the draft press release that will go out on Thursday morning, thank you.

Thanks, George. Here is the approved quote from Mayor Cantrell:

"It is an honor to join my fellow mayors, Mayor Benjamin and Mayor Suarez, in this discussion as a part of a larger conversation with other mayors during this critical time in our world," said **Mayor LaToya Cantrell**. "Prioritizing economic recovery will be vital to strengthening our cities and supporting our residents. We have to ensure that we make our people and our businesses whole."

Dear Friends,

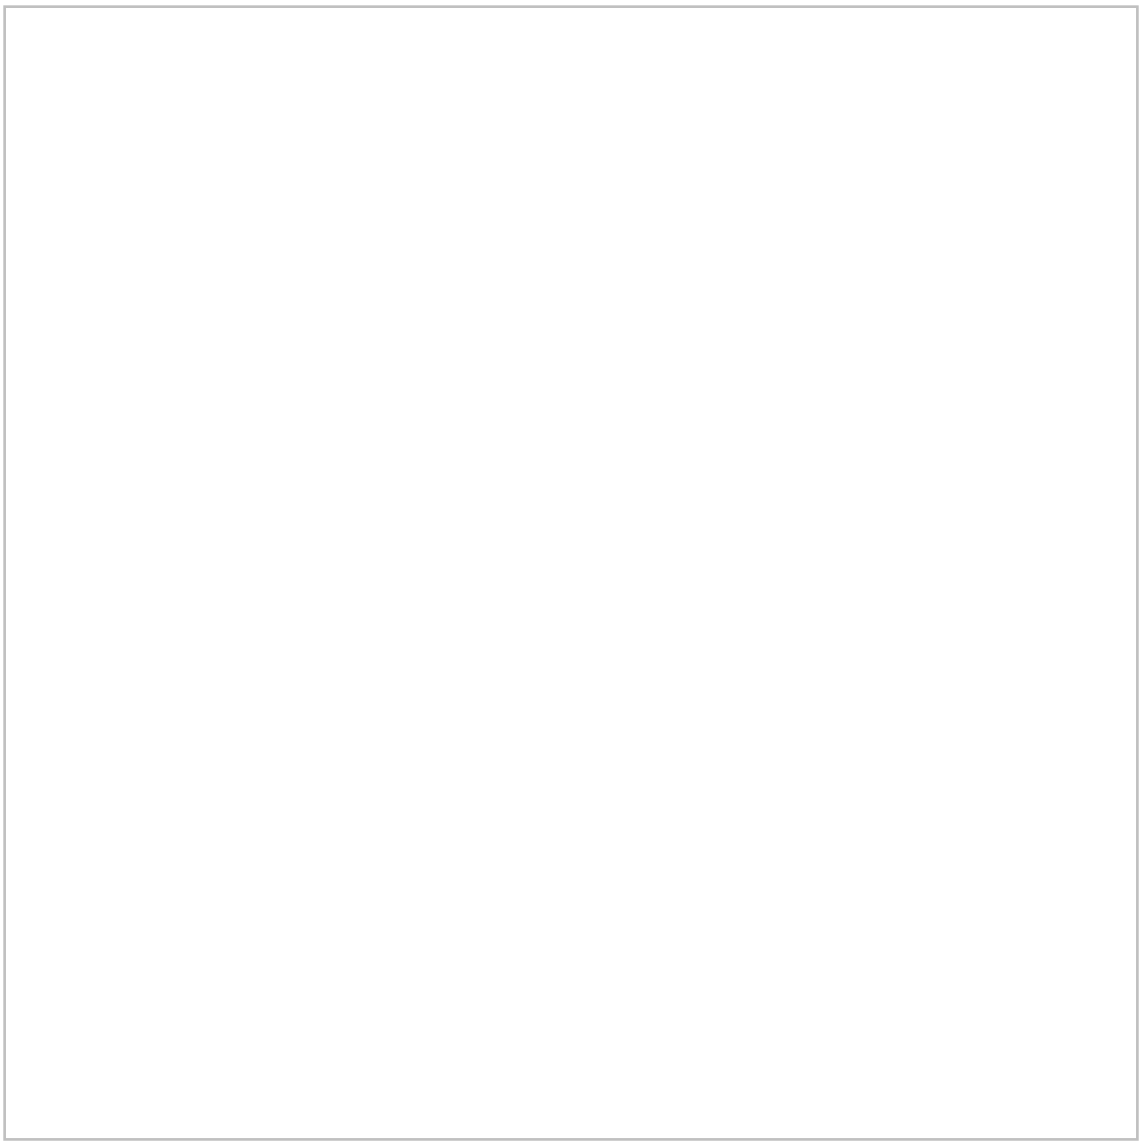
As we begin to launch our Redefining Smart series (programming schedule coming soon!) and the 2021 agenda, we have been reflecting on the extraordinary community of over 2,500 global leaders that we convened and collaborated with at our inaugural Smart City Expo Atlanta conference and expo this time last year.

We are proud to have put forth a vision of ensuring that our community and platform represented and recognized the faces and

voices on the front lines of building smart, inclusive, and sustainable 21st century cities.

Speakers

From leading mayors and CTOs/CIOs, to CEOs and global activists, 70% of our 2019 speakers were people of color, women, or persons with disabilities. They are the incredible leaders that are developing equitable infrastructure, advancing social and economic mobility, and futureproofing our cities.



See all speakers >

Sessions

The actions we took and the conversations we shared are more resonant and urgent than ever. We invite you to revisit these rich, meaningful, and prescient discussions led by a diverse and visionary cohort of leaders, thinkers, and doers.

Building Compassionate Cities

Hello Chris,

When you receive the devices, they will need to be placed out in the sun to charge before the installation. Please make sure the devices are charged before attempting to turn them on. The devices will have issues powering on with low batteries.

Feel free to reach out with any questions or concerns.

Best,
Marcus

Morning Everyone,

The updated design doc is attached. We are expecting to get the SIM cards early next week which would allow us to ship the nodes by Friday 9/11. Any install date the week of the 21st should safely allow for shipping time.

Please let me know if you have any questions. I look forward to confirming a delivery date late next week.

Thank you!

Lee

On Wed, Sep 2, 2020 at 6:27 PM George Burciaga <george@ignitecities.com> wrote:

> Jonathan and Chris,

I hope you had a great day. We are ready to get started ASAP. I have also notified the mayor as well during our roundtable call, so she is excited to get this finalized.

Here's the plan. We will be sending you:

1. A new design document (by tomorrow)
    a. Identifying the install of 4 solar powered nodes with sims
    b. IGNITE will donate the cost for the sims
2. Shipping 4 new devices (please confirm shipping address)
    a. Lee will manage this quickly

Action items:

1. Confirm the install date (pick one based on shipping)
2. Mesh will deliver the install plan (once the date is confirmed)
3. Installation and testing conducted
4. "FREE Wi-Fi - How to connect" marketing material (Brandon will manage this)
    a. Please send us logos for the city and park district
5. Mayor will hold a press conference
    a. I will work on this with the mayor's office and you guys

We would like to get all of this completed within 3 weeks. The Mesh team to accelerate next steps, thanks everyone.

Stay safe and well,

Team NOLA,

Good morning and thank you for yesterday's support during our practice run for Thursdays roundtable event.

Can you please provide a quote from Mayor Cantrell today regarding her participation within IGNITE CITIES Mayoral Roundtable and the importance of collaborating with Mayor Benjamin, Mayor Suarez and other mayors during this critical time in our country. And that the focus on economic recovery, specifically jobs, education, healthcare and broadband are required to rebuild our cities and support our families.

I have provided the draft press release that will go out on Thursday morning, thank you.

Team NOLA,

Good morning and thank you for yesterday's support during our practice run for Thursdays roundtable event.

Can you please provide a quote from Mayor Cantrell today regarding her participation within IGNITE CITIES Mayoral Roundtable and the importance of collaborating with Mayor Benjamin, Mayor Suarez and other mayors during this critical time in our country. And that the focus on economic recovery, specifically jobs, education, healthcare and broadband are required to rebuild our cities and support our families.

I have provided the draft press release that will go out on Thursday morning, thank you.
Stay safe and well,

Team Miami and New Orleans,

Attached is the run of show and base questions for the U.S. Mayoral Virtual Roundtable on the 17th at 2pm CT.

Key items but please review the run of show:

1. At 1pm CT mayor connections will be made – please connect as the mayor from his or her device
2. At 1:50pm CT we need all mayors at their PC ready and waiting
3. At 2pm CT the intro video will start (3 mins) and then all 3 mayors will be on screen
4. At 2:45 pm CT we have Q&A – 15min and its over

Mayors ONLY should login using this link: https://us02web.zoom.us/j/8782360264?pwd=L3JGNHBkbkhCRXJzZUpVbVpOdDNPUT09

All other city staff or invites should use the public link below:
Public link: https://ignitecities.zoom.us/j/6278396241

BIG THANK YOU TO EVERYONE.
Stay safe and well,

Hi George,

Just confirmed with the team, the main two topics the Mayor would like to touch upon are the jobs and covid, so I think we're all set!

Thanks for all your help!

Soledad and Jeremy,

Just a quick follow-up regarding the action items below:

Here are the details for the sept 17th event. I'm free for a call anytime today or tomorrow for a quick review.

Attached is the abstract and artwork for the sept 17th virtual event. I have listed very important steps to a successful event and we will need your assistance to complete. Please read the below and respond with the requested info, thanks.

Event title:
Our Fight to Economic Recovery – Starting with Jobs, Healthcare, Education & Broadband

Here are the 3 main points to review and respond:

1. The event is on September 17th at 2pm central / (3pm EST)
    a. The actual event is only 45 mins (setup is at 1:00pm central – 1hr before)
        i. We will deliver the zoom link on the 15 during our prep call
    b. The attached abstract provides an overview and general details (please review)
    c. The attached image should be socialized starting 9/4/20
        1. Please tag on twitter: @ignitecities @NLC @francissuarez @stevebenjaminsc @mayorcantrell @cityofnola @cityofmiami @cityofcolumbia @geo_burciaga
        2. Please tag on Instagram: @ignitecities @NLC @mayorofmiami @stevebenjaminsc @mayorcantrell @cityofnola @cityofmiami @wearecolumbia @geoburciaga
            1. Hashtags: #IGNITE #COVID19 #EconomicRecovery #Jobs #HealthCare #Education #Broadband #IGNITERoundtable
    d. Give us 3 topics to discuss specific to any of these categories: Jobs, Health Care, Education & Broadband
        1. (find 3 point the mayor would like to make – something the city is excited about or is planning. Let's give the mayor a chance to shine and so other mayors can use these ideas in their cities)
            1. Topic 1
            2. Topic 3
            3. Topic 3

2. The run of show will be delivered on 9/9/20
    a. All requirements will be listed, plus the final topics and schedule

3. Test run will occur on 9/15/20 – please confirm if 3pm central will work – the invite will go out after you confirm
    a. Attendees will be: all Mayors, NLC staff, IGNITE team

Our roundtable conversation will inspire others to believe and reimagine. While Jobs, Healthcare, education and broadband are the topics, our focus is completely based on people.

Thank you for your support and we look forward to working closely with you.

Stay safe and well,

"Service to others is the rent you pay for your room here on earth." Ali.

Today we will test the actual event links/connection for the mayors

Please use a computer (not a mobile device), use your ear piece if the mayor is using one.

We want to run this test as if the mayor was connected.

Check the meeting invite for the zoom links. Columbia, Miami and New Orleans need to use the mayor link.

Thank you.

Thanks Taylor – totally understand. I believe that our colleague George Burciaga connected with your team yesterday. I've attached the confidential press release we are slating to go out on Wednesday/Th of next week. Please keep this close hold. Below is a draft quote for your review. We'd love to include Mayor Cantrell's voice in this effort.

"The pandemic has exacerbated structural inequities that have existed for generations, casting a new light on economic vulnerabilities in our communities of color," said New Orleans Mayor LaToya Cantrell. "Effective change requires a community effort. I commend Mastercard for taking a holistic approach to closing the racial wealth gap. By leveraging Mastercard's data insights and approach, we can support financial opportunity for Black communities in New Orleans"

Best,

Casey

Hi Stephen,

Thanks for checking in on us, thankfully we were spared this time around. I have not heard any feedback on information from the Mayor's office, but I can reach out to Taylor Jackson this morning. She is pretty responsive and may be preparing the Mayor's response.

I'll let you know what I find out.

Be well,
Kim

Hi Kim – I hope this email finds you well. Danielle let us know that you are safe and the storm just missed New Orleans. Casey, from our Communications team, is collecting feedback and quotes across the seven cities. We understand the Hurricane and damage to Louisiana is taking priority and want to be sensitive to you and the Mayor's time.

What is the best way for Casey to check-in on the status of the letter and the Mayor's feedback and willingness to provide a quote? I believe Taylor Jackson was also included in the original email. Have you received any feedback from Mayor Cantrell?

Any guidance on how best to proceed is much appreciated.

Thanks!

Thanks Taylor – totally understand. I believe that our colleague George Burciaga connected with your team yesterday. I've attached the confidential press release we are slating to go out on Wednesday/Th of next week. Please keep this close hold. Below is a draft quote for your review. We'd love to include Mayor Cantrell's voice in this effort.

"The pandemic has exacerbated structural inequities that have existed for generations, casting a new light on economic vulnerabilities in our communities of color," said New Orleans Mayor LaToya Cantrell. "Effective change requires a community effort. I commend Mastercard for taking a holistic approach to closing the racial wealth gap. By leveraging Mastercard's data insights and approach, we can support financial opportunity for Black communities in New Orleans"

Best,

Casey

Thanks Taylor – totally understand. I believe that our colleague George Burciaga connected with your team yesterday. I've attached the confidential press release we are slating to go out on Wednesday/Th of next week. Please keep this close hold. Below is a draft quote for your review. We'd love to include Mayor Cantrell's voice in this effort.

"The pandemic has exacerbated structural inequities that have existed for generations, casting a new light on economic vulnerabilities in our communities of color," said New Orleans Mayor LaToya Cantrell. "Effective change requires a community effort. I commend Mastercard for taking a holistic approach to closing the racial wealth gap. By leveraging Mastercard's data insights and approach, we can support financial opportunity for Black communities in New Orleans"

Best,

Casey

Hi Stephen,

Thanks for checking in on us, thankfully we were spared this time around. I have not heard any feedback on information from the Mayor's office, but I can reach out to Taylor Jackson this morning. She is pretty responsive and may be preparing the Mayor's response.

I'll let you know what I find out.

Be well,
Kim

Hi Kim – I hope this email finds you well. Danielle let us know that you are safe and the storm just missed New Orleans. Casey, from our Communications team, is collecting feedback and quotes across the seven cities. We understand the Hurricane and damage to Louisiana is taking priority and want to be sensitive to you and the Mayor's time.

What is the best way for Casey to check-in on the status of the letter and the Mayor's feedback and willingness to provide a quote? I believe Taylor Jackson was also included in the original email. Have you received any feedback from Mayor Cantrell?

Any guidance on how best to proceed is much appreciated.

Thanks!

Here is the approved quote for Mayor Cantrell:

"The pandemic has exacerbated structural inequities that have existed for generations, casting a new light on economic and health vulnerabilities in our communities of color," said New Orleans Mayor LaToya Cantrell. "Effective change requires a community effort and a holistic approach for closing the racial wealth gap. By leveraging Mastercard's data insights and approach, we can expand and sustain more financial opportunities for Black communities and businesses in New Orleans."

Morning Everyone,

The updated design doc is attached. We are expecting to get the SIM cards early next week which would allow us to ship the nodes by Friday 9/11. Any install date the week of the 21st should safely allow for shipping time.

Please let me know if you have any questions. I look forward to confirming a delivery date late next week.

Thank you!
Lee

> Jonathan and Chris,
>
> I hope you had a great day. We are ready to get started ASAP. I have also notified the mayor as well during our roundtable call, so she is excited to get this finalized.

Here's the plan. We will be sending you:

1. A new design document (by tomorrow)
    a. Identifying the install of 4 solar powered nodes with sims
    b. IGNITE will donate the cost for the sims
2. Shipping 4 new devices (please confirm shipping address)
    a. Lee will manage this quickly

Action items:

1. Confirm the install date (pick one based on shipping)
2. Mesh will deliver the install plan (once the date is confirmed)
3. Installation and testing conducted
4. "FREE Wi-Fi - How to connect" marketing material (Brandon will manage this)
    a. Please send us logos for the city and park district
5. Mayor will hold a press conference
    a. I will work on this with the mayor's office and you guys

We would like to get all of this completed within 3 weeks. The Mesh team to accelerate next steps, thanks everyone.

Stay safe and well,

Morning Everyone,

The updated design doc is attached. We are expecting to get the SIM cards early next week which would allow us to ship the nodes by Friday 9/11. Any install date the week of the 21st should safely allow for shipping time.

Please let me know if you have any questions. I look forward to confirming a delivery date late next week.

Thank you!
Lee

> 4. "FREE Wi-Fi - How to connect" marketing material (Brandon will manage this)

    a. Please send us logos for the city and park district
5. Mayor will hold a press conference
    a. I will work on this with the mayor's office and you guys

We would like to get all of this completed within 3 weeks. The Mesh team to accelerate next steps, thanks everyone.

Stay safe and well,

Good afternoon Catrina:

I hope you're well and am praying you all stay safe and are not hit by the hurricane.

We'll be sending it tomorrow morning and are going over it during our 1pm prep call tomorrow. Art

will be representing Mayor Cantrell and NOLA on the prep call so he'll be able to provide further information regarding questions, the agenda…etc. after the call.

If you have any other questions, please let us know!

Dear Mayoral Partner:

We can all agree that 2020 has been nothing but unordinary. With a global pandemic that has negatively impacted our cities from healthcare to education, to the economy, and worst of all the loss of lives, a lack of uniformed leadership across the country has paved the way for mayors to take it upon themselves to act. As a result we feel responsible to support our cities, our families, and our mayors leading us.

In an effort to accelerate collaboration across mayors, solutions, and thought leadership, we have launched a monthly **mayoral roundtable** to inspire *mayors, city council members*, and *senior level government leaders* by sharing how mayors are taking action in their respective city. Each roundtable consists of three mayors discussing the most critical issues impacting cities and how their resolving these issues with limited resources in the background of COVID-19.

Topic: **"Our Fight to Economic Recovery: Starting with Jobs, Healthcare, Education, and Broadband"**

Date/Time: **Thursday, September 17, 2020 at 2pmCDT**

Mayors:

- **The Honorable Steve Benjamin (former USCM President, City of Columbia, SC)**
- **The Honorable LaToya Cantrell (City of New Orleans, LA)**
- **The Honorable Francis Suarez (City of Miami, FL)**

To join our roundtable discussion, please RSVP **here** and upon confirmation you'll receive the webinar link.

Thank you and we look forward to your attendance - DON'T FORGET TO: register!

Thanks Taylor – totally understand. I believe that our colleague George Burciaga connected with your team yesterday. I've attached the confidential press release we are slating to go out on Wednesday/Th of next week. Please keep this close hold. Below is a draft quote for your review. We'd love to include Mayor Cantrell's voice in this effort.

"The pandemic has exacerbated structural inequities that have existed for generations, casting a new light on economic vulnerabilities in our communities of color," said New Orleans Mayor LaToya Cantrell. "Effective change requires a community effort. I commend Mastercard for taking a holistic approach to closing the racial wealth gap. By leveraging Mastercard's data insights and approach, we can support financial opportunity for Black communities in New Orleans"

Best,

Casey

Hi Stephen,

Thanks for checking in on us, thankfully we were spared this time around. I have not heard any feedback on information from the Mayor's office, but I can reach out to Taylor Jackson this morning. She is pretty responsive and may be preparing the Mayor's response.

I'll let you know what I find out.

Be well,
Kim

Hi Kim – I hope this email finds you well. Danielle let us know that you are safe and the storm just missed New Orleans. Casey, from our Communications team, is collecting feedback and quotes across the seven cities. We understand the Hurricane and damage to Louisiana is taking priority and want to be sensitive to you and the Mayor's time.

What is the best way for Casey to check-in on the status of the letter and the Mayor's feedback and willingness to provide a quote? I believe Taylor Jackson was also included in the original email. Have you received any feedback from Mayor Cantrell?

Any guidance on how best to proceed is much appreciated.

Thanks!

Hey Taylor, I hope you're well.

I spoke to Latonya (copied) yesterday and sent the draft press release (including the quote) to her and Art today.

If possible, can we please have it returned tomorrow. I know everyone is extremely busy and we truly appreciate your support, thank you.

Thanks Taylor – totally understand. I believe that our colleague George Burciaga connected with your team yesterday. I've attached the confidential press release we are slating to go out on Wednesday/Th of next week. Please keep this close hold. Below is a draft quote for your review. We'd love to include Mayor Cantrell's voice in this effort.

"The pandemic has exacerbated structural inequities that have existed for generations, casting a new light on economic vulnerabilities in our communities of color," said New Orleans Mayor LaToya Cantrell. "Effective change requires a community effort. I commend Mastercard for taking a holistic approach to closing the racial wealth gap. By leveraging Mastercard's data insights and approach, we can support financial opportunity for Black communities in New Orleans"

Best,

Casey

Hi Stephen,

Thanks for checking in on us, thankfully we were spared this time around. I have not heard any feedback on information from the Mayor's office, but I can reach out to Taylor Jackson this morning. She is pretty responsive and may be preparing the Mayor's response.

I'll let you know what I find out.

Be well,
Kim

Hi Kim – I hope this email finds you well. Danielle let us know that you are safe and the storm just missed New Orleans. Casey, from our Communications team, is collecting feedback and quotes across the seven cities. We understand the Hurricane and damage to Louisiana is taking priority and want to be sensitive to you and the Mayor's time.

What is the best way for Casey to check-in on the status of the letter and the Mayor's feedback and willingness to provide a quote? I believe Taylor Jackson was also included in the original email. Have you received any feedback from Mayor Cantrell?

Any guidance on how best to proceed is much appreciated.

Thanks!

Hi Casey,

My apologies for getting back to you! It has been quite a week for us in the Mayor's office. I am tied up of the afternoon, but I am free tomorrow to discuss. Also feel free forward a draft of the announcement or more info on what you all are planning.

Thanks,
Taylor

Hi Stephen,

Thanks for checking in on us, thankfully we were spared this time around. I have not heard any feedback on information from the Mayor's office, but I can reach out to Taylor Jackson this morning. She is pretty responsive and may be preparing the Mayor's response.

I'll let you know what I find out.

Be well,
Kim

Hi Kim – I hope this email finds you well. Danielle let us know that you are safe and the storm just missed New Orleans. Casey, from our Communications team, is collecting feedback and quotes across the seven cities. We understand the Hurricane and damage to Louisiana is taking priority and want to be sensitive to you and the Mayor's time.

What is the best way for Casey to check-in on the status of the letter and the Mayor's feedback and willingness to provide a quote? I believe Taylor Jackson was also included in the original email. Have you received any feedback from Mayor Cantrell?

Any guidance on how best to proceed is much appreciated.

Thanks!

Thanks Taylor – totally understand. I believe that our colleague George Burciaga connected with your team yesterday. I've attached the confidential press release we are slating to go out on Wednesday/Th of next week. Please keep this close hold. Below is a draft quote for your review. We'd love to include Mayor Cantrell's voice in this effort.

"The pandemic has exacerbated structural inequities that have existed for generations, casting a new light on economic vulnerabilities in our communities of color," said New Orleans Mayor LaToya Cantrell. "Effective change requires a community effort. I commend Mastercard for taking a holistic approach to closing the racial wealth gap. By leveraging Mastercard's data insights and approach, we can support financial opportunity for Black communities in New Orleans"

Best,

Casey

Art,

We only need an email with 3 key topics. These topics should be related to economic recovery (jobs, healthcare, broadband or education). Mayor Benjamin (the Host) will bring up these topics so Mayor Cantrell can discuss them.

Pick topics the mayor has just started or is planning. Give us a little info about it (2 lines).

Example:

Topic title: ?????
Supporting info: (2 lines about it)

Let's give Mayor Cantrell a chance to shine and deliver something she is proud of or wants other to know. Please send them over by tomorrow afternoon, thanks.

I'm available for a call if needed, thanks buddy.

Latonya and Art,

Please respond, I have attached the abstract and artwork for the sept 17th virtual event. I have listed very important steps to a successful event and we will need your assistance to complete. Please read the below and respond with the requested info, thanks.

Event Title:
Our Fight to Economic Recovery – Starting with Jobs, Health Care, Education & Broadband

Here are the 3 main points to review and respond:

1. The event is on September 17th at 2pm central
    a. The actual event is only 45 mins (setup is at 1:00pm central – 1hr before)
        i. you will be our point person (send me your cell)
    b. The attached abstract provides an overview and general details (please review)
    c. The attached image should be socialized starting 9/4/20
        1. Please tag on twitter: @ignitecities @NLC @francissuarez @stevebenjaminsc @mayorcantrell @cityofnola @cityofmiami @cityofcolumbia
        2. Please tag on Instagram: @ignitecities @NLC @mayorofmiami @stevebenjaminsc @mayorcantrell @cityofnola @cityofmiami @wearecolumbia
            1. Hashtags: #IGNITE #COVID19 #EconomicRecovery #Jobs #HealthCare #Education #Broadband #IGNITERoundtable
    d. Give us 3 topics to discuss specific to any of these categories: Jobs, Health Care, Education & Broadband
        1. (find 3 point the mayor would like to make – something the city is excited about or is planning. Let's give the mayor a chance to shine and so other mayors can use these ideas in their cities)
            1. Topic 1
            2. Topic 3
            3. Topic 3

2. The run of show will be delivered on 9/9/20
    a. All requirements will be listed, plus the final topics and schedule

3. Test run will occur on 9/15/20 – please confirm if 3pm central will work – the invite will go out after you confirm
    a. Attendees will be: all Mayors, NLC staff, IGNITE team

Our roundtable conversation will inspire others to believe and reimagine. While Jobs, Healthcare, education and broadband are the topics, our focus is completely based on people.

Thank you for your support and will look forward to working closely with you.

Stay safe and well,

My apologies! Kim - Thank you for connecting me to the correct Taylor ☺. Moving you to BCC To spare your inbox.

Taylor - let me know if you can connect tomorrow or early next week to chat about the announcement and the potenital opportunity for New Orleans to be involved.

Casey

Hi Casey,

Thanks for sending the email exchange, I see now the email went to the wrong Taylor Jackson. I've copied Taylor Jackson from our communications team here to move this along.

Hi Stephen,

Thanks for checking in on us, thankfully we were spared this time around. I have not heard any feedback on information from the Mayor's office, but I can reach out to Taylor Jackson this morning. She is pretty responsive and may be preparing the Mayor's response.

I'll let you know what I find out.

Be well,
Kim

Hi Kim – I hope this email finds you well. Danielle let us know that you are safe and the storm just missed New Orleans. Casey, from our Communications team, is collecting feedback and quotes across the seven cities. We understand the Hurricane and damage to Louisiana is taking priority and want to be sensitive to you and the Mayor's time.

What is the best way for Casey to check-in on the status of the letter and the Mayor's feedback and willingness to provide a quote? I believe Taylor Jackson was also included in the original email. Have you received any feedback from Mayor Cantrell?

Any guidance on how best to proceed is much appreciated.

Thanks!

Art,

We only need an email with 3 key topics. These topics should be related to economic recovery (jobs, healthcare, broadband or education). Mayor Benjamin (the Host) will bring up these topics so Mayor Cantrell can discuss them.

Pick topics the mayor has just started or is planning. Give us a little info about it (2 lines).

Example:
Topic title: ?????
Supporting info: (2 lines about it)

Let's give Mayor Cantrell a chance to shine and deliver something she is proud of or wants other to know. Please send them over by tomorrow afternoon, thanks.

I'm available for a call if needed, thanks buddy.

Latonya and Art,

Please respond, I have attached the abstract and artwork for the sept 17th virtual event. I have listed very important steps to a successful event and we will need your assistance to complete. Please read the below and respond with the requested info, thanks.

Event Title:
Our Fight to Economic Recovery – Starting with Jobs, Health Care, Education & Broadband

Here are the 3 main points to review and respond:

1. The event is on September 17th at 2pm central
    a. The actual event is only 45 mins (setup is at 1:00pm central – 1hr before)
        i. you will be our point person (send me your cell)
    b. The attached abstract provides an overview and general details (please review)
    c. The attached image should be socialized starting 9/4/20

1. Please tag on twitter: @ignitecities @NLC @francissuarez @stevebenjaminsc @mayorcantrell @cityofnola @cityofmiami @cityofcolumbia

2. Please tag on Instagram: @ignitecities @NLC @mayorofmiami @stevebenjaminsc @mayorcantrell @cityofnola @cityofmiami @wearecolumbia

    1. Hashtags: #IGNITE #COVID19 #EconomicRecovery #Jobs #HealthCare #Education #Broadband #IGNITERoundtable

d. Give us 3 topics to discuss specific to any of these categories: Jobs, Health Care, Education & Broadband
    1. (find 3 point the mayor would like to make – something the city is excited about or is planning. Let's give the mayor a chance to shine and so other mayors can use these ideas in their cities)

        1. Topic 1
        2. Topic 3
        3. Topic 3

2. The run of show will be delivered on 9/9/20
    a. All requirements will be listed, plus the final topics and schedule

3. Test run will occur on 9/15/20 – please confirm if 3pm central will work – the invite will go out after you confirm
    a. Attendees will be: all Mayors, NLC staff, IGNITE team

Our roundtable conversation will inspire others to believe and reimagine. While Jobs, Healthcare, education and broadband are the topics, our focus is completely based on people.

Thank you for your support and will look forward to working closely with you.

Stay safe and well,

Latonya and Art,

I hope you're well.

Can you review and approve this quote, the details are below. Please make any changes required and I will send over the final release tomorrow for your review. I have also attached quotes from other mayors.

Please approve – thx.
"The pandemic has exacerbated structural inequities that have existed for generations, casting a new light on economic vulnerabilities in our communities of color," said New Orleans Mayor LaToya Cantrell. "Effective change requires a community effort. I commend Mastercard for taking a holistic approach to closing the racial wealth gap. By leveraging Mastercard's data insights and approach, we can support financial opportunity for Black communities in New Orleans"

Background details:
Back in June, Mastercard announced their In Solidarity action plan to tackle systemic racism and build a more inclusive digital economy. IGNITE included several Mayors to support and Next week, they are expanding it by announcing dedicated spending, grants, and resources over the next five years to tackle the hurdles to economic growth facing Black communities across America, in partnership with seven cities– including New Orleans. We recognize that New Orleans has a strong heritage in fostering positive change, continuing today because of Mayor Cantrell's leadership and the forward-thinking programs on citizen re-entry that her administration is trailblazing for this country.

Also, Mastercard has been collaborating with the Office of the Chief Information Officer, Kimberly LaGrue to equip the City with consumer spending insights in order to provide timely economic health indicators to help make data driven policy decisions and evaluate the impact on Black communities. We would be eager to build on this pilot program and help provide

supplemental access to essential financial products that provide access to the digital economy, build credit, and enable greater financial stability.

Due to our partnership, I are hoping to capture Mayor Cantrell's voice to amplify the impact to New Orleanians and ensure her valuable perspectives on these issues are represented.

Please send over your approval so Mayor Cantrell can be included in next week's announcement, thank you.
Stay safe and well,

"Service to others is the rent you pay for your room here on earth." Ali.

Date:	Friday, September 4, 2020 3:24:09 PM
Attachments:	image001.png

EMAIL FROM EXTERNAL SENDER: DO NOT click links, or open attachments, if sender is unknown, or the message seems suspicious in any way. DO NOT provide your user ID or password. If you believe that this is a phishing attempt please forward this message to phishing@nola.gov

Dear Mayoral Partner:

We can all agree that 2020 has been nothing but unordinary. With a global pandemic that has negatively impacted our cities from healthcare to education, to the economy, and worst of all the loss of lives, a lack of uniformed leadership across the country has paved the way for mayors to take it upon themselves to act. As a result we feel responsible to support our cities, our families, and our mayors leading us.

In an effort to accelerate collaboration across mayors, solutions, and thought leadership, we have launched a monthly **mayoral roundtable** to inspire *mayors, city council members*, and *senior level government leaders* by sharing how mayors are taking action in their respective city. Each roundtable consists of three mayors discussing the most critical issues impacting cities and how their resolving these issues with limited resources in the background of COVID-19.

Topic: **"Our Fight to Economic Recovery: Starting with Jobs, Healthcare, Education, and Broadband"**

Date/Time: **Thursday, September 17, 2020 at 2pmCDT**

Mayors:

- **The Honorable Steve Benjamin (former USCM President, City of Columbia, SC)**
- **The Honorable LaToya Cantrell (City of New Orleans, LA)**
- **The Honorable Francis Suarez (City of Miami, FL)**

To join our roundtable discussion, please RSVP **here** and upon confirmation you'll receive the webinar link.

Thank you and we look forward to your attendance - DON'T FORGET TO: register!

Latonya and Art,

Great call yesterday and thank you.

As promised, I have attached the abstract and artwork for the sept 17th virtual event. I have listed very important steps to a successful event and we will need your assistance to complete. Please read the below and respond with the requested info, thanks.

Event topic:

Our Fight to Economic Recovery – Starting with Jobs, Health Care, Education & Broadband

Here are the 3 main points to review and respond:

1. The event is on September 17th at 2pm central
    a. The actual event is only 45 mins (setup is at 1:00pm central – 1hr before)
        i. you will be our point person (send me your cell)
    b. The attached abstract provides an overview and general details (please review)
    c. The attached image should be socialized starting 9/4/20
        1. Please tag on twitter: @ignitecities @NLC @Mayorsuarez

Morning Everyone,

The updated design doc is attached. We are expecting to get the SIM cards early next week which would allow us to ship the nodes by Friday 9/11. Any install date the week of the 21st should safely allow for shipping time.

Please let me know if you have any questions. I look forward to confirming a delivery date late next week.

Thank you!
Lee

Jonathan and Chris,

I hope you had a great day. We are ready to get started ASAP. I have also notified the mayor as well during our roundtable call, so she is excited to get this finalized.

Here's the plan. We will be sending you:

1. A new design document (by tomorrow)
    a. Identifying the install of 4 solar powered nodes with sims
    b. IGNITE will donate the cost for the sims
2. Shipping 4 new devices (please confirm shipping address)
    a. Lee will manage this quickly

Action items:

1. Confirm the install date (pick one based on shipping)
2. Mesh will deliver the install plan (once the date is confirmed)
3. Installation and testing conducted
4. "FREE Wi-Fi - How to connect" marketing material (Brandon will manage this)
    a. Please send us logos for the city and park district
5. Mayor will hold a press conference
    a. I will work on this with the mayor's office and you guys

We would like to get all of this completed within 3 weeks. The Mesh team to accelerate next steps, thanks everyone.

Mayor-

Hope you are doing well.

As you know, we are navigating some of the toughest times any of us have ever imagined. I would like to invite you to participate in a virtual roundtable discussion on “Our Fight to Economic Recovery” that I am hosting with our friends at Ignite Cities.

The discussion will be held on Thursday, September 17th at 2:00pm CDT/3:00pm EST. If you are available, I would love to have you join me for the discussion.

I have attached the event details and will reach out to you to follow-up.

Best,

Steve

Hope you are doing well.

As you know, we are navigating some of the toughest times any of us have ever imagined. I would like to invite you to participate in a virtual roundtable discussion on “Our Fight to Economic Recovery” that I am hosting with our friends at Ignite Cities.

The discussion will be held on Thursday, September 17th at 2:00pm CDT/3:00pm EST. If you are available, I would love to have you join me for the discussion.

I have attached the event details and will reach out to you to followup.

Best,

Steve

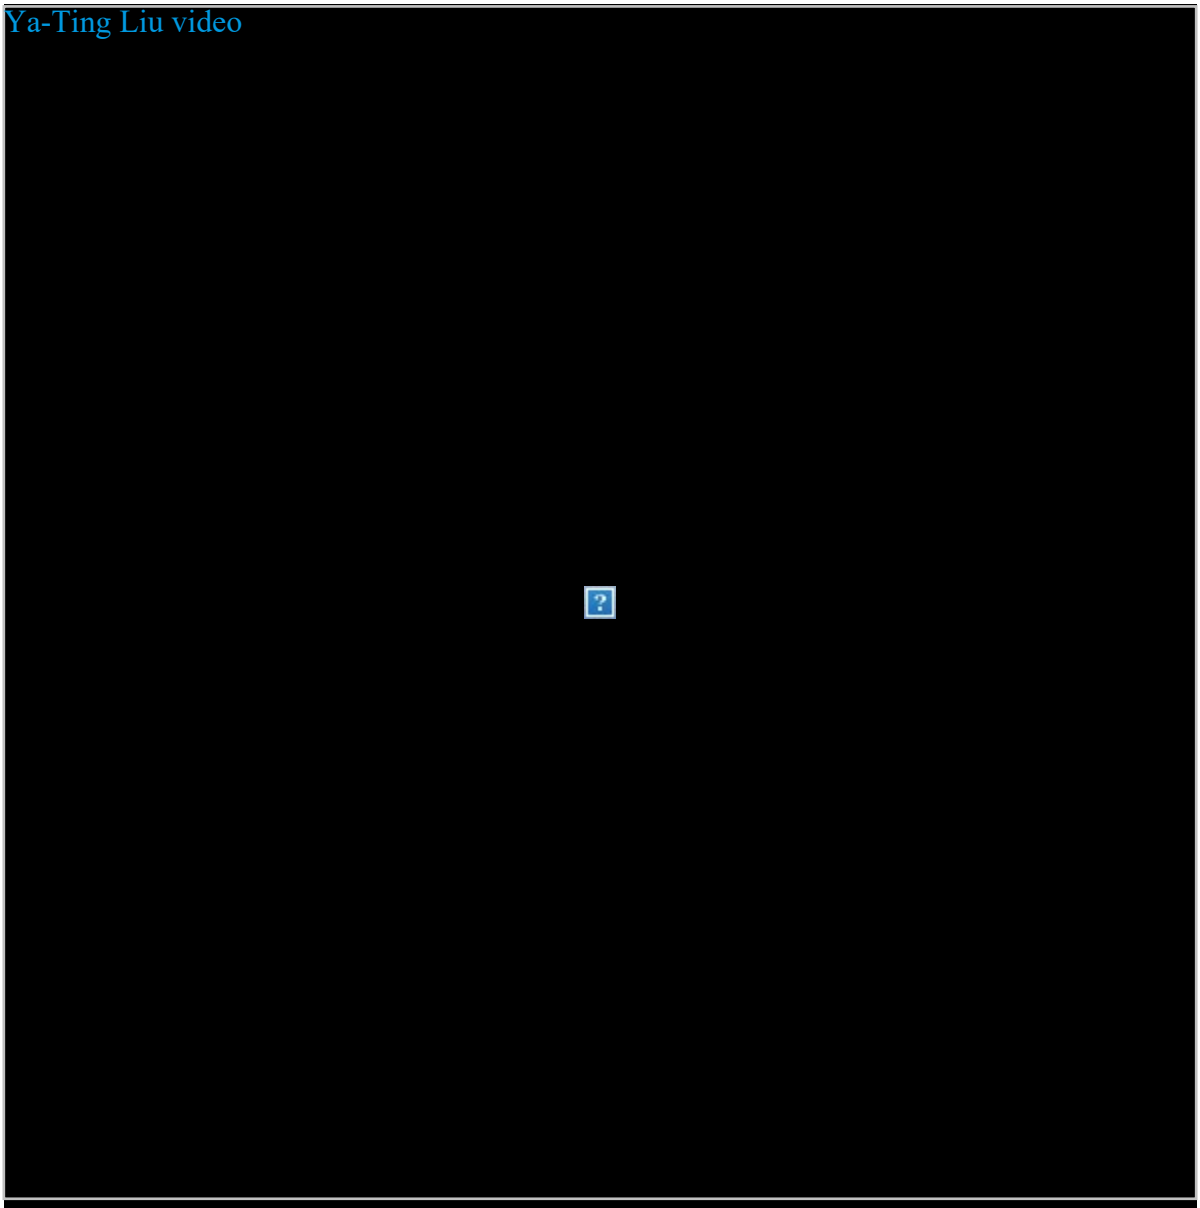
From Public Transit to Traffic: A Glimpse at Post-Pandemic Transportation

Dear friends,

As we grapple with the ongoing changes and shifts that the COVID crisis has brought to all of our communities, we continue to be in awe of the creativity and power of this community. Today's roundup of videos from our "On The Front Lines Of Change" series features three incredible leaders who share models for ways that local governments

can innovate and transform further, faster, and with humans at the center—because of, not in spite of, the COVID crisis.



Ya-Ting Liu, Head of Policy and Government Affairs for Via, discusses the role of on-demand technology for public transit infrastructure during and post-COVID.

Watch now

Roberta Cocco video

Roberta Cocco, Deputy Mayor for Digital Transformation and Services to Citizens of Milan, shares how she has approached Milan's digital transformation, and how that approach has shifted during the COVID crisis.

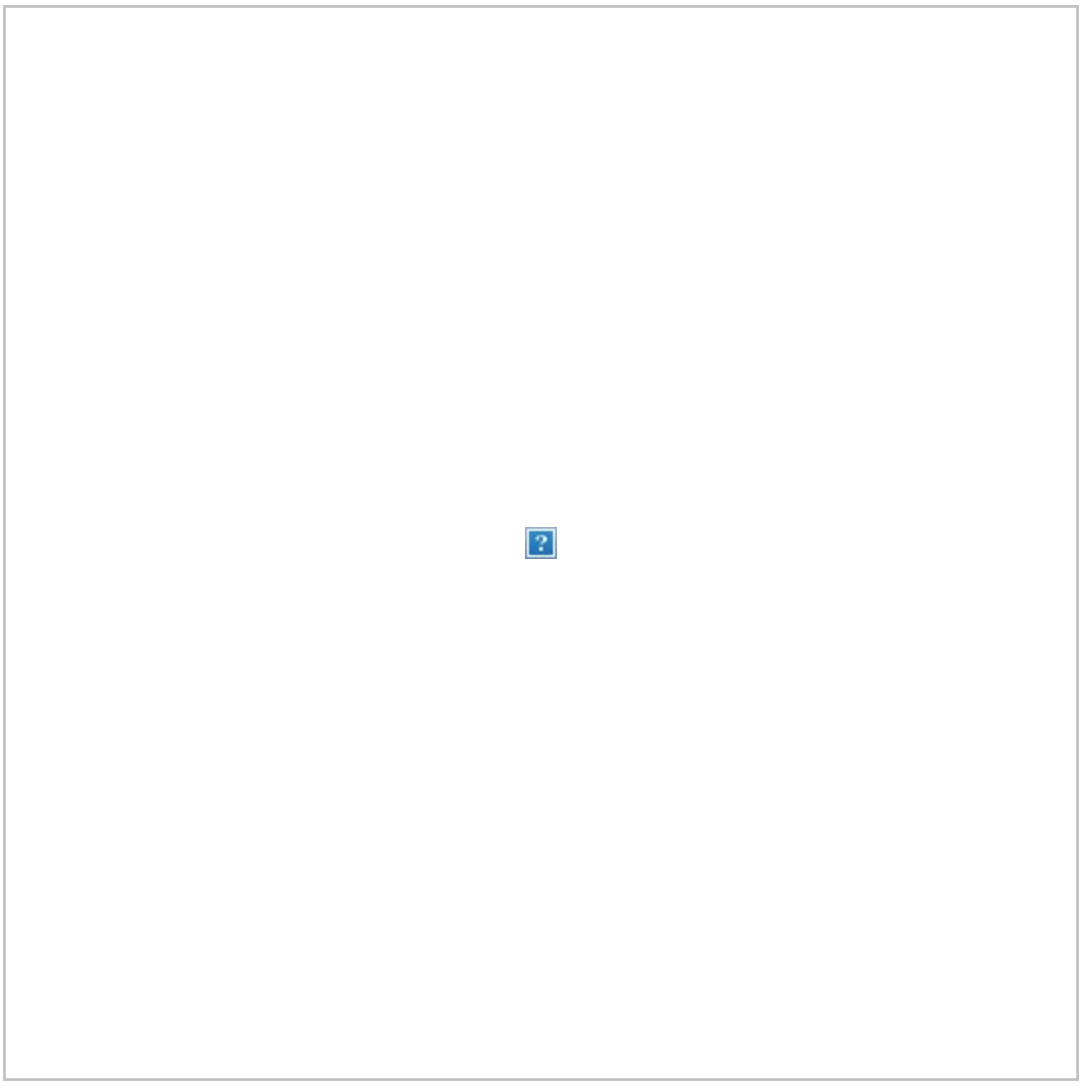
Watch now

Steve Goldsmith video

Professor Steve Goldsmith, Professor of Urban Policy & Director of the Innovations in American Government Program at the Kennedy School of Government, Harvard University, shares three frameworks for evaluating how local governments are innovating in response to COVID-19.

Watch now

In other news, I'm honored to announce that I will be moderating the keynote panel at this week's **Georgia Smart 2020 Virtual Announcement**.



This incredible panel of smart cities luminaries will feature:

Ángel Cabrera
President
Georgia Tech

Geoff Duncan
Lieutenant Governor
State of Georgia

Wendell Dallas
Vice President, Sales & Marketing
Georgia Powe

Doug Hooker
Executive Director
Atlanta Regional Commissio

Maria Thacker Goethe
President and CEO, Georgia Bio
and CEO, Center for Global Health Innovation

I hope you'll join me. More information about the event here.

Stay tuned and join us on Linkedin and Facebook to stay up to date with videos and news from this community.

Yours,
Aarti

From Public Transit to Traffic: A Glimpse at Post-Pandemic Transportation

Dear Friends,

We could not be more honored to share with you the most recent installments of “On The Front Lines Of Change.” Today’s roundup features a diverse cohort of extraordinary leaders, united in their commitment to navigating unprecedented change with vision, passion, and optimism.

From reinventing local economies through venture capital, to leading government responses through health, economic, and social crises, these leaders embody the ethos of Redefining Smart.

Este Geraghty, Chief Medical Officer for Esri, shares how geospatial information and data has been critical in shaping governments' COVID-19 response all over the world:

Este Geraghty video

Kim LaGrue, Chief Information Officer of the City of New Orleans, explains how connectivity is intertwined with resilience and equity:

Kim LaGrue video

Carmen Palafox of MiLA Capital discusses venture capital during COVID-19 and how investing in start-ups can help transform cities:

Carmen Palafox video

Faye DiMassimo, Senior Advisor to the Mayor of Nashville, shares crucial policy, implementation, and communications frameworks for resiliency during and after crises:

Faye DiMassimo video

Cordell Carter, Executive Director of the Aspen Institute Socrates Program, discusses a positive paradigm shift in attitudes toward government, and leveraging emerging technologies for the greater good:

Cordell Carter video

Hi Christopher,

I forgot to follow up on this- bandwidth limiting has been opened to all Mesh++ accounts. It's in the advanced Captive Portals menu. If you'd like, I can send you an example resource bundle and you can test a basic splash page using one of our radius servers. Otherwise you can link any radius server into a captive portal in the Captive Portals menu.

One of the outstanding issues I need to understand your roadmap on is the antenna configuration.

Currently, the mesh nodes are dependent on SMA connectors and rubber duck style antennas.

My assessment is that an SMA bulkhead connector is not a duty-rated RF interface nor can we depend on the rubber duck antennas remaining vertical in regular inclement weather. Are you going to transition to an N-type connector or perhaps even a molded-in antenna for the trial deployment? We have existing devices in service with the same type of antenna that constantly require replacement due to breakage.

Furthermore, it seems like the status of per-user rate limiting is still in development. Can you please provide an update on when you expect rate-limiting to be available? We can't have one user cannibalizing all the bandwidth on a node--while assuring that we meet the minimum 25/3 FCC standard for broadband access per census tract. We're going to have challenges qualifying for federal funding if we can't prove served areas per the FCC's benchmark.

Just brainstorming...Can you implement per-user rate limiting functionality and QoS markup through the web dashboard like Mikrotik?

Thank you for listening, I was building my own access points 25 years ago and appreciate where you are in your deployment. I'm happy to share knowledge to help you move forward.

Best regards,
Christopher Wolff

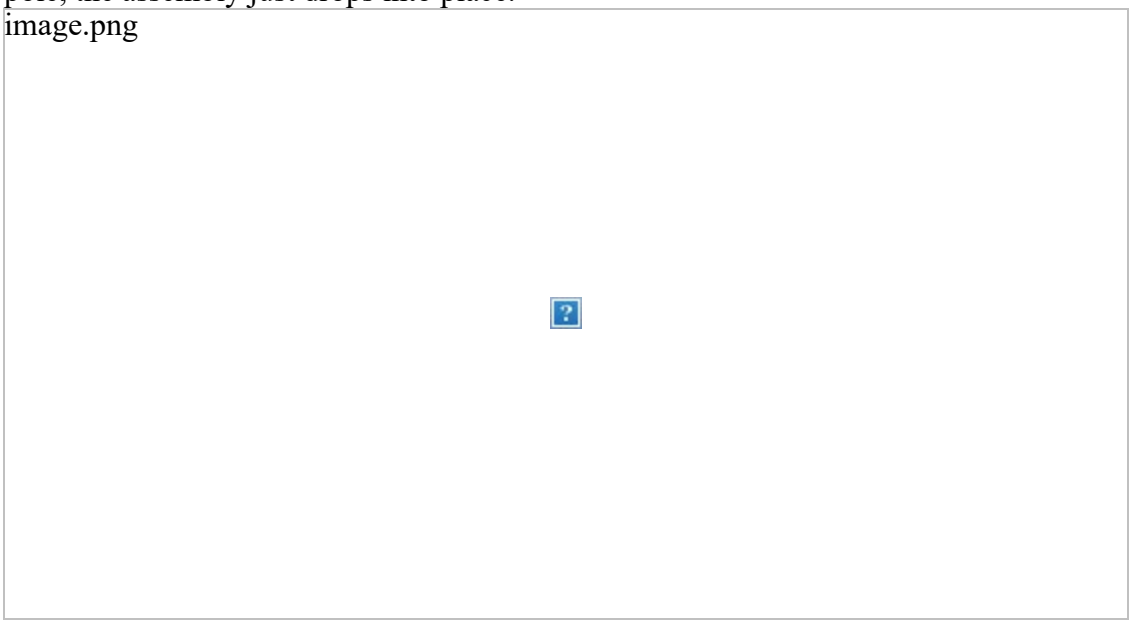
Hi All,

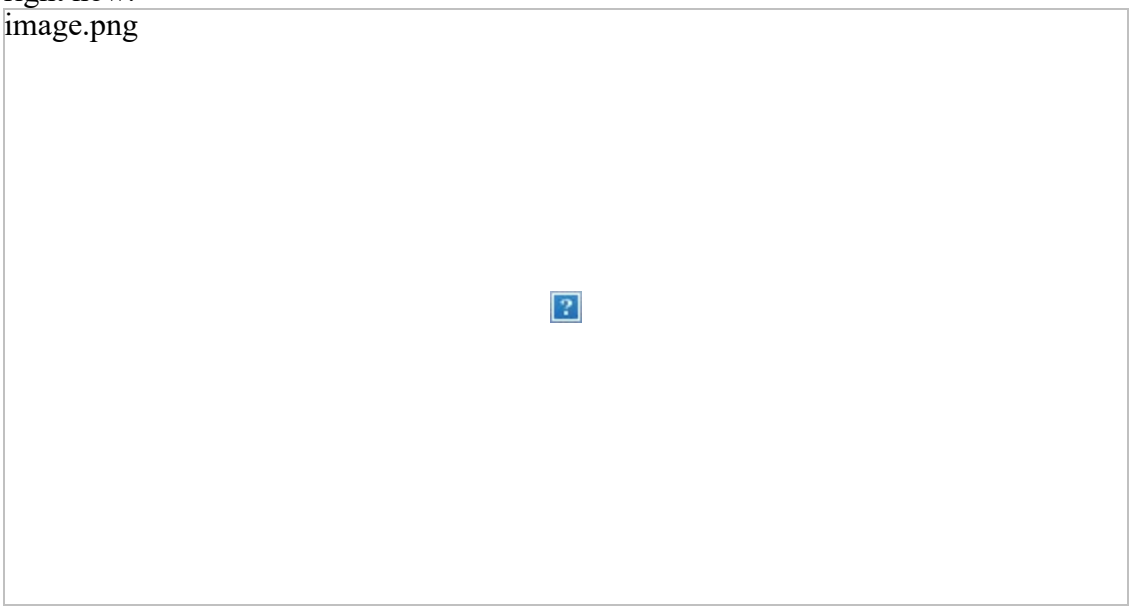
Thanks for your time on our call today. An S428-40 pole-mounting kit has been mailed to Josh with UPS 1Z604R960308929972,expected delivery on Wednesday. An instruction page is attached. Following is a render of the kit- it takes around 20 minutes to install with one person and three hose clamps. After the small piece on the right is clamped to the pole, the assembly just drops into place.

image.png



In the future, if roof-mounting is more convenient, we can help supply our non-penetrating sloping roof mounts as below. Unfortunately we do not currently have any more in stock right now.

image.png



Let me know if you have any questions. Thanks,
Danny

In Conversation: Michael Berkowitz

In Conversation: Michael Berkowitz

The police killings of George Floyd, Breonna Taylor, and Rayshard Brooks have sparked outrage around the world. Thousands have protested in every U.S. state, and more than 60 countries in support of the Black Lives Matter movement against police violence. Demonstrators are demanding policy changes related to police misconduct, excessive force, and racial bias. And as part of the global movement, activists have also turned their attention toward the technology tools that police use to fight crime.

As cities become smarter, what are the consequences for policing?

More cameras, sensors, and data mean more surveillance of our communities. License plate readers pinpoint thousands of plates per second; predictive policing software estimates where future crimes could happen; and facial recognition technology can identify a single person in a crowd.

Policing Without the Police

Law enforcement agencies say these technologies streamline and enhance police work to help keep us safe. But social justice activists, citizens, computer scientists, and even companies that develop surveillance tech worry about invasion of privacy and wrongful arrests.

Ruha Benjamin, associate professor of African American studies at Princeton University and author of "Race After Technology: Abolitionist Tools for the New Jim Code," says with technology, law enforcement agencies can "police without the police." She warns that calls to defund police departments could lead to more surveillance through the use of technology.

George,

Thank you, I would also like David and Michael cc'd to participate in the call today. Do you have a bridge we should dial into or I can send out a WebEx invite if you would like?

Thank you,
Stephanie Doiron

Subject: Mayor Cantrell - Immediately Wi-Fi to the most vulnerable pilot - please respond

Sonia,

Great to meet you via email.

I was given your contact info by Mayor Cantrell's team (copied). We are quickly deploying a temporary Wi-Fi program and need your support. Sonia, can we jump on a quick call today at 1pm central so I can give you a full update.

Project objective:
To provide temporary summer/fall Wi-Fi access and relief caused by COVID-19 to target families in the 3rd ward. Specifically, due to the shelter-in-place orders and transition, several of our underserved families are struggling without Wi-Fi. The unfortunate part is, the most vulnerable families are taking the largest hit from the COVID-19 outbreak.

Solution: Solar powered Wi-Fi devices (Mesh ++) and support from AT&T (hopefully):

We will supply (at no cost) 10 outdoor solar-powered Wi-Fi devices that can extend a single (or multiple) backhaul connections over a large area. This solution requires NO trenching, No electricity, just solar power and cell (or existing) service.

Support info: (see attached technical documents)
Each device (node) can cover 7 -10 homes, depending on actual usage, and can be installed to a pole in 20 minutes. IGNITE and team are donating these devices to the city to for 5 months to support e-learning, access to city services (alerts) and work-from-home requirements during the shelter-in-place order.

These devices automatically form a mesh network with each other providing Wi-Fi similar to an automatic broadband infrastructure. Our hardware supplier will support the deployment requirements and management.

I have attached the technical device documentation for your review. Please confirm if 1pm will work for a call. I look forward to next steps.

Stay safe and well.

EMAIL FROM EXTERNAL SENDER: DO NOT click links, or open attachments, if sender is unknown, or the message seems suspicious in any way. DO NOT provide your user ID or password.

Hi Chris,

Please see my responses below:

1. What information is collected from public users?
>> We store only the MAC address. Custom fields requested in the captive portal are stored in a RADIUS server that we prefer the customer/city to set up at scale. We do not collect or use any data pertaining to internet usage, including deep packet inspection.

2. How is public information protected?
>> Historical database snapshots are stored in an encrypted archival server. Note that this also implies that we collect the period of time within which users are connected. Current data gets communicated in the following way:
Mesh++ Node <--> telemetry server <--> active database <--> Back-end <--> Front-end
Mesh++ Node <--> RADIUS server

All of this uses encrypted communications (ssl/tls). We use MQTT v5 for telemetry, of which we actively contribute to. Our main database is professionally/externally-managed PostgreSQL database. In a production network we disable SSH, enable AP isolation, and only allow communication to our units through MQTT v5. We prefer that customers manage their own RADIUS server which would store all data related to the captive portal, including data usage.

MAC addresses, the only personal information we store, are only used for client calculation and is not exposed to the front end.

3. How is public information used by Mesh++?
>> To calculate the number of users shown on the dashboard, and reporting on custom RADIUS fields where applicable.

4. What are the terms of use for the Mesh++ portal and management service?
>> I will get back to you on that, thank you for bringing its absence to my attention!

I can arrange a call with a member of our team that can go into more detail if necessary.
Thanks,
Danny

> My assessment is that an SMA bulkhead connector is not a duty-rated RF interface nor can we depend on the rubber duck antennas remaining vertical in regular inclement weather. Are you going to transition to an N-type connector or perhaps even a molded-in antenna for the trial deployment? We have existing devices in service with the same type of antenna that constantly require replacement due to breakage.
>
> Furthermore, it seems like the status of per-user rate limiting is still in development. Can you please provide an update on when you expect rate-limiting to be available? We can't have one user cannibalizing all the bandwidth on a node--while assuring that we meet the minimum 25/3 FCC standard for broadband access per census tract. We're going to have challenges qualifying for federal funding if we can't prove served areas per the FCC's benchmark.

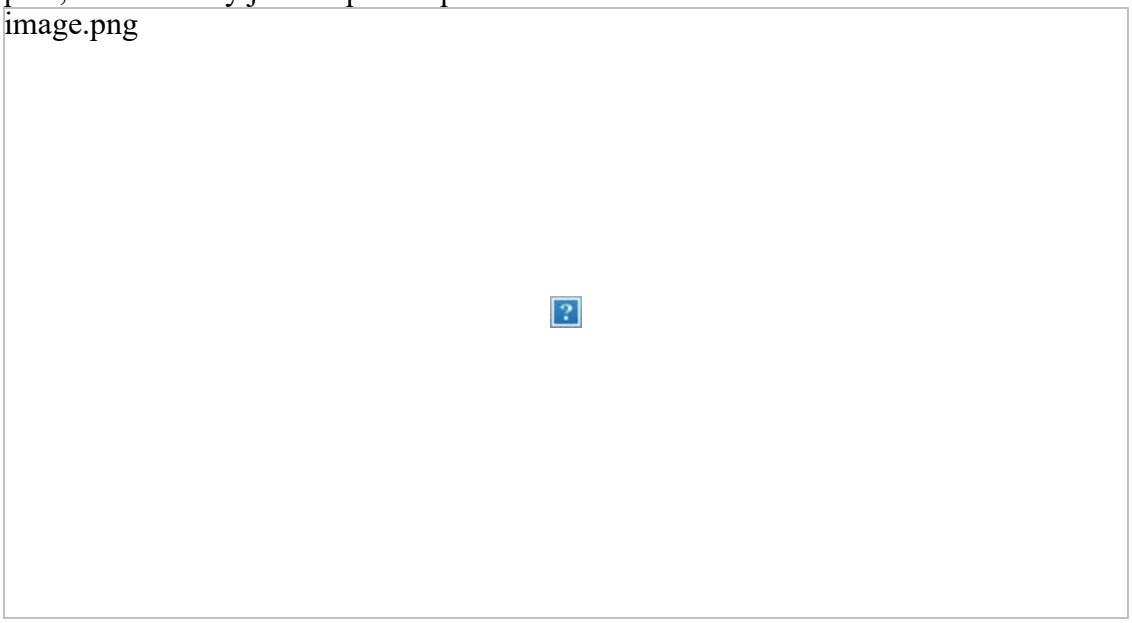
Hi All,

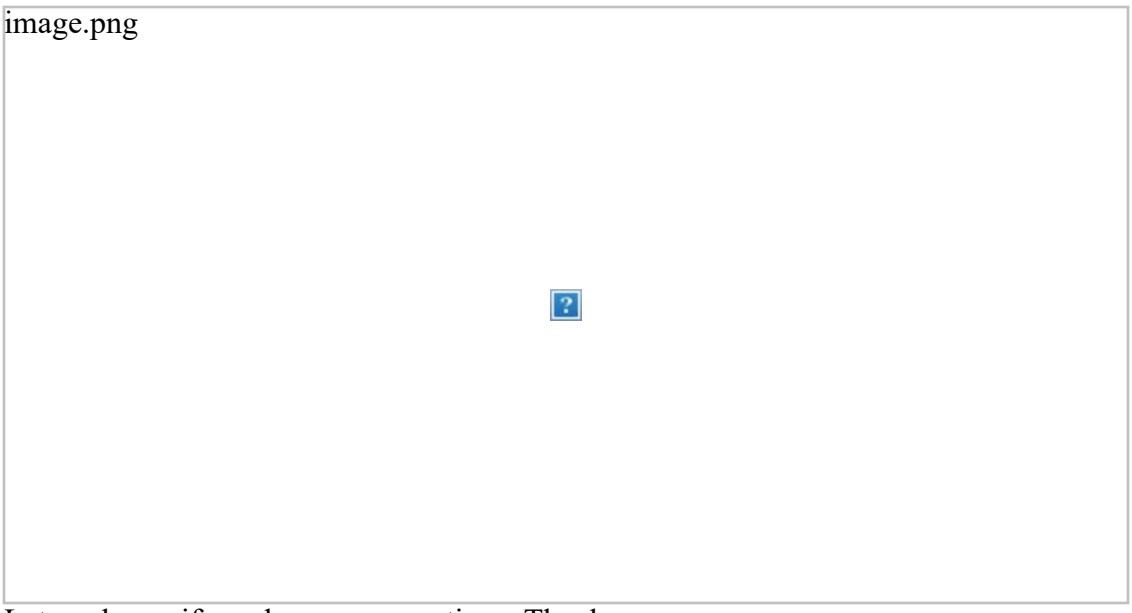
Thanks for your time on our call today. An S428-40 pole-mounting kit has been mailed to Josh with UPS 1Z604R960308929972,expected delivery on Wednesday. An instruction page is attached. Following is a render of the kit- it takes around 20 minutes to install with one person and three hose clamps. After the small piece on the right is clamped to the pole, the assembly just drops into place.

image.png



In the future, if roof-mounting is more convenient, we can help supply our non-penetrating sloping roof mounts as below. Unfortunately we do not currently have any more in stock right now.

image.png



Let me know if you have any questions. Thanks,
Danny

Hey George -

Thanks for this email. I'm including Jonathan and Chris from IT, who will be critical from a planning standpoint to pulling this off. When works for a call on your end Jonathan and Chris?

Jonathan can also speak to the relationship with Crown Castle.

Looking forward to chatting,

Josh

Josh,

Excited to hear the city wants to move quickly on the solar Wi-Fi project to support our most vulnerable during COVID-19.

Please send me a date/time for this Thursdays planning call. Also, send me the city's crown castle representatives contact information. I would really like to get them involved, thanks.

Stay safe and well,

Hi Danny,

Thanks for the response. Upon perusing the website I had a few other questions come to mind in light of COPPA:

1. What information is collected from public users?
2. How is public information protected?
3. How is public information used by Mesh++?
4. What are the terms of use for the Mesh++ portal and management service?

I noticed that you have a privacy policy and terms of use statement on your website but couldn't locate one for the actual service.

Thanks,
Christopher

Hi Chris,
We are only able to donate units with the RP-SMA connector that we have in stock now, though we're happy to customize the connector in an order.
Since our devices are flat and mostly horizontal, mounted high in the area we're able to get better connectivity to users with antennas upside-down, where they don't have the same issues staying vertical (especially with such long antennas). I've attached what that looks like, here part of a community wireless network in Chicago.
For those who want the look of having antennas pointed towards the sky we have plastic locking mechanisms that fit around the antenna to lock it into an orientation.
Bandwidth limiting has been in beta and seems to be stable, I will have our team enable the

option for you and follow up.
Thanks,

Danny

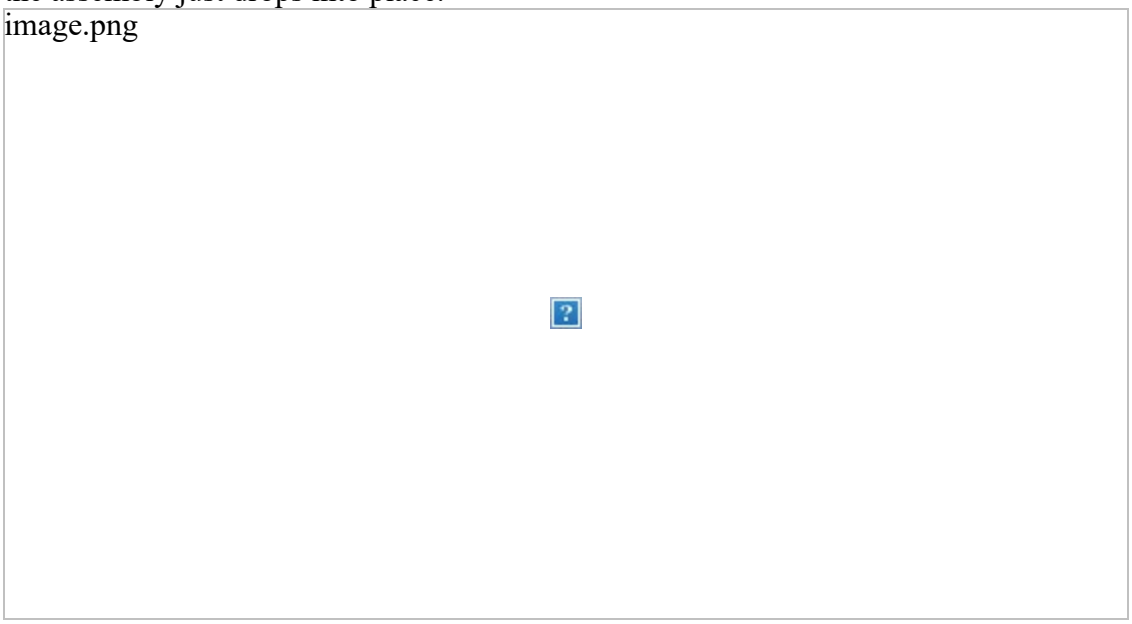
Hi All,

Thanks for your time on our call today. An S428-40 pole-mounting kit has been mailed to Josh with UPS 1Z604R960308929972,expected delivery on Wednesday. An instruction page is attached. Following is a render of the kit- it takes around 20 minutes to install with one person and three hose clamps. After the small piece on the right is clamped to the pole, the assembly just drops into place.

image.png



In the future, if roof-mounting is more convenient, we can help supply our non-penetrating sloping roof mounts as below. Unfortunately we do not currently have any more in stock right now.

image.png

Let me know if you have any questions. Thanks,
Danny

Hey George -

Thanks for this email. I'm including Jonathan and Chris from IT, who will be critical from a planning standpoint to pulling this off. When works for a call on your end Jonathan and Chris?

Jonathan can also speak to the relationship with Crown Castle.

Looking forward to chatting,

Josh

Josh,

Excited to hear the city wants to move quickly on the solar Wi-Fi project to support our most vulnerable during COVID-19.

Please send me a date/time for this Thursdays planning call. Also, send me the city's crown castle representatives contact information. I would really like to get them involved, thanks.

Stay safe and well,

In Conversation: Michael Berkowitz

In Conversation: Michael Berkowitz

From 100 Resilient Cities (100RC) to Resilient Cities Catalyst (RCC), Michael Berkowitz has set the bar for expanding resiliency beyond climate change to include preparedness and responsiveness to shocks such as cyberattacks, terrorist attacks, earthquakes, and more.

More recently, he briefly returned to New York City Emergency Management (NYCEM) to assist with the COVID-19 crisis, which has significantly impacted the city's public health and economy and has exacerbated existing inequities. Berkowitz helped establish and

run an emergency food delivery program that provides meals to New Yorkers facing food insecurity due to the pandemic. At the program's peak, NYCEM delivered one million meals every day. The program is still ongoing, but Berkowitz has now returned to Resilient Cities Catalyst.

In an interview with Smart City Expo Atlanta, he discussed how cities can be more resilient and inclusive of all residents. Read our conversation on our blog.

Good morning Danny!

Thanks for sending over the render and the bracket.

One of the outstanding issues I need to understand your roadmap on is the antenna configuration.

Currently, the mesh nodes are dependent on SMA connectors and rubber duck style antennas.

My assessment is that an SMA bulkhead connector is not a duty-rated RF interface nor can we depend on the rubber duck antennas remaining vertical in regular inclement weather. Are you going to transition to an N-type connector or perhaps even a molded-in antenna for the trial deployment? We have existing devices in service with the same type of antenna that constantly require replacement due to breakage.

Furthermore, it seems like the status of per-user rate limiting is still in development. Can you please provide an update on when you expect rate-limiting to be available? We can't have one user cannibalizing all the bandwidth on a node--while assuring that we meet the minimum 25/3 FCC standard for broadband access per census tract. We're going to have challenges qualifying for federal funding if we can't prove served areas per the FCC's benchmark.

Just brainstorming...Can you implement per-user rate limiting functionality and QoS markup through the web dashboard like Mikrotik?

Thank you for listening, I was building my own access points 25 years ago and appreciate where you are in your deployment. I'm happy to share knowledge to help you move forward.

Best regards,
Christopher Wolff

Hey George -

Thanks for this email. I'm including Jonathan and Chris from IT, who will be critical from a planning standpoint to pulling this off. When works for a call on your end Jonathan and Chris?

Jonathan can also speak to the relationship with Crown Castle.

Looking forward to chatting,

Josh

Josh,

Excited to hear the city wants to move quickly on the solar Wi-Fi project to support our most vulnerable during COVID-19.

Please send me a date/time for this Thursdays planning call. Also, send me the city's crown castle representatives contact information. I would really like to get them involved, thanks.

Stay safe and well,

Subject: Re: EXTERNAL EMAIL: RE: EXTERNAL EMAIL: RE: [Non-DoD Source] REQUEST: 2020 Census

Good morning again, sir. It was a pleasure speaking with you.

The deadline to respond to the 2020 Census was moved to October 31, due to COVID-19. Hopefully this will offer Orleans Parish residents the opportunity to increase our present response rate of only 53.2%. While this is an improvement over the 2010 response rate, we are still behind both the state (55.8%) and national (61.6%) numbers.

That is where you come in. Our team is working most immediately to reach concentrated areas of people. School systems, large employers, sizable housing developments and military installations with the capacity to connect with their audience.

We are sharing just a handful of points.

- Everyone can participate.
- It takes less than 10 minutes.
- The information remains private.
- Census numbers direct federal dollars, not need.

Attached are a few graphics for your use. Please feel free to reach out if I can be of any assistance. Thank you for your consideration.

Good evening, Master Sergeant. Hopefully this correspondence finds you well and at least 6 feet from the nearest person.

I serve in the Mayor's Office and am working the 2020 Census outreach and response in New Orleans. With those, I am requesting your assistance and that of the

commanding officer and unit leaders of the Marine Corps Support Facility New Orleans. Is it possible to include the link for the 2020 Census in your upcoming facility wide communications (digital and print)? I can provide the logo, any needed graphics and the websites.

Copied on this email is Arthur Walton, the Director of Intergovernmental Relations for the Mayor's Office. Thank you for your consideration of this request. I look forward to hearing from you. Have a productive week. And be well.

Hey George -

Thanks for this email. I'm including Jonathan and Chris from IT, who will be critical from a planning standpoint to pulling this off. When works for a call on your end Jonathan and Chris?

Jonathan can also speak to the relationship with Crown Castle.

Looking forward to chatting,

Josh

From Public Transit to Traffic: A Glimpse at Post-Pandemic Transportation

Dear Friends,

As we continue to face a future filled with uncertainty, and yet so much possibility, the voices of leaders working passionately to make our cities “smart” are lifting us up, inspiring us, and instilling hope for what comes next.

We kicked off this week's installment of ***On the Front Lines of Change***, with the Mayors of Helsinki and New Orleans and ended it with, appropriately, on Juneteenth, with the President & CEO of Usher's New Look.

(Please read the actor, musician, and entrepreneur's important op-ed on making Juneteenth a national holiday.)

Mayor **Jan Vapaavuori** of Helsinki issued a call for global collaboration and coordination:

Jan Vapaavuori video

CONVERSATION STARTER

Conversation Starter: What forms of collaboration do we need for an equitable, sustainable, resilient future?

Mayor **LaToya Cantrell** of New Orleans shared how disparity gaps in digital access affect New Orleans residents before and after COVID-19:

LaToya Cantrell video

FOOD FOR THOUGHT

What barriers to universal connectivity exist in your community?

Careshia Moore, President & CEO of Usher's New Look, highlights the challenges and opportunities COVID-19 presents for education, particularly disconnected learners:

Careshia Moore video

DISCOVERY QUESTION

What does culturally-competent education look like for the learners in your life and community?

To donate to Usher's New Look and help futureproof the lives of under-resourced youth, visit ushersnewlook.org.

Together, these leaders highlight the ethos of "redefining smart": when we center equity and community, we can build a smarter world.

Stay tuned for more from this series next week, and join us on Linkedin and Facebook to stay up to date with videos and news from this community.

Yours,
Aarti

Hi Josh,

The two units were delivered a few minutes ago. The solar-powered unit will need to be charged in the sun before turning on - regulations prohibit shipping fully-charged li-ion batteries. The smaller, battery-powered will need to be activated from its dormant shipping state by plugging it into the included power adapter- the LEDs should then appear and blink. If they're solid, that means the device is "off".

After plugging the node into a working LAN, they will appear as "online" on dashboard.meshplusplus.com. You should have received an invitation and I can send any other invites necessary. The nodes are already set up for basic connectivity. You can modify the SSID/password/channel/etc. here. The nodes can be turned on and off via the "Mesh++" app on the Play Store and App Store. They work via bluetooth, and the battery-powered F865 unit will require a close connection at the bottom.

Give me a call at (847) 494-6325 if you have any trouble- not sure what initial features you're planning on testing.
Danny

George -

Hope you're doing well. We are excited about getting to test the solar wifi option in New Orleans. We would be looking to pilot in an area that lacks wifi

access, but has a high enough density population to offer meaningful impact. We are considering a pilot in public housing developments in:

Lower-9

Desire/Florida

Gentilly

Westbank

NOEast

The best address to send a unit or two to is my house:

Joshua Cox

Team NOLA:

Thank you very much for taking the time to speak today about some ideas to assist the Mayor regarding COVID response and ways to generate revenue.

As such, attached please find the recap from today's call which includes action items – Josh, when you're able please send us the appropriate address to mail the device.

Finally, George will submit a separate email concerning the kiosk and if necessary, any other information regarding the solar-powered WiFi.

Thanks and take care!

EMAIL FROM EXTERNAL SENDER: DO NOT click links, or open attachments, if sender is unknown, or the message seems suspicious in any way. DO NOT provide your user ID or passsword.

Hi Josh,

The two units were delivered a few minutes ago. The solar-powered unit will need to be charged in the sun before turning on - regulations prohibit shipping fully-charged li-ion batteries. The smaller, battery-powered will need to be activated from its dormant shipping

state by plugging it into the included power adapter- the LEDs should then appear and blink. If they're solid, that means the device is "off".

After plugging the node into a working LAN, they will appear as "online" on dashboard.meshplusplus.com. You should have received an invitation and I can send any other invites necessary. The nodes are already set up for basic connectivity. You can modify the SSID/password/channel/etc. here. The nodes can be turned on and off via the "Mesh++" app on the Play Store and App Store. They work via bluetooth, and the battery-powered F865 unit will require a close connection at the bottom.

Give me a call at (847) 494-6325 if you have any trouble- not sure what initial features you're planning on testing.
Danny

Hope you're doing well. We are excited about getting to test the solar wifi option in New Orleans. We would be looking to pilot in an area that lacks wifi access, but has a high enough density population to offer meaningful impact. We are considering a pilot in public housing developments in:

Lower-9
Desire/Florida
Gentilly
Westbank
NOEast

The best address to send a unit or two to is my house:

Joshua Cox
[redacted]

Talk soon,

Josh

Hi Josh,

The two units were delivered a few minutes ago. The solar-powered unit will need to be charged in the sun before turning on - regulations prohibit shipping fully-charged li-ion batteries. The smaller, battery-powered will need to be activated from its dormant shipping state by plugging it into the included power adapter- the LEDs should then appear and blink. If they're solid, that means the device is "off".

After plugging the node into a working LAN, they will appear as "online" on dashboard.meshplusplus.com. You should have received an invitation and I can send any other invites necessary. The nodes are already set up for basic connectivity. You can modify the SSID/password/channel/etc. here. The nodes can be turned on and off via the "Mesh++" app on the Play Store and App Store. They work via bluetooth, and the battery-powered F865 unit will require a close connection at the bottom.

Give me a call at (847) 494-6325 if you have any trouble- not sure what initial features you're planning on testing.
Danny

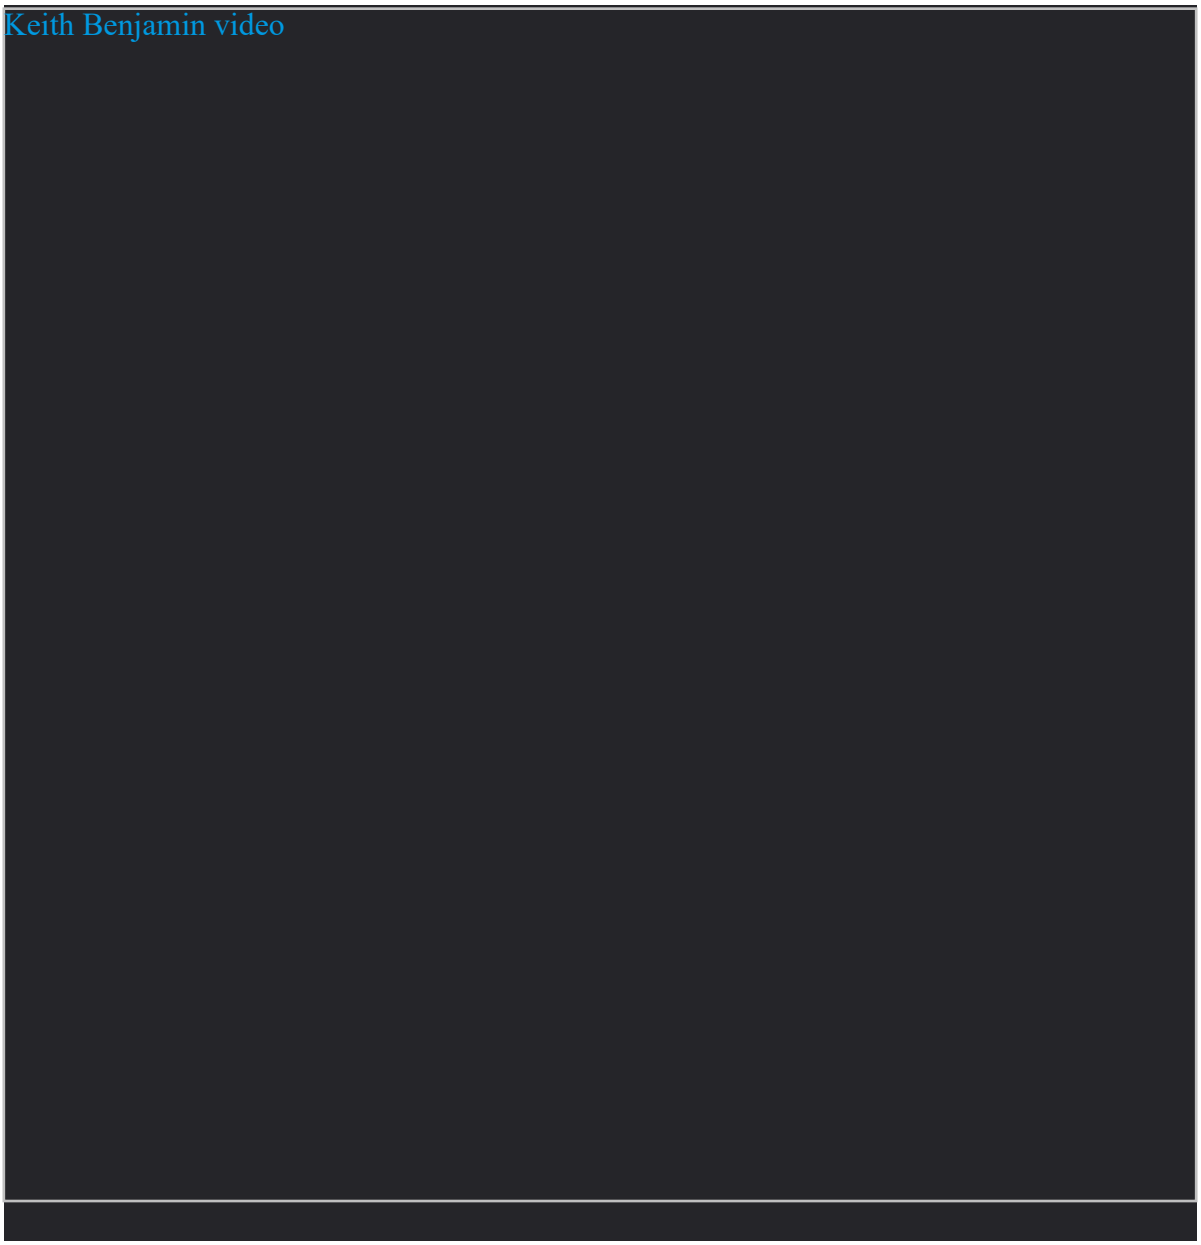
From Public Transit to Traffic: A Glimpse at Post-Pandemic Transportation

Dear Friends,

Thank you so much for your incredible support for “On The Front Lines of Change.” We are so honored to have so many changemakers and innovators sharing their stories and ideas with us. If you missed our first video featuring Keith Benjamin, Head of Department of Traffic and Transportation

for the city of Charleston, SC, you can always catch up on our blog.

As we consider what equitable and just smart cities look and feel like, it is critical that we work to bridge our digital divide. In our latest installment of the series, it is an honor to introduce **Francella Ochillo**, Executive Director of Next Century Cities, who shares how her organization works to ensure that communities big and small have digital access. As she highlights in this video, lack of digital access is a longstanding and critical equity issue that, like so many inequalities, has been further exacerbated by COVID-19:



The work that Francella and her organization do to support communities large and small is vital to building the “smart” future we are all working towards. As we consider how to support this urgent work, Francella asks us to consider this question:

CONVERSATION STARTER

"Would you support a broadband subsidy that would allow families in need to use towards a broadband subscription or digital tools?"

— Francella Ochillo

We would love to hear your thoughts.

We're looking forward to sharing more videos of brilliant ideas, perspectives, and solutions in the coming weeks. Please make sure to subscribe to our YouTube channel to stay up to date, and as always, do not hesitate to reach out.

Art and Tara,

I wanted to bring you up to speed on our efforts to develop public wifi under the smart city umbrella. The attached public notice was developed to inform of the City's smart cities efforts and distributed today to the following entities:
CTIA
Crown Castle
5G Americas
NTIA
Fierce Wireless
NTCA
Wireless Innovation
Animal Farm
WISPA

We will also ask procurement to post this notice to inform other respondents or potential partners of our plan and needs. If you foresee any issues with our direct distribution of this information, I'm available to discuss.

George -

Hope you're doing well. We are excited about getting to test the solar wifi option in New Orleans. We would be looking to pilot in an area that lacks wifi access, but has a high enough

density population to offer meaningful impact. We are considering a pilot in public housing developments in:

Lower-9
Desire/Florida
Gentilly
Westbank
NOEast

The best address to send a unit or two to is my house:

Joshua Cox
[redacted]

Talk soon,

Josh

From Public Transit to Traffic: A Glimpse at Post-Pandemic Transportation

Dear Friends,

From the historic disparities exacerbated by COVID-19 to the rallying cry for justice and equity taking place across our cities, this extraordinary moment in time is amplifying the significant role each one of us must play in shaping a shared future of safety, prosperity, justice, and opportunity.

As such, today I am proud to announce the launch of "**On the Front Lines of Change**", a video series giving voice to the

extraordinary and transformative members of our global community who are playing their meaningful part in building inclusive, sustainable, and equitable cities.

We have been overwhelmed by the responses we have received from Mayors and CTOs, Chief Medical Officers, Chief Resilience Officers, VCs, innovators, grassroots organizers, professors, NGOs, and of course, leaders in the private sector. The videos, taken in a bedroom or a backyard, not only reflect a deep commitment to developing inclusive 21st century cities, but reinforce our collective responsibility, as stewards of equity, to redefine “smart” so that humanity, prosperity, equity, and justice, are at the center of building our cities.

We begin our series with a message that has developed an even deeper urgency during this historic moment. Though a call for equity is now ringing loudly through our streets and inside our halls of power, there are many leaders who have long endeavored to make equity, sustainability, and justice central to the building of cities and communities. Filmed before the events of the last few weeks, **Keith Benjamin**, Head of Department of Traffic and Transportation City of Charleston, SC, shares with us a vision of systems created for all. His call to action helps set the tone for this series devoted to spotlighting solutions for an equitable, prosperous, and resilient new normal.

Keith Benjamin video

We hope you'll take his question to heart: What do we need to work to create systems that work for the whole? We would love to hear your answers.

Join us in honoring our global heroes over the next few weeks and engage with them in building our shared future. We welcome the opportunity to amplify your voice so please reach out with any ideas, opportunities, and questions.

All the best,

Aarti

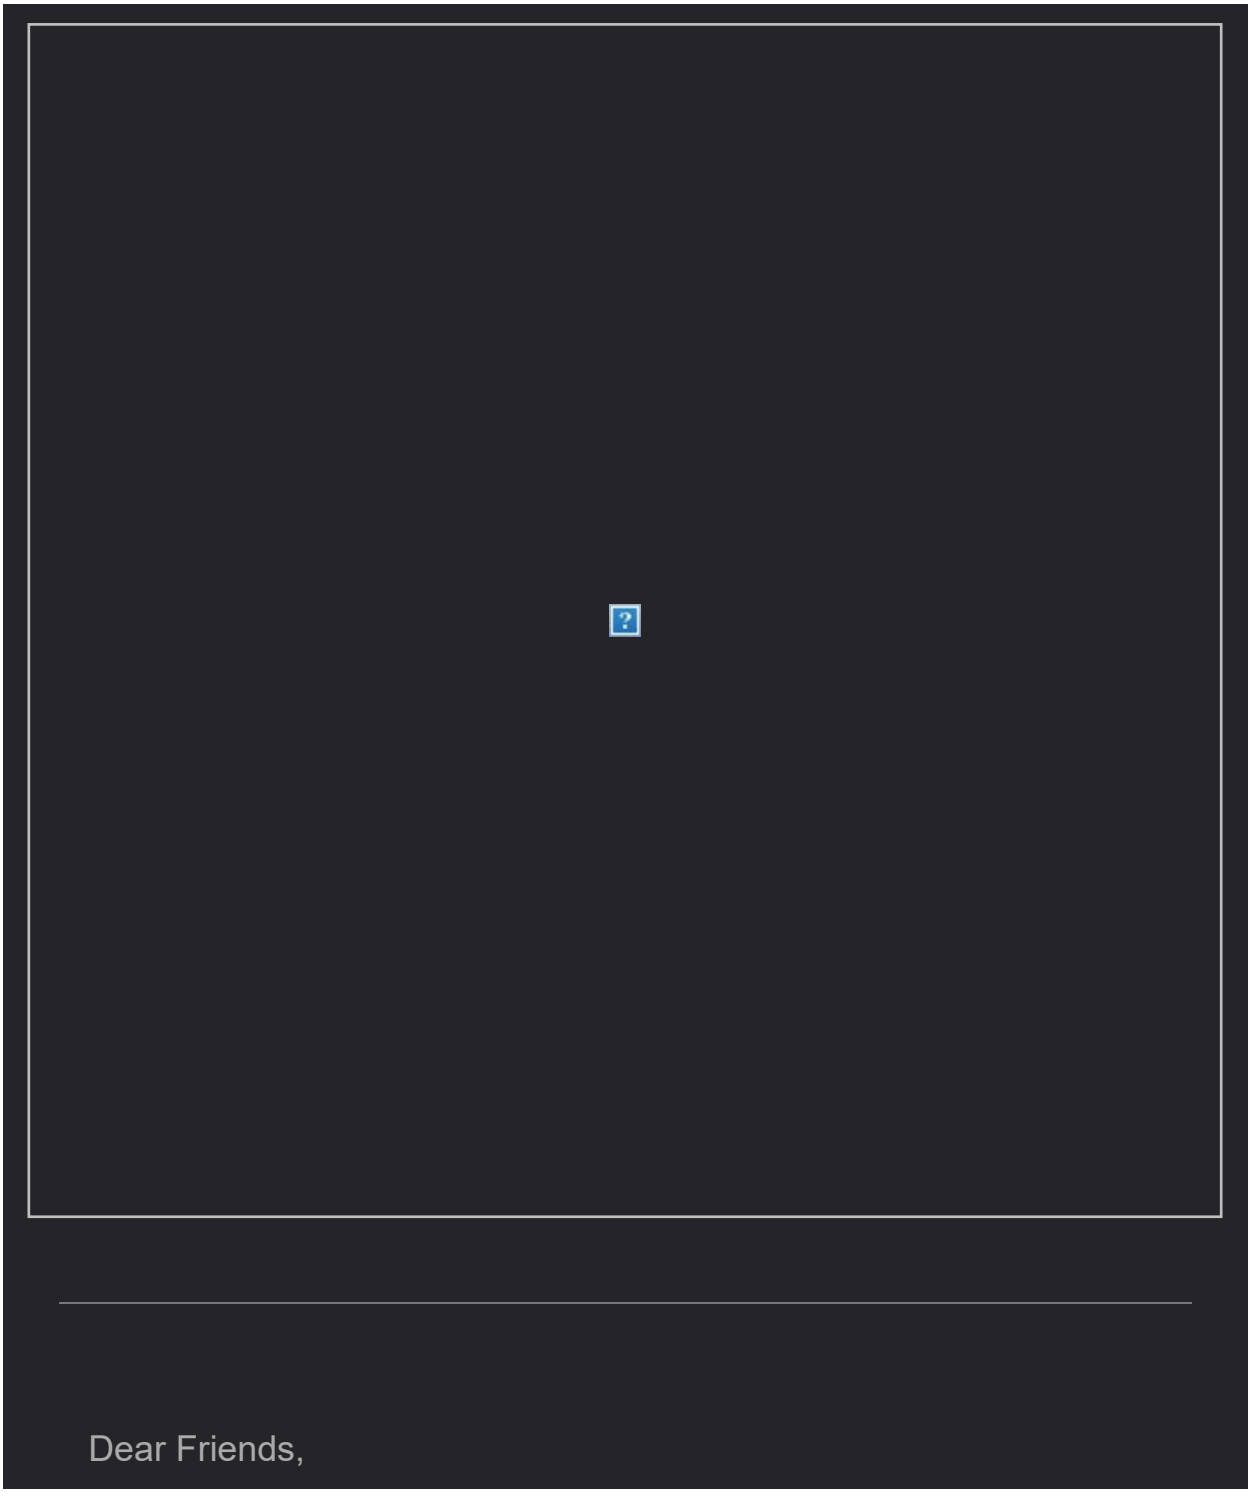
From: Smart City Expo Atlanta
To: Arthur C. Walton
Subject: EXTERNAL EMAIL: Black Lives Matter
Date: Wednesday, June 3, 2020 8:17:22 AM

EMAIL FROM EXTERNAL SENDER: DO NOT click links, or open attachments, if sender is unknown, or the message seems suspicious in any way. DO NOT provide your user ID or passsword.



Dear Friends,

The last few weeks have been heavy and dark. There are no words to describe the abhorrent injustices experienced in the deaths of Ahmaud Arbery, Breonna Taylor, George Floyd, and the countless other black men and women whose deaths and trauma have not been captured on film or made national news.

These injustices have reinforced my own personal commitment to not only loudly proclaim that black lives matter but to continue to boldly demonstrate it through our platform.

At our 2019 conference, Michael Smith, Executive Director of President Obama's My Brother's Keeper Alliance, led a discussion called **Smart Cities are Communities where Boys and Young Men of Color Can Thrive**.

Smart Cities are Communities where Boys and Young Men of Color Can Thrive

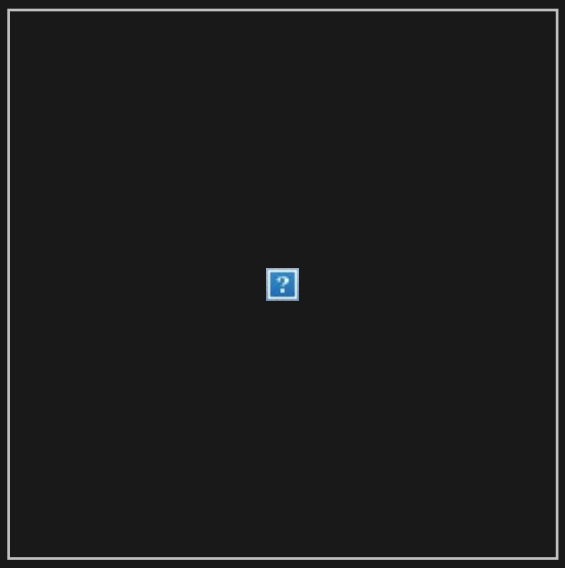
Another panel, **Innovating for Smart and Just Cities** featured corrections officers in dialogue with justice advocates. We had young students from the Harvard Diversity Project share their vision for a just future. T.I. and John Hope Bryant spoke of innovation, entrepreneurship, and building inclusive 21st century economies while beacons of hope, truth, and courage - Ambassador Andrew J. Young, Dr. Bernice A. King, and Mayor Keisha Lance Bottoms - discussed Atlanta's rich history of civil rights leadership and the importance of **Building Compassionate Cities**.

Building Compassionate Cities

We will continue to engage in this dialogue because, as many of you know, equity, inclusion, justice, and humanity have been central to my life's work as a lawyer, criminal justice advocate, smart cities leader, film producer, wife, and daughter-in-law.

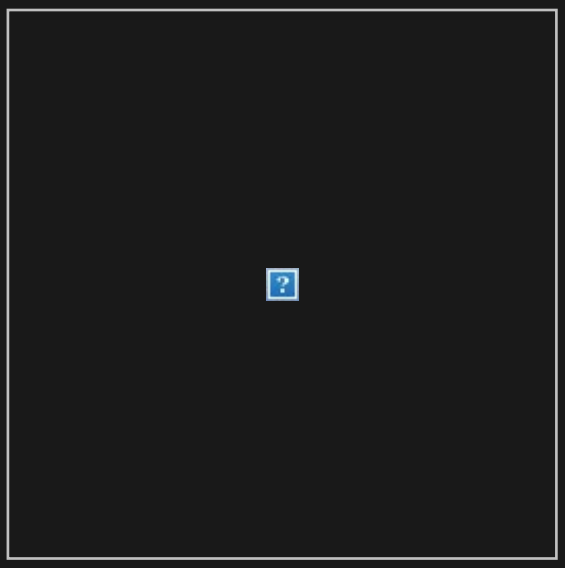
We can assure you that our upcoming **Redefining Smart** series will include experts on 21st century policing, smart justice, building an inclusive workforce of the future, enforcing ethical AI, bridging the digital divide, deploying smart technologies in underserved communities, and exploring how to truly design equitable cities if so few of the world’s architects are black.

We are listening and learning from stewards of equity and justice because we know that cities cannot be "smart" if there is hunger, homelessness, injustice, and poverty. We hope you will stay engaged and vocal and work with us on building a new social contract. If interested, we encourage you to donate to any of the organizations below:



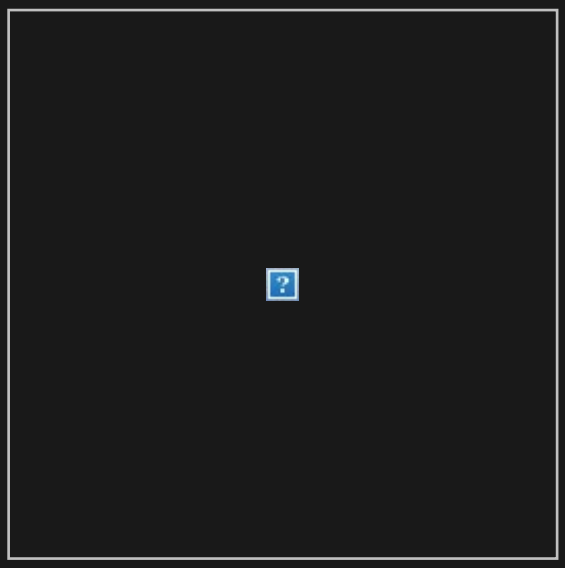
Equal Justice Initiative

Donate >

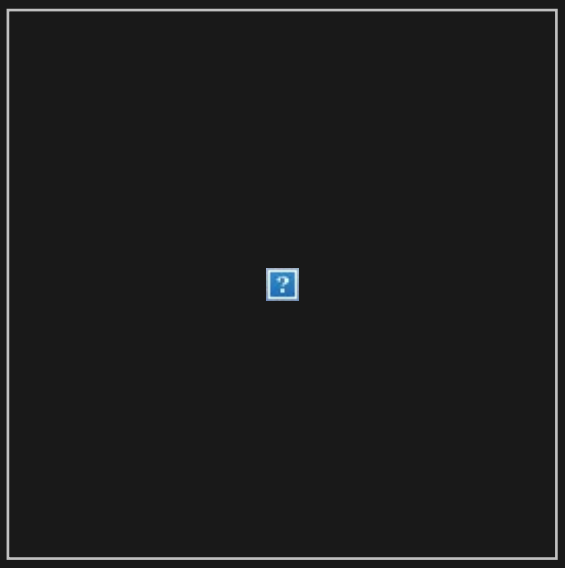


Center for Policing Equity

Donate >



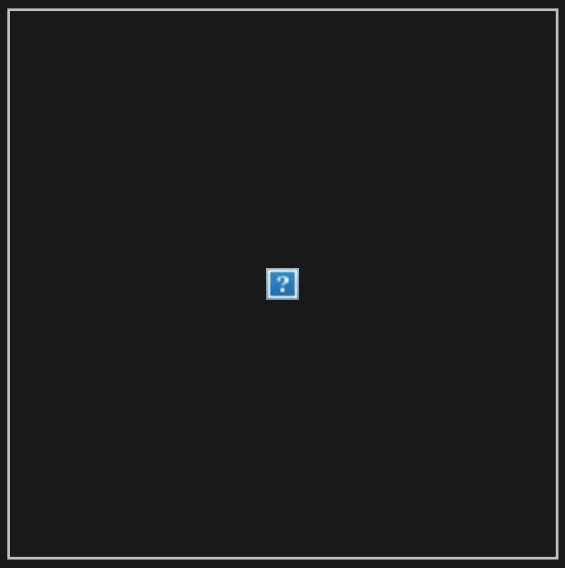
Campaign Zero

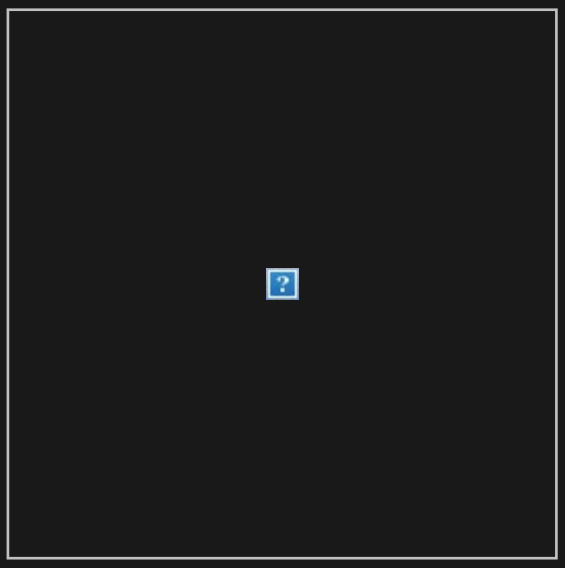


The Bail Project

Donate >

Donate >





NAACP

Donate >

The Leadership Conference on Civil and Human Rights

Donate >

Thank you to all the mayors across the country for your extraordinary leadership and to all of you who have reached out to share your pain, hurt, and resolve to **#STANDUP**.

In peace and justice,

Aarti

Team NOLA,

Attached is the new opportunity draft proposal. Based on research and the city's current requirements due to budget, COVID-19 and related services. The attachment provides a solid request that support the city's current position and future requirements.

Request for Proposals
Information and Emergency Response Kiosk
City of New Orleans
RFP Issued: June 16th, 2020
RFP Due: July 16th, 2020

Hopefully, we can meet the above dates and award in September. This would immediately support the city's transition post COVID-19.

I will schedule a follow-up call for Friday so we can confirm next steps, thanks.

Dear Ms. Anne Coglianese ,

I am Hyejung Yeo, Manager for Environmental Policy of the city of Seoul, South Korea.

With the global outbreak of COVID-19, we are witnessing an unprecedented impact on our daily lives with growing uncertainty.

The Seoul Metropolitan Government believes that it is high time for the leading mayors and governors of international cities worldwide to discuss solidarity among cities against infectious diseases.

In an effort to create a field of sharing experiences dealing with COVID-19, Seoul would like to hold an international virtual summit called 'Together WeStand: Cities Against COVID-19 (CAC) Global Summit 2020 (Virtual) - Mayoral Meeting' on Tuesday, June 2, 2020 at 22:00-23:30 (KST).

Please find attached invitation letter to your Mayor, a briefing note, and a registration form and kindly reply with the registration form by 26 May.

Please do not hesitate to contact Ms. Hyuneum Lee(leeonseoul@seoul.go.kr), Manager for International Relations, for further questions about the event.

Thank you for your help in advance.

Best regards,

Hyejung

George - To be honest and straight with you, I don't have the bandwidth to QB and deliver on this. It's a great idea that I support, but I'm swamped. I'm including Jonathan Rhodes in the event that he wants to be the champion for this given his role as the Dir. of Utilities.

All the best,

Josh

EMAIL FROM EXTERNAL SENDER: DO NOT click links, or open attachments, if sender is unknown, or the message seems suspicious in any way. DO NOT provide your user ID or passsword.

Hey guys,

As promised, here is the Wi-Fi kiosk framework we discussed. We should start the development process quickly knowing how long it will take to deploy.

The city could use the help. Can we assemble the team and schedule a call (workshop) for next Wednesday. I will send out the invite shortly, thanks.

Stay safe and well,

"Service to others is the rent you pay for your room here on earth." Ali.

Team NOLA:

Thank you very much for taking the time to speak today about some ideas to assist the Mayor regarding COVID response and ways to generate revenue.

As such, attached please find the recap from today's call which includes action items – Josh, when you're able please send us the appropriate address to mail the device.

Finally, George will submit a separate email concerning the kiosk and if necessary, any other information regarding the solar-powered WiFi.

Thanks and take care!

Gentlemen,

I will be delivering the kiosk recap on Monday. I'm currently gathering information to accelerate our next steps.

Josh, can we regroup on Wednesday at 2pm to further discuss the Wi-Fi deployment, please confirm.

Stay safe and well,

Team NOLA:

Thank you very much for taking the time to speak today about some ideas to assist the Mayor regarding COVID response and ways to generate revenue.

As such, attached please find the recap from today's call which includes action items – Josh, when you're able please send us the appropriate address to mail the device.

Finally, George will submit a separate email concerning the kiosk and if necessary, any other information regarding the solar-powered WiFi.

Thanks and take care!

Subject: EXTERNAL EMAIL: Another Invisible Threat: Cyberattacks
Date: Wednesday, May 20, 2020 9:15:00 AM

EMAIL FROM EXTERNAL SENDER: DO NOT click links, or open attachments, if sender is unknown, or the message seems suspicious in any way. DO NOT provide your user ID or passsword.

From Public Transit to Traffic: A Glimpse at Post-Pandemic Transportation

As the world begins to recover from the devastating impact of the coronavirus pandemic, we continue to remain vulnerable to another invisible threat dismantling our institutions — cyberattacks. Like COVID-19, digital viruses are finding weak entry points from which they rapidly spread and infect systems, quickly taking down entire organizations and ecosystems.

With most of the world now online, cybercriminals are taking advantage of the crisis to not only hack unprotected computers and networks but to disrupt pandemic response efforts. In recent weeks, hackers have been attacking national and global health organizations such as the World Health Organization (WHO),

Centers for Disease Control and Prevention (CDC), and the National Institutes of Health (NIH), mining them for COVID-19 research and intelligence. Critical infrastructure in the U.S. and the U.K., such as electricity grids and their respective supply chains, which have always been at risk, are also coming under fire. And areas that were of little interest prior, such as ed tech and certain government portals, have become top targets with more people working and studying remotely and unemployment sites overwhelmed by an unprecedented surge in traffic.

EMAIL FROM EXTERNAL SENDER: DO NOT click links, or open attachments, if sender is unknown, or the message seems suspicious in any way. DO NOT provide your user ID or passsword.

Gentlemen,

I will be delivering the kiosk recap on Monday. I'm currently gathering information to accelerate our next steps.

Josh, can we regroup on Wednesday at 2pm to further discuss the Wi-Fi deployment, please confirm.
Stay safe and well,

From Public Transit to Traffic: A Glimpse at Post-Pandemic Transportation

Well before COVID-19, governments and organizations around the world were grappling with the future of work. Keenly aware that an inability to bridge the skills gap threatened the global economy and hindered innovation, global leaders made it a priority to address the challenges of reskilling and upskilling our labor market.

In 2019, Deloitte reported that almost half the population of the EU lacked basic digital skills and that one-third of European citizens had none or almost no digital skills at all. The report went on to state that approximately 40% of employers were struggling to fill job vacancies due to lack of necessary skills, while 30% of graduates were employed in positions where their undergraduate

studies were not even relevant.

Local leaders across the U.S. have also been sounding the horn on the impact of automation and the need to prepare a workforce of the future, particularly in communities of color. The African-American Mayors Association, under the leadership of then-president, Mayor Hardie Davis, Jr. of Augusta, GA, issued a report stating that African-American and Latino workers were at a higher risk of job loss due to historic disparities and lower levels of education.

EMAIL FROM EXTERNAL SENDER: DO NOT click links, or open attachments, if sender is unknown, or the message seems suspicious in any way. DO NOT provide your user ID or passsword.

Team Nola,

Per our call, due to the shelter-in-place order, several of our underserved families are struggling without Wi-Fi. As the mayor has pointed out, our most vulnerable are taking the largest hit from the COVID-19 outbreak.

IGNITE would like to support your "Neighborhood Navigation Program" by supplying (at no cost) 40 to 50 outdoor solar-powered Wi-Fi devices that can extend a single (or multiple) backhaul connections over a large area. This solution requires NO trenching, No cables, just solar power and cell service.

Each device (node) can cover 6-10 homes, depending on actual usage, and can be installed to a pole in 20 minutes. We would like to donate these devices to underserved communities for 6 months to support e-learning, access to city services (alerts) and work-from-home requirements during the shelter-in-place order.

These devices automatically form a mesh network with each other providing Wi-Fi like an automatic broadband infrastructure. The supplier is a Chicago-based firm (Mesh ++) and will support the requirements. I can have Verizon and Crown Castle supply the cell service and installation support.

Here is a press release from Mayor Breed in San Francisco deploying 25 units: https://www.smartcitiesdive.com/news/san-francisco-wifi-superspots-students-internet-access-digital-divide-coronavirus/575785/

I have attached the recap from our call and the technical documents for the device. We look forward to supporting our favorite city. #InThisTogether

Arthur,

Great call today.

As we discussed over the last several weeks, we are anxious to support City of New Orleans with the development of its kiosk/Wi-Fi projects. We also both agree that now is the right time to stand up infrastructure that will support all citizens across the city.

Please let me know if Wednesday at 1pm central will work for a call with you and Josh so we can discuss next steps.

From Public Transit to Traffic: A Glimpse at Post-Pandemic Transportation

As people around the world are impacted by shelter-in-place advisories and adhering to social distancing guidelines, sitting in traffic has become a distant memory.

Before the COVID-19 crisis forced the world to come to a screeching halt, congestion levels in cities around the world were on the rise. Thanks to increased urbanization, an overwhelming surge in ride-hailing services, underinvestment in infrastructure, and the exponential use of e-commerce, cities were struggling to manage congestion.

While the COVID-19 crisis may have emptied city streets for the

moment, will congestion and traffic continue to plague cities in our new normal?

Mayor Cantrell,

Thank you for your leadership during these unprecedented and unusual times. National League of Cities and IGNITE have launched a video series that showcases the tough decisions you are making in the wake of COVID-19 and the actions you're taking to protect and safeguard your communities.

Your voice is important, which is why we're requesting two things to help us uplift the realities you're facing on the ground:

1. Record a 60 second video using the proposed script format below.
2. Take 10 minutes to answer three questions that highlight how you are responding and leading your community during the COVID-19 pandemic. You will upload your video here as well.

You are welcome to record your video using a cellphone or laptop. Feel free to adapt the proposed script to your style. Our only request is that you keep the video to 60 seconds.

PROPOSED VIDEO SCRIPT:

- This is Mayor [first name, last name] of [name of city].
- **Answer question**: *What has been the biggest hurdle your city has overcome during the novel coronavirus crisis and how?*
- **[insert call to action** *- for example: I am encouraging residents to continue to heed the stay at home orders*.]

Here is Mayor Lightfoots feature for this week: https://youtu.be/N1mJuBraDG0

Thank you again for your leadership and considering this request. I look forward to seeing your video. A member of NLC's team will be following up to answer any questions you may have about the series.

Stay safe and healthy.

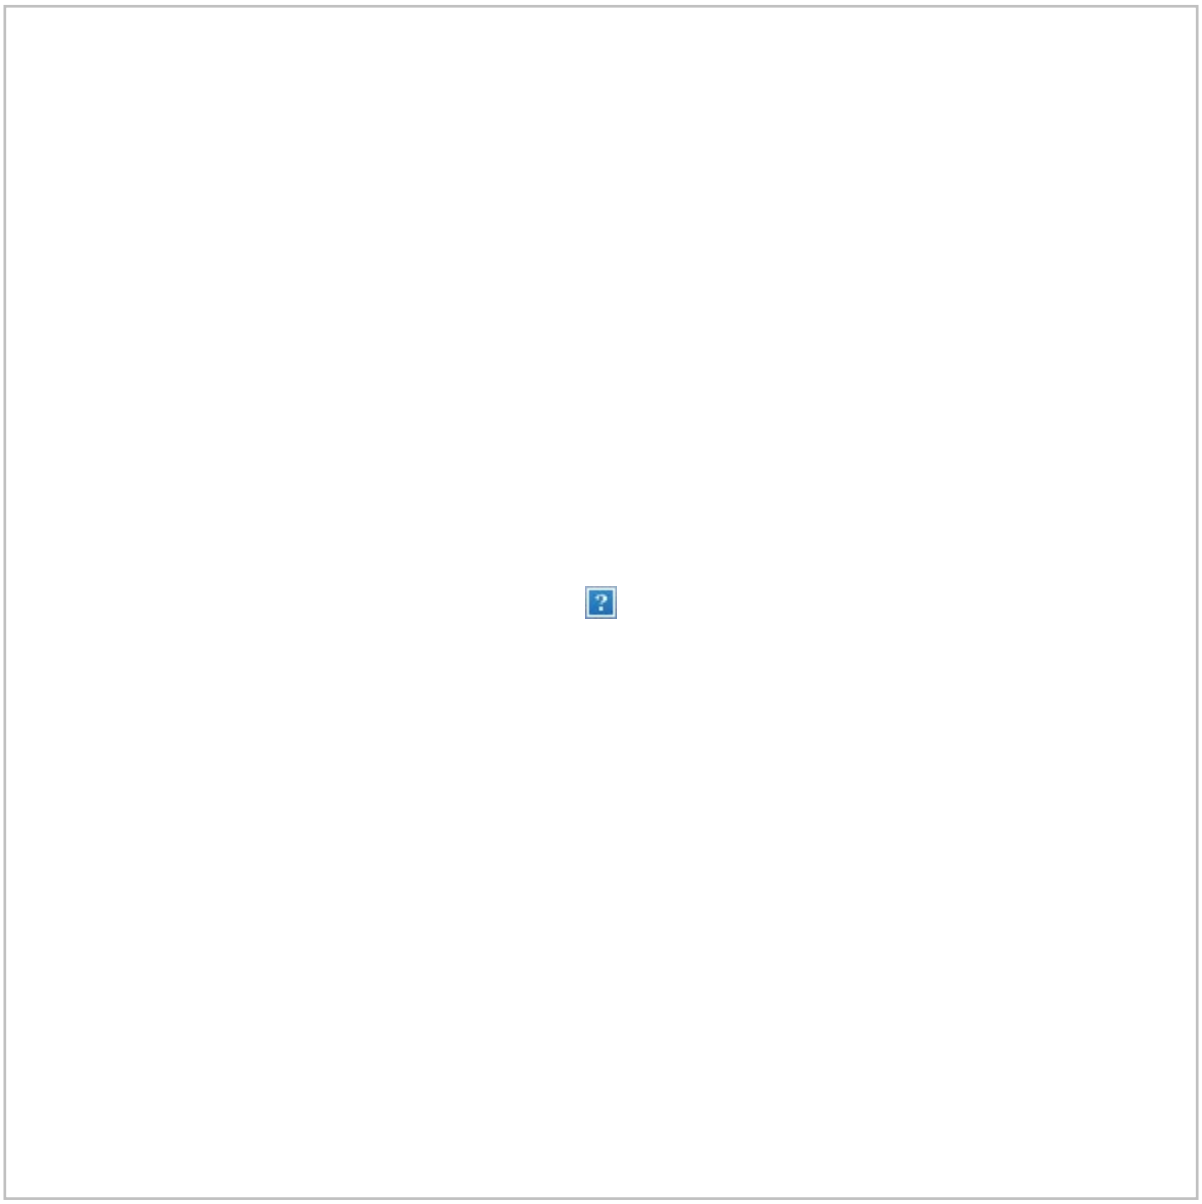
From: Smart City Expo Atlanta
To: Arthur C. Walton
Subject: EXTERNAL EMAIL: Smart City Expo Atlanta – New Dates Announced
Date: Thursday, April 30, 2020 9:20:59 AM

EMAIL FROM EXTERNAL SENDER: DO NOT click links, or open attachments, if sender is unknown, or the message seems suspicious in any way. DO NOT provide your user ID or passsword.



Dear Friends,

We hope this note finds you and your loved ones healthy and safe.

As the world pivots and transforms, the COVID-19 crisis has reinforced our commitment to building smart, inclusive, and resilient cities.

We are grateful to our extraordinary global community for

collaborating with us in assisting Mayors, public CIOs and CTOs, and industry executives on solving complex challenges—not just in the here and now but as we anticipate life on other side of the pandemic.

With cities and whole systems transforming, we too, have been exploring our new normal—both digitally and physically. We are pleased to announce that we will be reformatting our 2020 event into a powerful year-long digital series called ***Redefining Smart***.

The ***Redefining Smart*** series will feature global luminaries and changemakers talking about post-pandemic mobility, future of work, infrastructure, digital inclusion, security, sustainability, and technologies from A.I., predictive analytics, and sensors to dashboards, broadband, the edge, and open data. The series begins in a few weeks, and a schedule of speakers and topics will be announced soon.

This year-long series, designed to maximize collaboration and impact across all sectors, will culminate in our annual Smart City Expo Atlanta conference taking place on June 9-10, 2021. For more information on sponsoring or participating, please see below.

Our COVID-19 Response

We have been humbled to lead efforts on developing smart initiatives with organizations on the front lines of change and continue to be inspired by the work of our partners who are pressing forward on our mission of “Redefining Smart”.

We were thrilled to see that Blue Dot, a Canadian A.I. global infectious disease surveillance company, highlighted in last month’s blog post on building pandemic immunity in our future cities, was featured on 60 Minutes on Sunday night. We were also pleased to see Eco-Health Alliance CEO Peter Daszak (a former smart city speaker) prominently featured alongside Bill Gates and others in the new Netflix series, Coronavirus, Explained.

Finally, in keeping with our deep belief that cities cannot be “smart” if there is hunger, homelessness, and poverty, we were honored to work with our friend and partner, Mayor Hardie Davis, Jr. (President, African-American Mayors Association), and the Clinton Foundation to facilitate the City of Augusta receiving 25,000 meals weekly from José Andrés’s World Central Kitchen—thank you to everyone for your extraordinary leadership.

For the weeks and months to come, we look forward to continuing to be of service to our community and collaborating with the transformative leaders in the Smart City Expo Atlanta ecosystem. Please do not hesitate to reach out with questions and ideas.

Thank you all so much and look forward to hearing from you soon.

Aarti Tandon
CEO
Smart City Expo Atlanta

Attachments: image004.png

EMAIL FROM EXTERNAL SENDER: DO NOT click links, or open attachments, if sender is unknown, or the message seems suspicious in any way. DO NOT provide your user ID or passsword.

Mayor Cantrell,

Thank you for your leadership during these unprecedented and unusual times. Local officials remain some of the most trusted leaders by residents, as we learned in a recent National League of Cities poll with Morning Consult. Residents trust you to make decisions that protect their health and welfare.

To that end, the National League of Cities and IGNITE Cities are launching a video series that showcases the tough decisions you are making in the wake of COVID-19 and the actions you're taking to protect and safeguard your communities.

Your voice is important, which is why we're hoping you can do two things to help us uplift the realities you're facing on the ground:

1. Record a 60 second video using the proposed script format below.
2. Take 10 minutes to answer three questions that highlight how you are responding and leading your community during the COVID-19 pandemic. You will upload your video here as well.

You are welcome to record your video using a cellphone or laptop. Feel free to adapt the proposed script to your style. Our only request is that you keep the video to 60 seconds.

PROPOSED VIDEO SCRIPT:

- This is Mayor [first name, last name] of [name of city].
- **Answer question**: *What has been the biggest hurdle your city has overcome during the novel coronavirus crisis and how?*
- **[insert call to action** *- for example: I am encouraging residents to continue to heed the stay at home orders.*]

Thank you again for your leadership and considering this request. I look forward to seeing your

video. A member of NLC's team will be following up to answer any questions you may have about the series.

Stay safe and healthy.

Sincerely,

Clarence E. Anthony

IoT Now

10 Things That Will Kill Your IoT Application, and How to Fix Them (Quickly!)

10 Things That Will Kill Your IoT Application, and How to Fix Them (Quickly!)

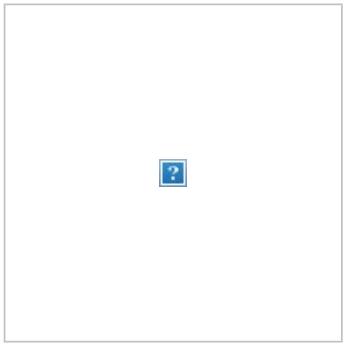
10 Things That Will Kill Your IoT Application, and How to Fix Them (Quickly!)

As everyone with practical experience in IoT knows, things can and will go wrong with connected applications. If your business is built on a connected product or service, and your remote devices aren't transmitting data as intended (or are out of control in other ways), every minute that a problem goes unfixed costs you real money and customer satisfaction.

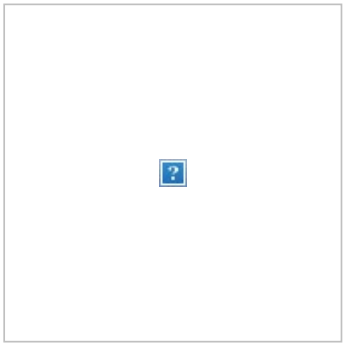
The Aeris team has more than 250 million device-years of experience connecting things over 2G, 3G, and 4G networks around the world. We've seen the many ways IoT applications can break across all the elements in an end-to-end solution, from remote apps and configuration of the "thing" itself to its radio module, cellular networks, authentication and policy, IP transit, and our customers' cloud infrastructures.

In this webinar, we'll share highlights from our many lessons learned, to help you architect your IoT solution for sustained success — and choose your connectivity partner wisely along the critical dimension of performance through the adversity inherent in IoT applications.

Speakers:



Steven Glapa
VP of Product Management
Aeris



Jeremy Cowan
Editorial Director & Publisher
IoT Now & VanillaPlus

NOLA team,

I know that there is a lot going on. Our thoughts are with you and your family as you try to address the various challenges that come with this pandemic. We believe that our tools can help your residents get access to the financial benefits that are so desperately needed at this time. If there is a time during the coming days to chat about what we could build for you and when we can have it up and running, please let us know. We have some ideas about some potential additional resources as well that we'd like to discuss.
We look forward to connecting at your convenience.
Stay safe.

Subject: N95 Dasheng brand, 10 million time sensitive offer
Date: Sunday, April 5, 2020 12:18:07 PM
Attachments: 美国 大　N95 1000万个 四川川能　　医　有限公司 contract 12.pdf

Hello Everyone:

We have found a supplier that will has 10 million FDA certified, NIOSH certified, 510K clearance N95 masks from DaSheng Brand.. They can be ready to ship the first million masks in 10 days.

The shipping/ distributor agent is **Sichuan Chuanneng Jinhao Pharmaceutical Co., Ltd.**

For those groups who cannot wire funds outside the US, we can use **Tree of Knowledge** as the US shipper/ distributor **https://www.tokicorp.com/**

DaSheng's Company website:

http://www.dashengmask.com/About-US/id/156.html

Company has all the premarket (i.e.501k clearances) — see below.

https://www.accessdata.fda.gov/scripts/cdrh/cfdocs/cfRL/rl.cfm?lid=388875&lpcd=MSH

https://www.accessdata.fda.gov/scripts/cdrh/cfdocs/cfRL/rl.cfm?lid=388875&lpcd=FXX

Dasheng has premarket 510k clearance: https://www.accessdata.fda.gov/scripts/cdrh/cfdocs/cfpmn/pmn.cfm?id=K090131

Additional 510k

info: https://www.accessdata.fda.gov/scripts/cdrh/cfdocs/cfpcd/classification.cfm?id=2846

They are looking for a buyer for these 10 Million masks. Price is $3.10 per mask.

If you know of any group that wants to entertain this offer , please let my associate, Karen Yang know asap. These masks will move fast.

Best,

Ron Mark

How We'll Build Pandemic Immunity Into Our Future Cities

The coronavirus outbreak started the same way most infectious diseases do: through contact with wildlife. But the reason it has spread to, at the time of writing, near-pandemic levels isn't because of anything inherent to the disease—instead, it's because the virus occured in a city.

"Pandemics are much more than a health problem," says Dr. William Karesh, pandemic expert and executive vice president for health and policy at the EcoHealth Alliance. "They're a societal issue. Human behavior is what drives them."

In cities in particular, the two behaviors that facilitate the spread of pandemics are at their zenith: travel and trade. In 2020, Wuhan, China's population is nearly 30% larger than New York City's and is a hub for travel and trade in the region. And despite the relatively early detection of the disease, a response wasn't coordinated until the spread was too large to contain. Today's advisories around things like hand-washing, along with the growing number of shelter-in-place advisories, are changes that will help slow the coronavirus. But immunizing our cities to future pandemics will require a much more concerted effort to alter human behavior—not only around travel and trade but also in our overall approach to their management.

Arthur,

Per our conversation, attached are the emergency response slides. All teams are ready to help the city immediately.

The emergency response program will support all residents needing:

- Emergency relief
- At-risk homeless
- Homeless,
- formally incarcerated
- and those facing challenges of unemployment and poverty

I'm available this week to assemble the team for a call and to get started. I will call you directly to coordinate next steps.
Thank you,

Team NOLA,

I hope the everyone is well under the circumstances.

As I mentioned to the Mayor earlier this week, we are here to support you at any capacity necessary.

With that said, we wanted to follow-up with Art and Kim to confirm next steps. If helpful, we can also put this solution to work for disaster recovery and related services.

We will continue to pray for God's protection and work hard to support our cities.

Hi Everyone:

Here is one distributor in China that has a supply chain for PPE's. **Sichuan Chuanneng Jinhao Pharmaceutical Co., Ltd.**

They have been sending supplies throughout the world and are very reputable. They are owned by the Chinese government in Sichuan province.

They have suppliers that can supply:

1. Isolation Gowns
2. Full Face Shields
3. KN95 Protective Masks
4. Disposable Protective Gloves
5. Biohazard Bags

Due to the current situation, the demand is very high and they are only accepting **minimum orders of 10,000 units and all orders must be pre paid.** They will process and ship all orders direct to the buyers via DHL or other shipping companies. They will provide full tracking details.

Please let us know if you want to order any supplies and we will connect you. My associate, Karen Yang can help support the communication process and help place orders with the company.

Please let us know any questions that you may have. We are here to help and hope we can get supplies to those who desperately need it.

Best,

Ron Mark

Subject: RE: Personal Protective Equipment (PPE) from China - please respond

Hi Everyone:

We have identified several FDA certified suppliers in China.

My associates Matt and Karen will send you over a product and pricing list shortly for all products.

It is my understanding that there are certain products that you can buy directly and there are certain products that you will need a FDA license and/or an import license to do so (medical grade hospital masks for example). For those products you will have to direct your current US distributor to these suppliers. Matt and Karen can assist.

Please run your own due diligence on these suppliers and their products. I have conducted my own due diligence and they all appear legitimate to me but I am not an expert. I just want to help source out direct suppliers to help get the needed supplies to the people.

Karen and Matt will send out info shortly. Please ask any questions that you may have.

Best,

Ron Mark

Hi George:

My connections in China are currently supplying other states. They reached out to me to see if Illinois and Chicago has a need too.

Please ask those individuals in our government if they want me to make a connection for them.

Best,

Ron

We're getting pricing for all the anti-viral suits, goggle, face shields, etc. later tonight.

1. Currently, we have 3 reliable factories we're partnered with:
a) factory 1, specializing in the production of N95 exported to European and American markets (with CE FDA dual certification). The daily production capacity is 200,000 pieces. The FOB price is RMB 13.65 / piece or USD 1.92 / piece. The minimum order quantity is 10,000 pieces.

b) Factory 2, produces 3-ply disposable surgical grade masks (with CE certification). The daily production capacity is 500,000 pieces. The FOB price is RMB 2.50 / piece or USD $.35 / piece The minimum order quantity is 50,000 pieces.

c) Factory 3, produces 3-ply disposable medical-grade masks (with CE certification). The daily production capacity is 1 million pieces.
FOB price is RMB 2.25 / piece or USD $.32 / piece. Minimum order quantity is 50,000 pieces

The way of transport depends upon the quantity and destination of the goods.
1) International logistics express
2) Charter air cargo

All products are warranted for 2 years

We already have helped other countries order millions of masks.

All buyers will directly sign a contract with the factory and send payment to the factory.

Will can help arrange shipping, but shipping cost must paid by buyers.

Payment terms: TT for small orders, LC for large orders.

The manufacturers are state-owned companies.

Products can arrive in the USA next week..

We have these products via my partner in Dallas, Karen Yang.
Mr. Yu — our partner who works for the China Reserve, which is responsible for China's food security — currently has up to 10 million medical or surgical grade masks.

These masks are FDA approved, as well as CE approved for the European market.

Mr. Yu has all — N95, medical grade, and surgical grade. He can arrange air cargo — either private or DHL — to ship to other countries ASAP.

Please find attached several documents that include: product specifications, product photographs, product catalog in English, and documents of certification from CELAB in Italy.

Mr. Yu can get us any PPE.
Just send us a list — anti-viral suits, face shields, goggles, et al.
Mr. Yu can arrange immediately

Hi Everyone:

We have identified several FDA certified suppliers in China.

My associates Matt and Karen will send you over a product and pricing list shortly for all products.

It is my understanding that there are certain products that you can buy directly and there are certain products that you will need a FDA license and/or an import license to do so (medical grade hospital masks for example). For those products you will have to direct your current US distributor to these suppliers. Matt and Karen can assist.

Please run your own due diligence on these suppliers and their products. I have conducted my own due diligence and they all appear legitimate to me but I am not an expert. I just want to help source out direct suppliers to help get the needed supplies to the people.

Karen and Matt will send out info shortly. Please ask any questions that you may have.

George,

I would like to explore the benefits of Mastercard, particularly as they relate to our plan of action to lead our residents through the COVID-19 pandemic. Per our discussion I look forward to reviewing a presentation of the proposed card's utility during disasters and crisis. Thanks for reaching out.

Stay Safe,

art walton.

Team NOLA,

I hope the everyone is well under the circumstances.

As I mentioned to the Mayor earlier this week, we are here to support you at any capacity necessary.

With that said, we wanted to follow-up with Art and Kim to confirm next steps. If helpful, we can also put this solution to work for disaster recovery and related services.

We will continue to pray for God's protection and work hard to support our cities.
Thank you,

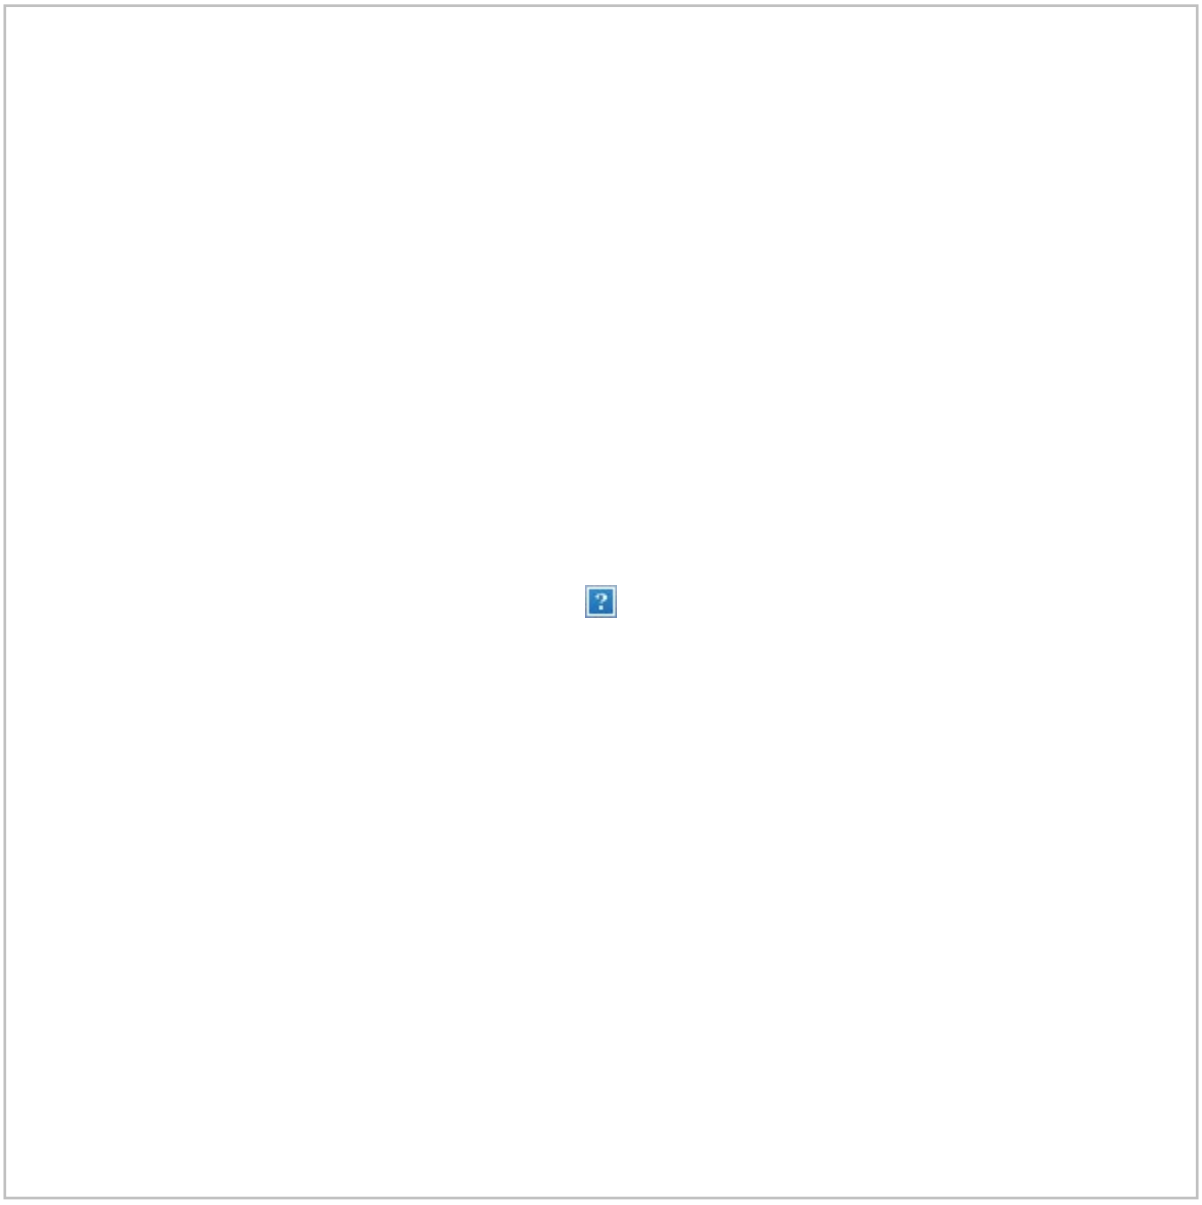
From: Smart City Expo Atlanta
To: Arthur C. Walton
Subject: We Need to Redefine "Smart" Now More than Ever
Date: Friday, March 20, 2020 9:08:45 AM



Redefining Smart

Dear Smart City Colleagues and Community,

We hope this finds you, your family, and your colleagues healthy and safe.

Everyone at Smart City Expo Atlanta is well and taking things one day at a time. While we are in a moment of uncertainty, one tenet rings true—digital transformation and the development of smart cities is now more important than ever. In that knowledge, we are cautiously moving forward with our plans and are grateful for all the

support we have received. We are following COVID-19 developments closely and remain optimistic that we will be able to see all of you, either digitally or physically, in June as planned. However, if the situation persists, we will postpone the event to a safe and appropriate time.

COVID-19 has exposed many realities to the world at large, chief among them the extraordinary interconnectivity of all people and systems. Our lives and our fates are linked, and the communities we share must work for everyone. In a world of connected everything—people, places, things—the need to futureproof our cities against pandemics and epidemics, climate change, and other serious issues using smart and interoperable technologies has become critical. A.I., predictive analytics, sensors, heat maps, broadband, and open data—the underpinnings of smart cities—are essential to ensuring the safety of our citizens and increasing quality of life.

That is why we have been so focused on redefining what it means for a city to be “smart” with equity, prosperity, humanity, inclusion, and justice serving on par with blockchain, A.I., IoT, big data, and automation; it’s the unifying theme that underpins a bolder, more thoughtful and equitable society.

Today, as we grapple with this unprecedented crisis, we invite you to consider what it means to redefine “smart.” Our team has written a blog post about Smart City Expo Atlanta’s commitment to that ethos:

Redefining Smart:The Critical Role of Developing Smart Cities

The development of smart cities has never been more important than it is today.

In a world of connected everything—people, places, things—the need to futureproof our cities against pandemics and epidemics, climate change, and other serious issues using smart and interoperable technologies has become critical. A.I., predictive analytics, sensors, heat maps, broadband, and open data—the underpinnings of smart cities—are essential to ensuring the safety of our citizens and increasing quality of life.

continue reading...

If you have any questions, thoughts, or ideas, please do not hesitate to reach out.

We hope to see you soon. Until then, we will be staying in touch with more dispatches and thought leadership from our incredible global community of smart city leaders.

In good health,

Aarti Tandon

Team NOLA,

I hope the everyone is well under the circumstances.

As I mentioned to the Mayor earlier this week, we are here to support you at any capacity necessary.

With that said, we wanted to follow-up with Art and Kim to confirm next steps. If helpful, we can also put this solution to work for disaster recovery and related services.

We will continue to pray for God's protection and work hard to support our cities.
Thank you,

"Service to others is the rent you pay for your room here on earth." Ali.

Good morning George and Team,

I am planning to join today's call, along with our public engagement team members who are onboarding ZenCity for NOLA this week.

Art and Cliff, it would be great if you can join. Otherwise, I'll brief you after the call and make sure you have information about our ZenCity engagement.

Harvard Digital Convening Invite:

On Tuesday, March 17th at 11:00 am EST, Dr. David S. Ricketts of Harvard TECH along with the team from City Possible, powered by Mastercard, will assemble global government decision-makers for a digital convening focused on exploring the challenges put forth by COVID-19 and identifying methods to serve our communities during this global pandemic.

During this live webinar, city leaders from Los Angeles, Dublin, San Jose, and Philadelphia, among others, will share the approaches they are taking to manage and respond to the fluid public health crisis in their communities.

In addition, we will hear from experts monitoring trends related to COVID-19, including Eyal Federer of Zencity who will share insights based on 100 cities they work with. Other global experts will present data on 4 major cities in the U.S., Europe, and Asia.

We will have an open, frank discussion on how we can learn and help one another and use the insights from Zencity.

To join us, you must register in advance for this webinar: **https://zoom.us/webinar/register/WN_iQlt9uzGTJaJwm_0HlHTYg**

Team Nola,

I hope everyone had a great weekend.

I would like to schedule a call to re-energize the city key solution for reentering citizens, the homeless population and all citizens across New Orleans.

The MasterCard team is ready to move forward.

Please let me know if Thursday afternoon or Friday afternoon will work for a quick call.

Arthur, thank you for coordinating next steps. We look forward to our call.

Thank you in advance,
George Burciaga

Hey Kim and team:

We look forward to speaking with you later this afternoon.

For a brief reminder, I've attached the prior meeting recap from our last in-person meeting/workshop in NOLA, the City ID proposal that was submitted to the City, and our recap from SCEWC in Barcelona highlighting our various meetings which included the meeting concerning the City ID.

Thanks so much; talk to you later!

Hey Kim,

I hope you're well.

Tomorrow afternoon is perfect. I will send the meeting invite out shortly. I'm hoping the balance of the team can join so we can accelerate next steps.

Thank you everyone.

Thank you in advance,
George Burciaga

Team Nola,

I hope everyone had a great weekend.

I would like to schedule a call to re-energize the city key solution for reentering citizens, the homeless population and all citizens across New Orleans.

The MasterCard team is ready to move forward.

Please let me know if Thursday afternoon or Friday afternoon will work for a quick call.

Arthur, thank you for coordinating next steps. We look forward to our call.

Subject: Invitation - Cities Leadership Forum March 2-4 New Orleans

Hi Liana and Art,

You may remember me mentioning the upcoming 2020 City Leadership Forum on Digitalization and Innovation that we are hosting next week at Gallier Hall, in partnership with the Cities Today Institute. As co-hosts of the Spring 2020 Forum, the City of New Orleans is afforded a unique opportunity to showcase New Orleans' progress in technology workforce development, smart city initiatives and our progress in cyber resilience. This meeting is specifically curated to encourage collaborations with neighboring governments, including Mobile, Lafayette and Baton Rouge, with a goal of developing partnerships that spur growth of the regional technology workforce and smart city development through creative funding opportunities.

We have two sessions focused on technology workforce development and inclusion - I am presenting at the first session on Monday 3/2 at 4:00 p.m., and wanted to invite you to attend if your time permits. The Inclusion session is on Wednesday morning 9:00-10:00, followed by Mayor Cantrell's address to the group.

I've attached the agenda and meeting invitation. It would be great if you are able to join us and even lend your insights to the discussions. You can also expect a formal invitation from the Cities Today committee to follow. I apologize for the late notice, but we have been working to finalize the agenda for some time.

Here's a link to the latest article from our group on tech talent development: https://cities-today.com/graduating-to-a-city-job/.

Best,
Kim

Team Nola,

I hope everyone had a great weekend.

I would like to schedule a call to re-energize the city key solution for reentering citizens, the homeless population and all citizens across New Orleans.

The MasterCard team is ready to move forward.

Please let me know if Thursday afternoon or Friday afternoon will work for a quick call.

Arthur, thank you for coordinating next steps. We look forward to our call.

Thank you in advance,

Hey Kim and team:

We look forward to speaking with you later this afternoon.

For a brief reminder, I've attached the prior meeting recap from our last in-person meeting/workshop in NOLA, the City ID proposal that was submitted to the City, and our recap from SCEWC in Barcelona highlighting our various meetings which included the meeting concerning the City ID.

Thanks so much; talk to you later!

Team Nola,

I hope everyone had a great weekend.

I would like to schedule a call to re-energize the city key solution for reentering citizens, the homeless population and all citizens across New Orleans.

The MasterCard team is ready to move forward.

Please let me know if Thursday afternoon or Friday afternoon will work for a quick call.

Arthur, thank you for coordinating next steps. We look forward to our call.

Team Nola,

I hope everyone had a great weekend.

I would like to schedule a call to re-energize the city key solution for reentering citizens, the homeless population and all citizens across New Orleans.

The MasterCard team is ready to move forward.

Please let me know if Thursday afternoon or Friday afternoon will work for a quick call.

Arthur, thank you for coordinating next steps. We look forward to our call.

Thank you in advance,
George Burciaga

Hey Kim,

I hope you're well.

Tomorrow afternoon is perfect. I will send the meeting invite out shortly. I'm hoping the balance of the team can join so we can accelerate next steps.

Thank you everyone.

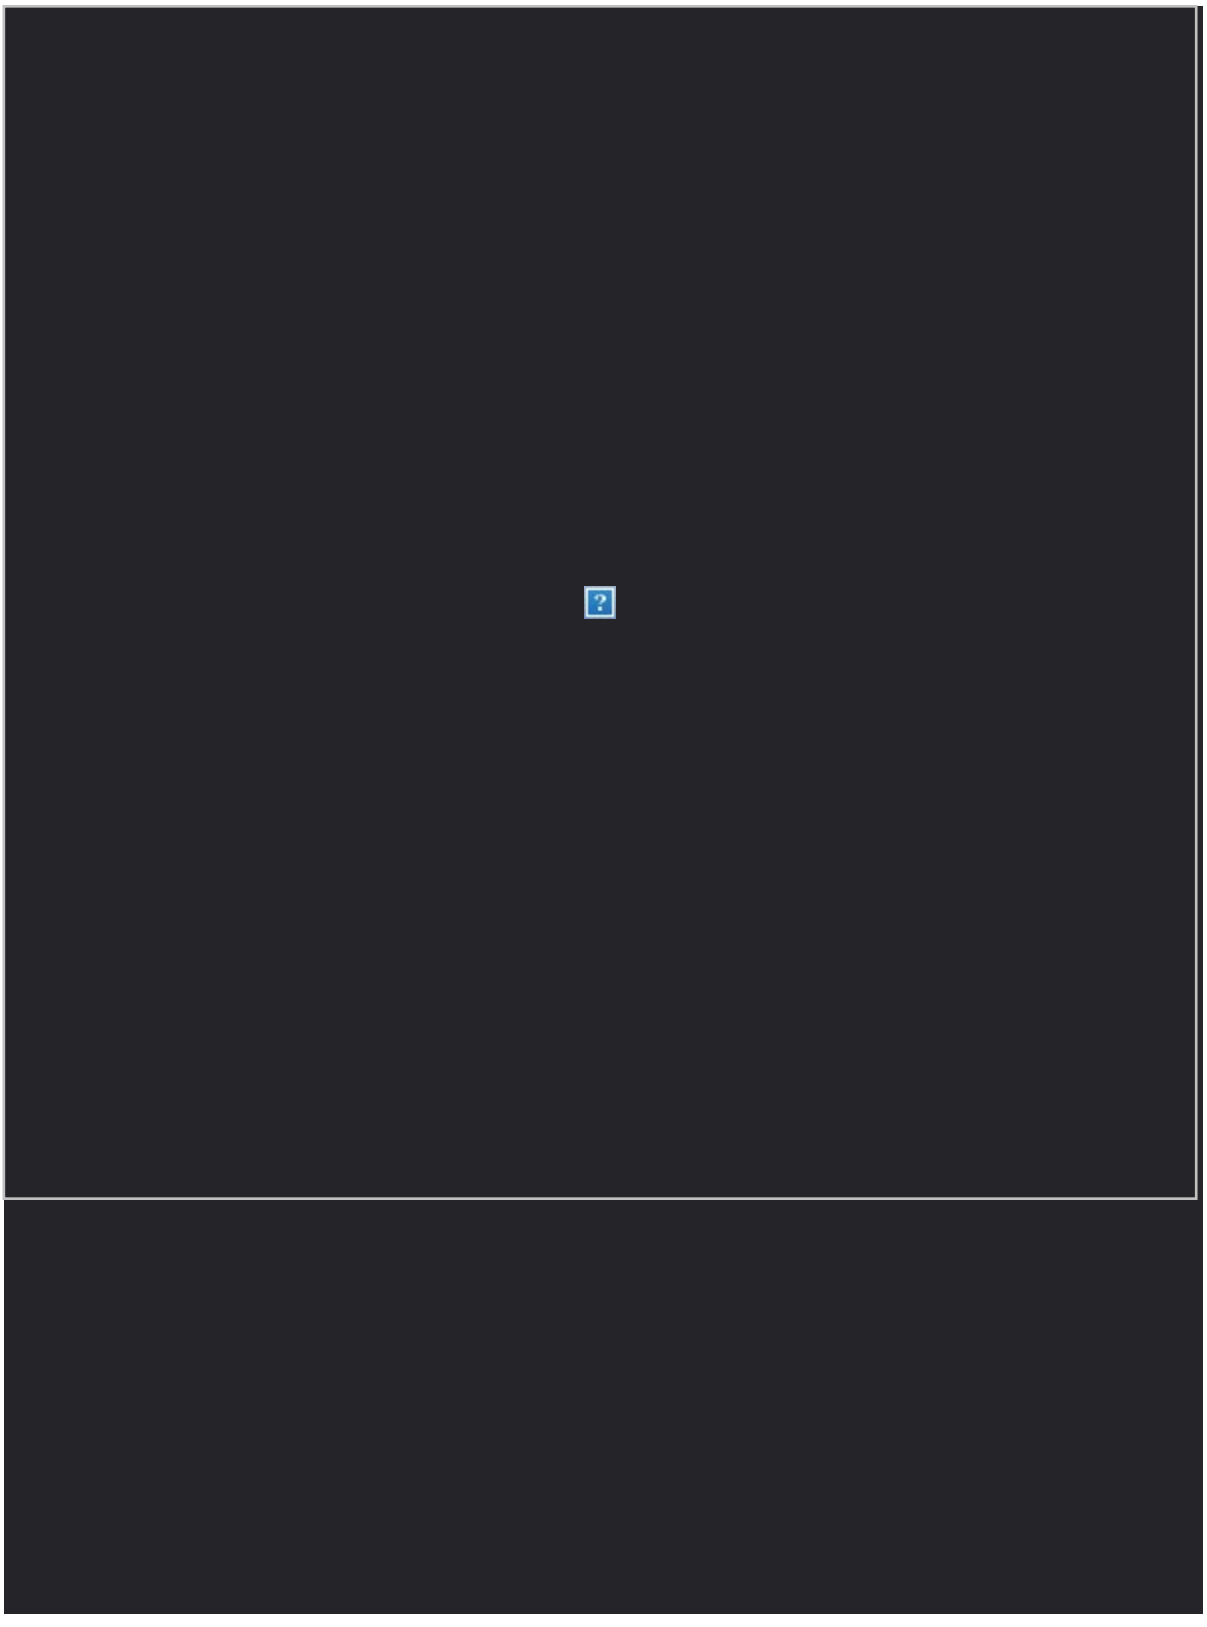
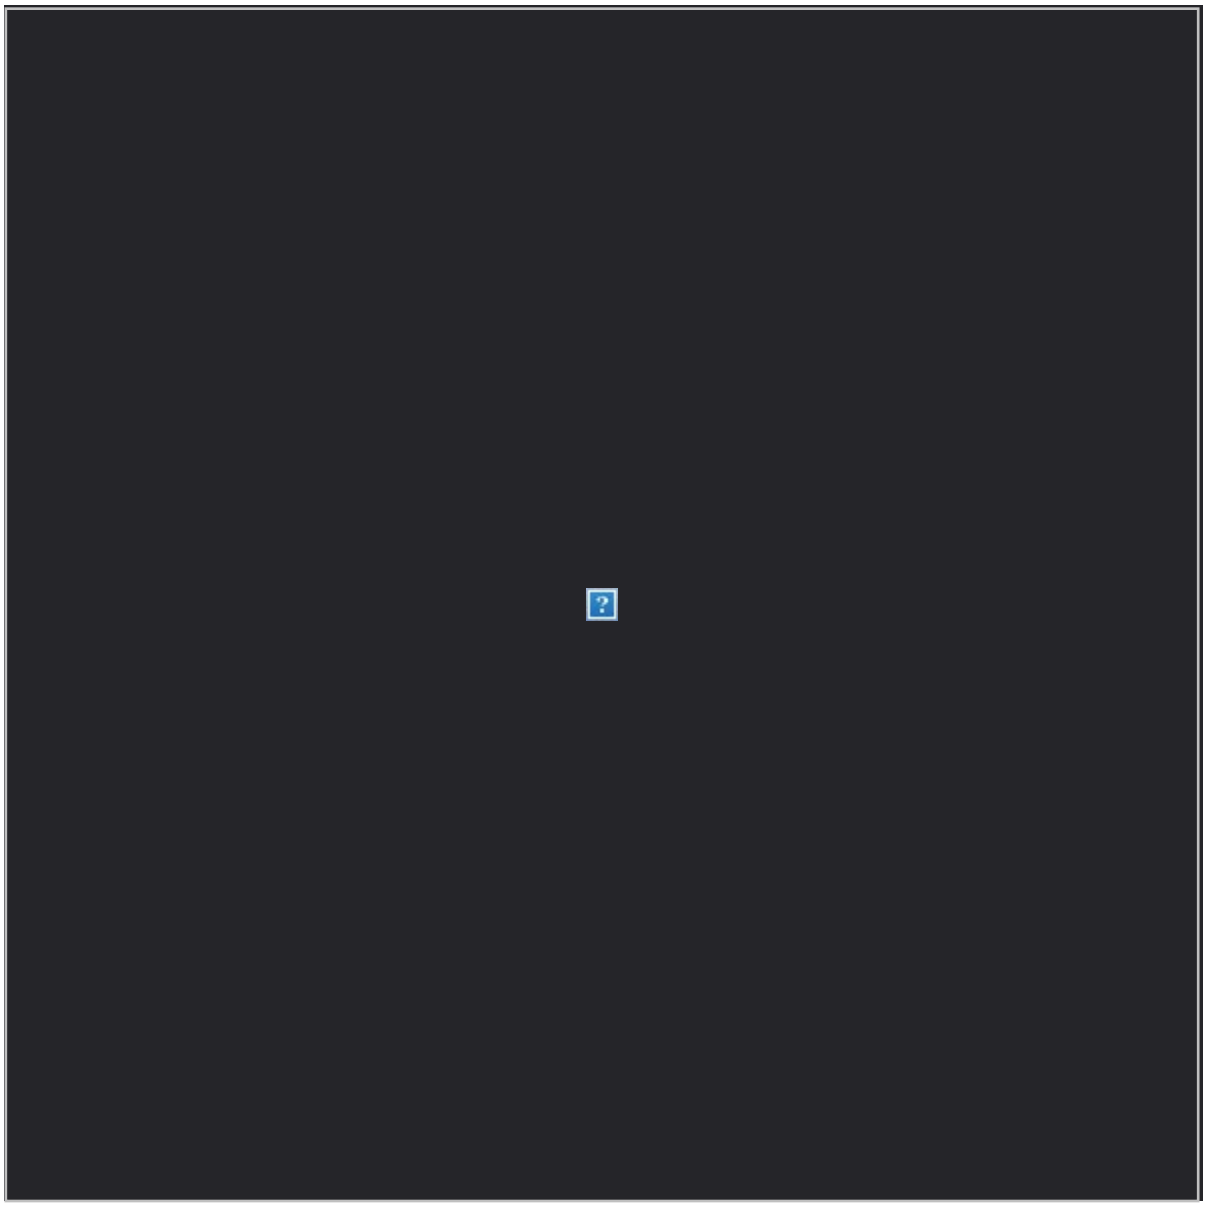
Subject: Dan Doctoroff Joins Smart City Expo Atlanta 2020 As Keynote Speaker
Date: Thursday, February 6, 2020 12:47:44 PM





Smart City Expo Atlanta is thrilled to announce that Dan Doctoroff, Chairman and CEO of Sidewalk Labs, will be joining us as a keynote speaker this June.

Dan Doctoroff, Chairman and CEO, Sidewalk Labs

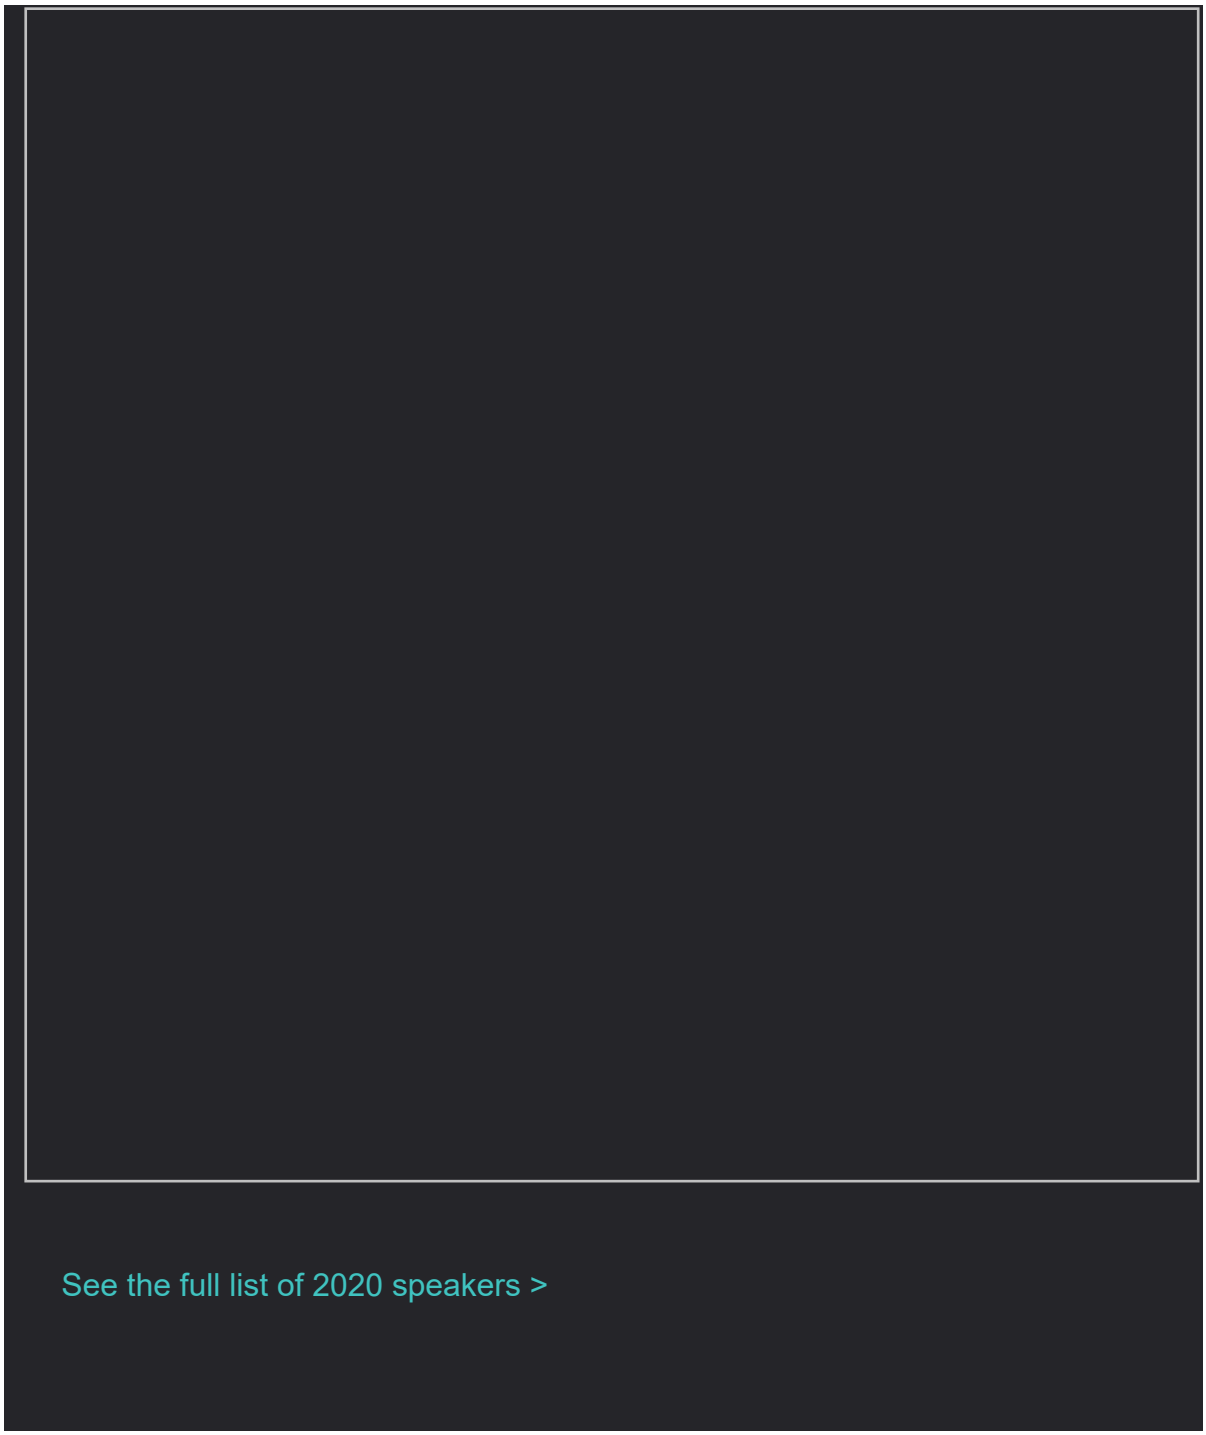
Smart City Expo Atlanta is honored to host Dan Doctoroff for a fireside discussion at the 2020 Expo.

Dan is Chairman and CEO of Sidewalk Labs, an Alphabet company, where he is accelerating the integration of digital technology into urban environments. Before launching Sidewalk Labs, Doctoroff was President and CEO of Bloomberg L.P. and served as Deputy Mayor for Economic Development and Rebuilding for the City of New York. With Mayor Michael R. Bloomberg, Doctoroff led New York City's dramatic economic resurgence, spearheading a strategy to reverse the city's post-9/11 fiscal crisis and launching the most ambitious

transformation of land use in the city's modern history. Doctoroff's plan rebuilt the World Trade Center site, inaugurated the largest ever affordable housing program in an American city, and oversaw the creation of some of the most ambitious projects in New York City, including Hudson Yards—the biggest private real estate development in North American history—and the High Line, an abandoned, elevated freight line turned into a 1.5-mile park. Doctoroff also oversaw the creation of one of the world's leading sustainability plans, PlaNYC, which was designed to address long-term challenges, including a growing population, increasing climate change, a changing economy, and aging infrastructure.

Have you seen who else is joining us?

Some recently announced speakers include:



See the full list of 2020 speakers >

We hope you will join us June 10-11 for Smart City Expo Atlanta, where over 4,000 of the world's leading government officials, CEOs, CIOs, CTOs, venture capitalists, and innovators will convene to build inclusive and prosperous 21st century communities.

We would love to see you there!

Redefining Smart, June 10–11, 2020

Looking to create real change in 2020? As we look to a new decade, it is essential that we redefine the term "smart city" to advance social and economic mobility, cyber resiliency, sustainability, and equitable intelligent infrastructure.

Join leading government officials, CEOs, CIOs, CTOs, venture capitalists, and innovators who are working to ensure that equity, prosperity, and humanity are at the center of AI, IoT, digital transformation, and big data at Smart City Expo Atlanta - **the definitive conference for building inclusive 21st century economies -** taking place June 10-11, 2020 at the Georgia World Congress Center.

In 2019, we hosted **2500+** attendees, **50+** exhibitors, and **200+** speakers including:

Keisha Lance Bottoms
Mayor, City of Atlanta

Michael B. Hancock
Mayor, City of Denver

Kirk Caldwell
Mayor, City of Honolulu

Ambassador Andrew J. Young
Chairman, Andrew J. Young Foundation

Derek Schiller

President & CEO, Atlanta Braves

Martin Davis

CIO, Southern Company

Néjia Lanouar

CIO, City of Paris

Grace Simrall

CTO, City of Louisville

Ivo Rook

Senior Vice President IoT, Sprint

David Hopping

CEO, Smart Infrastructure USA, Siemens

Kass Dawson

Head of Business Strategy
SoftBank Robotics

Del White

Global Managing Director
Smart+Connected Communities, Cisco

Attachments: NOLA - SCEWC19 Recap 11.22.19.pdf

EMAIL FROM EXTERNAL SENDER

Team New Orleans:

Thank you very much for taking the time to attend and participate in Smart City Expo World Congress 2019 in Barcelona. We appreciate your trust in us to ensure that New Orleans was well represented and highlighted in various ways from speaking to interviews at the conference among and even over numerous cities from around the world.

Below and attached (please review for more information and included photos), please find a recap referencing our time, meetings and activities in Barcelona that include action items requiring follow-up by both Team New Orleans and IGNITE. Once you have had the opportunity to review, please let us know so that we can setup a call to review and execute the action items.

Thanks again and we look forward to hearing from you soon.

Document objective:
To provide highlights of and action items from Smart City Expo World Congress concerning the multiple introductions/meetings, media outlets, and speaking opportunities that IGNITE initiated on your behalf. These opportunities should lead to further supporting your city and raising your and your city's profile in the smart city industry. We thank you for joining IGNITE's mayoral delegation to Smart City Expo World Congress 2019.

Ecosystem Partners:

- Mastercard
- Cisco

Speaking Opportunities:

- Tech Talk: "Inclusive Urbanization: Realizing a City of Dreams for All" and "Leaving No Place Behind: How Data Can Help Drive Inclusive Growth"
- Plenary: "Data Strategies: Principles, Standards, Digital Rights, and Data Ethics"
- Tech Hub: "Using Data & Insights to Drive Inclusive Growth"

Ecosystem Partners Notes:

Mastercard:

- Attendees: Miguel Gamino, Carlos Hernandez, Kim LaGrue, and IGNITE

- Discussion centered on the current identified use-cases of "returning citizens" and "youth" for the City Key proposal (including financial literacy to help the un-banked and under-banked)
  - As a City Possible member, New Orleans has access to Mastercard's data insights for economic development and disaster recovery
  - Moving the transit system to "touch-and-go" (contactless), could save up to $.4 cents per ride on administrative cost savings; this coupled with a payment functional City Key would create a more efficient use of the transit system for those that require/depend on public transportation
- Opportunity: receiving "data insights" information; moving forward with identified and new City Key functions; facilitate and support moving the transit system to contactless

Cisco:

- Attendees: Jim Haskins, Kim LaGrue, IGNITE and other Cisco members
  - Current project support and next steps to be discussed with Jim Haskins and team
  - Cisco and Mastercard future integration around city ID and transit
  - Lighting should be reviewed based on new efficiency funding (IGNITE to address)

Media:

- City Possible media:
  - Conducted an interview discussing the importance of collaboration amongst cities; New Orleans' current and future projects/programs around returning citizens, youth engagement/support, and disaster recovery
- Social Media:
  - IGNITE posted on numerous social media outlets concerning your attendance, participation and collaboration with other cities from across the world

Action Items:

- New Orleans:
  - Mastercard:
    - Follow-up on the progression of the City Key proposal
    - Start gathering ideas and information to garner from data insights
    - Support/facilitate a discussion with the transit system about contactless functionality (follow-up with a potential meeting date)
  - Cisco:
    - Follow-up by Kim and will copy IGNITE

- IGNITE:
  - Follow-up with and support New Orleans with the City Key proposal
  - Support the City of New Orleans in getting data insights from Mastercard
  - Support the City of New Orleans in scheduling a meeting with Mastercard and the transit system

EMAIL FROM EXTERNAL SENDER

Hi Kim, look forward to receiving it.

I'll be forwarding two calendar invites shortly, one confirming the Tech Talk date & time in Barcelona and one speaker briefing call next week in advance of your Tech Talk, where you'll have time with the moderator and other panellists to prepare.

We're delighted you can join us. Thank you,

Nicola Hammond

EMAIL FROM EXTERNAL SENDER

Hello Kim,

Thank you for your support of City Possible and interest in participating in the City Possible Plaza at the Smart City Expo World Congress in Barcelona. Would you be willing to join the Tech Talk, "Leaving No Place Behind: How Data Can Help Drive Inclusive Growth," on Tuesday, November 19th from 2:30 – 3:00pm (14:30-15:00hs)? The tech talk will discuss how can cities collaborate to unlock data insights that drive the economic health of a city. How can these insights help inform public policy decisions that provide rich resident experiences?

Panelists will likely include:

- Pablo Mlynkiewicz, Director of Data Sciences at the City of Buenos Aires
- Eyal Feder, CEO @ZenCity
- Patricio Zambrano-Barragán, Housing and Urban Development Specialist, IADB
- Kim LaGrue, CIO of New Orleans
- Cris Alessi, President of the Curitiba Development Agency
- Moderator: Arturo Franco, VP of Research and Data at the Center for Inclusive Growth Mastercard

If you are able to confirm participation in the Tech Talk, my colleague, Nicola Hammond, will send a speaker brief and coordinate a call with the panelists and moderator the week before the Smart City Expo World Congress. If you would be able to share a head shot and social handle, we will promote your participation in the Tech Talk on City Possible channels.

Please let me know if you have any questions or ideas.
Thank you again, for your time.

Best,

Maddie

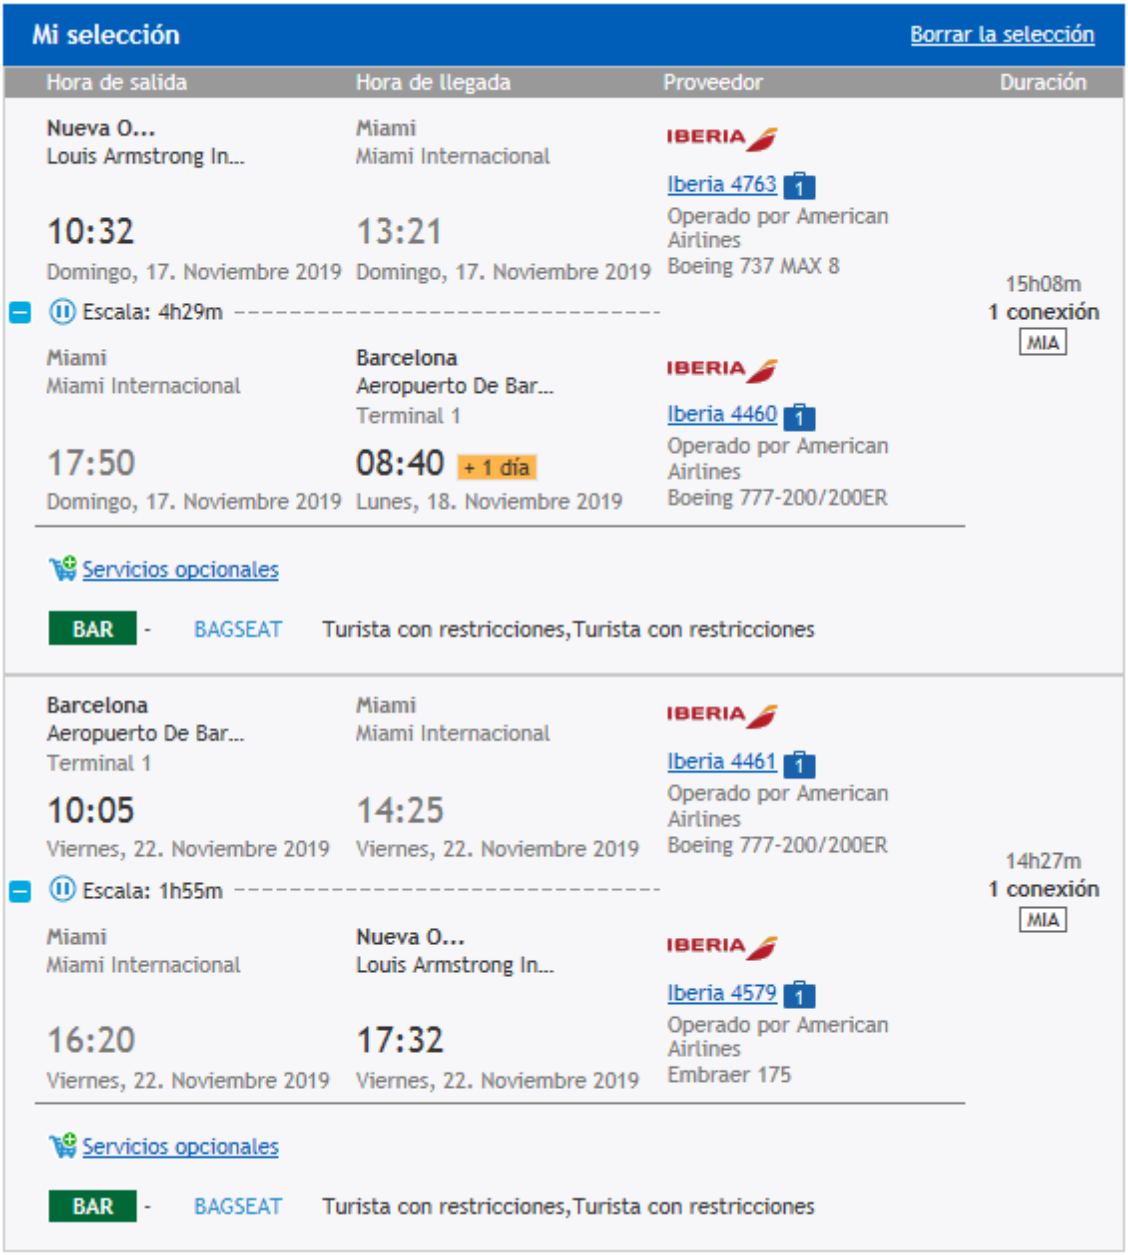
Hi George,

I've been in touch with the conference team and selected the flight itinerary below for the trip. If this is confirmed, I'll be in Barcelona Monday and depart Friday morning. I'm available to discuss event planning at your convenience.



Thanks,
Kimberly W. LaGrue – **ITI**

Kim,

As promised, I will send you a few meetings that we will support during your attendance of the conference. We have a few panel discussions, meet & greets and evening events that we will support on both Tuesday and Wednesday.

Also, send me your flight details so we can coordinate appropriately and ensure your arrival and departure are managed smoothly, thanks.

Thank you in advance,
George Burciaga

EMAIL FROM EXTERNAL SENDER

Hello Kim,

Thank you for your support of City Possible and interest in participating in the City Possible Plaza at the Smart City Expo World Congress in Barcelona. Would you be willing to join the Tech Talk, "Leaving No Place Behind: How Data Can Help Drive Inclusive Growth," on Tuesday, November 19th from 2:30 – 3:00pm (14:30-15:00hs)? The tech talk will discuss how can cities collaborate to unlock data insights that drive the economic health of a city. How can these insights help

inform public policy decisions that provide rich resident experiences?

Panelists will likely include:

- Pablo Mlynkiewicz, Director of Data Sciences at the City of Buenos Aires
- Eyal Feder, CEO @ZenCity
- Patricio Zambrano-Barragán, Housing and Urban Development Specialist, IADB
- Kim LaGrue, CIO of New Orleans
- Cris Alessi, President of the Curitiba Development Agency
- Moderator: Arturo Franco, VP of Research and Data at the Center for Inclusive Growth Mastercard

If you are able to confirm participation in the Tech Talk, my colleague, Nicola Hammond, will send a speaker brief and coordinate a call with the panelists and moderator the week before the Smart City Expo World Congress. If you would be able to share a head shot and social handle, we will promote your participation in the Tech Talk on City Possible channels.

Please let me know if you have any questions or ideas.
Thank you again, for your time.

Best,

Maddie

EMAIL FROM EXTERNAL SENDER

Kim,

As promised, I will send you a few meetings that we will support during your attendance of the conference. We have a few panel discussions, meet & greets and evening events that we will support on both Tuesday and Wednesday.

Also, send me your flight details so we can coordinate appropriately and ensure your arrival and departure are managed smoothly, thanks.

Thank you in advance,
George Burciaga

Hello Kim,

Thank you for your support of City Possible and interest in participating in the City Possible Plaza at the Smart City Expo World Congress in Barcelona. Would you be willing to join the Tech Talk, "Leaving No Place Behind: How Data Can Help Drive Inclusive Growth," on Tuesday, November 19th from 2:30 – 3:00pm (14:30-15:00hs)? The tech talk will discuss how can cities collaborate to unlock data insights that drive the economic health of a city. How can these insights help inform public policy decisions that provide rich resident experiences?

Panelists will likely include:

- <!--[if !supportLists]--><!--[endif]-->Pablo Mlynkiewicz, Director of Data Sciences at the City of Buenos Aires
- <!--[if !supportLists]--><!--[endif]-->Eyal Feder, CEO @ZenCity
- <!--[if !supportLists]--><!--[endif]-->Patricio Zambrano-Barragán, Housing and Urban Development Specialist, IADB
- <!--[if !supportLists]--><!--[endif]-->Kim LaGrue, CIO of New Orleans
- <!--[if !supportLists]--><!--[endif]-->Cris Alessi, President of the Curitiba Development Agency
- <!--[if !supportLists]--><!--[endif]-->Moderator: Arturo Franco, VP of Research and Data at the Center for Inclusive Growth Mastercard

If you are able to confirm participation in the Tech Talk, my colleague, Nicola Hammond, will send a speaker brief and coordinate a call with the panelists and moderator the week

before the Smart City Expo World Congress. If you would be able to share a head shot and social handle, we will promote your participation in the Tech Talk on City Possible channels.

Please let me know if you have any questions or ideas.
Thank you again, for your time.

Best,

Maddie

EMAIL FROM EXTERNAL SENDER

Hello Kim,

Thank you for your support of City Possible and interest in participating in the City Possible Plaza at the Smart City Expo World Congress in Barcelona. Would you be willing to join the Tech Talk, "Leaving No Place Behind: How Data Can Help Drive Inclusive Growth," on Tuesday, November 19th from 2:30 – 3:00pm (14:30-15:00hs)? The tech talk will discuss how can cities collaborate to unlock data insights that drive the economic health of a city. How can these insights help inform public policy decisions that provide rich resident experiences?

Panelists will likely include:

- <!--[if !supportLists]--><!--[endif]-->Pablo Mlynkiewicz, Director of Data Sciences at the City of Buenos Aires
- <!--[if !supportLists]--><!--[endif]-->Eyal Feder, CEO @ZenCity
- <!--[if !supportLists]--><!--[endif]-->Patricio Zambrano-Barragán, Housing and Urban Development Specialist, IADB
- <!--[if !supportLists]--><!--[endif]-->Kim LaGrue, CIO of New Orleans
- <!--[if !supportLists]--><!--[endif]-->Cris Alessi, President of the Curitiba Development Agency
- <!--[if !supportLists]--><!--[endif]-->Moderator: Arturo Franco, VP of Research and Data at the Center for Inclusive Growth Mastercard

If you are able to confirm participation in the Tech Talk, my colleague, Nicola Hammond, will send a speaker brief and coordinate a call with the panelists and moderator the week before the Smart City Expo World Congress. If you would be able to share a head shot and social handle, we will promote your participation in the Tech Talk on City Possible channels.

Please let me know if you have any questions or ideas. Thank you again, for your time.

Best,

Maddie

EMAIL FROM EXTERNAL SENDER

Hello Kim,

Thank you for your support of City Possible and interest in participating in the City Possible Plaza at the Smart City Expo World Congress in Barcelona. Would you be willing to join the Tech Talk, "Leaving No Place Behind: How Data Can Help Drive Inclusive Growth," on Tuesday, November 19th from 2:30 – 3:00pm (14:30-15:00hs)? The tech talk will discuss how can cities collaborate to unlock data insights that drive the economic health of a city. How can these insights help inform public policy decisions that provide rich resident experiences?

Panelists will likely include:

- Pablo Mlynkiewicz, Director of Data Sciences at the City of Buenos Aires
- Eyal Feder, CEO @ZenCity

- Patricio Zambrano-Barragán, Housing and Urban Development Specialist, IADB
- Kim LaGrue, CIO of New Orleans
- Cris Alessi, President of the Curitiba Development Agency
- Moderator: Arturo Franco, VP of Research and Data at the Center for Inclusive Growth Mastercard

If you are able to confirm participation in the Tech Talk, my colleague, Nicola Hammond, will send a speaker brief and coordinate a call with the panelists and moderator the week before the Smart City Expo World Congress. If you would be able to share a head shot and social handle, we will promote your participation in the Tech Talk on City Possible channels.

Please let me know if you have any questions or ideas. Thank you again, for your time.

Best,

Maddie

EMAIL FROM EXTERNAL SENDER

Hello Kim,

Thank you for your support of City Possible and interest in participating in the City Possible Plaza at the Smart City Expo World Congress in Barcelona. Would you be willing to join the Tech Talk, "Leaving No Place Behind: How Data Can Help Drive Inclusive Growth," on Tuesday, November 19th from 2:30 – 3:00pm (14:30-15:00hs)? The tech talk will discuss how can cities collaborate to unlock data insights that drive the economic health of a city. How can these insights help inform public policy decisions that provide rich resident experiences?

Panelists will likely include:

- Pablo Mlynkiewicz, Director of Data Sciences at the City of Buenos Aires
-

Eyal Feder, CEO @ZenCity

- Patricio Zambrano-Barragán, Housing and Urban Development Specialist, IADB
- Kim LaGrue, CIO of New Orleans
- Cris Alessi, President of the Curitiba Development Agency
- Moderator: Arturo Franco, VP of Research and Data at the Center for Inclusive Growth Mastercard

If you are able to confirm participation in the Tech Talk, my colleague, Nicola Hammond, will send a speaker brief and coordinate a call with the panelists and moderator the week before the Smart City Expo World Congress. If you would be able to share a head shot and social handle, we will promote your participation in the Tech Talk on City Possible channels.

Please let me know if you have any questions or ideas. Thank you again, for your time.

Best,

Maddie

Hi George,

I received this invitation from Maddie Callis a few days ago, but nothing else from SCWC.

Should we coordinate form here or should I expect something else from the conference?

Hi Kim, look forward to receiving it.

I'll be forwarding two calendar invites shortly, one confirming the Tech Talk date & time in Barcelona and one speaker briefing call next week in advance of your Tech Talk, where you'll have time with the moderator and other panellists to prepare.

We're delighted you can join us. Thank you,

Nicola Hammond

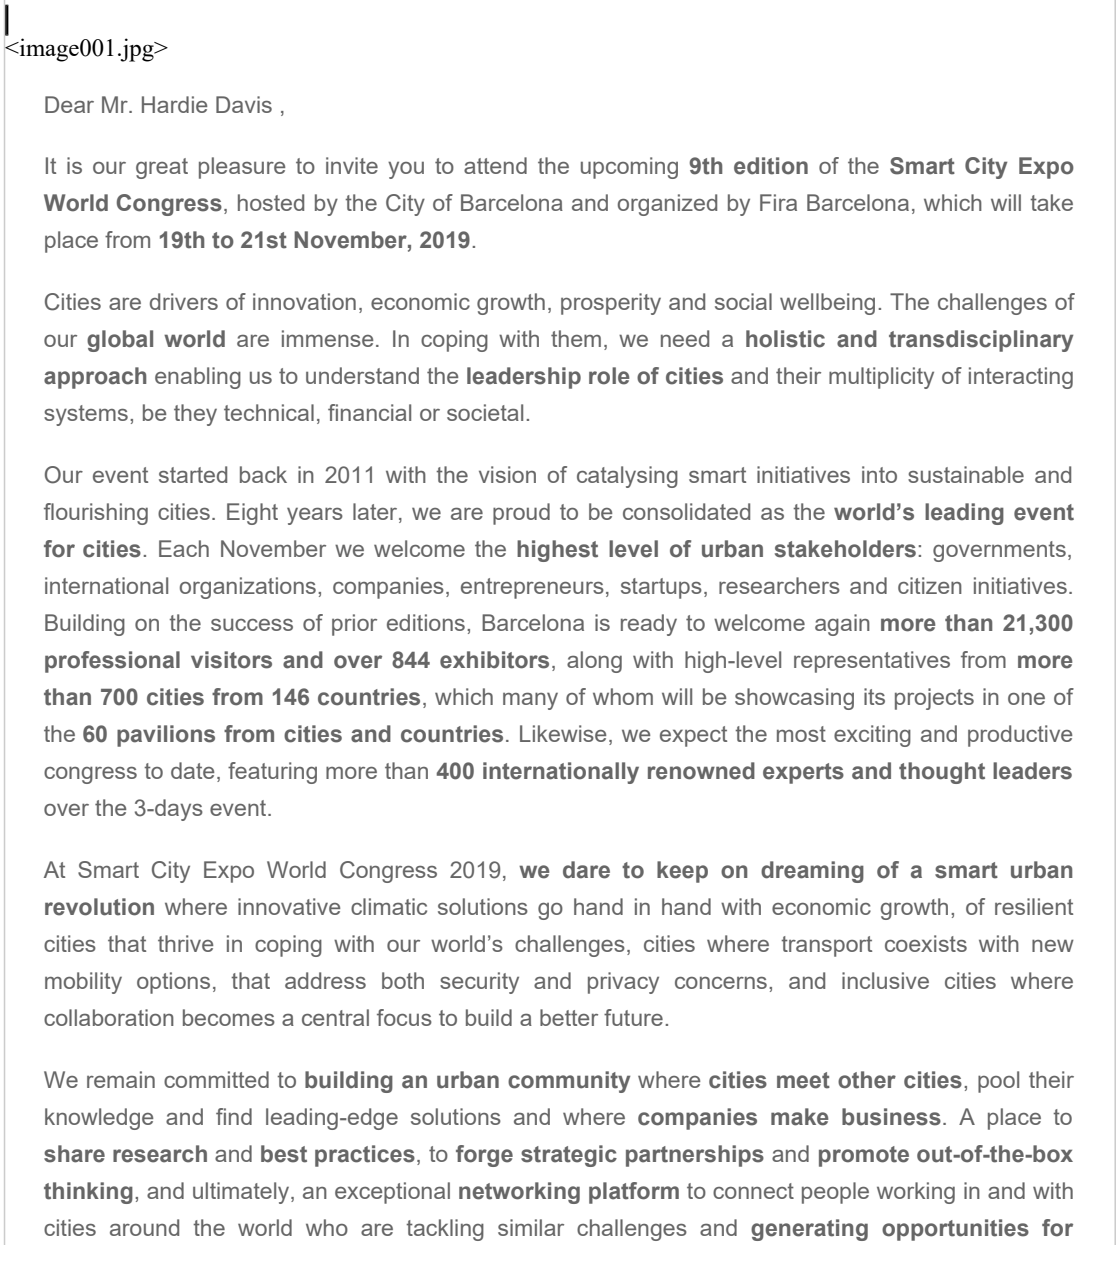
Subject: [EXTERNAL] Invitation | Smart City Expo World Congress 2019



Dear Mr. Hardie Davis ,

It is our great pleasure to invite you to attend the upcoming **9th edition** of the **Smart City Expo World Congress**, hosted by the City of Barcelona and organized by Fira Barcelona, which will take place from **19th to 21st November, 2019**.

Cities are drivers of innovation, economic growth, prosperity and social wellbeing. The challenges of our **global world** are immense. In coping with them, we need a **holistic and transdisciplinary approach** enabling us to understand the **leadership role of cities** and their multiplicity of interacting systems, be they technical, financial or societal.

Our event started back in 2011 with the vision of catalysing smart initiatives into sustainable and flourishing cities. Eight years later, we are proud to be consolidated as the **world's leading event for cities**. Each November we welcome the **highest level of urban stakeholders**: governments, international organizations, companies, entrepreneurs, startups, researchers and citizen initiatives. Building on the success of prior editions, Barcelona is ready to welcome again **more than 21,300 professional visitors and over 844 exhibitors**, along with high-level representatives from **more than 700 cities from 146 countries**, which many of whom will be showcasing its projects in one of the **60 pavilions from cities and countries**. Likewise, we expect the most exciting and productive congress to date, featuring more than **400 internationally renowned experts and thought leaders** over the 3-days event.

At Smart City Expo World Congress 2019, **we dare to keep on dreaming of a smart urban revolution** where innovative climatic solutions go hand in hand with economic growth, of resilient cities that thrive in coping with our world's challenges, cities where transport coexists with new mobility options, that address both security and privacy concerns, and inclusive cities where collaboration becomes a central focus to build a better future.

We remain committed to **building an urban community** where **cities meet other cities**, pool their knowledge and find leading-edge solutions and where **companies make business**. A place to **share research** and **best practices**, to **forge strategic partnerships** and **promote out-of-the-box thinking**, and ultimately, an exceptional **networking platform** to connect people working in and with cities around the world who are tackling similar challenges and **generating opportunities for**

action.

The organizers of the Smart City Expo World Congress would be grateful if you could confirm your attendance as soon as possible, by sending an email response to our Technical Office: scewc.event@firabarcelona.com. We will keep you updated with the latest information about the event and the additional activities being organized in conjunction with it.

We look forward to hearing back from you and greeting you personally in Barcelona.

Kind regards,
Smart City Expo World Congress

Has a decision been made on this request. If she's not participating we need to decline.

Mayor of Barcelona

April 15, 2019

Ms LaToya Cantrell
Mayor
New Orleans

Dear Mayor,

It is my distinct pleasure to invite you to the 9th edition of the Smart City Expo World Congress, taking place from the 19th to 21st November, 2019 in Barcelona.

As cities increasingly grow in population and complexity, so do the challenges they face. Responding to them requires bold action and committed mayors living up to the responsibility of delivering a bright and sustainable tomorrow. And this takes catalyzing the best ideas, co-creating the city together with all the stakeholders, and working jointly to make sure that the projects of today become the realities of tomorrow.

We need more green, open and livable cities acting with a strong sense of responsibility to future generations, where public transport coexists with new mobility options. We want cities that address both security and privacy concerns; inclusive, equitable, fair and sovereign cities where collaboration becomes a central focus to build a better future and, above all, cities that promote sharing economy models, and that exchange and learn from each other.

The Smart City Expo & World Congress has consolidated as the world's leading event for cities. Barcelona looks forward to welcoming representatives from over 700 cities once again, and to exceed the 21,331 visitors and 844 exhibitors of 2018. 2019 edition will be counting on the participation of 400 of the most renowned speakers on the future of our cities.

The organisation of the Smart City Expo & World Congress would appreciate if you could confirm your availability at your earliest convenience by writing to the Technical Office of the event: scewc.event@firabarcelona.com, who will send you relevant information on activities and opportunities of your interest within the event.

Earnestly hoping that you can come to Barcelona, I take this opportunity to send you my kindest regards.

Yours sincerely,

Wendy T. Baquet

October 9, 2019

Dear Mayor:

On behalf of NYU's Robert F. Wagner Graduate School of Public Service and the

United States Conference of Mayors, we are delighted to invite you to attend the 3rd Session of the **Mayors Leadership Institute on Smart Cities (MLISC) in New York City taking place November 13-15, 2019.**

The Mayors Leadership Institute on Smart Cities is the preeminent forum for mayors to immerse themselves in smart cities work. The institute is an expert-facilitated and peer-driven learning environment that will equip you with a clear path forward for a major smart city initiative, a framework for approaching smart city opportunities citywide, and equally important, a set of smart city guiding principles to improve your relationships with vendors and tech partners. Attendance is limited to twelve mayors (no staff), along with smart city experts, and MLISC leadership partners. In order to encourage an open dialogue among participants, there will be no media or city staff present during the event. The MLISC will begin with a welcome reception and dinner on Wednesday, November 13. The working sessions will take place over the next two days and will conclude in the late afternoon on Friday, November 15.

All expenses related to your participation are covered by the Mayors Leadership Institute on Smart Cities. In return, we respectfully ask that you commit to the entire session or decline the invitation. Since participation is limited to twelve mayors, a prompt response, no later than October 22, is essential if you wish to guarantee attendance. Once you accept the invitation, MLISC will contact you to arrange a phone interview to discuss your current and desired smart city initiatives as well as review the logistics of the session in detail. This will position participants to show up ready to work and to hear what others are doing in this space.

RSVP Today

We sincerely hope that you can take advantage of this exciting and unique opportunity. Tom McClimon on the Conference staff will contact your office in the few days to follow up on this invitation, or, he can be reached at mcclimon@usmayors.org or (202) 861-6729.

If you have questions about the Institute, please contact David Burns, the Conference's Director of Technology and Innovation, at dburns@usmayors.org

or (202) 861-6765.

Sincerely,

Gordon J. Campbell
Professor of Practice
Director, Mayoral Leadership Institute on Smart Cities

Subject: [EXTERNAL] Invitation | Smart City Expo World Congress 2019

Dear Mr. Hardie Davis ,

It is our great pleasure to invite you to attend the upcoming **9th edition** of the **Smart City Expo World Congress**, hosted by the City of Barcelona and organized by Fira Barcelona, which will take place from **19th to 21st November, 2019**.

Cities are drivers of innovation, economic growth, prosperity and social wellbeing. The challenges of our **global world** are immense. In coping with them, we need a **holistic and transdisciplinary approach** enabling us to understand the **leadership role of cities** and their multiplicity of interacting systems, be they technical, financial or societal.

Our event started back in 2011 with the vision of catalysing smart initiatives into sustainable and flourishing cities. Eight years later, we are proud to be consolidated as the **world's leading event for cities**. Each November we welcome the **highest level of urban stakeholders**: governments, international organizations, companies, entrepreneurs, startups, researchers and citizen initiatives. Building on the success of prior editions, Barcelona is ready to welcome again **more than 21,300**

professional visitors and over 844 exhibitors, along with high-level representatives from **more than 700 cities from 146 countries**, which many of whom will be showcasing its projects in one of the **60 pavilions from cities and countries**. Likewise, we expect the most exciting and productive congress to date, featuring more than **400 internationally renowned experts and thought leaders** over the 3-days event.

At Smart City Expo World Congress 2019, **we dare to keep on dreaming of a smart urban revolution** where innovative climatic solutions go hand in hand with economic growth, of resilient cities that thrive in coping with our world's challenges, cities where transport coexists with new mobility options, that address both security and privacy concerns, and inclusive cities where collaboration becomes a central focus to build a better future.

We remain committed to **building an urban community** where **cities meet other cities**, pool their knowledge and find leading-edge solutions and where **companies make business**. A place to **share research** and **best practices**, to **forge strategic partnerships** and **promote out-of-the-box thinking**, and ultimately, an exceptional **networking platform** to connect people working in and with cities around the world who are tackling similar challenges and **generating opportunities for action**.

The organizers of the Smart City Expo World Congress would be grateful if you could confirm your attendance as soon as possible, by sending an email response to our Technical Office: scewc.event@firabarcelona.com. We will keep you updated with the latest information about the event and the additional activities being organized in conjunction with it.

We look forward to hearing back from you and greeting you personally in Barcelona.

Kind regards,
Smart City Expo World Congress

Ugo Valenti
Director

EMAIL FROM EXTERNAL SENDER

Dear Ms. Wendy T. Banquet,

Thank you for your kind reply to our invitation.

On behalf of the organisation we regret that the Mayor Ms. LaToya Cantrell will not be able to join us at the Smart City Expo World Congress 2019.

However, we would like to explore the possibility of extending the invitation to someone designated by the Mayor who could attend the event on her behalf.

Thank you for your collaboration. We remain at your disposal.

Dear Ms. LaToya Cantrell,

It would be a great honour for us to count on your participation for the upcoming 9th edition of the **Smart City Expo World Congress**, which will take place in **Barcelona from 19th to 21st November, 2019**. The referential global event to support the development of our cities is hosted by the city of Barcelona and organized by Fira Barcelona.

Someone once said that "the future belongs to those who believe in the beauty of their dreams". And we believe that cities are not gauged by their infrastructures, skin and digital aesthetics, but by the height of their vision to respond to the needs of all citizens without leaving anyone behind. At Smart City Expo World Congress 2019, **we dare to keep on dreaming of a smart urban revolution** where innovative climatic solutions go hand in hand with economic growth, of resilient cities that thrive in coping with our world's challenges, cities where transport coexists

with new mobility options, that address both security and privacy concerns, and inclusive **cities where collaboration becomes a central focus to build a better future**.

The **Congress** convenes the highest level of stakeholders in the context of urban development, including cities, countries, companies, social entrepreneurs, startups, research centers and citizen initiatives that present their strategies for a smarter and more sustainable urban world.

The **Exhibition Area** features cities, countries, joint pavilions and organizations from all over the world, coming together to showcase their projects, promote local and international companies, establish collaborations and tackle the urban challenges.

Please find attached the invitation letter signed by the Mayoress of Barcelona, Ms. Ada Colau. **We would be grateful if you could confirm your availability to participate at your earliest convenience, in order to discuss further details of your attendance**.

We remain at your disposal for any additional information.

Kind regards,

Dear Miriam,

Hi. My name is Rosine and I'm Director of International Relation in the office of Mayor Cantrell. Thank you for extending the invitation to a representative. In order for us to consider sending a delegate/delegation, would you mind sending us details about the congress please. This would allow the Mayor to better select a representative. Also, what is the requirement to attend the congress. Are you covering the trip?
All these details will facilitate a decision making on a representative.

We look forwards to hearing from you.
Sincerely,
Rosine

Subject: Invitation | Smart City Expo World Congress 2019
To: <mayor@nola.gov>

Dear Ms. LaToya Cantrell,

It would be a great honour for us to count on your participation for the upcoming 9th edition of the **Smart City Expo World Congress**, which will take place in **Barcelona from 19th to 21st November, 2019**. The referential global event to support the development of our cities is hosted by the city of Barcelona and organized by Fira Barcelona.

Someone once said that “the future belongs to those who believe in the beauty of their dreams”. And we believe that cities are not gauged by their infrastructures, skin and digital aesthetics, but by the height of their vision to respond to the needs of all citizens without leaving anyone behind. At Smart City Expo World Congress 2019, **we dare to keep on dreaming of a smart urban revolution** where innovative climatic solutions go hand in hand with economic growth, of resilient cities that thrive in coping with our world’s challenges, cities where transport coexists with new mobility options, that address both security and privacy concerns, and inclusive **cities where collaboration becomes a central focus to build a better future**.

The **Congress** convenes the highest level of stakeholders in the context of urban development, including cities, countries, companies, social entrepreneurs, startups, research centers and citizen initiatives that present their strategies for a smarter and more sustainable urban world.

The **Exhibition Area** features cities, countries, joint pavilions and organizations from all over the world, coming together to showcase their projects, promote local and international companies, establish collaborations and tackle the urban challenges.

Please find attached the invitation letter signed by the Mayoress of Barcelona, Ms. Ada Colau. **We would be grateful if you could confirm your availability to participate at your earliest convenience, in order to discuss further details of your attendance**.

We remain at your disposal for any additional information.

Kind regards,
Smart City Expo World Congress

EMAIL FROM EXTERNAL SENDER

Dear Ms. Wendy T. Banquet,

Thank you for your kind reply to our invitation.

On behalf of the organisation we regret that the Mayor Ms. LaToya Cantrell will not be able to join us at the Smart City Expo World Congress 2019.

However, we would like to explore the possibility of extending the invitation to someone designated by the Mayor who could attend the event on her behalf.

Thank you for your collaboration. We remain at your disposal.

City of New Orleans Public Records

Hi there

A message was added to record request #19-6216:

Attached are the documents responsive to this request. The only information that needs to be redacted are the mobile cell phone numbers on the individual requests, as they are the personal cell phone numbers of the police officers.

The list of requests for July 10, 2019 has not changed since the response to 19-4949.

There was no flood log for August 27, 2019.

EMAIL FROM EXTERNAL SENDER

Mayor Cantrell,

Good morning and I hope you're well.

As mentioned last week, we are supporting a delegation of mayors that will be attending the Smart City Expo World Congress in November.

http://www.smartcityexpo.com/en/home

It would be an honor for you to attend as a guest, and participate as a speaker on behalf of the conference and the host city. My team will contact Arthur to qualify the dates and coordinate with the organizer/conference. I will follow-up with a formal invitation and additional details.

Once confirmed, IGNITE will engage to support the U.S. mayors participating.

Thank you in advance and we look forward to next steps.

Sincerely,

George Burciaga

It would be an honor for you to attend as a guest, and participate as a speaker on behalf of the conference and the host city. My team will contact Arthur to qualify the dates and coordinate with the organizer/conference. I will follow-up with a formal invitation and additional details.

Once confirmed, IGNITE will engage to support the U.S. mayors participating.

Thank you in advance and we look forward to next steps.

Sincerely,

George Burciaga

EMAIL FROM EXTERNAL SENDER

Mayor Cantrell,

Good morning and I hope you're well.

As mentioned last week, we are supporting a delegation of mayors that will be attending the Smart City Expo World Congress in November.

http://www.smartcityexpo.com/en/home

It would be an honor for you to attend as a guest, and participate as a speaker on behalf of the conference and the host city. My team will contact Arthur to qualify the dates and coordinate with the organizer/conference. I will follow-up with a formal invitation and additional details.

Once confirmed, IGNITE will engage to support the U.S. mayors participating.

Thank you in advance and we look forward to next steps.

Sincerely,

George Burciaga

Smart City Expo Atlanta is in 1 Day - Purchase Your Tickets Now!

Hello << Test First Name >>,

Tomorrow we launch Smart City Expo Atlanta and we couldn't be more excited! We have a dynamic event planned and there is still time to register!

Here's what you can expect at Smart City Expo Atlanta:

Leading Mayors
Mayor Keisha Lance Bottoms of Atlanta; President of the U.S. Conference of Mayors, Bryan Barnett (Rochester Hills, MI); President of the National League of Cities, Karen Freeman-Wilson (Gary, IN); President of the African-American Mayors Association, Hardie Davis (Augusta, GA); and Mayors, former Mayors, and Deputy Mayors from Los Angeles, Honolulu, Denver, Newark, Chattanooga, Philadelphia, Seat Pleasant (MD), Hoover (AL), and Montgomery (AL) on addressing automation and the future of work, autonomous vehicles, climate change, criminal justice, economic mobility, innovation and entrepreneurship, infrastructure, and inclusion.

Power of Public-Private Partnerships
Bill Rogers, Chairman & CEO of SunTrust Banks, Inc. and Derek Schiller, President & CEO of the Atlanta Braves, in conversation with Rose Scott of WABE on the power of public-private partnerships, building a stadium of the future, and the importance of equity and inclusion.

Stewards of Equity, Innovation, and Sustainability: The Role of Corporations in Developing Smart Cities
Alex Taylor, President and CEO of Cox Enterprises, Inc. in conversation with Carbon Lighthouse CEO, Brenden Millstein, and legendary TV anchor, Monica Kauffman Pearson, on the roles corporations play in developing smart cities and serving as stewards of equity, innovation, and sustainability.

Building Compassionate Cities
Former Atlanta Mayor and Ambassador to the UN, Andrew Young, in conversation with Dr. Bernice King (daughter of Rev. Dr. Martin Luther King, Jr.); Keisha Lance Bottoms, Mayor of Atlanta; and the CEO of Smart City Expo Atlanta, Aarti Tandon, on building smart, inclusive, and compassionate 21st century cities.

Leading CIOs & CTOs
CTOs/CIOs from Paris, Kansas City (MO), Louisville (KY), South Bend (IN), Atlanta, Cary (NC), and more talking about 5G, increasing quality of life through digital transformation and open data platforms, public-private partnerships, and more.

Leading Innovators
Leaders from SoftBank Robotics, Cisco, Southern Company, Sprint, AT&T, Verizon, Black & Veatch, Hitachi, Mastercard, Siemens, and more talking about building intelligent urban infrastructure, automation, the promise of the 5G revolution, and the digital transformation of our communities.

And much more!

Subject:	Re: Notes - Follow-up Phone Call - Mastercard
Date:	Wednesday, August 21, 2019 4:48:28 PM

EMAIL FROM EXTERNAL SENDER

Team NOLA:

Thanks for the call. Below is a brief recap of our call, an action item, and general notes. We'll follow-up on Friday concerning the action item. Thanks again!

Attendees:

- Liana: Deputy COS
- Art: Director
- Sunni: City Attorney
- Clifton: Executive Counsel
- George: IGNITE
- Reyahd: IGNITE

2 Items:

- How do we procure this to move this forward? And who will the point person be?
  - City Attorney's Office – Sunni said Tracy Tyler will be the contact
    - Action Item: Sunni is going to connect with Tracy to figure out the best way to provide her information to move this forward
- Confirming the use-cases: (please see Recap)
  - Returning Citizens
  - Youth Employment and Engagement Program

Notes:

- Phased approach that NOLA will select on which comes out first
- There are commonalities between youth and returning citizens and NOLA wants to determine those
- This is a prototype at no cost to the city that will be limited and measured to show proof of concept
  - Then, will go to a procurement phase for the actual release of the NOLA ID
- Common concerns that NOLA wants to address and what's best to move forward and don't want to preclude anyone if there is a procurement phase

EMAIL FROM EXTERNAL SENDER

Team NOLA:

We thank you and appreciate your partnership with IGNITE as we provide you pro bono consulting and advisory services surrounding smart city initiatives and digital transformation, while keeping people at the center of our purpose.

As a mayoral partner, attached, please find the 2nd edition of our IGNITE Connected City Update providing you a highlight of all things IGNITE and what's occurring with our mayoral partners around the country. Once you have reviewed it, please let us know so we can schedule an update/follow-up call in order to further support you and Mayor Cantrell.

Thanks so much and we look forward to hearing from you soon—and speaking tomorrow.

Reyahd D.J. Kazmi
Managing Director
government policy & transformation
IGNITE Cities, LLC

Good morning. I hope everyone is doing well.

I would like to schedule a 30 minute call on Wednesday of next week so we can confirm two items.

1. procurement vehicle
2. qualify/ confirm the use-case

Both are required to meet the deadlines. Please send a time that works best for the group.

Thank you, we look forward to next steps.

Thank you in advance,
George Burciaga

Steve from Mastercard, attached please find a slide that highlights the last hour of our meeting.

Meeting Recap

Attendees:

- City of New Orleans: (apologies if any team members were missed)
  - Dr. Jennifer Avegno – Director of Health
  - Ray Bolling – Director of Neighborhood Engagement
  - Tenisha Stevens – Criminal Justice Commissioner
  - Emily Wolff – Director of Office of Youth and Families
  - Col. Terry Ebbert – Director of Homeland Security
  - Vincenzo Pasquantonio – Director of Office of Human Rights
  - John Pourciau – Chief of Staff
  - Liana Elliot – Deputy Chief of Staff
  - Kim LaGrue – Chief Information Officer
  - Clifton Davis – Executive Council (Miles Tepper)
  - Josh Cox – Director of Strategic Initiatives
  - Tara Richard – Director of City Council Relations
  - Josh Zuckerman – IGR Policy and Research Analyst
  - Ellen Lee – Director of Economic Development
  - Norman White – Director of Finance
  - Sunni LeBeouf – City Attorney
  - Gilbert Montano – Chief Administrative Officer
- Mastercard/MoCaFi
  - Miguel Gamino
  - Mark Klupt
  - Steve Tae
  - Alby Bocanegra
  - Gianna Fenaroli
  - Adam Telem
  - Wole Coaxum
- IGNITE Cities:
  - George Burciaga
  - Reyahd Kazmi

Notes:

- Mastercard has agreed to partner with the City of New Orleans to prototype their Mastercard City Key (city ID card) in New Orleans at no cost to the city

- Opportunity: City of New Orleans and Mastercard have verbally

agreed to explore and prototype the Mastercard ID card for the use of a single government-issued ID card with multiple functions:

- Youth Employment and Engagement: (approx. 2k youth)
  - To be utilized for transportation, payroll, payment functionality, library card, financial Inclusion, and financial literacy
    - Summer Jobs Program; Youth Leadership Academy; Opportunity Youth
    - Requirement: works/integrates with current youth-based initiatives

- Returning Citizens (approx. 2-4k citizens)
  - Provide a valid government-issued ID upon release to be utilized for access to government services, payment disbursement and other services such as housing, medical…etc. (approx. 110 citizens requesting assistance from the re-entry office on accessing and obtaining government ID)
    - Requirement: accept temporary addresses; accept current or expired copies of government records

- Disaster Response/Recovery (Long-Term)
  - To be utilized to assist with emergency evacuations, tracking residents, and aid disbursement (from federal government)
    - Requirement: the ID passes federal muster (TSA) to better assist in evacuating all residents from the city

Questions and Answers:

- Q: Do you collect resident contact information and data?
  - A: No, it's up to the city
- Q: Would city have to find banks for our unbanked communities?
  - A: No, MoCaFi as the program manager handles this role
- Q: Who assumes risk?
  - A: It's a prepaid card so all people can get the card; no NSF fees; can't spend more than what's on it; can help build credit by MoCaFi reporting things like "rent payments" to credit-reporting agencies
- Q: Remittance/send money to family members abroad?

        - A: Can send money to 84 different countries at ½ the price of Western-Union
    - Q: Is there sweeping of funds/wage-garnishing for outstanding bills?
        - A: No, not on a prepaid card
    - Q: How do you put money on it?
        - A: Through a bank, mobile/digitally…etc.
    - Q: How fast can this happen?
        - A: A version can be created immediately and built out from there based on needs/wants; do so in a way that is the lowest cost to the city, free for the consumer, and includes creative ways for stakeholders to participate

Action Items:

- City of New Orleans:
    - Determine internal team leaders for the execution and deployment of the prototype City Key for:
        - Youth Employment and Engagement
        - Returning Citizens
    - Work with IGNITE on potential contract vehicles
    - Work with IGNITE on setting up a call concerning transportation initiatives
    - Work with IGNITE on the exact team members to be assigned to each of the two projects
        - Youth Engagement and Employment
        - Returning Citizens
    - Provide any questions or inquiries concerning the City Key to IGNITE

- Mastercard:
    - Determine the necessary team leaders and members assigned to each of the two projects

- IGNITE:
    - Work with Arthur, Clifton, Miles, John, Sunni and Liana to determine the necessary City of New Orleans team leaders and members assigned to each of the two projects
    - Work with Mastercard to determine the necessary team leaders and members assigned to each of the two projects
    - Once the City and Mastercard have determined the appropriate team leaders and members, coordinate and schedule introductory emails and calls/meetings for each breakout group to begin the development and deployment

of the NOLA City Key

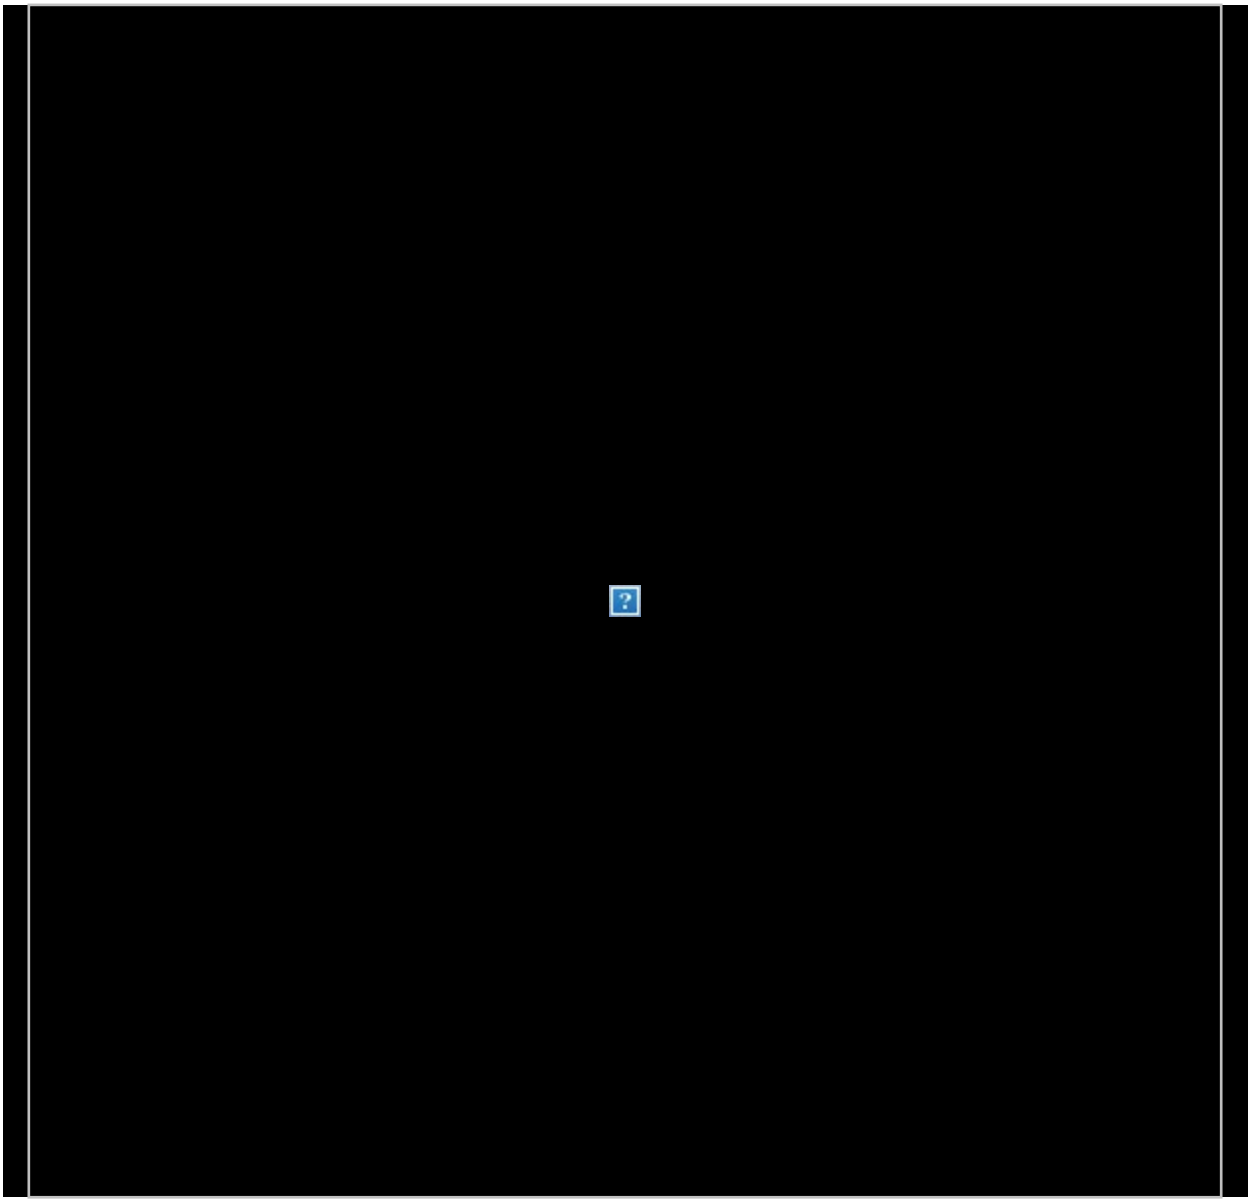
From: Smart City Expo Atlanta
To: Arthur C. Walton
Subject: Announcing Keynote Speakers - Ambassador Young, T.I., and Mayor Hancock
Date: Thursday, August 15, 2019 12:55:18 PM

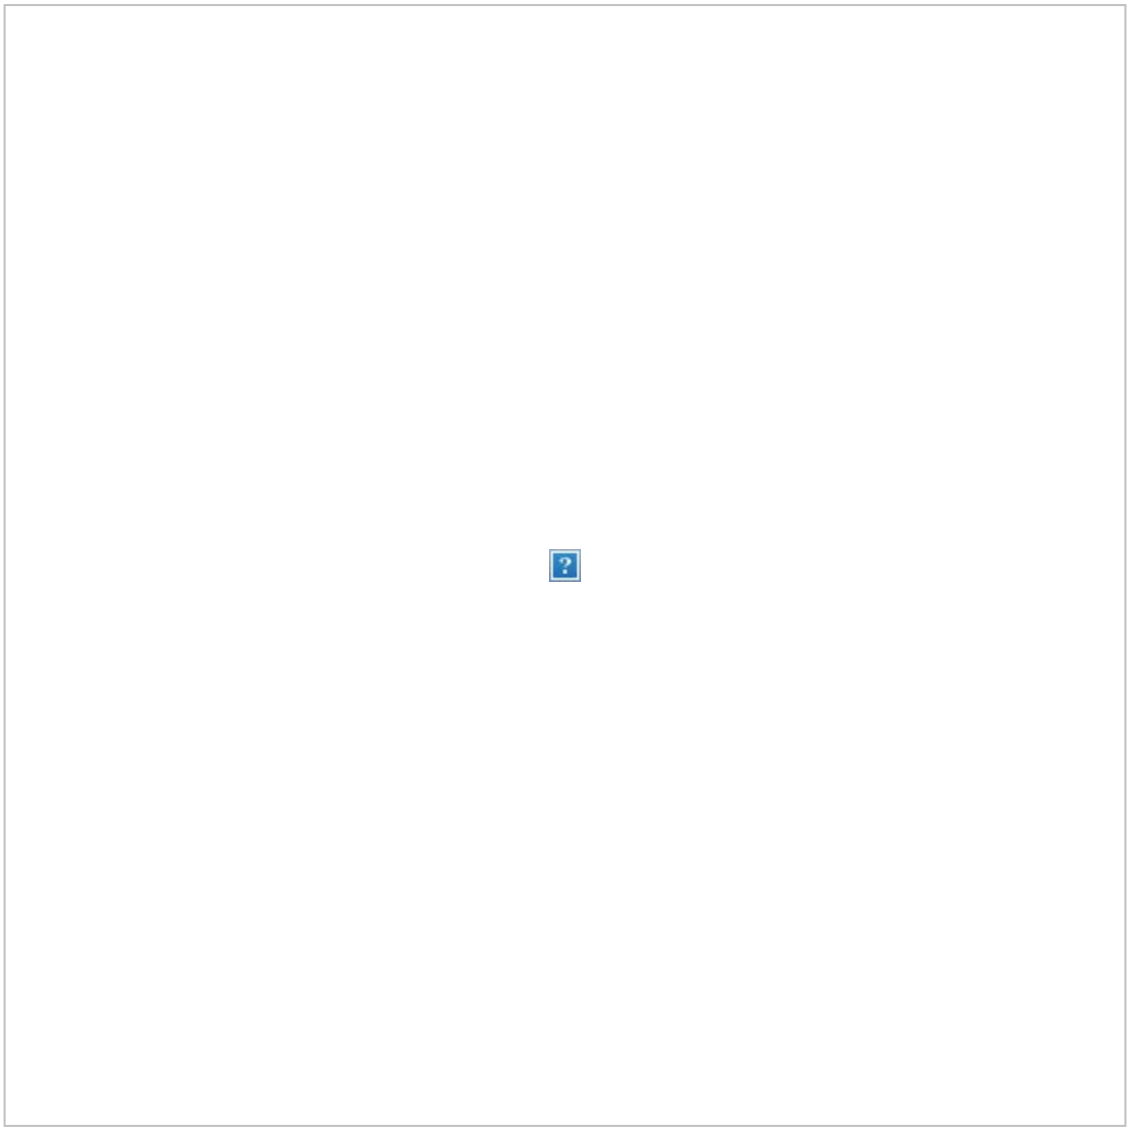
EMAIL FROM EXTERNAL SENDER



Smart City Expo Atlanta is Honored to Welcome our Latest Speakers!

Dear Arthur,

What do Ambassador Andrew J. Young, artist, entrepreneur, and activist T.I., and Mayor Michael Hancock of Denver have in common? They all understand that “smart” cities aren’t just those leading in technological advancement, but also prioritizing equity, affordable housing, economic development, and opportunity. And that’s why they are the newest keynote speakers at Smart City Expo Atlanta!



At Smart City Expo Atlanta, we are redefining what it means for a city to be “smart” — from one dominated by AI, blockchain, automation, and big data, to one that focuses on economic mobility, human capital, and equitable infrastructure, especially for those living in vulnerable communities.

Join us from September 11-13, 2019 at the Georgia World Congress Center to hear how leaders are making sure everyone has a seat at the table in the twenty-first century urban economy.

PURCHASE YOUR TICKET TODAY!

Notes:

- Mastercard has agreed to partner with the City of New Orleans to prototype their Mastercard City Key (city ID card) in New Orleans at no cost to the city

- Opportunity: City of New Orleans and Mastercard have verbally agreed to explore and prototype the Mastercard ID card for the use of a single government-issued ID card with multiple functions:

  - Youth Employment and Engagement: (approx. 2k youth)
    - To be utilized for transportation, payroll, payment functionality, library card, financial Inclusion, and financial literacy
      - Summer Jobs Program; Youth Leadership Academy; Opportunity Youth
      - Requirement: works/integrates with current youth-based initiatives

  - Returning Citizens (approx. 2-4k citizens)
    - Provide a valid government-issued ID upon release to be utilized for access to government services, payment disbursement and other services such as housing, medical…etc. (approx. 110 citizens requesting assistance from the re-entry office on accessing and obtaining government ID)
      - Requirement: accept temporary addresses; accept current or expired copies of government records

  - Disaster Response/Recovery (Long-Term)
    - To be utilized to assist with emergency evacuations, tracking residents, and aid disbursement (from federal government)
      - Requirement: the ID passes federal muster (TSA) to better assist in evacuating all residents from the city

Questions and Answers:

  - Q: Do you collect resident contact information and data?
    - A: No, it's up to the city

- Q: Would city have to find banks for our unbanked communities?
  - A: No, MoCaFi as the program manager handles this role
- Q: Who assumes risk?
  - A: It's a prepaid card so all people can get the card; no NSF fees; can't spend more than what's on it; can help build credit by MoCaFi reporting things like "rent payments" to credit-reporting agencies
- Q: Remittance/send money to family members abroad?
  - A: Can send money to 84 different countries at ½ the price of Western-Union
- Q: Is there sweeping of funds/wage-garnishing for outstanding bills?
  - A: No, not on a prepaid card
- Q: How do you put money on it?
  - A: Through a bank, mobile/digitally…etc.
- Q: How fast can this happen?
  - A: A version can be created immediately and built out from there based on needs/wants; do so in a way that is the lowest cost to the city, free for the consumer, and includes creative ways for stakeholders to participate

Action Items:

- City of New Orleans:
  - Determine internal team leaders for the execution and deployment of the prototype City Key for:
    - Youth Employment and Engagement
    - Returning Citizens
  - Work with IGNITE on potential contract vehicles
  - Work with IGNITE on setting up a call concerning transportation initiatives
  - Work with IGNITE on the exact team members to be assigned to each of the two projects
    - Youth Engagement and Employment
    - Returning Citizens
  - Provide any questions or inquiries concerning the City Key to IGNITE

- Mastercard:
  - Determine the necessary team leaders and members assigned to each of the two projects

- IGNITE:
  - Work with Arthur, Clifton, Miles, John, Sunni and Liana to determine the necessary City of New Orleans team leaders and members assigned to each of the two projects
  - Work with Mastercard to determine the necessary team leaders and members assigned to each of the two projects
  - Once the City and Mastercard have determined the appropriate team leaders and members, coordinate and schedule introductory emails and calls/meetings for each breakout group to begin the development and deployment of the NOLA City Key

EMAIL FROM EXTERNAL SENDER

Team NOAL,

We are excited to start our workshop session tomorrow.

When we start the introductions, please refer to the IGNITE team (Reyahd and myself) as your point of contact for the project. Due to our partnership with the Mayor, we will oversee the progress with Miles. This will allow us to accelerate the planning and development while ensuring that the Mastercard team stays on track and delivers as required. This is how we handle all projects for our partner mayors.

Miles, please forward your contact info so we can connect before the meeting.

We truly appreciate the opportunity and the partnership.

Sincerely,
George Burciaga

George,

I've compiled a list of attendees for tomorrow's meeting. Formal name cards won't be needed. It'll be a crowded room. There is a buzz about the presentation. Expect detailed questions. Also there will be some staffers who will attend. As I suggested, you may want to start the meeting with introductions. Miles Tepper will be the point person from my team.

MASTERCARD Identification Presentation Attendees

Dr. Jennifer Avegno - Director of Health
Ray Bolling - Director of Neighborhood Engagement

Tenisha Stevens - Criminal Justice Commissioner
Emily Wolff - Director of Office of Youth & Families
Col. Terry Ebbert - Director of Homeland Security
Vincenzo Pasquantonio - Director Office of Human Rights
John Pourciau - Chief of Staff
Liana Elliot - Deputy Chief of Staff
Kim LaGrue - Chief Information Officer
Clifton Davis - Executive Council
Josh Cox - Director of Strategic Initiatives
Tara Richard - Director of City Council Relations
Josh Zuckerman – IGR Policy & Research Analyst
Ellen Lee - Director of Economic Development
Norman White - Director of Finance
Gilbert Montano - CAO
Representative from City Attorney's Office
Representative from Communications

All,

We're excited to kick-off a Mastercard workshop with the city of New Orleans team on August 12th. We are currently meeting from 10am - 1pm. The meeting details (location) will be delivered by Amy or Arthur who are copied, later this afternoon. The city team will also submit a list of attendees for the meeting so we can prepare appropriately.

MasterCard team, please send the agenda so we are completely aligned. The workshop should help us identify use cases for the City Key solution.

During this process, please keep the ignite team copied on all interactions so we can manage the development appropriately.

Thank you everyone and I look forward to the visit.

EMAIL FROM EXTERNAL SENDER

Hi Mayor Cantrell!

I hope you're having a fabulous summer.

Following up to see if you can join us at Smart City Expo Atlanta taking place September 11-13, 2019 at Georgia World Congress Center.

From Ambassador Young and T.I. to the CIO of Paris and the CEO of the Atlanta Braves, the conference is proving to have an all-star lineup of thought leaders who are making cities “smart”.

Please let us know if you have any questions - we would love to confirm your participation as soon as possible.

Warmly,

Aarti

>
> Dear Mayor Cantrell,
>
> It was so lovely to meet you during our HBCU roundtable at USCM’s summit in DC in January. I’m so thrilled your public safety and emergency management team won the IDC award at my Smart Cities New York conference last month!
>
> I’m writing to invite you to speak at Smart City Expo Atlanta taking place from September 11-13, 2019 at Georgia World Congress Center with a Community Day on September 14th at an HBCU.
>
> Smart City Expo Atlanta is redefining the term “smart”. We are the only U.S. edition of Smart City Expo World

Congress (SCEWC), the world's leading conference on smart cities featuring 20,000 attendees annually in Barcelona.

We are highly focused on making sure women, millennials, people of color, the aging population, and people with disabilities are included in the new "smart city", one defined by digital transformation, artificial intelligence, early-stage investments, and other civic innovations and solutions.

We invite you to talk about your leadership and commitment to advancing a smarter, safer, more resilient, and inclusive New Orleans. Could you please advise if you are available? We would love to confirm you by June 17th if possible and follow up with potential topic ideas by the end of the month.

Warmly,

Aarti

EMAIL FROM EXTERNAL SENDER

Ms. Gloria,

I hope you're well.

Per our partnership, we are constantly providing ways for Mayor Cantrell to share and showcase all the great things that are happening in New Orleans.

As a result, we would like for her to join our delegation of mayors, led by Mayor Benjamin and hosted by Mayor Bottoms, to attend and speak at the first ever US-based Smart City Expo in Atlanta, September 11th – 13th. Smart City Expo (SCE) is the largest smart city conference in the world that is annually hosted in Barcelona, Spain, and whom for the first time will be coming to the US. SCE has partnered with IGNITE and has requested that we bring a delegation of US Mayors to join government and technology leaders from around the world.

Due to ensuring that Mayor Cantrell can be listed as a speaker through SCE's summer-media campaign, we request that you confirm this week if she can attend. A link to a press release about the conference is below and more information about the conference is in an attached pdf.

https://hypepotamus.com/featured-events/atlanta-smart-city-expo-2019/

I will call you today to answer any questions, thank you.

---

Dear Ms. Emily,

Hi. My Name is Rosine PEMA SANGA, Director of International Relations for the City of New Orleans. Thank you for inviting Mayor LaToya Cantrell to attend the International Urban Resilience Forum Seoul 2019. Unfortunately, the Mayor would not be able to attend the forum during the hurricane season. However, if possible, the Mayor would like to send one of her staff members to represent her at this forum.
Would you mind getting back to us to let us know if the Mayor can be represented at this forum please?

Thank you,
Rosine

EMAIL FROM EXTERNAL SENDER

Dear Honorable Mayor,

Greetings from Korea!

This is Emily Kim, a coordinator from secretariat of Seoul Metropolitan Government.
On June 21, I sent the invitation letter via email and the website of New Orleans. But I could not have received any answers.
So I am sending the invitation letter again for having the Mayor's presence at the forum on September 2019.

On behalf of Seoul Metropolitan Government, it is my great pleasure to invite you to the 'International Urban Resilience Forum Seoul 2019', which will be held on September 23-24, 2019 in Seoul and co-hosted by Seoul Metropolitan Government and UNDRR(United Nations for Disaster Risk Reduction).
This forum will bring together representatives of cities and experts on urban resilience from all over the world to share their experiences and best practices regarding the theme "Strengthening Urban Resilience through Smart Technologies and Governance."

I would like to share brief information about the forum below. (For more details, I am sending the files for the official invitation letter and the general information that can help you comprehend it.)

✓ **Details of the forum**

- Date: September 23-24, 2019
- Venue: Lotte Hotel Seoul(30, Eulji-ro, Jung-gu, Seoul, Korea)
- Host: Seoul Metropolitan Government & UNDRR(United Nations for Disaster Risk Reduction)
- Accommodation: Accommodation for 2 nights will be provided.
- Flight: Round-trip airfare will be provided.
- Expected participants: Mayors, Governors, Executives in the disaster management department, Professors and Academics, Experts in disaster preparedness, urban planning, civil society, Non-governmental organizations

It would be honorable and grateful if we can have the Mayor's participation.
I cordially enquire you to reply me whether the Mayor can join us at the forum by **July 29, 2019**. (If you need more time to be confirmed, please inform me.)

I look forward to hearing from you soon.
If you have any inquiries, please feel free to contact me.

Sincerely,
Emily Kim

EMAIL FROM EXTERNAL SENDER

Hi Mayor Cantrell.

I hope you're having a fabulous weekend.

I'm writing to see if you can join us in September. We are expecting 15+ mayors and 70% of our audience will be decision makers from the U.S. public sector (40% coming from the South East).

Some confirmed speakers to date include:

- **William Rogers, Jr.**, CEO, SunTrust Bank
- **Bryan Barnett**, Mayor, City of Rochester Hills, MI; Incoming President, US Conference of Mayors
- **Karen Freeman-Wilson**, Mayor, City of Gary, IN; President, National League of Cities
- **Hardie Davis, Jr.**, Mayor, City of Augusta; President, African-American Mayors Association
- **Todd Strange**, Mayor, City of Montgomery, AL
- **Kirk Caldwell**, Mayor, City of Honolulu, HI
- **Eugene Grant**, Mayor, City of Seat Pleasant, MD
- **Michael Nutter,** Former Mayor, City of Philadelphia
- **Clarence Anthony**, Executive Director, National League of Cities

- **Tye Hayes**, CTO, City of Atlanta
- **Gary Brantley**, CIO, City of Atlanta
- **Amol Naik**, Chief Resilience Officer, City of Atlanta
- **Emily Riedl**, CIO, City of South Bend
- **Nicole Coughlin Raimundo**, Chief Information Officer, Town of Cary
- **Kirk Talbott**, CIO, MARTA
- **Dr. Victor Pineda**, President, World Enabled
- **Victor Calise**, Commissioner, Mayor's Office for People with Disabilities, City of New York
- **Karen Tamley**, Commissioner, Mayor's Office for People with Disabilities, City of Chicago
- **Stephen Simon**, Executive Director, Department of Disability, City of Los Angeles
- **Ryan Wilson**, Co-Founder and CEO, The Gathering Spot
- **Michael Blake**, Vice Chair, Democratic National Committee
- **Phaedra Ellis Lamkins**, CEO, Promise
- **Veronika Scott**, Co-Founder and CEO, The Empowerment Plan
- **Michael Smith**, Executive Director, My Brother's Keeper Alliance; Director of Youth Opportunity Programs, Obama Foundation
- **Cordell Carter**, Executive Director, Socrates Program, Aspen Institute
- **Patricia Purcell,** Head of Partnerships, Cities Programme, UN Global Compact
- **Rohit Malhotra**, Founder and Executive Director**,** Center for Civic Innovation
- **Merin Rajadurai,** Chairman, Secretary of State Open Forum, U.S. State Department
- **Story Bellows**, Partner, Cityfi
- **Clayton Banks**, CEO, Silicon Harlem
- **Nathaniel Smith**, CEO, Partnership for Southern Equity
- **Doug Hooker**, Executive Director, Atlanta Regional Commission

Please let us know what further information we can provide so that you'll say YES!

Warmly,

Aarti

Subject: Speaker Invitation | Smart City Expo Atlanta | Sept 11-13, 2019

EMAIL FROM EXTERNAL SENDER

Dear Mayor Cantrell,

It was so lovely to meet you during our HBCU roundtable at USCM's summit in DC in January. I'm so thrilled your public safety and emergency management team won the IDC award at my Smart Cities New York conference last month!

I'm writing to invite you to speak at Smart City Expo Atlanta taking place from September 11-13, 2019 at Georgia World Congress Center with a Community Day on September 14th at an HBCU.

Smart City Expo Atlanta is redefining the term "smart". We are the only U.S. edition of Smart City Expo World Congress (SCEWC), the world's leading conference on smart cities featuring 20,000 attendees annually in Barcelona.

We are highly focused on making sure women, millennials, people of color, the aging population, and people with disabilities are included in the new "smart city", one defined by digital transformation, artificial intelligence, early-stage investments, and other civic innovations and solutions.

We invite you to talk about your leadership and commitment to advancing a smarter, safer, more resilient, and inclusive New Orleans. Could you please advise if you are available? We would love to confirm you by June 17th if possible and follow up with potential topic ideas by the end of the month.

Warmly,

Aarti

Team,

We are confirmed for August 12th. I'm hoping we can schedule a two hour session between 11 and 4pm. Please pick a time that works best for the NOLA team.

Our group will arrive on the 11th to ensure no delays.

Amy, I will call you now to answer any additional questions.

Thank you, and we look forward to seeing everyone on August 12th.

Thank you in advance,
George Burciaga

Subject: Follow Up w/ Ignite Cities + Mastercard + City of New Orleans

Hey all,

We met with George and Reyahd of Ignite Cities at USCM last month. They sent follow up/action items based off their meetings with Mayor Cantrell. I am kicking this to Kim to spearhead, but want all of you to be aware that this is now in the works.

Ignite team will be flying down here at some point in the near future, which I will help coordinate. Need to know who should be involved in the meetings with them though! Their Action Items are included below….

Thank you all!

Action Items:

- Mastercard:
  - Evaluate City Possible's benefits including various City ID uses (with support from IGNITE)
  - Select the provided dates for City Possible's workshop with Mayor Cantrell and the team

- IGNITE:
  - Mastercard:
    - Provided suggested dates for City Possible's workshop in New Orleans (July 16, 17, or 29th)

        - Support Mayor Cantrell and team on City ID uses that align with the mayor's initiatives
    - NOLA Team:
        - Meeting with IGNITE and Team NOLA

EMAIL FROM EXTERNAL SENDER

Dear Honorable Mayor,

Greetings from Korea!

This is Emily Kim, a coordinator from secretariat of Seoul Metropolitan Government.
On June 21, I sent the invitation letter via email and the website of New Orleans. But I could not have received any answers.
So I am sending the invitation letter again for having the Mayor's presence at the forum on September 2019.

On behalf of Seoul Metropolitan Government, it is my great pleasure to invite you to the 'International Urban Resilience Forum Seoul 2019', which will be held on September 23-24, 2019 in Seoul and co-hosted by Seoul Metropolitan Government and UNDRR(United Nations for Disaster Risk Reduction).
This forum will bring together representatives of cities and experts on urban resilience from all over the world to share their experiences and best practices regarding the theme "Strengthening Urban Resilience through Smart Technologies and Governance."

I would like to share brief information about the forum below. (For more details, I am sending the files for the official invitation letter and the general information that can help you comprehend it.)

✓ **Details of the forum**

- Date: September 23-24, 2019
- Venue: Lotte Hotel Seoul(30, Eulji-ro, Jung-gu, Seoul, Korea)
- Host: Seoul Metropolitan Government & UNDRR(United Nations for Disaster Risk Reduction)
- Accommodation: Accommodation for 2 nights will be provided.
- Flight: Round-trip airfare will be provided.
- Expected participants: Mayors, Governors, Executives in the disaster management department, Professors and Academics, Experts in disaster preparedness, urban planning, civil society, Non-governmental organizations

It would be honorable and grateful if we can have the Mayor's participation.
I cordially enquire you to reply me whether the Mayor can join us at the forum by **July 29, 2019**. (If you need more time to be confirmed, please inform me.)

I look forward to hearing from you soon.
If you have any inquiries, please feel free to contact me.

Sincerely,
Emily Kim

Get in the Game! Public-Private Partnerships are a Win-Win

Dear Arthur,

Public-private partnerships can take many forms to revitalize and boost communities. From infrastructure improvements, to affordable housing and community programs benefiting residents of all ages, collaboration with the private sector can yield tremendous results. For the private sector, these partnerships are a public way of putting their corporate purpose or mission into action.

Join us at Smart City Expo Atlanta from September 11-13, 2019 to hear from two of Atlanta's top CEOs – **Bill Rogers** of SunTrust Bank and **Derek Schiller** of the Atlanta Braves – on how they teamed up to ensure a home run for the greater Atlanta community with the creation of SunTrust Park and The Battery Atlanta. Furthering its commitment to the community, SunTrust recently committed $100 million a year for three years to drive community development, entrepreneurship, and financial wellness in the region.

Subject: Follow Up w/ Ignite Cities + Mastercard + City of New Orleans

Hey all,

We met with George and Reyahd of Ignite Cities at USCM last month. They sent follow up/action items based off their meetings with Mayor Cantrell. I am kicking this to Kim to spearhead, but want all of you to be aware that this is now in the works.

Ignite team will be flying down here at some point in the near future, which I will help coordinate. Need to know who should be involved in the meetings with them though! Their Action Items are included below….

Thank you all!

Action Items:

- Mastercard:
    - Evaluate City Possible's benefits including various City ID uses (with support from IGNITE)
    - Select the provided dates for City Possible's workshop with Mayor Cantrell and the team

- IGNITE:
    - Mastercard:
        - Provided suggested dates for City Possible's workshop in New Orleans (July 16, 17, or 29th)
            - Support Mayor Cantrell and team on City ID uses that align with the mayor's initiatives
    - NOLA Team:

- Meeting with IGNITE and Team NOLA

Does the 29th still work for you two to fly into NOLA?

If yes, we are good to go. If not, give me other dates that work with your schedules!

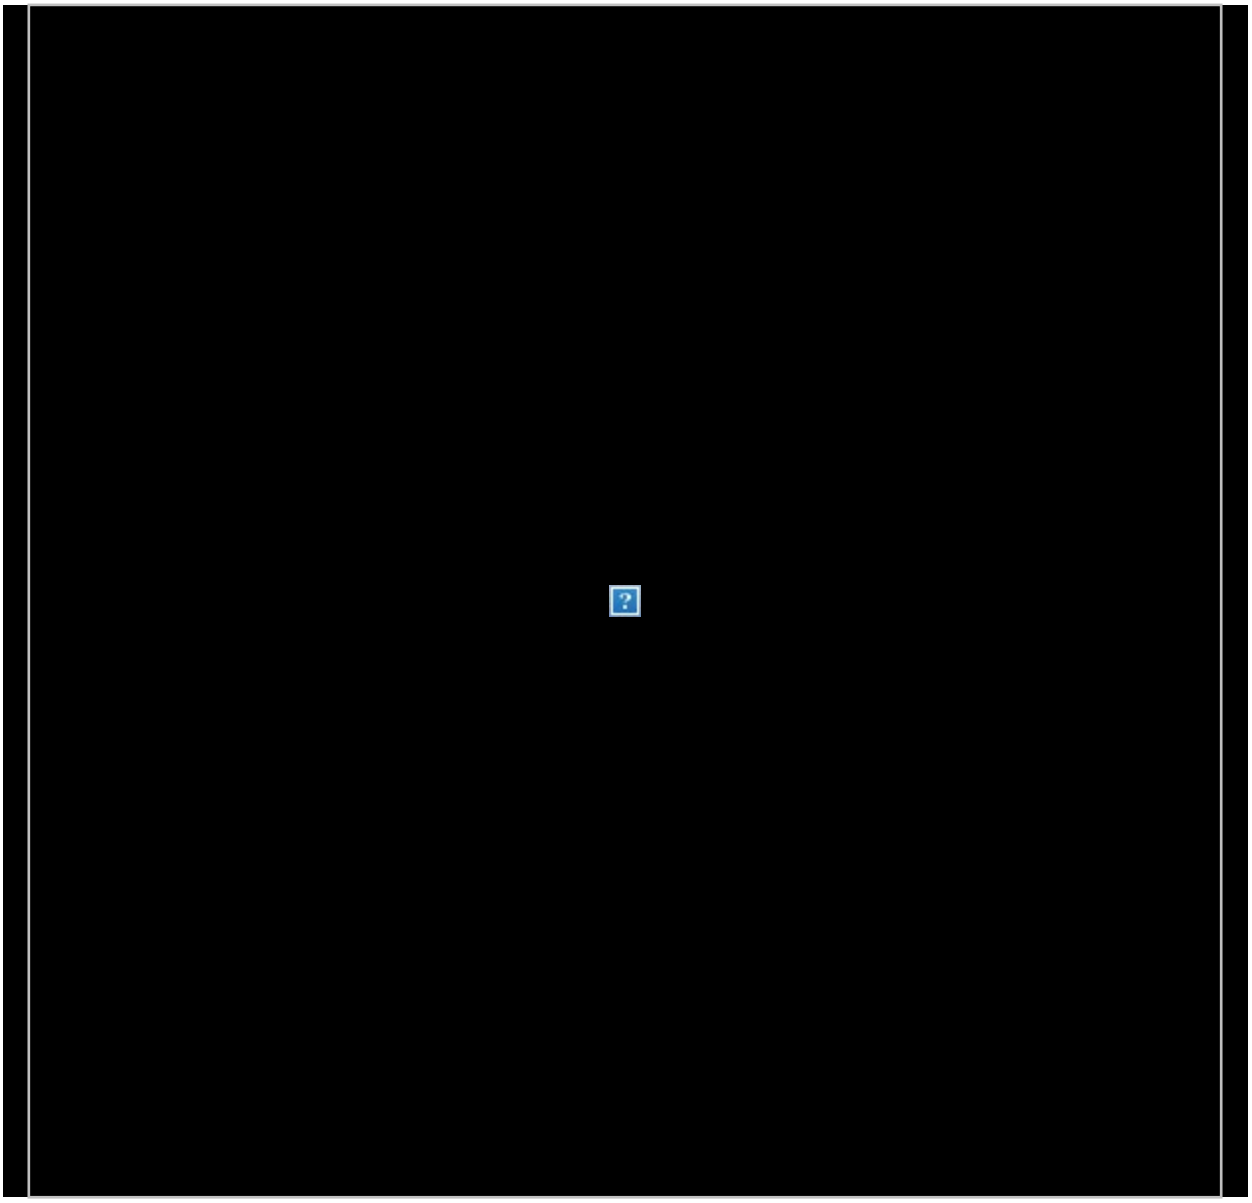
Subject: Smart City Expo Atlanta - New Speakers Announced!
Date: Friday, July 19, 2019 9:10:08 AM

EMAIL FROM EXTERNAL SENDER



Buzz is building for Smart City Expo Atlanta!

Dear Arthur,

With companies like Toyota, Volkswagen, and Audi rolling out increasingly more electric vehicle options and rideshare companies like Lyft launching its Green Mode program in Seattle and Atlanta, consumers have more choices for environmentally-friendly driving. Given the rapid rate of adoption of electric vehicles in urban environments and barriers to electrification (such as cost and distance traveled) significantly reduced, can cities meet the needs of this fast-growing form of transportation?

Meet some of our new speakers below and visit Smart City Expo Atlanta to learn more about our exciting agenda from September 11-13, 2019 at Georgia World Congress Center.

BUY YOUR TICKETS NOW! **50% OFF SALE ENDS JULY 26, 2019**!

EMAIL FROM EXTERNAL SENDER

Hi Wendy,
It would be Mayo Cantrell and Governor O'Malley having a discussion about moving toward a smart city, governance around modernizing cities, challenges and opportunities for government officials to interact with their constituents and provide services. We can make it as broad or focused as you want. The Governor is very focused on how you can use data to make decisions and focus your resources. He doesn't believe you always need to buy and implement the newest technology to transform a city or state. The panel will likely be moderated to make it easy and we can share questions in advance and add any topics the Mayor would like to discuss.

EMAIL FROM EXTERNAL SENDER

Team New Orleans:

Great job this week at the 2019 USCM Annual Meeting! Way to go!

Below and attached, please find a meeting recap that provides a snapshot of the conference as well as includes action items that require follow. Please keep us copied on all communications so we may provide you further support.

Event snapshot:

- Climate Mayors Summit:
  - Supported Mayor Cantrell for Mayor Caldwell's Resiliency Office's video for the Climate Mayors Summit – Mayor Caldwell's office sent it to New Orleans media market

- Sit-down Meeting:
  - Mastercard

- Mastercard:
  - Discussion centered around:
    - City ID program and its possibilities concerning Mayor Cantrell's needs/wants: mobility, data, library card, under-banked, returning citizens, homelessness, youth summer jobs program (NOLA East), emergency response/access
      - Urgently, by end of year, Mayor wants to do a pilot with phases for various populations including starting with the Youth Leadership Academy

Action Items:

- Mastercard:
  - Evaluate City Possible's benefits including various City ID uses (with support from IGNITE)
  - Select the provided dates for City Possible's workshop with Mayor Cantrell and the team

- IGNITE:
  - Mastercard:
    - Provided suggested dates for City Possible's workshop in New Orleans (July 16, 17, or 29th)
      - Support Mayor Cantrell and team on City ID uses that align with the

mayor's initiatives

- NOLA Team:
  - Meeting with IGNITE and Team NOLA

Ms. Baquet,

Our apologies for the oversight, it is Monday, July 22 from 4 – 5:15 with former Baltimore Mayor and Maryland Governor Martin O'Malley. There will be a cocktail reception after the event.

Best,
Sarah Joy

EMAIL FROM EXTERNAL SENDER

Arthur,

Thank you for today's call.

As mentioned, Mayor Caldwell is excited to have Mayor Cantrell support and attend both conferences.

We're also excited to have so many of our partner mayors at the conference this year.

Please connect us with Amy so we can coordinate meetings together and ensure Mayor Cantrell's visit is truly successful.

I've also copied Josh Stanbro, Chief Resilient Officer for Mayor Caldwell for additional support.

We look forward to seeing you on Thursday.

Thank you in advance,
George Burciaga

EMAIL FROM EXTERNAL SENDER

First, thank you George for the introduction.

Second, Tarik it's a pleasure to "e-meet" you. I have copied Kaleb on this message so you two can communicate directly.

As George explained, Kaleb is a competitive swimmer who caught the football bug just a few years ago. However during that time, he has proved to be a tremendous asset to his team and has garnered interest from some impressive programs.

Both my and my husband's (Art Walton) emails are on this message, so feel free to contact us.

All the best,
April Anderson

> Hey Tarik...long time...I hope all is well with you and your family. I have sent you a video of Kaleb Walton... a TALL wide receiver.
>
> Kaleb is a good kid and accomplished player and also the son of one of my cousins. He's 18, 6'51/2", 215lbs. He's from Atlanta but goes to school at an elite prep school in Rhode Island - St. George's. His mom (my cousin) is on the board there as well as being an investment banker. His dad is an attorney. Kaleb has a 3.2 GPA and scored a 29 in the ACT(?) test as a junior.
>
> Kaleb has only been playing football for 3 years. Swimming was his principle athletic endeavor, in fact he's been recruited for it, but he prefers football. Kaleb just completed the receivers, backs, QB camp at Stanford, he's been contacted/tried out ... by Rutgers, UMass, Maryland, Yale, West Point. I am far from being a talent evaluator but Kaleb seems to be raw..perfect 'red' shirt material. BTW he does NOT want to bulk up to be come a line backer. But he is a smart kid who would benefit greatly from a Cal education. He's going to be a Lawyer/Banker...not a pro athlete.
>
> If you are interested i will connect you with his/his parents.

Subject: Speaker Invitation | Smart City Expo Atlanta | Sept 11-13, 2019

EMAIL FROM EXTERNAL SENDER

Dear Mayor Cantrell,

It was so lovely to meet you during our HBCU roundtable at USCM's summit in DC in January. I'm so thrilled your public safety and emergency management team won the IDC award at my Smart Cities New York conference last month!

I'm writing to invite you to speak at Smart City Expo Atlanta taking place from September 11-13, 2019 at Georgia World Congress Center with a Community Day on September 14th at an HBCU.

Smart City Expo Atlanta is redefining the term "smart". We are the only U.S. edition of Smart City Expo World Congress (SCEWC), the world's leading conference on smart cities featuring 20,000 attendees annually in Barcelona.

We are highly focused on making sure women, millennials, people of color, the aging population, and people with disabilities are included in the new "smart city", one defined by digital transformation, artificial intelligence, early-stage investments, and other civic innovations and solutions.

We invite you to talk about your leadership and commitment to advancing a smarter, safer, more resilient, and inclusive New Orleans. Could you please advise if you are available? We would love to confirm you by June 17th if possible and follow up with potential topic ideas by the end of the month.

Warmly,

Aarti

Mayor Cantrell and Team New Orleans:

We hope all is well and that your testimony in Baton Rouge goes well so when your bill is called, it'll pass!

Since you were unable to make it to Chicago this week, we wanted to follow-up with you to kindly request 20 minutes of your time for us to meet while at the USCM Annual Meeting in Honolulu at the end of this month. George will follow-up tomorrow with a call.

Thanks so much and we look forward to meeting at the end of the month!

Subject: RE: City Facilities Programmatic Study - Observation Study May 20 - May 31
Date: Friday, May 17, 2019 8:34:24 AM

EMAIL FROM EXTERNAL SENDER

Starting on Monday and during the following two weeks, there will be employees from Woodward Design Group conducting an observation study of your current workplace. The studies will begin **May 20, 2019** from **8 AM through 5 PM**. The data recording will continue each day through **May 31, 2019**.

They will be monitoring and noting the activities taking place at a series of pre-mapped locations throughout the buildings. The locations will include workstations, offices, and conference rooms. If doors are closed, Observers will knock before opening the door.

A Focus on Space

The researchers will NOT be looking at you specifically or judging your performance! Instead, they will be determining the occupancy level and what the occupants are generally doing (focused work, collaboration, formal meetings, etc.).

Every hour, observers will walk along pre-designated routes and record predefined activity codes into a hand-held device according to what is occurring in the location. These codes are then translated into a database for quantitative analysis.

Analysis Outcomes

Examples of how this data can be analyzed include average utilization, average daily peak occupancy, and weekly peak occupancy. This data allows the team to understand the extent to which the actual use of spaces corresponds to reported use and to postulate why certain spaces are over-crowded while others sit empty.

Contact Information

If you have any questions about this initiative, please contact Ms. Ellen Waguespack, Capital Project Manager at emwaguespack@nola.gov / ext. 88665 or me (Lisa Quarls, Woodward Design Group) – email at lquarls@woodwarddesignbuild.com or text 504.535.1558.

Subject: RE: Confirmed: Mayor Cantrell - Forum on Global Cities

Dear Amy,

Thank you for your note. We are of course disappointed but completely understand the demands on the Mayor's time.

I wanted to propose one other arrangement for her participation in the event it makes it possible for her to still attend. We originally had planned for the Mayor to attend the Mayors' Roundtable on Wednesday, June 5 and speak on the urban violence panel the next day on June 6. Would it make it possible for her to attend if all of her activities were condensed to Wednesday, June 5 and she spoke on the opening night panel "A Seat at the Table" rather than the next day?

The roundtable is from 3-5pm and the opening panel from 7-7:45pm. I don't think it would be possible to make the 8:50pm flight out that evening but there is a 6am flight out on the 6th we can make sure the Mayor is on.

Let us know if that would make it possible for the Mayor to still participate and we would be more than happy to make the arrangements for her participation. If not, we completely understand and hope to welcome Mayor Cantrell sometime this year and for the forum next year, June 3-5!

All the best,
Vanessa

All,

We are very sorry to let you know that, due to bills in session in Baton Rouge through the beginning of June, the Mayor will have to back out of her commitment in Chicago.

She hates to disappoint, but has important legislation that will still be on the floor at the time, and her presence will be needed in Baton Rouge.

Thank you for all, and best of luck with the event!

Amy Rodenberger
Executive Office Director
Mayor LaToya Cantrell
504-658-4992

EMAIL FROM EXTERNAL SENDER

Hi all,

This is wonderful news! I know Chloe (copied) already followed up under separate cover with additional details.

I just wanted to express my thanks for Mayor Cantrell's confirmation of participation. I had the pleasure of listening to her speak at the Cities for Tomorrow conference in New Orleans in December last year, and I am very much looking forward to hosting her in June!

Thanks again for making this happen.

Best,
Vanessa

EMAIL FROM EXTERNAL SENDER

Vanessa and Chloe:

Good evening. Please let this email serve as final confirmation for Mayor Cantrell's attendance at the Pritzker Forum on Global Cities, June 5th through 7th. Specifically, as we discussed, the Mayor's participation on the Mayor's Roundtable on the 5th and the panel on Reducing Urban Violence on the 6th. We are extremely excited to have Mayor Cantrell join us!

As a result, in order to schedule the Mayor's travel and accommodations, please meet Ms. Wendy Baquet, the Mayor's scheduler. As well, please meet Amy, the Mayor's Executive Office Director and Arthur, the Mayor's Intergovernmental Relations Director.

Ms. Wendy, Vanessa and Chloe will contact you to schedule the Mayor's travel and accommodations. Please keep us cc'd on communications so we can further assist you/the Mayor.

We look forward to moving this along and getting this scheduled.

Thanks all!

Hi Amy and team,

Just a quick check-in on the below note. We completely understand if the Mayor is unable to attend the forum at all but would love to make it work for her schedule if at all possible. Please do let us know if there is any additional information or efforts we can make on our end that would facilitate her participation.

All the best,
Vanessa

Subject: RE: Confirmed: Mayor Cantrell - Forum on Global Cities

Dear Amy,

Thank you for your note. We are of course disappointed but completely understand the demands on the Mayor's time.

I wanted to propose one other arrangement for her participation in the event it makes it possible for her to still attend. We originally had planned for the Mayor to attend the Mayors' Roundtable on Wednesday, June 5 and speak on the urban violence panel the next day on June 6. Would it make it possible for her to attend if all of her activities were condensed to Wednesday, June 5 and she spoke on the opening night panel "A Seat at the Table" rather than the next day?

The roundtable is from 3-5pm and the opening panel from 7-7:45pm. I don't think it would be possible to make the 8:50pm flight out that evening but there is a 6am flight out on the 6th we can make sure the Mayor is on.

Let us know if that would make it possible for the Mayor to still participate and we would be more than happy to make the arrangements for her participation. If not, we completely understand and hope to welcome Mayor Cantrell sometime this year and for the forum next year, June 3-5!

All the best,
Vanessa

All,

We are very sorry to let you know that, due to bills in session in Baton Rouge through the beginning of June, the Mayor will have to back out of her commitment in Chicago.

She hates to disappoint, but has important legislation that will still be on the floor at the time, and her presence will be needed in Baton Rouge.

Thank you for all, and best of luck with the event!

Amy Rodenberger
Executive Office Director
Mayor LaToya Cantrell
504-658-4992

EMAIL FROM EXTERNAL SENDER

Hi all,

This is wonderful news! I know Chloe (copied) already followed up under separate cover with additional details.

I just wanted to express my thanks for Mayor Cantrell's confirmation of participation. I had the pleasure of listening to her speak at the Cities for Tomorrow conference in New Orleans in December last year, and I am very much looking forward to hosting her in June!

Thanks again for making this happen.

Best,
Vanessa

EMAIL FROM EXTERNAL SENDER

Vanessa and Chloe:

Good evening. Please let this email serve as final confirmation for Mayor Cantrell's attendance at the Pritzker Forum on Global Cities, June 5th through 7th. Specifically, as we discussed, the Mayor's participation on the Mayor's Roundtable on the 5th and the panel on Reducing Urban Violence on the 6th. We are extremely excited to have Mayor Cantrell join us!

As a result, in order to schedule the Mayor's travel and accommodations, please meet Ms. Wendy Baquet, the Mayor's scheduler. As well, please meet Amy, the Mayor's Executive Office Director and Arthur, the Mayor's Intergovernmental Relations Director.

Ms. Wendy, Vanessa and Chloe will contact you to schedule the Mayor's travel and accommodations. Please keep us cc'd on communications so we can further assist you/the Mayor.

We look forward to moving this along and getting this scheduled.

Thanks all!

Reyahd D.J. Kazmi

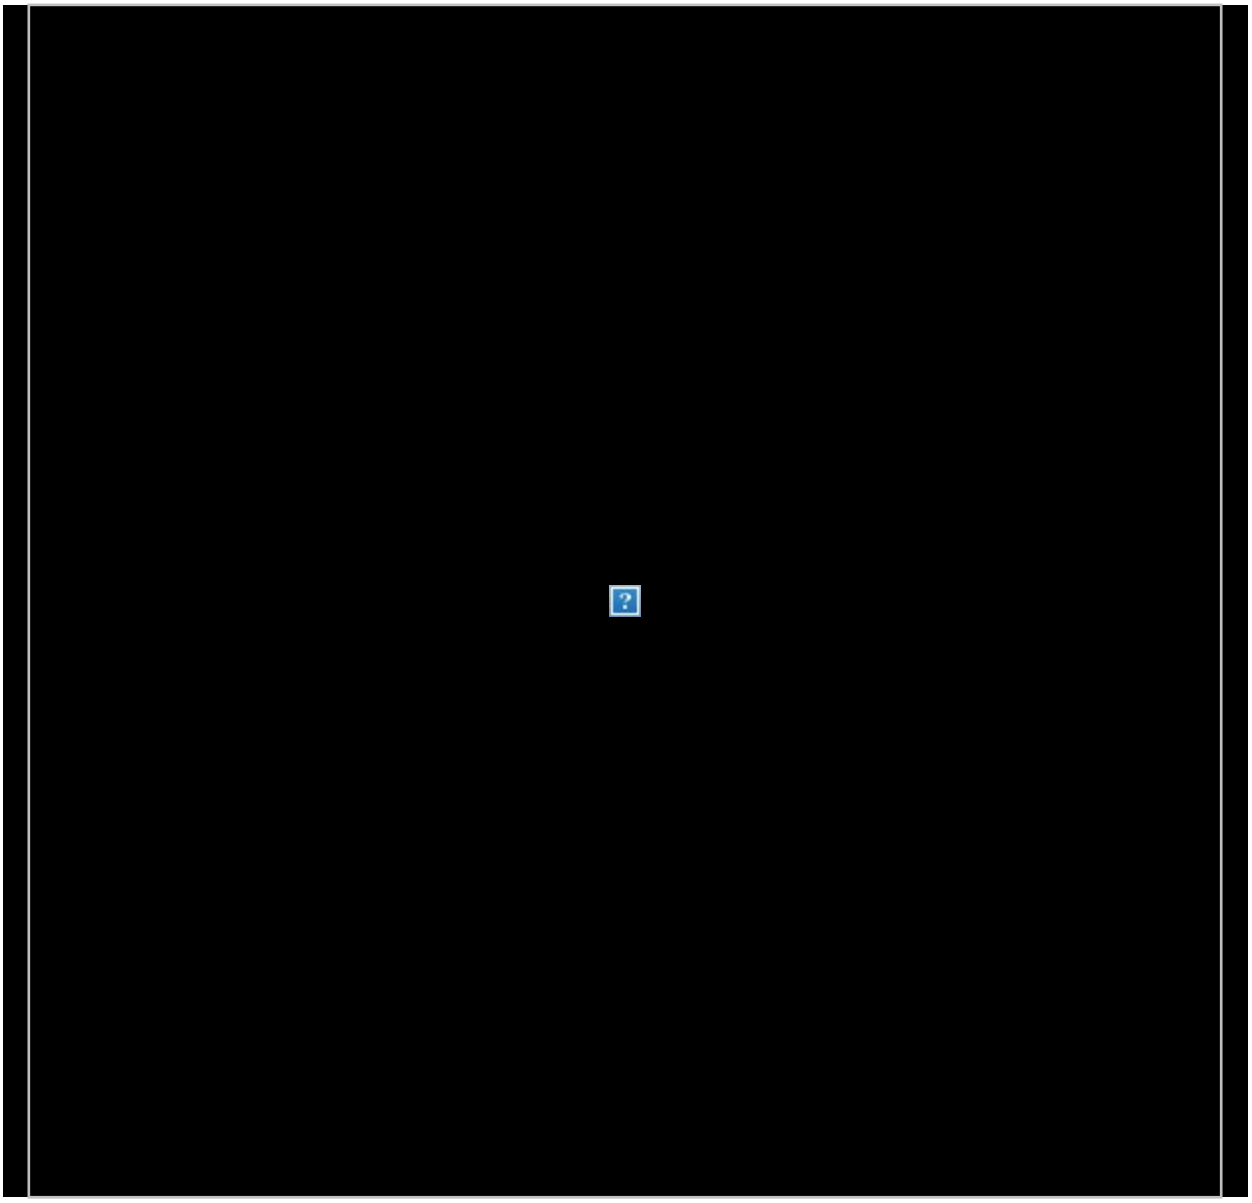
Subject: World's largest Smart City event expands to the U.S.: Registration is now OPEN for Smart City Expo Atlanta
Date: Wednesday, May 1, 2019 10:31:10 AM

EMAIL FROM EXTERNAL SENDER



We're thrilled to announce that registration is now open

for Smart City Expo Atlanta.

Join leaders from government, corporations, nonprofits, and entrepreneurial sectors at Smart City Expo Atlanta to redefine what it means to be a "smart city".

Collaborate with inspiring thought leaders on how to prioritize social and economic mobility, equitable infrastructure, and human capital in the new “smart city,” one defined by digital transformation, artificial intelligence, early-stage investments, and other civic innovations and solutions.

Smart City Expo Atlanta is the first, and only, U.S. edition of Smart City Expo World Congress (SCEWC), the world's leading conference and expo on smart cities and smart urban solutions.

If you are a stakeholder in improving cities - policymakers, government officials, activists, artists, infrastructure or technology providers - you have a role and voice in this conversation. We look forward to seeing you in September!

Wonderful! We will only be scheduling one call. I wanted to give your office first pass on availability and will now take these dates to the other panelists to confirm their availability. If it's not too much trouble to hold 30 minutes at 8:30am CT on May 3,7,8 for now - I will circle back by Friday with the final date confirmation.

Thank you so much for your flexibility!

Best,
Chloe

EMAIL FROM EXTERNAL SENDER

Dear all,

I hope this note finds you well! I wanted to follow-up on Mayor Cantrell's participation at the 2019 Forum with some time sensitive requests:

1. We are scheduling a conference call for the "Stop the Violence" panel so panelists can touch base with each other and the moderator on content.

   Would it be possible for a designated representative of the Mayor to join a panel call at 8:30am CT on any of the following dates - May 3, 7, 8? It is our hope that this representative can discuss any content preferences or messaging Mayor Cantrell would like to address on the panel as well as any subjects she would prefer not to discuss. Our sincere apologies for limited range of options, but we are working with several different time zones

2. I have attached Mayor Cantrell's flight options to this message. Please review the itinerary options listed. When Sarah receives the preferred option, she will confirm the flights and contact you with any confirmation information. Please note that the Council will cover the cost of one ticket change fee (up to $300). Additional fees or price differences in fares associated with changes to the booked itinerary will be the responsibility of the participant.

   Amy - we are happy to book your flight as well! When convenient, could you please fill out the traveler form in the last email and we will follow up with options?

3. Can we publish the attached biography and headshot on our website?

Thank you in advance for your help and we look forward to hearing back!

Best,
Chloe

Dear Amy,

Thank you for getting back to us so quickly! We are thrilled the workshop works out and will follow-up with additional details later this month.

One small request – would it be possible for your team to approve the attached bio and headshot of Mayor Cantrell for our website? We are eager to share the news of her confirmation! We have made slight edits to meet institutional style and length guidelines.

I have looped in my colleague Sarah who will handle airfare and accommodations. If you wouldn't mind, Sarah will need the same form you filled out below for Mayor Cantrell for your own flight. Thank you!

- Full name as it appears on government issued ID:
- Date of birth D/M/Y:
- Preferred dates and time of day of travel (Note that the Forum begins on June 5 and concludes on June 7):
- Preferred departure & return airport:
- Seating preference on plane:
- Frequent Flyer Number(s) and Airline(s):
- Global Entry / TSA Pre-Check Number:
- Dietary restrictions:
- Accommodation required?:

Sarah will also arrange the Park Hyatt accommodations, covered by the Council, for you and Mayor Cantrell as well as a reservation in our room block for Mr. Walton, with payment to be handled at check-in.

Thank you, Amy, we are so excited to welcome the team in June!

Best,
Chloe

EMAIL FROM EXTERNAL SENDER

Hi Amy,

Thank you so much for jumping on the phone earlier today! As we discussed, we are happy to cover your roundtrip economy airfare and accommodation at the Park Hyatt. We will wait to hear back from you on whether or not we should reserve a room at the Park Hyatt for Arthur (with payment to be made by your office). To reconfirm – the Council is only able to cover the travel and accommodation expenses of one staff member traveling with a mayor.

Additionally, since the Mayor will be staying for the duration of the Forum, we were wondering if your team has had time to consider the previous invitation to join the Thursday, June 6 workshop on "Urban Violence in the Americas"? Please find additional details below:

- Thursday, June 6, 2:00pm – 5:30pm CT
  Location: UChicago Urban Labs

    - During the afternoon of Thursday, June 6 we will be hosting eight concurrent workshops to provide attendees a more intimate, deep-dive conversation on a particular topic. The workshops convene ~30 high-level attendees at each session. For Mayor Cantrell, we would be honored to have her participate at our workshop entitled "Urban Violence in the Americas" that will examine how cities can work together to develop a common vision for the western hemisphere for reducing urban youth violence and homicide rates. **Please advise if this is a possibility?**

Thank you, Amy, and we look forward to hearing from you!

Best,
Chloe

Chloe,

As noted before, Arthur Walton and myself (Amy Rodenberger) will be traveling with the Mayor to Chicago in June. To answer your questions on the Mayor-

- Full name as it appears on government issued ID: LaToya Wilder Cantrell
- Date of birth: 04/03/1971
- Preferred dates and time of day of travel (Note that the Forum begins on June 5 and concludes on June 7): AM June 5th and AM June 7th
- Preferred departure & return airport: MSY
- Seating preference on plane: Aisle
- Frequent Flyer Number(s) and Airline(s):

American	7WA32P6
Delta	937000805
Southwest	20909725476
United	SK471628

- Global Entry / TSA Pre-Check Number: TT11742H4
- Dietary restrictions: None
- Accommodation required?: Yes

Will the staffers accomodations also be covered, or should we coordinate that on our own?

Thank you so much for all.

Amy Rodenberger
Executive Office Director

EMAIL FROM EXTERNAL SENDER

Dear All,

Thank you so much for confirming Mayor Cantrell's participation – our entire team is so thrilled that this worked out! I have attached an embargoed draft agenda with content details. Please let us know if you have any questions regarding this attachment.

Wendy: I look forward to working with you on logistical details and have provided updates below. Please excuse the length of this email, but I hope we can give you as much information possible to prepare the Mayor at this time.

SCHEDULE OF SESSIONS:

- Wednesday June 5, 3:00pm – 5:00pm CT
  Location: Chicago Council on Global Affairs
  - Global Cities Mayors' Roundtable hosted by Mayors Emanuel and Rees
  - Private roundtable session with ~30 peer mayors
- Thursday, June 6, tbd time *(please hold 9am – 12pmCT)*
  Location: Revel Fulton Market (main event venue)

  PANEL: Stop the Violence

  - LaToya Cantrell, Mayor, New Orleans
  - Philippe Close, Mayor, Brussels
  - Evelyn Diaz, President, Heartland Alliance

    - Sergio Fajardo, Former Mayor, Medellin
    - Roelf Meyer, Former Minister of Constitutional Development, South Africa
    - Moderated by Jamil Anderlini, Asia Editor, *Financial Times*

    - This is a public, mainstage panel.

- Thursday, June 6, 2:00pm – 5:30pm CT
  Location: UChicago Urban Labs

    - During the afternoon of Thursday, June 6 we will be hosting eight concurrent workshops to provide attendees a more intimate, deep-dive conversation on a particular topic. The workshops convene ~30 high-level attendees at each session. For Mayor Cantrell, we would be honored to have her participate at our workshop entitled "Urban Violence in the Americas" that will examine how cities can work together to develop a common vision for the western hemisphere for reducing urban youth violence and homicide rates. **Please advise if this is a possibility?**

- Thursday, June 6, 6pm – 8:30pm CT
  Location: TBD upon Board member host confirmation

    - There will be private dinners hosted by members of our Board taking place Thursday evening. We are still in the process of confirming our Board members who will be hosting these dinners. Dinner details are expected to be finalized in mid-April and we will communicate full details at that time. We hope Mayor Cantrell will be able to attend a dinner before departing Chicago!

TRAVEL AND ACCOMODATIONS:

Wendy, the Council is pleased to cover roundtrip business airfare, local transportation, and accommodations at the Park Hyatt Chicago.

If you could please provide the below information at your earliest convenience, I will connect you with our travel coordinator who can send preliminary flight itineraries for approval.

- Full name as it appears on government issued ID:
- Date of birth:
- Preferred dates and time of day of travel (Note that the Forum begins on June 5 and concludes on June 7):
- Preferred departure & return airport:
- Seating preference on plane:
- Frequent Flyer Number(s) and Airline(s):
- Global Entry / TSA Pre-Check Number:
- Dietary restrictions:
- Accommodation required?:

Thank you so much for taking the time to get back to us on the details – we are so excited to welcome the Mayor in June!

Best,
Chloe

We will wait to hear back from you on whether or not we should reserve a room at the Park Hyatt for Arthur (with payment to be made by your office). To reconfirm – the Council is only able to

cover the travel and accommodation expenses of one staff member traveling with a mayor.

Additionally, since the Mayor will be staying for the duration of the Forum, we were wondering if your team has had time to consider the previous invitation to join the Thursday, June 6 workshop on "Urban Violence in the Americas"? Please find additional details below:

- Thursday, June 6, 2:00pm – 5:30pm CT
  Location: UChicago Urban Labs

    - During the afternoon of Thursday, June 6 we will be hosting eight concurrent workshops to provide attendees a more intimate, deep-dive conversation on a particular topic. The workshops convene ~30 high-level attendees at each session. For Mayor Cantrell, we would be honored to have her participate at our workshop entitled "Urban Violence in the Americas" that will examine how cities can work together to develop a common vision for the western hemisphere for reducing urban youth violence and homicide rates. **Please advise if this is a possibility?**

Thank you, Amy, and we look forward to hearing from you!

Best,
Chloe

Chloe,

As noted before, Arthur Walton and myself (Amy Rodenberger) will be traveling with the Mayor to Chicago in June. To answer your questions on the Mayor-

- Full name as it appears on government issued ID: LaToya Wilder Cantrell
- Date of birth: 04/03/1971
- Preferred dates and time of day of travel (Note that the Forum begins on June 5 and

concludes on June 7): AM June 5th and AM June 7th

- Preferred departure & return airport: MSY
- Seating preference on plane: Aisle
- Frequent Flyer Number(s) and Airline(s):

American	7WA32P6
Delta	937000805
Southwest	20909725476
United	SK471628

- Global Entry / TSA Pre-Check Number: TT11742H4
- Dietary restrictions: None
- Accommodation required?: Yes

Will the staffers accomodations also be covered, or should we coordinate that on our own?

Thank you so much for all.

Amy Rodenberger
Executive Office Director
Office of Mayor LaToya Cantrell
City of New Orleans

EMAIL FROM EXTERNAL SENDER

Dear All,

Thank you so much for confirming Mayor Cantrell's participation – our entire team is so thrilled that this worked out! I have attached an embargoed draft agenda with content details. Please let us know if you have any questions regarding this attachment.

Wendy: I look forward to working with you on logistical details and have provided updates

below. Please excuse the length of this email, but I hope we can give you as much information possible to prepare the Mayor at this time.

SCHEDULE OF SESSIONS:

- Wednesday June 5, 3:00pm – 5:00pm CT
  Location: Chicago Council on Global Affairs
    - Global Cities Mayors' Roundtable hosted by Mayors Emanuel and Rees
    - Private roundtable session with ~30 peer mayors
- Thursday, June 6, tbd time *(please hold 9am – 12pmCT)*
  Location: Revel Fulton Market (main event venue)

  PANEL: Stop the Violence

    - LaToya Cantrell, Mayor, New Orleans
    - Philippe Close, Mayor, Brussels
    - Evelyn Diaz, President, Heartland Alliance
    - Sergio Fajardo, Former Mayor, Medellin
    - Roelf Meyer, Former Minister of Constitutional Development, South Africa
    - Moderated by Jamil Anderlini, Asia Editor, *Financial Times*

    ❖ This is a public, mainstage panel.

- Thursday, June 6, 2:00pm – 5:30pm CT
  Location: UChicago Urban Labs

    - During the afternoon of Thursday, June 6 we will be hosting eight concurrent workshops to provide attendees a more intimate, deep-dive conversation on a particular topic. The workshops convene ~30 high-level attendees at each session. For Mayor Cantrell, we would be honored to have her participate at our workshop entitled "Urban Violence in the Americas" that will examine how cities can work together to develop a common vision for the western hemisphere for reducing urban youth violence and homicide rates. **Please advise if this is a possibility?**

- Thursday, June 6, 6pm – 8:30pm CT
  Location: TBD upon Board member host confirmation

    - There will be private dinners hosted by members of our Board taking place Thursday evening. We are still in the process of confirming our Board members who will be hosting these dinners. Dinner details are expected to be finalized in mid-April and we will communicate full details at that time. We hope Mayor Cantrell will be able to attend a dinner before departing Chicago!

TRAVEL AND ACCOMODATIONS:

Wendy, the Council is pleased to cover roundtrip business airfare, local transportation, and

accommodations at the Park Hyatt Chicago.

If you could please provide the below information at your earliest convenience, I will connect you with our travel coordinator who can send preliminary flight itineraries for approval.

- Full name as it appears on government issued ID:
- Date of birth:
- Preferred dates and time of day of travel (Note that the Forum begins on June 5 and concludes on June 7):
- Preferred departure & return airport:
- Seating preference on plane:
- Frequent Flyer Number(s) and Airline(s):
- Global Entry / TSA Pre-Check Number:
- Dietary restrictions:
- Accommodation required?:

Thank you so much for taking the time to get back to us on the details – we are so excited to welcome the Mayor in June!

Best,
Chloe

EMAIL FROM EXTERNAL SENDER

Vanessa and Chloe:

Good evening. Please let this email serve as final confirmation for Mayor Cantrell's attendance at the Pritzker Forum on Global Cities, June 5th through 7th. Specifically, as we discussed, the Mayor's participation on the Mayor's Roundtable on the 5th and the panel on Reducing Urban Violence on the 6th. We are extremely excited to have Mayor Cantrell join us!

As a result, in order to schedule the Mayor's travel and accommodations, please meet Ms. Wendy Baquet, the Mayor's scheduler. As well, please meet Amy, the Mayor's Executive Office Director and Arthur, the Mayor's Intergovernmental Relations Director.

Ms. Wendy, Vanessa and Chloe will contact you to schedule the Mayor's travel and accommodations. Please keep us cc'd on communications so we can further assist you/the Mayor.

We look forward to moving this along and getting this scheduled.

Thanks all!

Dear Amy,

Thank you for getting back to us so quickly! We are thrilled the workshop works out and will follow-up with additional details later this month.

One small request – would it be possible for your team to approve the attached bio and headshot of Mayor Cantrell for our website? We are eager to share the news of her confirmation! We have made slight edits to meet institutional style and length guidelines.

I have looped in my colleague Sarah who will handle airfare and accommodations. If you wouldn't mind, Sarah will need the same form you filled out below for Mayor Cantrell for your own flight. Thank you!

- Full name as it appears on government issued ID:
- Date of birth D/M/Y:
- Preferred dates and time of day of travel (Note that the Forum begins on June 5 and concludes on June 7):
- Preferred departure & return airport:
- Seating preference on plane:
- Frequent Flyer Number(s) and Airline(s):
- Global Entry / TSA Pre-Check Number:
- Dietary restrictions:
- Accommodation required?:

Sarah will also arrange the Park Hyatt accommodations, covered by the Council, for you and Mayor Cantrell as well as a reservation in our room block for Mr. Walton, with payment to be handled at check-in.

Thank you, Amy, we are so excited to welcome the team in June!

Best,
Chloe

---

EMAIL FROM EXTERNAL SENDER

Dear all,

I hope this note finds you well! I wanted to follow-up on Mayor Cantrell's participation at the 2019 Forum with some time sensitive requests:

1. We are scheduling a conference call for the "Stop the Violence" panel so panelists can touch base with each other and the moderator on content.

   Would it be possible for a designated representative of the Mayor to join a panel call at 8:30am CT on any of the following dates - May 3, 7, 8? It is our hope that this representative can discuss any content preferences or messaging Mayor Cantrell would like to address on the panel as well as any subjects she would prefer not to discuss. Our sincere apologies for limited range of options, but we are working with several different time zones

2. I have attached Mayor Cantrell's flight options to this message. Please review the itinerary options listed. When Sarah receives the preferred option, she will confirm the flights and contact you with any confirmation information. Please note that the Council will cover the cost of one ticket change fee (up to $300). Additional fees or price differences in fares associated with changes to the booked itinerary will be the responsibility of the participant.

   Amy - we are happy to book your flight as well! When convenient, could you please fill out the traveler form in the last email and we will follow up with options?

3. Can we publish the attached biography and headshot on our website?

Thank you in advance for your help and we look forward to hearing back!

Best,
Chloe

EMAIL FROM EXTERNAL SENDER

Hi Amy,

Thank you so much for jumping on the phone earlier today! As we discussed, we are happy to cover your roundtrip economy airfare and accommodation at the Park Hyatt. We will wait to hear back from you on whether or not we should reserve a room at the Park Hyatt for Arthur (with payment to be made by your office). To reconfirm – the Council is only able to cover the travel and accommodation expenses of one staff member traveling with a mayor.

Additionally, since the Mayor will be staying for the duration of the Forum, we were wondering if your team has had time to consider the previous invitation to join the Thursday, June 6 workshop on "Urban Violence in the Americas"? Please find additional details below:

- Thursday, June 6, 2:00pm – 5:30pm CT
  Location: UChicago Urban Labs
    - During the afternoon of Thursday, June 6 we will be hosting eight concurrent workshops to provide attendees a more intimate, deep-dive conversation on a particular topic. The workshops convene ~30 high-level attendees at each

session. For Mayor Cantrell, we would be honored to have her participate at our workshop entitled “Urban Violence in the Americas” that will examine how cities can work together to develop a common vision for the western hemisphere for reducing urban youth violence and homicide rates. **Please advise if this is a possibility?**

Thank you, Amy, and we look forward to hearing from you!

Best,
Chloe

Chloe,

As noted before, Arthur Walton and myself (Amy Rodenberger) will be traveling with the Mayor to Chicago in June. To answer your questions on the Mayor-

- Full name as it appears on government issued ID: LaToya Wilder Cantrell
- Date of birth: 04/03/1971
- Preferred dates and time of day of travel (Note that the Forum begins on June 5 and concludes on June 7): AM June 5th and AM June 7th
- Preferred departure & return airport: MSY
- Seating preference on plane: Aisle
- Frequent Flyer Number(s) and Airline(s):

American	7WA32P6
Delta	937000805
Southwest	20909725476
United	SK471628

- Global Entry / TSA Pre-Check Number: TT11742H4
- Dietary restrictions: None
- Accommodation required?: Yes

Will the staffers accomodations also be covered, or should we coordinate that on our own?

Thank you so much for all.

Amy Rodenberger
Executive Office Director
Office of Mayor LaToya Cantrell

EMAIL FROM EXTERNAL SENDER

Dear All,

Thank you so much for confirming Mayor Cantrell's participation – our entire team is so thrilled that this worked out! I have attached an embargoed draft agenda with content details. Please let us know if you have any questions regarding this attachment.

Wendy: I look forward to working with you on logistical details and have provided updates below. Please excuse the length of this email, but I hope we can give you as much information possible to prepare the Mayor at this time.

SCHEDULE OF SESSIONS:

- Wednesday June 5, 3:00pm – 5:00pm CT
  Location: Chicago Council on Global Affairs
  - Global Cities Mayors' Roundtable hosted by Mayors Emanuel and Rees
  - Private roundtable session with ~30 peer mayors
- Thursday, June 6, tbd time *(please hold 9am – 12pmCT)*
  Location: Revel Fulton Market (main event venue)

PANEL: Stop the Violence

- LaToya Cantrell, Mayor, New Orleans
- Philippe Close, Mayor, Brussels
- Evelyn Diaz, President, Heartland Alliance
- Sergio Fajardo, Former Mayor, Medellin
- Roelf Meyer, Former Minister of Constitutional Development, South Africa
- Moderated by Jamil Anderlini, Asia Editor, *Financial Times*

- This is a public, mainstage panel.

- Thursday, June 6, 2:00pm – 5:30pm CT
  Location: UChicago Urban Labs

  - During the afternoon of Thursday, June 6 we will be hosting eight concurrent workshops to provide attendees a more intimate, deep-dive conversation on a particular topic. The workshops convene ~30 high-level attendees at each session. For Mayor Cantrell, we would be honored to have her participate at our workshop entitled “Urban Violence in the Americas” that will examine how cities can work together to develop a common vision for the western hemisphere for reducing urban youth violence and homicide rates. **Please advise if this is a possibility?**

- Thursday, June 6, 6pm – 8:30pm CT
  Location: TBD upon Board member host confirmation

  - There will be private dinners hosted by members of our Board taking place Thursday evening. We are still in the process of confirming our Board members who will be hosting these dinners. Dinner details are expected to be finalized in mid-April and we will communicate full details at that time. We hope Mayor Cantrell will be able to attend a dinner before departing Chicago!

TRAVEL AND ACCOMODATIONS:

Wendy, the Council is pleased to cover roundtrip business airfare, local transportation, and accommodations at the Park Hyatt Chicago.

If you could please provide the below information at your earliest convenience, I will connect you with our travel coordinator who can send preliminary flight itineraries for approval.

- Full name as it appears on government issued ID:
- Date of birth:
- Preferred dates and time of day of travel (Note that the Forum begins on June 5 and concludes on June 7):
- Preferred departure & return airport:
- Seating preference on plane:
- Frequent Flyer Number(s) and Airline(s):

- Global Entry / TSA Pre-Check Number:
- Dietary restrictions:
- Accommodation required?:

Thank you so much for taking the time to get back to us on the details – we are so excited to welcome the Mayor in June!

Best,
Chloe

EMAIL FROM EXTERNAL SENDER

Vanessa and Chloe:

Good evening. Please let this email serve as final confirmation for Mayor Cantrell's attendance at the Pritzker Forum on Global Cities, June 5th through 7th. Specifically, as we discussed, the Mayor's participation on the Mayor's Roundtable on the 5th and the panel on Reducing Urban Violence on the 6th. We are extremely excited to have Mayor Cantrell join us!

As a result, in order to schedule the Mayor's travel and accommodations, please meet Ms. Wendy Baquet, the Mayor's scheduler. As well, please meet Amy, the Mayor's Executive Office Director and Arthur, the Mayor's Intergovernmental Relations Director.

Ms. Wendy, Vanessa and Chloe will contact you to schedule the Mayor's travel and accommodations. Please keep us cc'd on communications so we can further assist you/the Mayor.

We look forward to moving this along and getting this scheduled.

Thanks all!

Dear Amy,

Thank you for getting back to us so quickly! We are thrilled the workshop works out and will follow-up with additional details later this month.

One small request – would it be possible for your team to approve the attached bio and headshot of Mayor Cantrell for our website? We are eager to share the news of her confirmation! We have made slight edits to meet institutional style and length guidelines.

I have looped in my colleague Sarah who will handle airfare and accommodations. If you wouldn't mind, Sarah will need the same form you filled out below for Mayor Cantrell for your own flight. Thank you!

- Full name as it appears on government issued ID:
- Date of birth D/M/Y:
- Preferred dates and time of day of travel (Note that the Forum begins on June 5 and concludes on June 7):

- Preferred departure & return airport:
- Seating preference on plane:
- Frequent Flyer Number(s) and Airline(s):
- Global Entry / TSA Pre-Check Number:
- Dietary restrictions:
- Accommodation required?:

Sarah will also arrange the Park Hyatt accommodations, covered by the Council, for you and Mayor Cantrell as well as a reservation in our room block for Mr. Walton, with payment to be handled at check-in.

Thank you, Amy, we are so excited to welcome the team in June!

Best,
Chloe

    - During the afternoon of Thursday, June 6 we will be hosting eight concurrent workshops to provide attendees a more intimate, deep-dive conversation on a particular topic. The workshops convene ~30 high-level attendees at each

session. For Mayor Cantrell, we would be honored to have her participate at our workshop entitled “Urban Violence in the Americas” that will examine how cities can work together to develop a common vision for the western hemisphere for reducing urban youth violence and homicide rates. **Please advise if this is a possibility?**

Thank you, Amy, and we look forward to hearing from you!

Best,
Chloe

Chloe,

As noted before, Arthur Walton and myself (Amy Rodenberger) will be traveling with the Mayor to Chicago in June. To answer your questions on the Mayor-

- Full name as it appears on government issued ID: LaToya Wilder Cantrell
- Date of birth: 04/03/1971
- Preferred dates and time of day of travel (Note that the Forum begins on June 5 and concludes on June 7): AM June 5th and AM June 7th
- Preferred departure & return airport: MSY
- Seating preference on plane: Aisle
- Frequent Flyer Number(s) and Airline(s):

American	7WA32P6
Delta	937000805
Southwest	20909725476
United	SK471628

- Global Entry / TSA Pre-Check Number: TT11742H4
- Dietary restrictions: None
- Accommodation required?: Yes

Will the staffers accomodations also be covered, or should we coordinate that on our own?

Thank you so much for all.

Amy Rodenberger
Executive Office Director
Office of Mayor LaToya Cantrell
City of New Orleans
AJRodenberger@nola.gov

EMAIL FROM EXTERNAL SENDER

Dear All,

Thank you so much for confirming Mayor Cantrell's participation – our entire team is so thrilled that this worked out! I have attached an embargoed draft agenda with content details. Please let us know if you have any questions regarding this attachment.

Wendy: I look forward to working with you on logistical details and have provided updates below. Please excuse the length of this email, but I hope we can give you as much information possible to prepare the Mayor at this time.

SCHEDULE OF SESSIONS:

- Wednesday June 5, 3:00pm – 5:00pm CT
  Location: Chicago Council on Global Affairs
  - Global Cities Mayors' Roundtable hosted by Mayors Emanuel and Rees
  - Private roundtable session with ~30 peer mayors
- Thursday, June 6, tbd time *(please hold 9am – 12pmCT)*
  Location: Revel Fulton Market (main event venue)

PANEL: Stop the Violence

- LaToya Cantrell, Mayor, New Orleans
- Philippe Close, Mayor, Brussels
- Evelyn Diaz, President, Heartland Alliance
- Sergio Fajardo, Former Mayor, Medellin
- Roelf Meyer, Former Minister of Constitutional Development, South Africa
- Moderated by Jamil Anderlini, Asia Editor, *Financial Times*

- This is a public, mainstage panel.

- Thursday, June 6, 2:00pm – 5:30pm CT
  Location: UChicago Urban Labs

  - During the afternoon of Thursday, June 6 we will be hosting eight concurrent workshops to provide attendees a more intimate, deep-dive conversation on a particular topic. The workshops convene ~30 high-level attendees at each session. For Mayor Cantrell, we would be honored to have her participate at our workshop entitled “Urban Violence in the Americas” that will examine how cities can work together to develop a common vision for the western hemisphere for reducing urban youth violence and homicide rates. **Please advise if this is a possibility?**

- Thursday, June 6, 6pm – 8:30pm CT
  Location: TBD upon Board member host confirmation

  - There will be private dinners hosted by members of our Board taking place Thursday evening. We are still in the process of confirming our Board members who will be hosting these dinners. Dinner details are expected to be finalized in mid-April and we will communicate full details at that time. We hope Mayor Cantrell will be able to attend a dinner before departing Chicago!

TRAVEL AND ACCOMODATIONS:

Wendy, the Council is pleased to cover roundtrip business airfare, local transportation, and accommodations at the Park Hyatt Chicago.

If you could please provide the below information at your earliest convenience, I will connect you with our travel coordinator who can send preliminary flight itineraries for approval.

- Full name as it appears on government issued ID:
- Date of birth:
- Preferred dates and time of day of travel (Note that the Forum begins on June 5 and concludes on June 7):
- Preferred departure & return airport:
- Seating preference on plane:
- Frequent Flyer Number(s) and Airline(s):

- Global Entry / TSA Pre-Check Number:
- Dietary restrictions:
- Accommodation required?:

Thank you so much for taking the time to get back to us on the details – we are so excited to welcome the Mayor in June!

Best,
Chloe

EMAIL FROM EXTERNAL SENDER

Vanessa and Chloe:

Good evening. Please let this email serve as final confirmation for Mayor Cantrell's attendance at the Pritzker Forum on Global Cities, June 5th through 7th. Specifically, as we discussed, the Mayor's participation on the Mayor's Roundtable on the 5th and the panel on Reducing Urban Violence on the 6th. We are extremely excited to have Mayor Cantrell join us!

As a result, in order to schedule the Mayor's travel and accommodations, please meet Ms. Wendy Baquet, the Mayor's scheduler. As well, please meet Amy, the Mayor's Executive Office Director and Arthur, the Mayor's Intergovernmental Relations Director.

Ms. Wendy, Vanessa and Chloe will contact you to schedule the Mayor's travel and accommodations. Please keep us cc'd on communications so we can further assist you/the Mayor.

We look forward to moving this along and getting this scheduled.

Thanks all!

EMAIL FROM EXTERNAL SENDER

Hi Amy,

Thank you so much for jumping on the phone earlier today! As we discussed, we are happy to cover your roundtrip economy airfare and accommodation at the Park Hyatt. We will wait to hear back from you on whether or not we should reserve a room at the Park Hyatt for Arthur (with payment to be made by your office). To reconfirm – the Council is only able to cover the travel and accommodation expenses of one staff member traveling with a mayor.

Additionally, since the Mayor will be staying for the duration of the Forum, we were wondering if your team has had time to consider the previous invitation to join the Thursday, June 6 workshop on "Urban Violence in the Americas"? Please find additional details below:

- Thursday, June 6, 2:00pm – 5:30pm CT
  Location: UChicago Urban Labs

    - During the afternoon of Thursday, June 6 we will be hosting eight concurrent workshops to provide attendees a more intimate, deep-dive conversation on a particular topic. Chloe,

As noted before, Arthur Walton and myself (Amy Rodenberger) will be traveling with the Mayor to Chicago in June. To answer your questions on the Mayor-

- Full name as it appears on government issued ID: LaToya Wilder Cantrell
- Date of birth: 04/03/1971
- Preferred dates and time of day of travel (Note that the Forum begins on June 5 and concludes on June 7): AM June 5th and AM June 7th
- Preferred departure & return airport: MSY
- Seating preference on plane: Aisle
- Frequent Flyer Number(s) and Airline(s):

American	7WA32P6
Delta	937000805
Southwest	20909725476
United	SK471628

- Global Entry / TSA Pre-Check Number: TT11742H4
- Dietary restrictions: None
- Accommodation required?: Yes

Will the staffers accomodations also be covered, or should we coordinate that on our own?

Thank you so much for all.

Amy Rodenberger
Executive Office Director
Office of Mayor LaToya Cantrell
City of New Orleans
AJRodenberger@nola.gov
(c) 504-266-4261

Subject: RE: Confirmed: Mayor Cantrell - Forum on Global Cities

EMAIL FROM EXTERNAL SENDER

Dear All,

Thank you so much for confirming Mayor Cantrell's participation – our entire team is so thrilled that this worked out! I have attached an embargoed draft agenda with content details. Please let us know if you have any questions regarding this attachment.

Wendy: I look forward to working with you on logistical details and have provided updates below. Please excuse the length of this email, but I hope we can give you as much information possible to prepare the Mayor at this time.

SCHEDULE OF SESSIONS:

- Wednesday June 5, 3:00pm – 5:00pm CT
  Location: Chicago Council on Global Affairs
    - Global Cities Mayors' Roundtable hosted by Mayors Emanuel and Rees
    - Private roundtable session with ~30 peer mayors
- Thursday, June 6, tbd time *(please hold 9am – 12pmCT)*
  Location: Revel Fulton Market (main event venue)

  PANEL: Stop the Violence

    - LaToya Cantrell, Mayor, New Orleans
    - Philippe Close, Mayor, Brussels
    - Evelyn Diaz, President, Heartland Alliance
    - Sergio Fajardo, Former Mayor, Medellin
    - Roelf Meyer, Former Minister of Constitutional Development, South Africa
    - Moderated by Jamil Anderlini, Asia Editor, *Financial Times*

    ❖ This is a public, mainstage panel.

- Thursday, June 6, 2:00pm – 5:30pm CT
  Location: UChicago Urban Labs

    - During the afternoon of Thursday, June 6 we will be hosting eight concurrent workshops to provide attendees a more intimate, deep-dive conversation on a particular topic. The workshops convene ~30 high-level attendees at each session. For Mayor Cantrell, we would be honored to have her participate at our workshop entitled "Urban Violence in the Americas" that will examine how cities can work together to develop a common vision for the western hemisphere for reducing urban youth violence and homicide rates. **Please**

advise if this is a possibility?

- Thursday, June 6, 6pm – 8:30pm CT
  Location: TBD upon Board member host confirmation

    - There will be private dinners hosted by members of our Board taking place Thursday evening. We are still in the process of confirming our Board members who will be hosting these dinners. Dinner details are expected to be finalized in mid-April and we will communicate full details at that time. We hope Mayor Cantrell will be able to attend a dinner before departing Chicago!

TRAVEL AND ACCOMODATIONS:

Wendy, the Council is pleased to cover roundtrip business airfare, local transportation, and accommodations at the Park Hyatt Chicago.

If you could please provide the below information at your earliest convenience, I will connect you with our travel coordinator who can send preliminary flight itineraries for approval.

- Full name as it appears on government issued ID:
- Date of birth:
- Preferred dates and time of day of travel (Note that the Forum begins on June 5 and concludes on June 7):
- Preferred departure & return airport:
- Seating preference on plane:
- Frequent Flyer Number(s) and Airline(s):
- Global Entry / TSA Pre-Check Number:
- Dietary restrictions:
- Accommodation required?:

Thank you so much for taking the time to get back to us on the details – we are so excited to welcome the Mayor in June!

Best,
Chloe

EMAIL FROM EXTERNAL SENDER

Vanessa and Chloe:

Good evening. Please let this email serve as final confirmation for Mayor Cantrell's attendance at the Pritzker Forum on Global Cities, June 5th through 7th. Specifically, as we discussed, the Mayor's participation on the Mayor's Roundtable on the 5th and the panel on Reducing Urban Violence on the 6th. We are extremely excited to have Mayor Cantrell join us!

As a result, in order to schedule the Mayor's travel and accommodations, please meet Ms. Wendy Baquet, the Mayor's scheduler. As well, please meet Amy, the Mayor's Executive Office Director and Arthur, the Mayor's Intergovernmental Relations Director.

Ms. Wendy, Vanessa and Chloe will contact you to schedule the Mayor's travel and

accommodations. Please keep us cc'd on communications so we can further assist you/the Mayor.

We look forward to moving this along and getting this scheduled.

Thanks all!

EMAIL FROM EXTERNAL SENDER

Hi all,

This is wonderful news! I know Chloe (copied) already followed up under separate cover with additional details.

I just wanted to express my thanks for Mayor Cantrell's confirmation of participation. I had the pleasure of listening to her speak at the Cities for Tomorrow conference in New Orleans in December last year, and I am very much looking forward to hosting her in June!

Thanks again for making this happen.

Best,
Vanessa

EMAIL FROM EXTERNAL SENDER

Hey Ms. Wendy and Arthur:

I hope you both are well. I wanted to follow-up on whether or not Mayor Cantrell will be able to attend the CCGA Global Cities Forum? We're holding them off as long as we can but they're trying to finalize speaker roles as they'll be starting to book travel the end of next week. As previously stated, this would be a great opportunity and exposure for the Mayor to showcase what's going on in New Orleans to the rest of the country and the world.

Thanks and I'll follow-up by phone later today.

EMAIL FROM EXTERNAL SENDER

Hello Ms. Wendy:

Good afternoon. I hope you're well.

I wanted to follow back up with you concerning the Pritzker Forum on Global Cities event to see if the Mayor is able attend. As you know, in addition to the private Mayoral Roundtable, Mayor Cantrell has also been slated to participate on the Reducing Urban Violence panel with an all-star group including Mr. Roeif Meyer, the South African politician who was the chief negotiator to end apartheid. A list of the other panel members is provided below and we've really pushed and maneuvered for Mayor Cantrell to be the ONLY U.S. Mayor to speak on this panel. This is a really great opportunity for the Mayor to speak on a global scale.

Do you think you could please confirm the Mayor's attendance within the next few days or by the end of the next week?

PANEL: Reducing Urban Violence
How are cities adopting strategies to reduce violence and fatalities and address root causes in a humane way?

1. **LaToya Cantrell**, Mayor, New Orleans (tentative)
2. **Philippe Close**, Mayor, Brussels (confirmed)

3. **Evelyn Diaz,** President, Heartland Alliance (confirmed)
4. **Sergio Fajardo**, Former Mayor, Medellin (confirmed)
5. **Roelf Meyer**, Former Defense Secretary, South Africa (confirmed)
6. FT Moderator

Thanks so much and I look forward to hearing from you.

Reyahd D.J. Kazmi
Managing Director
government policy & transformation
IGNITE Cities, LLC

EMAIL FROM EXTERNAL SENDER

Great! Thanks so much, Ms. Gloria!

Ms. Banquet, good afternoon. It's good to communicate with you.

Mr. Walton, it's nice to e-meet you.

Attached, please find a letter from Mayors Emanuel (Chicago) and Rees (Bristol, UK) concerning Mayor Cantrell joining the Mayor's Roundtable on the 5th. As discussed, Mayor Cantrell would also speak on the panel about Reducing Urban Violence on Thursday, the 6th.

Thanks Team New Orleans!

EMAIL FROM EXTERNAL SENDER

Hey Ms. Wendy and Arthur:

I hope you both are well. I wanted to follow-up on whether or not Mayor Cantrell will be able to attend the CCGA Global Cities Forum? We're holding them off as long as we can but they're trying to finalize speaker roles as they'll be starting to book travel the end of next week. As previously stated, this would be a great opportunity and exposure for the Mayor to showcase what's going on in New Orleans to the rest of the country and the world.

Thanks and I'll follow-up by phone later today.

Good morning Arthur:

I hope you're well and had a nice trip to Spain to learn about bike infrastructure.

I wanted to follow-up with you as I'm going to reach out to Ms. Wendy today concerning (1) Mayor Cantrell's presence at the Forum and (2) to finalize a date for us to come meet with the Mayor. Are you still on-board with the Mayor attending the Forum? If you'd like to speak by phone, just let me know and we can do that as well.

Thanks and I look forward to hearing from you this morning.

EMAIL FROM EXTERNAL SENDER

Good morning, Ms. Baquet:

Thank you for your response. In addition, please find the attached invitation for Mayor Cantrell which covers the entire conference and includes contact information for scheduling Mayor Cantrell's airfare, hotel, and local travel accommodations as this is all covered by the Forum since Mayor Cantrell will be a speaker. I've also included the original invitation from Mayors Emanuel and Rees for the Mayor's Roundtable on the 5th. Please note, there will be private dinners hosted by the Forum as well for the amount of evenings the Mayor is there.

Below, please find more information about Mayor Cantrell's panel on the 6th:

The urban violence panel is currently slated for approximately 10am on Thursday, June 6 however this is quite subject to change. We would ask that the Mayor hold the morning of the 6th from 9am-12pm in case the panel shifts within that day. We should know more as we begin to confirm timing with the whole of the confirmed speakers.

There will also be a workshop on the same topic from 2:30-5pm later in the afternoon on the 6th we would welcome her attendance at. I am not sure if we'll be able to offer her one of the 4 introductory speaking roles at the workshop but I know her added perspective at the 2.5 hour roundtable discussion would be additive if she can add it to her schedule as well.

We would of course welcome her to stay with us from the 5th-7th and participate in as much of the conference as her schedule will allow her to.

Finally, once confirmed on your end, I'll connect you with Vanessa Vardon, the Chicago Council on Global Affairs, so she can assist with your travel…etc.

If you have any questions, let me know. Thanks so much and we look forward to hearing from you!

EMAIL FROM EXTERNAL SENDER

Great! Thanks so much, Ms. Gloria!

Ms. Banquet, good afternoon. It's good to communicate with you.

Mr. Walton, it's nice to e-meet you.

Attached, please find a letter from Mayors Emanuel (Chicago) and Rees (Bristol, UK) concerning Mayor Cantrell joining the Mayor's Roundtable on the 5th. As discussed, Mayor Cantrell would also speak on the panel about Reducing Urban Violence on Thursday, the 6th.

Thanks Team New Orleans!

EMAIL FROM EXTERNAL SENDER

Hello Ms. Wendy:

Good afternoon. I hope you're well.

I wanted to follow back up with you concerning the Pritzker Forum on Global Cities event to see if the Mayor is able attend. As you know, in addition to the private Mayoral Roundtable, Mayor Cantrell has also been slated to participate on the Reducing Urban Violence panel with an all-star group including Mr. Roeif Meyer, the South African politician who was the chief negotiator to end apartheid. A list of the other panel members is provided below and we've really pushed and maneuvered for Mayor Cantrell to be the ONLY U.S. Mayor to speak on this panel. This is a really great opportunity for the Mayor to speak on a global scale.

Do you think you could please confirm the Mayor's attendance within the next few days or by the end of the next week?

PANEL: Reducing Urban Violence
How are cities adopting strategies to reduce violence and fatalities and address root causes in a humane way?

1. **LaToya Cantrell**, Mayor, New Orleans (tentative)
2. **Philippe Close**, Mayor, Brussels (confirmed)
3. **Evelyn Diaz,** President, Heartland Alliance (confirmed)
4. **Sergio Fajardo**, Former Mayor, Medellin (confirmed)
5. **Roelf Meyer**, Former Defense Secretary, South Africa (confirmed)
6. FT Moderator

Thanks so much and I look forward to hearing from you.

EMAIL FROM EXTERNAL SENDER

Good morning, Ms. Baquet:

Thank you for your response. In addition, please find the attached invitation for Mayor Cantrell which covers the entire conference and includes contact information for scheduling Mayor Cantrell's airfare, hotel, and local travel accommodations as this is all covered by the Forum since Mayor Cantrell will be a speaker. I've also included the original invitation from Mayors Emanuel and Rees for the Mayor's Roundtable on the 5th. Please note, there will be private dinners hosted by the Forum as well for the amount of evenings the Mayor is there.

Below, please find more information about Mayor Cantrell's panel on the 6th:

The urban violence panel is currently slated for approximately 10am on Thursday, June 6 however this is quite subject to change. We would ask that the Mayor hold the morning of the 6th from 9am-12pm in case the panel shifts within that day. We should know more as we begin to confirm timing with the whole of the confirmed speakers.

There will also be a workshop on the same topic from 2:30-5pm later in the afternoon on the 6th we would welcome her attendance at. I am not sure if we'll be able to offer her one of the 4 introductory speaking roles at the workshop but I know her added perspective at the 2.5 hour roundtable discussion would be additive if she can add it to her schedule as well.

We would of course welcome her to stay with us from the 5th-7th and participate in as much of the conference as her schedule will allow her to.

Finally, once confirmed on your end, I'll connect you with Vanessa Vardon, the Chicago Council on Global Affairs, so she can assist with your travel…etc.

If you have any questions, let me know. Thanks so much and we look forward to hearing from you!

EMAIL FROM EXTERNAL SENDER

Good morning Mr. Walton:

I hope you're well. I think you meant to send this email to Ms. Wendy. That said, I agree with you 100% as this will be a great opportunity for Mayor Cantrell and New Orleans to get further global exposure, which is what we seek to provide the Mayor via our MOU as one of our IGNITE-Mayoral partners.

Finally, I didn't mention this as it's not solidified, but there's a possibility the Mayor will be asked to speak on a panel on Friday the 7th as well concerning culture in cities—the Council and their funders are attempting to get our premier partner US Mayors (like you) each on a panel and if one in particular is unable to attend, they would like to ask Mayor Cantrell. Of course, if an option, that all is pending the Mayor's availability. As you've noted, at the very least, there's the roundtable on the 5th and the panel on the 6th.

Thanks so much and we look forward to hearing from you/your team. Have a great rest of the day!

Great! Thanks so much, Ms. Gloria!

Ms. Banquet, good afternoon. It's good to communicate with you.

Mr. Walton, it's nice to e-meet you.

Attached, please find a letter from Mayors Emanuel (Chicago) and Rees (Bristol, UK) concerning Mayor Cantrell joining the Mayor's Roundtable on the 5th. As discussed, Mayor Cantrell would also speak on the panel about Reducing Urban Violence on Thursday, the 6th.

Thanks Team New Orleans!

Mr. Reyahd,

Your email is being forwarded to the Scheduler and the Director of Intergovernmental Affairs, Ms. Wendy Baquet and Mr. Arthur Walton, respectively.

Ms. Baquet will be in touch with you to confirm Mayor Cantrell's availability, in reference to your request.

Thank you
Gloria

EMAIL FROM EXTERNAL SENDER

Good afternoon Ms. Gloria:

It's nice to e-meet you. Part of our MOU with you, Mayor Cantrell, and your city is to provide opportunities for you/the Mayor to share about the great things you're doing in New Orleans to make a positive impact and to better serve the citizens of New Orleans.

Per George's highlights, the Chicago Council on Global Affairs (CCGA) and the Financial Times are inviting Mayor Cantrell to attend and speak at their annual **Pritzker Forum on Global Cities in Chicago Wednesday, June 5th – Friday, June 7th**.

They have requested that Mayor Cantrell speak at the below session with strong possibilities for additional speaking opportunities on the afternoon of the 5th and/or the 7th:

- Their panel on **Reducing Urban Violence on Thursday, June 6th.** The panel will focus on "How are cities adopting strategies to reduce violence and fatalities and address root causes in a humane way.
    - Confirmed panelists include Mayor Philippe Close (Brussels), Mayor Sergio Fajardo (Former, Medellin), Evelyn Diaz (President, Heartland Alliance)

In the meantime, we informed CCGA of your interest and they are putting together a formal invite that we will provide you once it's completed. Finally, please note that as a speaker, the Forum will cover the Mayor's airfare, hotel accommodations at the Park Hyatt Chicago, and local transportation. Once you give us the sign-off and agree we'll connect you with CCGA for arranging travel…etc.

Thanks so much and we look forward to hearing from you.

Hi Liana,

I hope this finds you well. I'm not sure if you remember, but we interned together at the City of LA Emergency Management Department in 2011. I now work in Mayor Eric Garcetti's State and Federal Affairs office. The Mayor would like to reach out directly to Mayor Cantrell. Can you please provide the following:

- Her email address / cell phone number
and/or
- John Pourciau's contact information?

I would greatly appreciate your assistance. Thank you!

Kind regards,
Nancy
